Huntington's Plans Concerning the Narrow Gauge.  
**IT WILL BE THE FIRST WORK**  
Efforts to Battle the Carpenter's Strike in Portland—News from the Sound Cities A Prize Fight.

EGGERS, Or., April 25.—President Huntington, of the Southern Pacific company, arrived here last night. Today he has been looking over the ground of the Narrows gauge extension. His party drove to Springfield to look at their property there, and to investigate the matter of a bridge site across the Willamette.

Huntington said the first work of the new arrangement would be to put the narrow gauge in first-class order as a standard gauge road, after which an extension would be made, but the exact route is not yet decided upon. Mr. Huntington left here by car, going to Coquille, looking over the proposed route of the southward extension.

At Coquille he took the Narrows gauge train to Woodburn, where his special train met him and took the party to Portland.

HUNTINGTON IN PORTLAND.  
PORTLAND, April 25.—C. P. Huntington and party arrived here to night and registered at the Portland. Inquiry at the hotel elicited the information that Huntington had retired and would not see a reporter of the press to night.

THE STRIKE IN PORTLAND.  
Efforts to Bring About a Satisfactory Settlement.  
PORTLAND, April 25.—To-morrow evening a meeting will be held at the chamber of commerce between the members of the board and the discontented workmen and contractors. In order to bring about a settlement of the difficulties, the contractors' union appointed this afternoon a committee to represent them, while a similar committee was appointed from the union. The building trade league issued the following circular to the public, setting forth the demands:

First, That all contractors in the building trades shall concede that eight hours shall constitute a day's work.

Second, That all contractors shall agree to give "union men" the preference under all circumstances.

Third, That all contractors shall agree to give a walking delegate of the building trades league free access to all buildings under course of construction or alteration.

Fourth, That all mechanics who come into the city, whether members of any union or not shall be required to affiliate with the union of their particular craft.

Fifth, That all contractors shall have the right to discharge any man in their employ for incompetency.

TERRIFIC PRIZE FIGHT.  
A Fierce Battle Between Middle-Weights in San Francisco.  
SAN FRANCISCO, April 25.—A battle between middle weight C. Turner of Stockton and D. Kelliber of Boston, drew a crowd of spectators to the Golden Gate club this evening. The Stockton colored man was the favorite. Turner's second was E. Hennessy and J. Flowers; Kelliber's were Dan Needham and Billy Shannon. Joe Choyiskin was referee. In the first two rounds the men exchanged several good body blows. The third round was terrific. Turner was knocked down by a sharp right hander on the jaw and as he rose Kelliber pounded him about the head till it seemed as if he was about to go out. He rallied through and forced Kelliber to the corner and set him down on the floor with a thump. Kelliber was weak when he arose and Turner tried hard to finish him.

In the seventh round Kelliber was knocked down by a vicious right hander in the neck. The negro forced the fight all through, but at the close of the twelfth round Kelliber gave him a terrific blow in the stomach. When the thirteenth round opened Kelliber seemed to have the advantage and was forcing his man hard, but just as the men broke away from a sharp rally, Kelliber gave a wicked swing with his left, and struck the negro on the jaw. The negro went down on his face, completely knocked out.

## THE WORLD'S FAIR

Two Important Bills Signed by President Harrison.  
**FAST TIME TO THIS COAST.**  
A Pugilist Killed in the Ring—The Chicago & Northwestern Encouraging Lead—Strikers Resort to Violence.

WASHINGTON, April 25.—The president to-day signed the world's fair bill.

He also signed the joint resolution passed to-day appropriating \$150,000 to enable the secretary of war to distribute rations for the relief of the destitute people in the district overflowed by the Mississippi.

A PUGILIST KILLED.  
Death Caused by a Blow Received in the Ring.  
BOSTON, April 25.—On Tuesday evening among the matches at the Bay State Athletic rooms was a set-to between J. Fallon and John Murray, son of Isadore. Murray gave Fallon a terrific blow on the left side of the head, just above the ear. Fallon fell to the floor like a log, and all medical means applied to bring him to consciousness proved futile.

It was found that a blood vessel in the left side of the brain had been ruptured, causing part of the entire left side of the brain. The police this morning arrested Murray. Fallon cannot survive many hours.

POSTON, April 25.—Fallon died to-night.

CHINESE IN CUSTODY.  
For Entering the United States Contrary to Law.  
WASHINGTON, April 25.—Attorney-General Miller informs the treasury department that there are 12 Chinamen in custody in Washington to be tried for coming into the United States in violation of the Chinese exclusion act. He recommends that they be returned to China at the government's expense. Secretary Wilson ordered that instructions be sent to the collector at Port Townsend to see that they are returned in the most easy way.

