BOARD OF TRADE MEETING.

An Enthusiastic Meeting of Citizens at the Opera House Last Night.

An enthusiastic meeting of citizens called by the Board of Trade was held at the opera house last night. The meeting was called to order by S. E. Young, president of the board. The minutes of the previous meeting were read and approved.

The Albany band was present and enlivened the meeting with music. Mayor J. L. Cowan was the first speaker. He referred to the workings of the Board of Trade and declared himself heartily in favor of any and all measures tending to promote the growth of Albany.

H. Townsend then presented the subject of the necessity of an energetic board of trade, and the needs of advertising the city.

G. W. Wright referred to the public enterprise of the citizens of Albany, and said that the history of the growth of this city showed conclusively that as a simple investment the money spent for advertising and public improvements has brought abundant returns.

He said there are two ways to build up the city, by individual effort and by a united action. J. H. Newell, who has been in the oil and gas well region of Pennsylvania, spoke on the question of boring for gas, and believed it would pay to try the experiment in this locality.

He also advocated the expenditure of money toward advertising the resources of Albany. Judge J. Flinn then spoke on the question of advertising, and coupled it with the need of building up new enterprises and manufacturing to afford employment to the many who are seeking locations here.

Geo. E. Chamberlain followed with some good suggestions concerning the question of promoting such manufacturing and other public enterprises. Citizens, he said, must first begin improvements themselves, and then invite capital from abroad.

C. E. Wolverson heartily coincided with the previous speakers, and thought the work of the Board of Trade and the citizens could be profitably expended in developing the coal, mineral and other resources of this portion of Albany.

Dr. S. G. Irvine then gave a practical talk on some of the "booming" towns of the Sound. He said that during his recent trip to that region he was mistaken for a drummer, and presented some humorous as well as sensible remarks.

He thought the city should be advertised by public improvements, foremost among which should be a free bridge. Remarks were made by P. Cohen who added his name to the list of members of the Board of Trade.

Mr. E. H. Norton, who has been investigating the coal, iron and other mineral resources of this portion of Oregon, made a brief speech, in which he said he believed that the mineral wealth of the country tributary to Albany was such that would attract capital and prove a wonderful factor in the promotion of the growth of this city and country.

On motion the meeting then adjourned. Several weeks ago mention was made of an old gentleman named Allen who started across the desert from the Meldon place coming north, during the deep snow in January, and not having been heard of since. On Wednesday of this week Ned Moore, the mail carrier from Silver Lake, found the remains of the old man lying near a log on Pine ridge, about 18 miles this side of the Meldon place. From the appearance of the body, Mr. Moore thinks the old man had become delirious from starvation and cold, had lain down to rest, fallen asleep and frozen to death. Ochoo Review.

THE EVANGELICAL WAR.

The Opposing Factions Expelling Each Other: The Bowmanites Adjourn.

The Anti-Bowman faction of the Evangelical conference concluded their session yesterday, and last night Rev. J. Bowser, who had been elected to the Bowman party, issued a statement that the Bowman party is not the legal body of the conference and that their actions are null and void.

THE BOWMAN PARTY ADJOURNS. Following is the report of the Bowman faction:

The conference was called to order at nine o'clock, and after the regular devotional exercises the business was transacted with dispatch.

The following resolutions were adopted: Resolved, That the trustees of the Oregon Conference of the Evangelical Association of North America, are authorized to contest the conveyance of church property within the bounds of this conference that may be attempted by the men who withdrew from the conference.

Whereas, J. Bowser, C. C. Poling, E. S. Bollinger, H. L. Pratt, E. S. Lock, J. M. Dick, A. R. Johnson, J. H. Herschner, C. M. Plowman, J. M. Beachamp, T. A. Yost and L. Seibert consented to participate in the affair the above named preamble (reference to the disgraceful row at the opening of the conference against the word of God, the laws and order of our church, and deliberately withdrew from the conference, and

Whereas, this conference by a resolution assumed the above named persons that they should be dealt with in a forbearing spirit and Christian manner, should they choose to return, and

Whereas, this offer was treated with contempt, therefore be it Resolved, That C. C. Poling, E. S. Lock, E. S. Bollinger and J. L. Herschner, whose conduct was offensive, and who seemed leaders in the revolutionary proceedings, have, by their public consent, forfeited all their rights and privileges as ministers and members of the Evangelical Association, and have violated their ordination vows, are hereby deposed from the office of the ministry and are expelled from the church, and that J. Bowser, H. L. Pratt, J. M. Dick, A. R. Johnson, C. W. Plowman, T. A. Yost, J. M. Beachamp and L. Seibert are suspended from all their official functions and from all rights and privileges of membership in our church until our next annual conference.

