CITIES INUNDATED.

The Ravages of a Terrible Storm in Illinois.

STREETS TURNED TO RIVERS.

People Taken From Their Flooded Homes in Boats—A Scene of Desolation and Distress.

ROCKFORD, Ills., June 14.—Never since 1857 has such a disastrous flood visited this section as last evening. It is estimated that the damage to property will reach half a million dollars.

The rain fell in torrents for three hours. In a short time every street was a river and soon the devasting floods were sweeping through Kent and Keith Creek valleys. Down the Keith Creek district came the flood, sweeping everything before it. The water spread over the low lands, filling cellars, creeping up into the first stories of houses and driving people from their beds.

The fire department and police worked hard all night conveying people from the flooded districts to places of shelter. Many fled from their houses when the water began to run into their cellars, fearing they were about to be carried away.

As far as learned no lives were lost. This city this morning presented a scene of desolation. The entire lower portion was a lake covered with floating debris.

The Illinois Central & Milwaukee Railroad Co.'s are the heaviest losers. Many cattle and sheep were drowned. The waters receded to-day almost as quickly as they had risen.

AT JOLIET.

JOLIET, Ills., June 14.—The heaviest and most damaging rain ever known here fell steatily all last night, commencing with a water-spout, which completely inundated the northern, eastern and southern portions of the city. At an early hour this morning in the southern part of the city the people were compelled to move out in boats.

TUSCON, Arizona, June 14.—The emigration of Mormons from Utah into the Sierra Madres has been large during the last 6 months.

At Juarez there are seventy families; at Corvallis and Cave Valley twenty families each. The Mexicans are giving much encouragement to the Mormon Colony as they will aid in destroying the Apaches and are rapidly developing the agricultural resources of the state.

CHINESE IN MEXICO.

A Horde of Mongolians Headed for the United States.

TUCSON, Ariz., June 14.—The Star's Hermasillo Sonora, Mexico, special says: Chinese are coming into Sonoro in large numbers by way of Quaymas. Not less than four hundred have arrived within the last two months. It is understood that the United States is their point of destination. Considerable feeling is manifested by the Mexican laboring class against the Chinese coming into this country.

Killed by Lightning.

PARIS, Ky., June 14.—A terrific lightning and thunder storm passed over the northern part of this county yesterday afternoon. Two of a fishing party were killed and ten others badly hurt. Judge Sherers holds that the farmers have both a legal and equitable title, that Wherman never had a valid title. Several thousand acres of valuable farm lands are involved.

SULLIVAN HARD HIT.

Gentlemen of Washington Decline to Associate With Him.

WASHINGTON, June 14.—John L Sullivan has been invited by the government board of the Columbia Athletic Club to give a show before the members and a number of congressmen. This action has brought a storm of protests upon the managers' heads. The conservative element say they do not intend to bring themselves down to a level with prize fighters and entertain Sullivan. A call for a special meeting of the club has been issued, at which meeting the club intends to overrule the board of managers and withdraw the invitation.

JEWELD GARTERS.

Danger Larks in the Heart That Beats Above Them.

The betrothed wife of an estimable young man was recently visiting his mother. The members of both families were delighted. The chap's mother was dazzled by the beauty, the breeding and the elegance of her prospective daughter-in law. Strange to say, however, on the day after the young girl had begun her visit the mother called her son to her and spoke gravely to him about his promised bride "Harry," said she, "Alice invited me into her room to-day and oh, my son, she doesn't dress like a lady at all. I'm afraid, Harry, I really am."

Harry smothered his indignation and begged his mother to explain herself

"Well, you see," said the latter, "instead of nice white linen, her underwear is black silk. Every item is of that material and when I spoke of it she showed me trunks full of clothes in every tint of silk imaginable and no linen at all. This was bad enough, Harry, but her garters had jeweled clasps on them. Oh, my son, you never knew a girl of real refinement to get herself up in that style. I feel certain that something that we do not know about in Alice's disposition will come out sooner or later."

