Morning Daily Herald

SPECIAL, 10:30 A. M.

Not to see our stoves and ranges before buying is a mistake. Mistakes are always costly. In heating stoves we have the largest as well as the most carefully selected stock in the city. The stoves we offer were not bought as an experiment but as a certainty. We know what each stove will do, and they were bought for cash, so the price is right. We have specialties in heaters, beside our regular lines of Garland, Argand and Superior stoves and ranges.

Fell from a Train.

Albert Parker, son of P. C. Parker and brother-in-law of John Kelley, of Springfield, was on his way home from Roseburg on the passenger train Sunday. His home is near Rice Hill station, and he intended getting off there. It is supposed he was standing on the platform of the coach. He either jumped or fell, striking his head against a barrel of water about 8 feet from the track, crushing his forehead. He then rolled down the bank, and was first discovered about 200 feet from the track toward his home, which was about one-half mile from the place of the accident. The train reached Rice Hill about 3 o'clock A. M., and he was first found about 9 o'clock A.M.

Lee's drug store and his two residences, value $3,200; stock, $3,000; insurance, $3,050. Dr. E. Davis, household goods and stock of millinery, $200; no insurance. Contents of J. W. Kirk's barber shop, $60; no insurance. The fire is supposed to be the work of incendiarism.

We are always offering special bargains. You want to look out for them.

SPENCER & BLACKBURN.

OREGON'S MINERAL RESOURCES.

They Will Be Discussed at the American Institute of Mining Engineers.

Mr. Norton, special mining engineer and expert, of the Oregon Pacific railroad company, who is engaged in investigating the coal, iron, and general mineral resources of Oregon, and especially the rich deposits discovered in that portion of the Cascade mountains through which the Oregon Pacific road runs, was interviewed yesterday by a HERALD reporter.

Mr. Norton has been engaged in this undertaking for several months, and expects to devote a greater part of the summer in completing his investigations. He says that there is no doubt of the fact that great beds of both coal and iron exists in the locality named, which cannot fail to elicit capital for their development.

Mr. Norton stated that the Iron and Steal Institute of England was coming over to this country in October, and will be the guests of the American Institute of Mining Engineers at their annual meeting in Pittsburg, Pennsylvania. Among the notable personages who will attend the meeting will be Sir James Kitson, president of the English Institute, Sir Isaac Lowthian Bell, Lord Edward Cavendish, Mr. Suelus of South Wales, Mr. Siemens, one of the inventors of the Siemens-Martin furnace. After the session at Pittsburg they will go for a week's trip to Lake Superior, then on a tour through the south, and some of them will probably visit the Pacific coast.

A paper on the mineral resources of Oregon, will probably be read at the session by Mr. Norton, who is a mining engineer of wide experience and who will be able to properly present the facts concerning the rich mineral wealth of this state before the distinguished men, both of this country and England, who are interested in mineral development. Mr. Norton leaves for Portland this morning, and before he returns will visit Eastern Oregon and Idaho to inspect new mining districts out there.

The Circus Coming.

McMahon's New United Shows will be in this city on Wednesday April 23. The excellent character of entertainment always given by the above show recommends it to the lovers of sawdust novelties. The small boy and the larger man needs a circus occasionally in his business and we can suggest no better antidote for the craving than a visit to the above show. That this is among the few legitimate arenic exhibitions traveling cannot be denied, and now with its allied attractions must arouse a desire on the part of many who are not in the habit of attending shows to see its many wonders. We are assured by those who ought to know that there is much of unusual interest to the spectator. Every man, woman and child in a radius of many miles will want to see the performance given by the largest elephants in the world.

Crook County Nominations.

Following are the republican nominees for county offices in Crook county: Representation, John W. Stuart; county judge, W. C. Mills; commissioner, Frank Forest; sheriff, John Combs; clerk, Charles W. Elkins; treasurer, John Templeton; assessor A. Black. Mr. Elkins, the nominee for clerk, is well known in this city, his father, James Elkins, having served Linn county as clerk for a number of years, and Charley like his father, is a good penman and would make an efficient clerk.

Just Received.

A new line of sateens, challies, seersuckers, cambricks, silks, satins, plushes and ladies fine worsted dress goods in the latest shades and novelties, parasols hosieries, curtains and spring goods in endless variety. My stock is now complete in all departments. Ladies are cordially invited to call and inspect these goods.

G. W. SIMPSON.

A Rich Coal Discovery.

Col. Van Cleve of Scio, who is in the city states that the men who are opening a coal mine near that place have struck a vein of coal 10 feet thick at the end of a thirty foot tunnel. They propose to develop the mine thoroughly and expect to prove that they have a valuable coal deposit.

Beautiful Millinery.

For the next three months I will sell from 25 to 50 per cent cheaper than any millinery store in Oregon. Everything in the latest eastern styles. All grade of goods from the cheapest 25 cent sun hat to the finest bonnet. None but first-class hands employed. IDA M. BRUSH.

An Idea.

We think the people will like to buy five one-pound bars of splendid laundry soap for two bits. We will sell at that price to-day.

SPENCER & BLACKBURN.

Union County Convention.

There will be a Union County Convention held at Albany on Thursday, the 1st day of May next, at 10 a. m., to nominate a county ticket.

No vote having been taken of the Union party, to serve as a basis of representation, but knowing a large majority of the voters is in sympathy with its principles, it is recommended and requested that each precinct meet at their respective places of voting on Saturday, 26th of April, at 1 p. m., and elect five delegates to attend the Union County Convention.

All voters, without regard to race, color or previous political servitude, who desire to be released from the evils of class legislation and the grasp of all legalized monopolies, are cordially invited to participate in the election of delegates. J. F. HENDRIX,
Temp. County Chairman.

