## A WOMAN HANGED.

She Meets Death With Her Husband on the Scaffold.

THE SCENE WAS SENSATIONAL

The Lottery People Increasing Their Bribes to the Legislature—More Storms in the East.

ELKO, Nev., June 20.—Josiah Potts and wife, Elizabeth, were hanged here at 10:43 this forenoon for the murder of Miles Fawcett in January, 1888.

After the death warrants were read the condemned prisoners were taken to the scaffold, where the deputies speedily proceeded to bind them with leather straps. Mrs. Potts helped to adjust them herself. As the rope was stretched around Mrs. Potts' neck she clasped her hands together and lifting her eyes toward the sky exclaimed: "God help me; I am innocent."

Her husband reiterated in a hollow tone: "God knows we are innocent."

As the black caps were drawn over their heads the words of the clergyman, who had remained with them to the last, broke the silence: "Put your trust in God and he will see you righted."

Then the drop fell. Instantaneously Mrs. Potts was a corpse, owing to her heavy weight. A stream of blood burst from under the chin of the dead woman and it was found that her head was almost severed from the trunk.

Potts showed great vitality, it being over 14 minutes before life was pronounced extinct.

**DESTRUCTIVE TORNADO.**

**A Hurricane Sweeps Over Illinois Demolishing Houses.**

CORNELL, Ill., June 20.—A Tornado passed over here this afternoon. The storm first struck the house of S. Plimily, tearing it down and terribly injuring Plimily. The residences of Wm. Findeaux and J. M. Bradley were unroofed, out buildings destroyed and Findeaux and Bradley slightly hurt. The most extensive wreck was W. H. O'Connor's; his house, barn and other outbuildings were completely demolished, and O'Connor's wife received fatal hurts.

The school house a short distance east, was blown down. School was not in session at the time.

F. C. Leonard's house and outbuildings were badly damaged. One of his boys was probably fatally hurt and three others slightly hurt.

THE STORM GENERAL.

DIXON, Ill., June 20.—The tornado swept this portion of the county early this evening doing terrible damage. In the village of Suffolde many buildings were destroyed, four persons killed and others injured. In the outlying country many farm houses were damaged and many people more or less hurt. In Brooklyn the township school house was wrecked and 18 children injured, but how serious has not yet been learned.

**Arrested Census Takers.**

ST. PAUL, Minn., June 20.—The trial of the seven arrested Minneapolis census enumerators came up before the United States commissioner here this morning. The charge is concocting false returns to swell Minneapolis' population. The case was continued till August.

**Our Foreign Relations.**

WASHINGTON, June 20.—In the consular diplomatic appropriation bill a number of amendments are made in the bill as it passed the house. The missions to Argentine Republic and United States of Columbia are raised from $7500 to $10 000 and the Danish mission from $5,000 to $7,500. The committee also incorporated in the bill the suggestions made by Secretary Blaine to enable the president to carry into effect the recommendation of the Pan-American conference.

THE LOUISIANA LOTTERY

**Increasing Their Bribes Offered to the Legislature.**

BATON ROUGE, La., June 20.—The Newgass bill, offering a million and a quarter yearly for lottery privileges, was introduced in the house to-day. It is said that Newman of New Orleans is ready to bid five million dollars annually. It is believed the governor will veto the measure if passed, and that it cannot be passed over his veto.

In a discussion this evening Representatives Shattock created a sensation by stating that Isadore Newman, a holder of Mexican lottery stock in New Orleans, came to a friend of the Louisiana people several days ago and said they were determined to get in on the Louisiana proposition, and that they would go to the legislature and make an offer of a million and a quarter a year. If the Louisiana people bid higher they would raise it to a million and a half and if that was raised they would go as high as $5,000,000, because they were determined to be in the proposition.

The Louisiana bill was read the third time this evening. The district attorney filed information charging Representative Stagnant of having received at various times bribes from the Louisiana lottery people for influence. Stagnant gave bonds of $5,000.

