A TERRIBLE WRECK.

A Train Load of Fine Race Horses Crushed to Death.

EIGHT MEN WERE KILLED.

The Loss Will Be Very Heavy—A Scene of Horror at the Wreck The Work of the Relief Parties.

ST. LOUIS, June 9.—A railroad wreck occurred at Warrenton, Mo., six miles west of here on the Wabash road occasioned by two freight trains colliding just outside of Warrenton this morning. Both the engines and 13 cars were wrecked, seven men killed and several wounded. Of eight palace horse cars laden with race horses enroute for the Kansas City races two were wrecked and seven men in charge of the horses killed. Fifteen race horses were killed and a number of train men hurt.

The horses in the wrecked train were enroute from Latonia to Kansas City to take part in the races. The following are the killed: Wm. H. Thomas, Cynthia, Ky., Henry Stone, trainer, Harrodsburg, Ky., Jas. Kelly and Frank Kelly, Chicago, E. M. Simmons, hostler, Lexington, Morris Green, colored, Frankfort, Samuel Davis, jockey, Lexington, and five others were seriously hurt.

The scene at the wreck was terrible. The cars and engines were intermingled in a huge mass of debris, from under which come the screams of the wounded and dying, some cursing and begging to be killed, while others were praying for help.

A negro boy was scalded and literally cooked, and one colored jockey was buried under a pile of shelled corn, from which position it took several men three hours to extricate him.

A force of men worked from 2 A. M. till 7 rescuing the men, and had it not been for a steady rain the loss of life would have been much greater and the wreckage would have caught fire.

There were in all eight dead taken out, four whites and four negroes, and there were 25 wounded, of whom one or two may die.

The eighth body is that of Frank Morton, of New York.

Both engines are a complete wreck and about six palace stock cars were demolished with very fine blooded horses. It is impossible to find out how many horses were killed as there are a great many still under the wreck. It has been estimated that the loss to the company will be $200,000. Nine horses have been found so far that are killed, while a great many more are badly wounded. There were 70 in all on the train.

BASE BALLISTS ARRESTED.

They Violated the Law and Played Ball on Sunday.

ROCHESTER, N. Y., June 9.—The members of the Philadelphia and Rochester base ball teams of the American association, together with Umpire Toole, were arrested here this morning and commanded to appear forthwith before the Justice to stand an examination on the charge of playing base ball on Sunday last at Iron de Guert.

THE CENSUS.

Arrest of those Who Refuse to Answer the Questions.

NEW YORK, June 9.—The district attorney's office was crowded this morning with census men who had come to lodge complaints against certain persons whose stubbornness and refusal to answer questions render impossible the complete work which is prescribed. The same warrants were sued in 35 cases. These were disposed of and in a very short time 25 more were issued.

SAN FRANCISCO, June 9.—John Wack was arrested to-day by the United States Marshal for refusing to answer a question put to him by the census enumerator. Wack, who is a saloon keeper, ordered the census taker out of the house. Wack was released on $50 bail. This is the first arrest of the kind in this city.

A FEASIBLE PROJECT.

Plan for a Monument to General Grant and General Lee.

MIDDLESBORO, Ky., June 9.—The erection of a monument by the Grand Army men and ex-confederate soldiers, acting in unison, to Grant and Lee on two mountain peaks overlooking Cumberland Gap is being discussed here.

A QUESTIONABLE POLICY.

Chicago Wants to Go in Debt for World's Fair Funds.

CHICAGO, June 9.—By a unanimous vote to-night the city council petitioned Gov. Fifer to call an extra session of the state legislature to consider a constitutional amendment permitting the city of Chicago's bonded indebtedness to be increased $5,000,000, the sum named being for the purpose of promoting the success of the World's Fair.

Riotous Street Car Strikers.

COLUMBUS, O., June 9.—The Consolidated Street Railway Company attempted to run their cars this morning. Two cars were run out under police protection, but the strikers came up and derailed them and drove the new conductors and drivers off.

The police had no control and did not pretend to give protection to the new men, their sympathies being plainly with the strikers.

Despite the mayor's orders over ten thousand people were massed within a couple of squares and the excitement was intense. The company tried to run the cars but the strikers stopped them.

Mayor Bruck then issued an order that no more cars be run to-day. After this order quiet was soon restored and the strikers dispersed very jubilant. The city council to-night adopted a resolution calling for an arbitration of the matter and instructing the city solicitors if the company refuses to arbitrate to institute proceedings for the revocation of their charter. The company contemplates another effort to start their cars to-morrow.

Their manager says they will neither arbitrate nor advance the wages.

OREGON CROPS.

The Condition of the Growing Crop of the State.

PORTLAND, June 9.—The U. S. signal service officer has issued the weather crop bulletin No. 13., of the series for the week ending June 7th.