Yaquina Bay Unsurpassed.

Yaquina Republican: We visited the Sound country last week, but we saw no place in Washington that is better than Yaquina Bay in beauty, scenery or natural location. The advantage the Sound country has over this place at the present time is in the rush of immigration, which creates business activity. The day is not far distant when this same class of pushing, enterprising people will be flocking into Yaquina and make improvements and business hum.

A Telephone System.

Messrs Allen & Goff are arranging to put in an improved telephone system in this city during the coming summer. The rates will be $4 per month for business houses and $2 per month for residences, with no extra charge for putting in the phones, or for switching. They will, with their usual enterprise, supply Albany with a first-class system of telephones.

Will Be Opened.

The stone quarry situated across the river from this city in Benton county, recently sold by G. L. Blackman to James Abraham of Portland for $4000, is to be opened and a switch built to it from the Oregon Pacific railroad. Stone will be taken from it to build the new M. E. church in East Portland.

McMahon's Circus Coming.

McMahon's circus will soon be in our city and no doubt will take a good many dollars with it. For one dollar you can buy enough good things to eat at Muller & Garrett's to amuse you for several days. Moral. Don't go to the circus.

The Instrment Sold.

The favorite Bauer piano which was used at the recent Levy concert has been sold to Mr. Frank Arnberger, one of the leading pianists of Albany. Wilt & Link.

Cranks.

Spencer & Blackburn are cranky on the subject of low prices. Call at their store and see what they mean.

No matter what the price, our goods will always be first-class.

SPENCER & BLACKBURN.

Prof. H. C. Palmer's Conservatory of Music.

Tweedale's block, First street, Albany, Oregon, opened January 20, 1890. The course of instruction will consist of classes for piano, organ, harmony and voice culture. There will be a normal class and diplomas furnished to teachers, specifying capacity and experience. Students participate in monthly recitals, and are graded to insure equality in rendition. This conservatory will be conducted on the same basis as those in Boston, New York, etc. This is the only recognized successful system known for a thorough musical education. Send for circulars and references. Office hours from 1 to 3.

Dr. Patton treats successfully all diseases of women, and guarantees to cure all curable private diseases. He has a sure remedy for catarrh of the head. He sleeps in his office and answers city calls day or night. Consultation is free and everything is strictly confidential. He can be found in his office in Blumberg's block from 10 to 12, 2 to 4 and 7 to 8.

"Our Own," a genuine kid glove, every pair warranted, at $1.50 per pair. This glove I have handled for five years and have tried many others, but never have found any equal to them for the price. Samuel E. Young.

Lots for sale on the installment plan in the Goltra Park addition, $30 down and $5 or $10 monthly. Burkhart & Malin.

Ladies.—Barrows & Searls sell the Ludlow, $3. Fine shoes in all widths and styles.

Fair Dale Property.

The following sales in Fair Dale are reported by E. G. Beardsley, agent. To Mrs. P. Biddle, 5 lots; M. A. Franklin, 1 lot; J. E. Lewis, 3 lots; F. W. Spencer, 2 lots; Alfred Dawson, 4 lots; I. C. Dundall, 1 lot; L. C. McAlister, 2 lots; J. F. Haswell, 2 lots; Mrs. S. Race, 2 lots, and other sales not yet closed. Many of the purchasers have signified their intention of holding their lots for $200 each. Owing to the prospect being so flattering that there will be no lots left unsold after a few weeks, $200 is only a reasonable figure for them, and it is a safe prediction to say that $200 will be offered for these lots inside of the next sixty days. Families are now enjoying the pleasures of living in Fair Dale and are able to have their groceries, milk, etc., delivered at their doors every day. All who visit this tract pronounce it to be very beautiful. Parties desiring to invest in this property, and to take advantage of a chance for investment which will never again be offered to the people of Albany, will do well to call as soon as convenient at the agent's office, where they may obtain free conveyance to Fair Dale and return. Those having any doubts concerning the desirability of this property should avail themselves of this opportunity.

Seattle Property.

Only 23 lots remain in the Wassom addition to Seattle to be sold, and those will have to be sold this week or they will be withdrawn from the market. Persons desiring to purchase can inquire of Mr. Kirkpatrick or of Mr. S. E. Young. The lots have sold rapidly and the improvements are marching right along. Mr. Morelock of the firm of Waters & Morelock will be on the ground in a few days to superintend the building operations of the extensive flouring mills that are to be put up for the Milling Company and the other improvements are making rapidly progress. No better investment can be found than these lots in Wassom's addition, and to get them an application will have to be made immediately.

Woman's Discovery

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co. of Shelby, N. C.—Get a free trial bottle at Foshay & Mason's Drug Store

The Handsomest Lady

In Linn county, after making a careful inspection of Matthews & Wasnburn's stock of stoves and ranges and very closely examining their tinware, says they have the most complete stock in the Willamette Valley, and at the lowest prices.

Good Investment.

A few reasons why the Goltra Park addition is the only sure and safe investment around the city of Albany. 1st. Because it is the closest addition platted to the city. 2d. Because it is at least 15 feet higher and is more sightly, and commands a better view of the city than any other addition. 3d. Because it is the only addition that has a proposed motor line to it, which will be in operation within 60 days. 4th. Because it is the only addition that has a public park laid out in it. 5th. Because all the business men who want to make good investments buy in this addition. And last but not least because every lot in this addition will double in value in the next 90 days. This property as yet is very reasonable in price and is sold on the installment plan. For prices etc., call on Burkhart & Malin.

We are agents for the Minneapolis National Building and Loan Association and can offer extra enducements to parties who wish to obtain loans for building purposes or other purposes with real estate security.