In a great rage at his mother's imputation Harry left the house. When he returned he did not recur to the subject, and his mother refrained from broaching it again, though her whole manner indicated her fears concerning her son's fiancee. A week later, however, the girl eloped with an adventurer.

"I should always," said Harry's mother, "doubt a young lady who could not take pride in fine linen, and am positive that no modest girl ever wore a jeweled garter. Such a thing could not be the gift of her father or mother, and she would certainly not buy it herself."—Boston Post.

OREGON'S CENSUS.

Supervisor Kelly Reviewing the Progress of the Work.

STATE AND COAST NEWS.

Destructive Fires in California Grain Fields Small Fire in Portland—Indian Outrages.

PORTLAND, Or., June 14.—John Kelly, supervisor of the census for western Oregon, met with the enumerators of this city this evening for the purpose of ascertaining the progress made in the work. It was found that a few had already finished their districts, while others were considerably behind.

Only one case of conflict in the territory so far has occurred. Very little trouble has yet been experienced in obtaining answers to questions. The great trouble is with foreigners. About one hundred names is the average days work of enumerators. Some of them have been disposed to quit, but have been constrained to stay with the hope that when the final settlement is made, measures will be taken to insure them a fair compensation. It is thought that at the expiration of the prescribed 14 days all of the city enumerators will not be through, and will need an extension of time. Supervisor Kelly expects to have the final returns in by the last of July or the first of August.

Mr. Kelly's district contains all of the state west of the Cascades. It is divided into 166 districts, with one enumerator for each district. Of these, fifty-two are paid from $5 to $6 per day, owning to the character of the country. The remainder get from two to three cents per capita.

A DESTRUCTIVE FIRE.

The Pacific Oil Works in San Francisco Again Burning.

SAN FRANCISCO, June 14.—The fire at the Pacific Oil Works broke out again about 4 o'clock this morning. One of the walls fell out and crushed the roof of Gundlach & Co's wine warehouse. A number of cases of wine were destroyed. Gundlach & Co estimate their loss at $20,000. The fire will not be wholly extinquished for some time.

Capt White, of the fire patrol, estimates the loss at $100,000, but Kittle & Co claim that their loss will exceed that amount.

OREGON CROPS.

Prospects for an Average Yield in This State for the Year 1890.

PORTLAND, June 14.—The Oregon weather bureau to-day sent to the chief signal office at Washington the following relative to Oregon crops:

The weather has been cloudy and cool, and a sprinkle of rain fell in various sections. A good heavy rain is badly needed.

Haying is in progress. The crop is not an average one.

Wheat prospects are better than one year ago. The fall wheat is very good, but the spring sowing is quite poor.

NOTED CALIFORNIAN DEAD.

Killed by Eating Canned Oysters—The Coroner's Investigation.

SAN JOSE, June 14.—Capt. Wm. Warren, one of the most prominent fruit driers in the county, died suddenly near Saratoga, early this morning. His death is supposed to have been caused by eating canned oysters. The coroner's jury are investigating the case. Capt. Warren was the first white settler in Japan, and built the first European house there in 1859. He was also the founder of the first Masonic lodge in Japan.

CALIFORNIA FIELD FIRES.

Great Damage Done to Grain, Feed and Timber.

FRESNO, June 14.—Fires have been burning over the foot hills along and just south of Fresno river near Bates postoffice. Some 17,000 acres have been burned over doing great damage to feed and timber. The fire is still burning.

Fires in the vicinity of Santa Rosa, Lower California, destroyed a vast amount of grain in fields and houses and livestock. The loss is reported to be about $25,000. It is supposed to have been started by Indians hunting honey.

PERILS OF THE DEEP.

A Horrible Story of Shipwreck and Suffering.

SAN FRANCISCO, June 14.—Mail advices from Valparaiso say that a small boat, with ten survivors of the ill-fated steamer, Gulf of Aden, which foundered off Terres Montes peninsula in a storm on March 12, arrived at Quellon on March 25, after 14 days' of peril and hardships. The steamer was bound from Greenock to Valparaiso with a cargo of heavy water-mains.

