ON TRIAL FOR MURDER.

His Wife Makes a Demonstration of Grief.

Long Tompkins, May 16.—The grand of Martin Phillips charged with murder of his son, Hallie Lopez, first of the Del Norte, was ordered to the superior court to-day. Phillips admitted his guilt and was sentenced to prison for a term of 10 years.

Speaking of the recent trial of

Ovalle, concerning the legal management of the Pacific system and the retirement of General Manager C. J. Smith and Superintendent C. W. Johnson, of the Pacific system, President Adams today said: "The origin of that article was very apparent and was inspired by an official who recently left the service of the company and was dictated by a desire to make as much trouble as possible for the company. The story was entirely unwarranted. Messrs. Holmes, Ames and myself came over the road from Omaha here and both the track and rolling stock were found in very good condition, considering the severity of the winter. Two construction trains will bring it fully up to the standard in less than thirty days at a trifling expense. No changes among the officials are proposed on the Pacific Coast Division. The retirement of General Manager Smith has never even been discussed. The other changes which have been made in the old staff were deemed necessary to insure harmony. We are here," continued Mr. Adams, "for the purpose of integrating ourselves to the Paper Sound division and arriving at some conclusion as to the course which will be the best interest of the company to pursue."
