THE DAY IN CONGRESS.

\$100,000 for an Equestrian Statue to General Grant.

TRIBUTE TO THE LATE S. S. COX

Bill for the Right of Way for the Spokane Falls Falls Across an Indian Reservation.

WASHINGTON, April 19.—

This morning after the speaker had laid before the house the various public buildings bill, public business was suspended for the house to pay tribute to the memory of S. S. Cox, of New York. Cummings of New York addressed the house.

A bill from the senate granting a right of way to the Spokane Falls & Northern R. R. through the Cascade Indian reservation, was laid over by the house this evening.

IN THE SENATE.

The bill to dispose of certain lots now unsold on the Fort Dalles military reservation and the improvements thereon, passed.

Senate bill appropriating \$100,000 for an equestrian statue to General Grant in Washington, passed.

The senate Manderson introduced two bills, which were referred, for the purchase of Matthew's portrait of Lincoln and to accept from the G. A. R. a statue of Gen. U. S. Grant and a pedestal to be placed in the statutory hall in the capitol.

The following application for authority to organize a national bank has been filed with the comptroller of currency: The Commercial National Bank of Seattle, by W. N. Wheeler and associates, at Seattle.

The senate having amended the house bill for the right of way of the Palouse & Spokane Falls R. R. through the Nez Perce Indian reservation, has appointed as a conference committee Davee, Stowbridge and Jones of Arkansas, and has laid the bill over for the present.

INFANT DAMNATION.

The Sacramento Presbytery recently held its sessions at Colusa, Cal. The proposition to revise the creed in relation to the damnation of non-elect infants was defeated by one vote, but afterward the following resolution was presented and adopted by a vote of 10 to 5:

"The Presbytery of Sacramento, having received the intimation of a general revision of the Confession of Faith, would favor the general assembly in favor of a single change, viz., that in the third section of chapter 10 the word 'elect' be dropped."

Dr. Webster of Sacramento gave notice of an appeal to the synod on the plea of irregularity of the proceedings, whereupon Messrs. Tyndall of Sacramento and Eastman of Colusa were appointed to defend the action of the presbytery before the synod.

Maple Sugar the Year Round.

From The Star, Paul Plait—Pres. "Down in Vermont, where they raise me and maple sugar," said a man at the Merchants, who was evidently a member of the Green Mountain State. "This weather would be tolerated without a murmur, for it is in this kind of weather and at this season of the year that Vermont's crop of maple sugar is produced. The operation of tapping the trees in which sap is collected and collecting the sap is well known to most Americans, but is a decided novelty to our young English cousins. A few years ago a young Englishman seeking an opportunity to invest English capital visited Vermont during the maple season, and came enthusiastic as to the possibilities awaiting the man who would properly manage the business of making maple sugar. In his enthusiasm he purchased a large tract of maple timber land and announced his intention of running the sugar business all the year, and not dropping it as soon as it was time to begin work on the farms, as these 'blaweted Yankees' do. Somebody gave the Englishman a primer lesson on the manner and time of year in which sap is diffused in trees, and the all-year-round sugar scheme exploded. They are doing very well with the saccharine industry, however, considering the shortness of the season. They make about 7,000 pounds every year and sell about 7,000,000 of 'pure Vermont maple sugar.'"

Odd Fellows Celebration.

Albany Lodge No. 4, I. O. O. F. will celebrate the 71st anniversary of the founding of the order on April 26th. An address will be delivered by Hon. M. E. George, and there will be a parade and exercises at the opera house.