Resolved, That the persons elected by the conference to offices made vacant by the suspension of the persons named above shall demand of their predecessors in office all moneys, books, papers, documents and other property of this conference now in their possession, and all persons whom it may concern are hereby notified that J. Bowser and J. L. Herschner are no longer trustees of the Oregon conference of the Evangelical Association of North America, and any act of theirs in connection with any matter pertaining to this conference is null and void and will be repudiated by the conference.

Resolved, That the persons who withdrew from the conference set forth as a reason in the local press of this city, for their action, for the members were refused re-examination on their required ability because they affirmed in answer to a question that they believed the bishop's suspension to be legal.

Now this was nothing more than the individual expression of two examiners, and not the action of the conference. If it was an unjust treatment of the applicants it should have been brought to the members of the conference for correction and not become a cause for so serious a step as to strip a minister of his office, especially since they had a majority in conference and could have easily corrected it.

The second reason is because the men who endorsed the bishop, refused to agree to receive two men who were not sent by the board of missions, into the conference, the same as the two men who were sent by the board of missions. It is evident from this, on this point, had the men who endorsed the bishop agreed to their position they would have recognized the bishop, hence the row at the opening of the conference, and their withdrawal does not turn on the suspended bishop but because their proposition was not accepted or because the bishop's men would not make an even trade of men. They of course withdrew before the matter was brought to a test in the conference. Can so silly a matter be a cause for so serious a step. They certainly recognized the bishop prior to the conference in making preaching appointments and arranging church dedications now pending.

Another reason is because of the epithet "publishing house robbers" when they demanded nothing but the money appropriated a year ago for services rendered during the past year. The services rendered by these men during the past year, and the money appropriated from eastern funds, was all under legal contract so recognized by all and not nullified their withdrawal did the men come up for dissection. Their own action thought was "unintentional" that they shall receive every dollar of the appropriation for services rendered. How the matter can be a cause for their most unfortunate course will require an answer from the Gods.

ORIGON BOARD OF IMMIGRATION.

An Exhibit Wanted from Every County in the State—The New Corporation.

In connection with what was said at the Board of Trade meeting in this city last evening concerning the necessity and benefits of placing an exhibit of agricultural products and advertising matter of Albany and Linn county in the rooms of the Oregon Board of Immigration, the following statement from G. W. Waterberry, treasurer of the newly incorporated board, will be of interest:

"We have incorporated under the general laws of the state; have elected Edward H. Fleming president, J. C. Boyd secretary, myself treasurer, and appointed Mr. S. H. Greene our attorney. The difficulty heretofore experienced by immigrants and settlers in getting the information they desired suggested to us the usefulness and feasibility of such an organization. Our aim is to keep on exhibition at our central office here samples of the products of the several counties of the state, and be prepared to furnish full and free information to all persons about the character of lands, prices, productiveness, extent of general development of the various portions of the state, and in these, and kindred matters, be literally a board of information."

The Brownsville Times says that the Annual meeting of the stockholders of the Eagle-Wooden Mills Co., was held at their office in North Brownsville, Oregon, April 29. The following directors were elected: W. R. Kirk, P. Hume, Jno. Brown, J. J. White and Hugh Fields. After the reports of Secretary, Treasurer and W. R. Bishop, Agent, were read it was voted to make a dividend of 10 per cent on capital stock, part of the net earnings of the company. The business has proved a success in every sense of the term, and will continue under the able management of its former officers. Four new looms, a rotary press and other machinery will be added in a few weeks and the factory will be run to its fullest capacity.

Woolen Mills. The Brownsville Times says that the Annual meeting of the stockholders of the Eagle-Wooden Mills Co., was held at their office in North Brownsville, Oregon, April 29. The following directors were elected: W. R. Kirk, P. Hume, Jno. Brown, J. J. White and Hugh Fields. After the reports of Secretary, Treasurer and W. R. Bishop, Agent, were read it was voted to make a dividend of 10 per cent on capital stock, part of the net earnings of the company. The business has proved a success in every sense of the term, and will continue under the able management of its former officers. Four new looms, a rotary press and other machinery will be added in a few weeks and the factory will be run to its fullest capacity.

Woman's Discovery. "Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutch upon a lady for seven years she withstood its several attacks, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of a bottle of Dr. King's New Discovery for consumption and was so much relieved on taking first dose that she slept all night and with one bottle had been miraculously cured. Her name is Mrs. Lattie Lutz." This write W. C. Hancock & Co. of Shelby, N. C. Get a free trial bottle at Postley & Mason's Drug Store.