The fore part of the week was cool and cloudy with rain, hail and snow in the mountains. "The rain fall was poorly distributed and there was not the benefit from it that was expected. The latter part of the week was cloudless, dry and warm. On Friday and Saturday the temperature was above 90 degrees in many sections of the state. More rain is needed. Rain and cool weather will yet produce good crops.

The month of May had a high average temperature and the rain fall was very light. As a result the crop prospects are not so encouraging as might be desired especially hay and late sown grain. Fall and early sown grain continue to have a favorable outlook. Fruit prospects are good and general reports indicate a light hay crop. Throughout the Willamette valley rain is badly needed. Much of the spring sown grain did not come up. In the Umpqua and Rogue River valleys the prospects are brighter. The coast counties are especially promising for good crops. The Grand Ronde and Walla Walla valleys and the greater portion of Umatilla county and as well as a majority part of Union county have the best prospects for crops in eastern Oregon. Wasco, Sherman and sections of Gilliam county appear to be the worst affected by dry weather. In Crook, Grant Baker, Lake, Harney and Klamath counties the frost of May 2 and 2 did the most damage and in these counties grass is rapidly drying up.

AN OLD WAR CLAIM.

A Startling Discovery Made in an Indiana Town.

MARSHALLTOWN, June 9.—Much excitement was caused here by the discovery that the board of supervisors in 1862 offered a bounty of $15 each to volunteers during the rebellion. About four hundred went from this county and their claims with interest now aggregate a hundred thousand dollars.

Spreckles' Sugar Refineries.

HARRISBURG, Pa., June 9.—A charter was granted to-day to the Spreckles Sugar Refining Company of Philadelphia, with a capital of $5,000,000. The directors are Claus Spreckles, of San Francisco, A. Spreckles and Louis Spreckles, of Philadelphia.

Sentenced for Seven Years.

NEW YORK, June 9.—Recorder Smith this morning sentenced broker Pell of the Sixth National Bank wrecking fame, to imprisonment at hard labor for seven years.

A State Treasurer Indicted.

JACKSON, Miss., June 9.—The grand jury to-day returned two indictments against State Treasurer Hemingway for the alleged embezzlement of $315,000 of the State funds.

He pleaded not guilty.

Another Train Wreck.

SACRAMENTO, June 9.—A turned rail caused a wreck on the Placerville road to-day. The engine and four freight cars were totally wrecked. The engineer James Hanford, and fireman, Wm. Bundy, were both badly scalded about the legs and body, but will recover.

THE DAY IN CONGRESS

Important Measures Before the Country's Law-Makers

STATE AND COAST NEWS.

Portland Arranging to Celebrate the Approaching Fourth of July A Newspaper Office Burned.

WASHINGTON, June 9.—Representative Oaks from the committee on judiciary to-day reported a house bill to prohibit aliens from acquiring title to, or owning land within the United States.

An elaborate report accompanied the bill and it says it is in the power of the government to totally exclude aliens from coming within its jurisdiction, as has been done in the case of the Chinese. Your committee ascertained, says the report, with reasonable certainty that certain noblemen of Europe, principally Englishmen, own an aggregate about 21,000,000 acres of land within the United States. This alien resident ownership will in the course of time, lead to a system of landlordism.

Representative McRae, of Arkansas, to-day introduced in the house a bill providing for the free coinage of silver; for increasing the United States treasury notes each year, to make the total issue thereof equal in amount to the revenues of the government for that year; for the issuance of treasury notes to replace the national bank notes surrendered; for the repeal of laws authorizing the sales of United States bonds, and for the accumulation of a government reserve of $100,000,000 and finally for the converting of that reserve into the treasury as available assets.

Senator Plumb to-day reported adversely from the committee on public lands bill to protect land claimaints within railroad limits by permitting them to purchase land from the government at $1.25 per acre whenever this was held not to be within a land grant to the railroad company. Accompanying the bill is a letter from the commander general of the land office, recommending that the bill be not passed. The reason is that the interests of the bona fide settlers are sufficiently protected under the present laws.

PORTLAND WILL CELEBRATE.

Arrangements for Celebrating the Approaching Fourth of July.

PORTLAND, June 9.—A number of citizens met at the city council chamber this afternoon to take steps toward observing the 4th of July by a celebration in this city. C. H. Dodd was elected chairman and president. A number of committees were appointed and 21 well known citizens were named to solicit contributions.

EXCITEMENT IN SUGAR.

A Big Lot to be Thrown on the Market in 'Frisco.

SAN FRANCISCO, June 9.—The Supreme court rendered a decision to-day, releasing the American Sugar Refinery from the control of a receiver, and all orders of the Superior court pending the decision on the Refining company's appeal which is now under advisement by the Supreme court.

An understanding that the refinery would be allowed to resume business for the time being caused some excitement in the local market, as it meant the throwing upon the market of 16,000 barrels of sugar which has been warehoused since February 17.

COWLES' CONDITION.

What He Says About the Sensational Shooting Affair.

