STATE DISPATCHES

Deputy Sheriff Cochran Arrests Missouri Forger - Eugene Court Decision.

EUGENE, July 14.—Constable Cochran arrested Charles E. Arthur at Halsey yesterday on a charge of forgery, committed in Harrison county, Missouri, about three or four years ago. From Missouri he went to Idaho and thence to California. Cochran learned of his coming this way and has been on the lookout for him. Last Friday he met two men and their families, talking with them a few minutes he found one of them was the man he wanted. He telegraphed to Missouri for instructions, and Sunday went to Halsey where they had arrived by that time and arrested him. The entire party came here, and Arthur will be held till the Missouri officer comes after him. He is 32 years old and has wife and two children. He admits his guilt and wants to sell his outfit and take his family back with him. C. O. Hubbard met with an accident while mounting, resulting in the dislocation of his left shoulder and hip. He was painting a barn when the scaffolding broke and he fell 20 feet to the ground.

CIRCUIT COURT AT EUGENE.

EUGENE, July 14.—Judge M. Pipes arrived from Corvallis to-day and immediately opened circuit court for the trial of the cases of the Oregonian Railway Company, suing for right of way to Springfield. Four of the cases will be contested.

At the Opera House.

The great English melo-dram, "The Black Flag," was presented at the opera house last evening by the Chicago Comedy Company, which was the opening of their week's engagement in this city. An immense audience was present to witness the opening play, and they were delighted. Belle inman as the Cuban boy, made a great hit, and James A. Devlin, as the London sharper, kept the audience in a state of laughter. The company has been reinforced by a number of new members since their last appearance here, and give a very clever performance. During the evening Mr. Foster, the eminent pianist, gave some unique selections, combining singing with the piano in a charming manner. To-night will be presented the drama "Melissé." There should be a large audience.

Railroad Operations.

The Oregon Pacific railroad is not the only big road, on which construction is being delayed. The Oregonian complains that July is wearing away and still no construction work has been done on either of the three railroads to be built out of Portland this summer. As far as the Union Pacific road to the Sound is concerned, work is going ahead at several points. There is no sign of any construction work being done near Portland on the Huntington road to Silverton, 15 miles of which is to be done this fall. The delay has been caused by the great difficulty of securing a good route to get out of East Portland, which has been a very tiresome job, but has at last been accomplished. Work has been going on for some time near Silverton and it will not be long before the dirt will be flying out in Johnson's creek.

The Printers and Grocers.

A friendly game of baseball was played last evening between the printers and grocers, the losers to pay for a supper at the Belmont restaurant. Both sides played well, and it was a very even game. The grocers won from the fact that the number of innings to be played had not been definitely explained to the umpire, J. D. Coats. The printers held that the game was for five innings and at the end of the fifth inning the score stood 24 to 22 in favor of the printers. The grocers claimed that seven innings should be played, but as it was then 8 o'clock and nearly dark, the game stopped. The umpire reserved his decision. The contestants took supper together, and will settle their differences in an amicable manner. As it is the printers stand ahead in runs, Wm. Cowan and W. H. Warner were scorers.

The Crawfordville Accident.

Further particulars received concerning the accident that befell Mrs. Minnie and Miss Templeton by the collapse of the Calapooia bridge near Crawfordville states that Mrs. Templeton was badly bruised and cut on her limbs and head, and her face terribly mangled, entirely destroying the eyesight. Miss Iva Templeton was terribly bruised also, the right arm being broken at or near the elbow and her left thigh broken, the bone protruding through the flesh. Miss Iva was carried down to Crawfordville Saturday afternoon on a spring bed, and Mrs. Templeton will be brought down there soon. Everything is being done for them that is possible, and they are doing as well as can be expected. One of the horses was killed.

Tenng Morris Arrested.

H. H. Hewitt went to Harrisburg yesterday to represent the state in a case against Harry Morris, who was arrested Sunday on a charge of complicity in the robbery of Dana Smith. It will be remembered that Mr. Smith was induced to go to his drug store late at night and was held up and robbed of \$900. Young Briggs is now serving a term in the penitentiary, and his accomplice was simply fined. Young Morris is now accused of being an accomplice.

OREGON CROPS

Reports from All Sections Indicate that a Beautiful Harvest is Assured.