**POWDERLY TALKS.**

**Gompers Denounces Him as a Pettifogger and Double Dealer.**

NEW YORK, June 20.—Powderly this afternoon sent to Gompers a letter in which he agreed to meet Gompers in Cooper Union to-night. Gompers replied to him but did not comply with the proposed terms for a discussion. Gompers accused Powderly of being a pettifogger and a double dealer. Powderly says he was ready at the meeting or any where else to repeat and prove all he said about the Knights of Labor. Gompers was not present at the meeting of the Knights to-night. The Cooper Union was crowded, many people being unable to get in. Powderly spoke on the insinuations made against the management of the Knights and read documents showing they were first to suggest the 8 hour principle. In the future they would continue the 8 hour movement and help those who are willing to help themselves.

**THE SITE SELECTED.**

**Grounds of the World's Fair Will Consist of 250 Acres.**

CHICAGO, June 20.—The directors of the World's Fair formally declared their preference for the lake front site this afternoon.

A resolution was then adopted, ordering the committee on grounds to enter into negotiation with the city of Chicago, the Illinois Central railway and others interested, to secure an area of the lake front of not less than 250 acres.

**Two More Hangings.**

QUEBEC, June 20.—Fritz Dubois was hanged here this morning for the murder of his wife, two children and mother-in-law in February, hacking them brutally with an ax. He confessed on the scaffold.

BELLEVILLE, Ont., June 20.—Peter Edward Davis, who on September 19 murdered his paramour's husband, was hanged here this morning. He declared his innocence to the last.

**A Chinese Leper Suicides.**

PRESCOTT, Ariz., June 20.—Wan Yong, a Chinese leper, committed suicide in Kirkland last night, shooting himself through the throat. Yong came here from San Francisco two years ago on the authorities there threatening to send him back to China on account of leprosy, and he has since been engaged at the Chinese vegetable garden, which supplied a large portion of the vegetables used in Prescott.

**A Bank in Trouble.**

Its statement on May 17 showed loans and discounts, $636,000; due depositors, $628,800; surplus fund, $21,000; undivided profits, $18,400.

**Pension Bill Signed.**

WASHINGTON, June 20.—The president to-day signed the bill granting a pension to Mrs. Delia Parnell.

**A Town in Flames.**

ST. PAUL, Minn., June 20.—At a late hour to night a telegram was received from Millac, Minn., a town of a few hundred people, about 40 miles distant, asking for aid, as a fierce fire was raging. A special train with fire engines has been sent from here.

## STATE AND COAST.

The Hotel Portland the Scene of Another Suicide.

VARIOUS RAILROAD MOVES.

D. P. Thompson at the Head of the O. R. & N. Company's Affairs in Portland Disaster at Spokane.

PORTLAND, June 20.—Wm. Johnson, a grading contractor who lives on Portland Heights committed suicide early this morning in a room at the Hotel Portland. Soon after midnight Johnson, while somewhat under the influence of liquor called at the hotel and asked for a room. He was assigned to a room, but before retiring he sent for two drinks. Between 4 and 5 o'clock this morning the nightwatchman heard two pistol shots. Upon investigation it was found that the report came from Johnson's room. The door was forced open and Johnson was found lying dead on the bed with a revolver in his hand. A doctor was called and an investigation showed that he had placed the revolver to his mouth and fired two shots. The deceased was 48 years old and is married. Of late he has been somewhat despondent and it is supposed he committed the deed in a fit of despondency.

**KILLED AT SPOKANE.**

**A Rock Hurled Through a Depot Window with Fatal Results.**

SPOKANE FALLS, June 20.—An unknown man was instantly killed in the Union depot here this afternoon. Workmen were blasting a rock pile near the depot, and three men were standing on the platform watching them, when a blast was touched off which sent the rock flying in the air. The men ran into the depot, but a rock weighing one hundred pounds was hurled through the window of a freight office, striking one of the men on the head, mutilating him beyond recognition. It is believed the victim is John Gratz, a laborer.

