LETTER FROM BINGER HERMANN.

He Has Introduced a Bill for the Right to Bridge the Willamette at Albany.

City Recorder N. J. Henton has received the following letter from Congressman Hermann under date of June 9th, which shows that he has already introduced in congress a bill for the right to bridge the Willamette at this city in accordance with the memorial recently forwarded by the city council:

Mr. N. J. Henton, City Recorder —Sir:—I have the honor to acknowledge the receipt of your communication transmitting the resolution of the city council of Albany and also a copy of the proposed bill for a wagon and foot passenger bridge across the Willamette river at Albany. Permit me to say that I shall introduce this bill in congress tomorrow.

Very truly yours,
BINGER HERMANN.

THRIVING LEBANON.

Work Commenced on the Paper Mills A New Public School House.

LEBANON, June 20, 1890.

Frank O'Neil, proprietor of the proposed paper mills at this place who has spent several months in in the East inspecting and purchase machinery for the paper mill returned Saturday. Mr. O'Neil has bought nothing but the best machinery, has employed the foremost architect of the country to draft the structure, and says there will not be a better straw paper mill, and but one as good in the United States. Three car loads of machinery are on the road, and four car loads will arrive about the first of October. The main building will be 120x90 feet. Two other large structures will also be built. It is expected that the mill will be in operation by December 1st. Work on the foundation was commenced today. The company will probably superintend the building themselves and let no contract.

Lebanon is moving forward in building this season. Work was begun on the new school house this week. The building will be 70x36, two stories high, with an eight-foot base brick basement.

A Case of Abduction.

Fred Close and Miss Ida Moore, the pretty 15-year old daughter of Mr. and Mrs. Moore, took Friday's train for Seattle. As soon as the parents of the girl learned of the affair they had Attorney Phillips telegraph to the chief of police to hold them on a charge of abduction. The police failed to find them. The size of this romantic little story is that Ida loved Ed. Close, who until moving to Seattle with the Close & Sons brick yard and brass band was the neighbor of the Moore family in the lower town end of Ashland. Ed. Close had written to his would-be-bride Ida to come to Seattle and there be his darling forever. Mr. and Mrs. Moore thought Mr. Close should come to Ashland and make her his wife here. Between the misunderstanding between the parents and daughter about the mode of procedure, the old maxim "love laughs at locksmiths" was played out by Miss Ida skipping. Nothing further has been learned at this writing. The parents will be satisfied when they learn officially their daughter and Mr. Close are legally married.—Ashland Valley Record.

Fort Klamath Abandoned.

The lieutenant and detachment of soldiers that were left at Fort Klamath after the order abandoning the post had been "hung up," at the request of Gen. Miles, left this week with their bag and baggage for the railroad in this valley. This looks as if the post had been permanently abandoned. It is said that the Klamath Indian Agency will take charge of the buildings and move from their present poor quarters to the more commodious ones vacated by the soldiers.—Valley Record.

The City Council.

The city council met last evening as a committee of the whole to consider the petition of property owners for the establishment of street grades in the first ward. No definite action was taken, and the city surveyor will go over the ground and report to the council at a subsequent meeting.

Building and Loan Association.

At the regular monthly meeting of the Albany Building and Loan Association last night, a loan of $1000 was made to John Kuntz, who bid 52 months interest in advance. This is the lowest amount for which a loan has been made for many months.

Spring Jackets at Cost.

I have a small line of spring jackets in colors I wish to close out and have reduced the price to cost. They are the latest style and a bargain. I also have a line of spring stockinet jackets for $5.50 each, which is the nicest jacket for the price in the market. Samuel E. Young.

The Astoria Columbian says: While William Reid asserts that Huntington cannot and will not do anything for Astoria, Huntington's surveyors have camped on Reid's rail and are now pushing towards this city over the route laid out for the Astoria and South Coast more line by Reid's engineers. The latter should get out an injunction.

New embroideries, flouncing, lace flouncing in cotton and silk, black and cream. Laces in imitation point, also new designs in black and white lace, including Vandyck and Eiffel tower. New arrivals. Samuel E. Young.

They had little or no difficulty in crossing, except in places where trees had fallen across the road-way.
