UNIQUE TIMBER-CUTTING.

Some Persons Propose a Wire Hauged by Electricity.

David J. Evans, lumber dealer, of this city, speaking with reference to the rumor that a syndicate of Pittsburg capitalists had purchased the pine lumber on five thousand acres near Johnston, and that the trees were to be felled by electricity, said: "I was not aware that there was such a large quantity of pine on one tract in that vicinity." He considered the whole scheme, if any existed, a visionary one, and doubted very much that any such syndicate was in existence. With regard to the felling of trees by electricity Mr. Evans said:

THE LINN COUNTY NATIONAL BANK TO BEGIN OPERATIONS.

WASHINGTON, June 2.—The comptroller has authorized the Linn County National Bank at Albany, Oregon, to commence business on a \$100,000 capital with the following officers: J. L. Cowan, president; George E. Chamberlain, cashier.

ENGLISH PARLIAMENT.

The Commons Refused Information on the Behring Sea Question.

LONDON, June 2.—Parliament reassembled to-day. In the house of commons Sir James Ferguson, parliamentary secretary for foreign office, declined to lay on the table a paper relative to the negotiations of the United States concerning the Behring Sea trouble until the question is settled.

Congressional.

WASHINGTON, June 2.—In the house the motion of Wilson, of Washington, for suspending the house was passed and the bill granting the Portland and Puget Sound Railroad company right of way through the Puyallup Indian reservation.

Public Debt Statement.

WASHINGTON, June 2.—The public debt statement of the interest bearing debt, principal interest, is \$808,440,047; the debt less the cash in the treasury on June 1, 1890, is \$108,850,899; the decrease in debt during the month, \$6,081,881; decrease in the debt since June 30, 1889, \$67,587,727; total cash in the treasury by the treasurer general's account, \$638,362,171.

Another National Bank.

WASHINGTON, June 2.—G. W. Hertz, of Lower Minnesota, and associates have applied to the comptroller for authority to organize a national bank.

Destructive Fire.

MILLON, Cal., June 2.—A fire on W. F. Large's ranch south of here to-day destroyed the barn, hay crop, seven head of horses, wagon, and a large amount of machinery.

Juvenile Figures of Speech.

From Kate Field's Washington Tour's little comedy, Mabel, described graphically her sensation on striking a dimpled elbow on the bed carving. "Oh my!" she sighed, "mama, I've struck my arm just where it makes stars in my fingers!" Another Tom said she had "waked up what makes your foot go to sleep."

Feminine Cleverness.

What is really a clever woman? A clever woman is one who looketh well after the ways of her own household. A clever woman is one who undertakes nothing that she does not understand. A clever woman is one who is mistress of tact, and knows how to make the social wheels run smoothly. A clever woman is one who makes the other women think herself the cleverest. A clever woman is one who brings hot water on feet, she brings the sweetness and strength out of everybody else. A clever woman is one who always makes the best of any situation. A clever woman is one who is able to never unpleasantly herself by the rest of the world. A clever woman is one who acknowledges her neighbor's right to live, who doesn't believe that she alone is the motive-power of the world. A clever woman is the one who is at ease in any place and among any people. A clever woman is the woman, my friend, that you and I want for a guide, counselor and friend.

Light and Dark Cigars.

In reference to the distinction between light and dark cigars, smokers nearly always express a preference for one or the other, but they get practically the same thing. The difference lies only in the wrapper, although the general impression is that a dark colored cigar is much stronger. Nearly all brands of cigars have two shades, but the filling is the same in both. I have told my customers so time and time and time and time again, but I can't make them believe me.—Cincinnati Times Star.
