THE SCHOOL SUPERINTEND. ENCY,

R. E. Michener, the candidate for superintendent of schools on the republican ticket, is a native of Indiana and for eighteen years paration for his chosen priession. he entered the Kansas Normal the teachers course in 1884, two aiming a blow at its own life. years were spent in teaching during which he won the name of being one of the ablest and foremost teachers in his country. Returning to college in 1886 he completed the scientific course in 1888, ranking among the very best Oregon soon after he has been and is still actively engaged in educational work. Mr. Michener is highly recommended as an educator and a gentleman, having excellent testimonials from lead ing educators in the east, prominent among whom are President Sanders of the Kansas Normal. and president of the state teachers' association, President Stryken of the Central Normal college, Profs. Gaines and Lunsdon of Ft. Scott, Kansas, Supt. Brumback and a number of schools in which he has been engaged as a teacher. He has recently been teaching in Linn county and has made an excellent reputation. He is at present principal of the public schools

at Tangent. He should receive a handsome majority in June second, as there is no doubt but that by his election the public school interests of the county would be in good hands.

The slips and turns of the free trade advocates are numerous i not amusing. Very often they could almost be denominated lapsus lingua if not by a harder name. Thus it is shown that they inform us that the abolition of the daty on sugar will never be B. F. ahead in the race for the office until the Union party put in nomination W. A. Sample, a republican, and a competent, active, and well informed gentleman, who is also a farmer. The result looked for is that Mr. Sample-while there is not the remotest chance of his election-will draw enough votes from Mr. Gross to elect Matlock. That is about all there is in the Union party business this year, and if it turns that way Umatilla county will be a thousand times the loser.

> THE most efficient, active and popular superintendent of public instruction that Oregon has had is Hon. E. B. McElroy, and he has done more to advance the cause of the public schools in Oregon then any other man in the state. It behooves the voters to see that he is retained in the position, even if Rev. LeRoy does accuse him of being a plagiarist. Prof. McElroy's originality can bear the test of intimate personal acquaintance, and the charge of his Rev. opponent will not estrange many votes from Prof. McElroy.

Highest of all in Leavening Power. - U. S. Gov't Report, Aug. 17, 1889.

ABSOLUTELY PURE

There is nothing comparative or hesitating in their language when the official analysts, chemists and scientists speak of the quality of the Royal Baking Powder. "As good as," "harmless," "pure" are tame phrases to describe the superlative merits of this great baking powder. Whenever actual, scientific, practical tests are made, it is emphatically declared superior in its leavening strength, purity and wholesomeness. Witness the report of Prof. Wenzell, of the College of Pharmacy Department, University of California:

SAN FRANCISCO, Oct. 19, 1889.

From actual analysis made by me. I pronounce the Royal Baking Powder to be the Strongest and-Purest Baking Powder before the public.

It is entirely free from alum and other additions injurious to health.