THE ELECTION INVESTIGATIONS.  
LITTLE ROCK, April 25.—The Clayton-Breckinridge investigation committee examined about 75 witnesses to-day, nearly all of whom were negroes. They testified that they cast the straight republican ticket, containing the name of J. M. Clayton as a candidate for congress. The majority of them who testified were unable to read and could not tell whether the tickets shown were the ones they voted or not. In nearly all cases where a negro was unable to read had cast a vote the ballot produced was a straight democratic one.

STRIKERS RESORT TO VIOLENCE.  
CHICAGO, April 25.—The situation of the carpenters' strike is practically unchanged. Numerous deeds of violence on the part of the strikers in various parts of the city are reported to-day. In some instances the work done by the non-union men has been torn to pieces by a raid of the strikers.

FAST TIME TO THIS COAST.  
ST. PAUL, Minn., April 25.—Within three weeks the Northern Pacific railroad will put on a new train to the East, leaving here in the morning immediately after the arrival of the Chicago trains, and reaching the time from Chicago to the coast by eighteen hours.

WILL VISIT THE PACIFIC COAST.  
NEW YORK, April 25.—Dr. Mc Gill announced at a meeting to-night that next week he would start for the Pacific coast. His purpose is to go to San Francisco to visit relatives, but he will deliver several lectures.

WOMEN'S CLUBS.  
NEW YORK, April 25.—This was the last day of the confederation of the Women's Clubs. Mrs. Charlotte Brown of Orange, N. J., was elected president for the ensuing year, and Mrs. May Wright Sewell of Indianapolis vice-president.

STORY OF BISMARCK.  
An Incident Which Illustrates the Man's Character.  
BOSTON Transcript.  
It was the 7th of May, 1866, at 3 o'clock in the afternoon, Count Bismarck was walking abroad for the first time after his severe illness returning from an interview with the king, and proceeding up the center alley of the Unter den Linden, Berlin, when he was twice fired on. One bullet grazed his arm. Turning swiftly round, Bismarck saw a young man before him who was raising his revolver to fire a third time. He seized the man by one arm and the throat, but the man managed to fire three more shots at him. One missed him in consequence of a quick turn, only burning his coat, but one of the other two struck him, and at the moment Bismarck believed he had been mortally wounded, for he felt that one of the bullets had struck him on the rib. Bismarck mastered

## THE DAY IN CONGRESS

Aid for the Flood Sufferers in the South.  
**RAILROAD FORFEITURE BILL.**  
Still Discussing the Silver Measure—A New Tariff Bill Introduced in the House.

WASHINGTON, April 25.—The senate to-day after minor business resumed the consideration of the railroad forfeiture bill. Pending the discussion the senate took up the discussion of the house joint resolution appropriating \$150,000 to be used by the secretary of war for the relief of the destitute people in the district overflowed by the Mississippi river and its tributaries. Consideration of the land forfeiture bill was then resumed.

A resolution was presented in the senate to-day by Mr. Anderson from the citizens of Nebraska, for free coinage of silver, and by Evans from 124 citizens of New York city for the same thing.

Initials presented a protest from citizens of Kansas against the passage of the Windom silver bill. When the substitute is offered in the house Bland will present as a counter proposition a free coinage bill.

The senate committee on Indian affairs favorably reported Vest's bill to provide for the compulsory education of Indian children. Senator Allen introduced the following bill to-day: That the secretary of war is hereby authorized and directed to cause a survey to be made of Olympia harbor in Washington from deep water in Babel's Point to Fourth street bridge in Olympia.

IN THE HOUSE.  
The house committee on coinage, weights and measures to-day authorized by a strict party vote the recommendation of the silver bill agreed on by the caucus Wednesday evening in place of the modified Windom silver bill already reported by the committee, when the latter was taken up for consideration in the house.

The house committee on appropriations reported a joint resolution appropriating \$150,000 to enable the secretary of war to distribute rations for the relief of the destitute people in the district overflowed by the Mississippi river and its tributaries which was passed.

The house then went into the committee of the whole on the legislative appropriation bill. Representative Bland, of Missouri, introduced in the house a bill to reduce the tax and place on the fewest and most important goods exchanged in foreign countries for farm produce, any deficiency in revenue caused by the bill to be provided for by levying an income tax upon all incomes of \$200 or upwards.

Senator Stanford and Party.  
SACRAMENTO, April 25.—Senator and Mrs. Stanford and party passed through here this evening on a special train enroute for Washington. Stanford staid long enough to attend a reception to his honor at the capital. 20,000 people were present.