**NEWS FROM SEATTLE.**

**Drowned in Lake Union—A Business Man Drops Dead.**

SEATTLE, June 20.—Jacob Luster, a laborer employed in the Seattle laundry near Lake Union was drowned in the lake this afternoon. He was wheeling sawdust upon a scow when last seen at 10 o'clock, and must have fallen overboard while unloading his wheelbarrow, as it was found floating inside down near the scow. His body was recovered to-night.

Samuel Phillips, proprietor of the Puget Sound clothing house, dropped dead in his store on second street of heart disease this evening. He had been engaged in business on the coast for 35 years and had interests at San Pedro, California, his former home.

**O. R. & N. Election.**

PORTLAND, June 20.—The newly elected board of directors of the Oregon Railway and Navigation Company to-day elected the following board of officers: President, Edmund Smith; first vice-president, D. P. Thompson; second vice-president, W. H. Holcomb; secretary, W. W. Cotton; assistant secretary, Alex Miller; comptroller, Oliver W. Mink; treasurer, James G. Harris; local treasurer, Chas. F. Holcomb; general attorney, W. W. Cotton. The Union Trust Co. of New York, transfer agent. This puts D. P. Thompson in control of the company's affairs in this city.

**An Indian Murdered.**

WEWONA, Cal., June 20.—An Indian named Bullock was found murdered this morning one mile from here on Big Creek, where he had been fishing. He had been shot four times through the body from behind while coming home through the woods. Several Indians were seen near the place, and from all appearances they are the murderers. Two officers left in pursuit.

**The Deadly Mule.**

MERCED, Cal., June 20.—Pat. Toohy, a farm laborer, was killed to-day by having the pole of a wagon run through his body while he was trying to fasten it to the wagon in front. Two mules hitched to the rear of the wagon started to run and he was pinned to the axle of the forward wagon.

**The Union Pacific.**

VANCOUVER, June 20.—The Union Pacific has largely increased the force of men in clearing the depot grounds at Vancouver and another force has crossed the river to Shaw's Island to prepare the ground for the big bridge across the Columbia.

**An Electric Storm.**

KANSAS CITY, Mo., June 20.—Severe electric storms, accompanied by much rain and heavy winds prevailed this night in the eastern Kansas and western Missouri.

**Another Railroad Wreck.**

BRADFORD, June 20.—The first section of a freight train on the Pennsylvania Railroad broke in two at the top of Buffalo Mills grade last night. The rear part ran down the grade at a terrific speed and smashed into the second section. Jos. Martin and Brakeman Little were killed. Six others were seriously injured. The men in the caboose were sleeping, and failed to stop the runaway cars.

RAILROAD DISASTER.

**A Train Wreck Which Causes Several Deaths.**

BALTIMORE, June 20.—The New York express train was wrecked this morning at Child's Store on the B. & O. railroad. Bishop Keane, of Washington, H. E. Kelly, son of Congressman Kelly, of Arkansas, are among the seriously injured. Two sleepers were thrown down an embankment. The fireman was killed. The wreck was caused by the breaking of the main rod on the fireman's side, which rushed through the cab, killing him instantly. The engineer jumped down and crouched behind the fire box. Immediately afterwards the rod on his side gave way and tore that side of the cab off. The engine then left the rails, carrying the cars with it.

THE BILL VETOED.

**President Harrison Disapproves an Excessive Bonding Bill.**

WASHINGTON, June 20.—President Harrison to-day returned to the house without his approval the bill to authorize the board of supervisors of Maricapa county, Arizona, to issue county bonds at the rate of $4000 per mile in aid of the construction of certain railroads. The ground for the veto of the bill is that the election on the bonding of the county was illegal and that the indebtedness which the company would incur is excessive.

SENSATIONAL CHARGES.

**Heavy Bribes offered in a Land Suit.**

CHICAGO, June 20.—A sensational charge is attributed to Warren Leland, proprietor of the Leland Hotel, in an interview published in an evening paper. The ownership of the Lake Front Park one thousand feet wide and nearly a mile long between Michigan Avenue and Lake Shore has long in dispute. The Riparian right is the bone of contention and a claim is made to it by the state of Illinois, the city of Chicago and the Illinois Central Railroad Company. Leland, as owner of the property abutting on this park, has been against all encroachments thereon, and has declared his intention to fight the location of the world's fair.

