AGRICULTURAL DEPRESSION

Secretary Rusk it is said will issue an address giving his views been consumable and a grand that. On hanting trips I have found upon the present depression in union depot will be erected so that it indepensible. Put in a vali water, it imports a pleasant take and preagricultural occupations, and the the transportation business will it imparts a pleasant taste and preremedies for the same. His posi- be all brought together. The sikali water produces. I could not tion gives him excellent opportun- public will appreciate the change feel safe without it in my house." 25 ities to investigate the causes and wher the new buildings are erectpropose adequate remedies.

In his opinion the present depression is due in part to carelessness in culture, and he thinks in
these days of world-wide competition the successful farmer must be diction, because of the earthquake

PROF. Wiggins the false weather
prophet is trying to make out that
the hit the mark on his last prediction, because of the earthquake pression is due in part to carelesstion the successful farmer must be diction, because of the earthquake as well trained and careful in at Queen Charlottes island, he bridges, etc. education. The secretary also ceded by earthquakes. thinks that the farmer does not study the crop reports as carefully as he should, and recommends that he avail himself of the infor- be pleased to ee all suffering with mation supplied by the Agricultural Department. He thinks that farmers should not acquire more land than they can profitably

After touching upon the questions of farm mortgage, transportation, middle men and gambling in farm products the secretary makes a long argument in favor of After touching upon the quesmakes a long argument in favor of higher duties on farm products. He gives a table to show that the imports of agricultural products amount to \$266,272,738, the greater part of which, probably \$250, 1000,000 might be, with proper 000,000, might be, with proper Get a free trial bottle at Feshay & encouragement, produced on our own soil. He thinks that the problem can be solved by the imposition of high rates of duty on agricultural products.

In all probability the secretary is correct in his last proposition, GIRL WANTED To do general house work and certain it is that if any industry in the country needs and deserves protection it is the farm -ingle harness. Inquire at Health office. era indu-try.

One of the greatest drawbacks | CROUP, shooping cough and brenchitis immediately relieved by Shileh's Care. to the mining industry, an occupation that is especially applicable and needing careful encouragement in this vicinity just now, is the practice of sharpers to fatten upon the floating of worthless was and wish to buy a well bred stallien computer to fatten upon the floating of worthless was and wish to buy a well bred stallien computer to fatten upon the floating of worthless was an and examine our stock. In the computer to fatten upon the floating of worthless was an and examine our stock. In the computer to fatten upon the floating of worthless was an and examine our stock. In the computer to fatten upon the floating of worthless was an and examine our stock. In the computer to fatten upon the floating of worthless was an and examine our stock. In the computer to fatten upon the floating of worthless was an and examine our stock. mining stock upon the market.

We are exceptionally favored in that respect for the mining companies of this city are genuine development enterprises and disdevelopment enterprises and dispose of stock only to forward work | Steepless NIGH'S made miserable by in that direction. About two years ago one John Halsey it is Stid went into New Brunswick, N. J., and succeeded in selling over a hundred thousand doliars of Albany, for sale at a birding for a hundred thousand doliars. worth of a Colorado mining company and then disappeared, leaving only a salt mine as asests for the duped stockholders. Such work as that not only gives a warning against biting at the glittering schemes that may come along, but it also emphasises the fact that your home, well known and legitimate companies are the place to make your investments and encourage the development of the wealth of the country.

The current news items record the placing in an in-ane asylum in California a young lady, who became a mother although not a wife. The young man who caused wife. Regulator One Dose

BEAR N. L. B.: I consider one dose of Simmons Liver Regulator worth *Sigs. I was constipated, bad Headacha, could cut nothing with satisfaction or asperite had the bites, and felt altogether out of serie. I resorted to Blue Mars, Caloniel, Quinine, and every remedy suggested, but only obtained temporary relief. One dose of S. L. R did memore good than \$100 worth of doctors and dectoring. Resp'y,

I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid Liver, and have been entirely cured by Simmons Liver Regulator. I found it to be of so mild a character in its action as not to interfere, in the least with my duties in the school room, To those similarly situated and subject to the same, I cannot too highly recommend Simmons Liver Regulator.

At your request I purchased samples of the Royal Baking Powder in open market, which I examined chemically and compared with a number of others bought at the same time.

The package not only contains full weight, but an excess of 2.5 per cent. I detected no impurity or adulteration, and I consider this baking powder to be uniform, pure, reliable and equal if not superior to any I have examined.

I find one pound of the Royal to contain 200 cubic inches more available Carbonic Acid gas than the best of the others.