MONTREAL, June 9.—The condition of Eugene O. Cowles, who was shot last evening by C. C. Hall, his brother-in-law, is improving. Cowles was interviewed by a reporter of the associated press this evening.

He affirmed that what he did was done under the advice of the best legal talent in the United States and Canada, and that he and his wife were in the way of an amicable settlement, and he depreciated Hall's interference.

He expresses the warmest interest in his family and only resented outside interference.

This evening Cowles announced his willingness to surrender the child to his wife, and signed an order on the convent to that effect. This will probably settle the abduction case.

Cowles' condition to-night is serious, he having been feeble from lung trouble before the shooting.

The City Hall Muddle.

SAN FRANCISCO, June 9.—The City Hall commissioners have had all parties connected with the building of the new city hall subpenaed to appear before the grand jury to-morrow at 3 P. M., when a thorough investigation will be commenced.

PORTLAND, June 9.—The thirtieth convocation of Grand Royal Arch Chapter Masons was begun in the city to-night. The following officers were elected for the ensuing year: Seth Pope, Portland, high priest; Jay Tuttle, Astoria, deputy high priest; Geo. E. Chamberlain, Albany, king; G. D. M. Esterond, East Portland, scribe; J. Taylor, Oregon City, treasurer; R. P. Earhart, Portland, secretary; W. C. Crawford, Corvallis, chief of host; Gustaf Wilson, Portland, sentinel.

A Celebrated Case.

SAN FRANCISCO, June 9.—Judge Levy to-day sustained the demurrer to the complaint in the case of Liondar H. Buring, executor of the estate of William Buring, deceased, against Frank G. Newlands, trustee of the estate of Wm. Sharon, deceased et al., and rendered judgment in favor of the defendants for costs. The original complaint was filed in October, 1886, to recover more than half a million, growing out of a claim against W. C. Ralston, deceased, who assigned his property to Sharon.

A Newspaper Office Burned.

FRESNO, Cal., June 9.—Fire in the Daily Evening Expositor building was discovered this morning. The department responded promptly and confined the flames to the Expositor building alone. The building was occupied by the paper and a number of offices. The losses are as follows:

Expositor building, $1000.
Office, material and presses, $8000.
Other losses, $2000.

The fire is thought to be the work of an incendiary.

The Markets.

SAN FRANCISCO, June 9.—Wheat, buyer year, 1890, $1.04½.

A Deadly Hurricane.

PESTH, June 9.—A tremendous hurricane, accompanied by a thunder storm, swept over Hungary to-day. Many persons were killed by lightning.

A Chinaman Outwitted.

Fresno Budget.

The proud distinction of having outwitted a Chinaman in business transaction belongs to McGinty Boland, the Narcissus of Fresno printers. Having some business with a certain Chinaman on the other side of the track, he found himself one day this week in the said Celestial's ill-smelling shop. Suddenly his attention was attracted by a large flytrap on the counter, which was as full of the little pests as it could very well be. "John," said Boland, who saw an opportunity for having some fun, "what'll you take for these flies?" The Chinaman laughed thinking Boland was joking. The latter repeated his question, however, and the Chinaman began to feel puzzled.

Finally Boland offered him ten cents for them, and John, his eyes wide open accepted. "What you do wit' em?" he asked the printer, curiously. "I'm going to let them go," answered Boland, as he began unscrewing the top of the fly trap. Consternation seized the Chinaman, and he begged the printer not to liberate the flies. Boland seemed deaf to his entreaties and continued unscrewing the top. Finally the Chinaman offered to return him his 10 cents, but Boland refused; then came an offer of 15 cents, 20 cents, and the wiley printer still holding back the Chinaman in despair, threw a quarter on the counter and begged Boland to let him have the flies. Mr. McGinty Boland pocketed the piece of silver, put down the trap and walked off. The Chinaman mopped his perspiring brow, sunk the trap in a bucket of water and said something about "dam Amelican man."

St. Bernard Dogs are Carefully Trained.

The famous St. Bernard dogs are very carefully trained. A traveler who visited some of the monasteries of the monks of St. Bernard a few years ago found the monks teaching their dogs from the earliest stages of puppyhood. Not only is physical and mental training included in the teaching, but spiritual culture is by no means neglected. At meal time the dogs sit in a row, each with a tin dish before him containing his repast. Grace is said by one of the monks; the dogs sit motionless with bowed heads. Not one stirs until the "amen" is spoken. If a frisky puppy partakes of his meal before grace is over an older dog growls and gently tugs his ear.

Keep Your Bird From the Open Window.

Says Olive Thorne Miller in The Christain Union: "Never put a bird in a window. I rarely go into the street in the summer, or even on a mild day in winter, that I do not see unfortunate canaries hung in the window. Even if the sun is not broiling the brains under the little yellow cap, a draught is blowing all the time over the delicate body. People have been told a thousand times that they must not put a bird in a draught, yet how few remember that there is always a draught in an open window!"