In an interview to-day Leland is quoted as saying that a year ago a bribe of $1,000,000 was offered him to cease his warfare in behalf of the preservation of Lake Front Park. He added that there has been a steal on foot beside which the operations of the Tweed ring pale into insignificance.

**The Miltmore Courtmartial.**

TUCSON, June 20.—The courtmartial of Capt. Miltmore was resumed to-day. A number of witnesses were examined by the defense who testified that it had been the custom of the paymaster stationed in Tucson to have the offices in their residence, and that the present rentals were not exorbitant.

**A Safe Robbery.**

KANSAS CITY, Mo., June 20.—The safe of Lewis Miller, a bookmaker, was opened last night and $4,000 in cash and valuables stolen.

Between Waitsburg and Dayton and the mountains there has been good work done in the way of horse stealing, which has caused no little excitement. There seems to be a gang of men with a scheme to gather up a band of horses, disfigure the brands, and then drive them out, although that may not be it, but anyhow they have caught horses, changed brands with scissors by cutting the hair very short, in whatever shape they wanted the brand, and cut their tails off. To cut the tail from a horse disfigures it so one can hardly recognize it, even if well acquainted with it; but to take the scissors and cut the hair close, in whatever way you want the brand, makes it look like an old brand, and without looking close you cannot tell the difference. The principal work so far has been on Whisky Creek and Hogeye mountain, although it may be in different places, but not found out yet, and has been all within the last few days.

Yesterday afternoon Martin Miller, financial agent of the Linn county business council, P. of H., concluded arrangements with C. J. Reed, manager of the northwest agency of the celebrated implement house of D. M. Osborne & Co., for the purchase of self-binders, mowers, rakes, and twine. This throws the business into the hands of our enterprising hardware dealers, Messrs. Stewart & Sox, who are the local agents of the D. M. Osborne & Co, company. The experience and popularity of this firm will insure the best treatment to all who deal with them and will make an immense addition to the trade of Albany.

No language can express the feelings of a deaf mute who steps on a tack in a dark room.—Elmira Gazette.

## THE DAY IN CONGRESS

The Silver Debate Continued in the House.

NO DECISION YET REACHED.

The Day Consumed by Dilatory Proceedings—The Postoffice Appropriation Bill.

WASHINGTON, June 20.—In the house to-day yesterday's contest was renewed. The speaker announced the pending question to be the ordering of the previous question on the motion made by Mills, of Texas, to approve the journal of Wednesday, as amended by the resolution yesterday. The previous question was ordered yeas 126, nays 122. McKinley changed his vote to the affirmative and moved a reconsideration. The motion was tabled. Wednesday's journal was then read and approved.

Bland offered a resolution to take up the silver bill. McKinley made a point of order that the motion was not privileged. Bland held that the bill was on the speaker's table. Bland finally modified the language of his resolution so as to direct that the speaker under rule 241 lay the matter on the table, including the silver bill, before the house for action.

The speaker finally ruled Bland's resolution (to proceed to the consideration of the silver bill) not in order under the rules.

Bland appealed to the house, and McKinley moved to lay the appeal on the table. The yeas and nays were ordered, pending which Crisp moved that the house adjourn. The motion was defeated, but the hour of five arrived and the house under the rule took a recess, the evening session to be for pension business. No business was transacted at the evening session, however.

The house committee on postoffices and roads postponed further consideration on the postal telegraph bill till the next session.

IN THE SENATE.

The postoffice application bill as reported to the senate to-day appropriates $72,461,699, which is an increase of $473,000 over the amount appropriated by the bill as it passed the house. There is an increase of $390,000 for compensation of postoffice clerks and $48,000 for transportation of foreign mails.

This last increased appropriation is important, as it will, if incorporated into a law, mark a departure in the postal policy of the country. A provision in the bill authorizes the postmaster-general to expend this $48,000 in covering the cost of transportation, compensation and expenses of clerks to be employed in assisting the mails in transit between the United States and other countries of the international postal union.