It is supposed that during a storm some of them got loose and stove a hole through the vessel's side. The passengers and crew numbered eighty persons.

Five boats were lowered, but one was swamped near the steamer and the occupants drowned.

The women and children and a number of the crew were in the large lifeboat under command of Chief Officer French. The smaller lifeboat was commanded by Second Officer Blain, with nine persons, the third boat contained 12 persons. The remaining boat with Capt. Monro, Third Officer Harriot and eight others of the vessel's crew, together with five passengers, was the one which reached Quellon, but Capt. Monro, two of the ship's crew and two passengers had died on the voyage from exposure and thirst. The others on reaching Quellon were frostbitten and ill, and two of them died. It is thought that three of the missing boats were lost. The Chilian steamship Angamos and Pudeo were sent out to look for them, and on April 2d the Angamos was totally wrecked on rocks in Point Vallenarez. The crew escaped.

MURDERED FOR HIS MONEY.

An Aged Farmer Shot in the Back By Cowardly Robbers.

LOS ANGELES, Cal., June 14.—News was received here to-day that Fred Breckert, a German sixty years old, living about 22 miles west of Lancaster, had been murdered. Breckert's body was found in his house. He had been shot through the back of the head. His trunk was broken open and his clothes, watch and money taken. The verdict of the coroner's jury was that the deceased was murdered by unknown parties.

Breckert is reported to have left considerable money in a San Francisco bank.

RAILROAD PRATTLE.

The Union Pacific Making Some Important Changes.

SAN FRANCISCO, June 14.—It has been officially announced that General Freight Agent Campbell of the Pacific division of the Union Pacific, now stationed at Portland will succeed S. W. Eccles, in the San Francisco office. The appointment and transfer of the general freight office from Portland to San Francisco is looked on in railroad circles as significant and an indication of the policy of the Union Pacific relative to the latter company's extension of its line to San Francisco.

INDIAN DEPREDATIONS.

The Reds in the Okanogan Country Giving Much Trouble.

SPOKANE FALLS, June 14.—J. O. Lenard, who has just arrived from the Okanogan country, brings the news that the store of "Paw" Cummings was robbed of a large amount of merchandise and $50 in cash on Thursday last by Indians, who afterwards stampeded a band of horses belonging to a man living at the mouth of Salmon River, and who scared him so by drawing the back of a dirk knife across his throat that he flew from the country. The Indian agent with a posse started in pursuit of the Indians.

A Sea Captain Arrested.

PORTLAND, June 14.—Capt. F. C. Hunter, master of the steamship Geo. W. Elder, was arrested this afternoon by Deputy United States Marshal. The complaint was made by Charles McCarthy, third mate of the vessel, who asks for damages in the sum of $250 for injuries sustained through an assault committed by the captain. The action arises from an altercation which occured on the vessel Thursday, when, it is alleged, the Captain struck McCarthy two blows in the face without provocation. Captain Hunter was released on bonds.

WAR SHIPS MOVING.

A State of Intense Excitement in Corea and Japan.

MANY RUMORS AFLOAT.

A Careful Review of the Situation by an Associated Press Correspondent—The Populace Go Armed.

SAN FRANCISCO, June 14.—A correspondent of the Associated Press in Tokio, Japan, writes as follows under date of June 1st: The excitement following the recent depredations of students of Tokio has decreased since they apologized to Rev. W. T. Embay, the New Jersey missionary, who was cut and bruised by them two weeks ago. The Seshi are becoming more bold daily, and insults offered foreigners are increasing. Settlers coming from Yokohoma are armed with revolvers.

The distress among the thousands of starving people of Tokio and other large cities is being ameliorated to a great extent by foreigners as well as Japanese noblemen. One nobleman is feeding 1000 people a day out of his own funds.

The price of rice is higher than ever before, both in Japan and Corea.

There are many vague rumors afloat concerning the reported taking of Corea by the Russians. All that is surely known is that all of the British men-of-war are lying in harbor with steam up and under orders to sail at a moment's notice. Several of them have already gone.

The American naval force under Rear Admiral Belknap is also expecting orders to sail for Corea.