Following is the weekly crop bulletin issued by the U. S. Bureau from the Oregon station: The weather has been unfavorable to the haying operations, considerable rain came down when the rains came on and some of it was injured. In addition the rains have delayed the hay harvest, causing it to come too close to the wheat harvest, which in some sections will be in full way next week. The hay crop is far better than expected. The weather was very beneficial to the fall and spring wheat crops, also to the corn. The all wheat has generally yielded very well, the berry large and plump. The spring wheat, which on June 1st, was thought to be worthless in growing nicely and will yield almost an average crop in most sections. Root crops are all in a most promising condition. Hops continue to thrive and their yield will be above average. The apples are being injured by the codling moth. Their non-appearance at an earlier date may be due to the backward spring. They are evidently not appearing in full force. In many places the apples are in prime condition. The peach crop of Oregon will not be over 50 per cent of the average. Through the Willamette Valley the crop will be slightly better. In many places the crop appears to be the best. Cherries are coming scarcer. Berries continue to be plentiful; water and musk melons promise a very large crop. They are especially prolific in Jackson and Josephine counties. The grass on the ranges of Eastern Oregon is very good, for the lateness of the season and cattle are in prime condition. The wheat crop in the Willamette Valley will be almost an average, in Southern Oregon about average; in Wasco, Sherman, Gilliam and Morrow counties better than for years; in Umatilla and Union counties the largest ever produced, in Wallowa, Baker, Grant, Crook and interior counties fully an average crop. Reports from all sections indicate that a beautiful harvest is assured.

Coming Next Week.

"A Fair of Jacks," one of the most novel and original farcical comedies ever produced, will be seen at the opera house, Tuesday evening, July 22. It is H. Gratton Donnelly's latest contribution to the stage and has been well described as a "meteor flash of fun." Mr. Donnelly, free Willing "Shaker" appears some of the credit for "A Fair of Jacks," inasmuch as the idea of the two dramas has been used in it, but it can be asserted with confidence that the Bard of Avon, never dressed of such riotous fun as Mr. Donnelly is doing in this comedy. The production of Jack and Doctor Jack, the best of modern dramas. The best of modern comedy and vocal talent has been engaged for the production. R. G. Knowles, recently a comedian at Augusta, in Daly's theater, and W. J. Russell, a favorite in the vaudeville circles of the Pacific coast, will appear in the first appearance in comedy. An octette of handsome and talented girls is made up of Tellula Evans, prima donna soprano, Nina Hayward, Julia Aiken, Mollie Thompson, Edna Dyas, Winifred Johnson, Alice Green and Mary Thompson. The very latest London and New York songs are made use of in the performance which will be one of the brightest of the season.

The Albany & Astoria Railroad.

Chief Engineer W. B. Barr, of the Albany & Astoria railroad is in the city, having returned to consult with the company concerning the survey between Astoria and Tillamook. They have a force of fifteen men at work, and expect to complete the survey by Aug. 15, after which the work of grading will be commenced. Mr. Barr says his men are doing well, having killed several elk and caught all the trout they wanted. They are now in the roughest portion of the mountains.

Off for Baker City.

R. F. Ashby, of the firm of Ashby & Neil, left yesterday morning for Baker City in answer to a communication from a representative of a German colony of 50 families who contemplate locating somewhere on the coast where they can find the largest and greatest amount of available land in one body, hoping to reach them before they accept any of the several propositions already made. Mr. Ashby and his assistants are to come to the Willamette valley and take a more careful and extended look before buying.

Funeral of Roscoe Goss.

The funeral of the late Roscoe Goss was held from the residence of Mrs. John Kellogg, Berkeley, California, at 2 o'clock July 14, and was very largely attended. Mrs. Goss and mother were very much prostrated for several days after their arrival in Berkeley, but are now recovering their health. Homer Goss, of Arizona, brother of the deceased, met the family at Oakland.

A Big Trout Catch.

L. W. Dwyer, F. G. Bennett, S. B. Drubman and F. J. Newton, and Omer Hendrickson, returned yesterday from a three-day fishing jaunt up the Santiam. They fished in Crabtree creek, and caught all told 600 trout.

MIDDLE RIDGE NOTES.

MIDDLE RIDGE, July 14, 1890.

The recent fall of rain has caused all vegetation to flourish wonderfully, but is rather trying to those who have hay out. A daughter of Mrs. L. T. Berry, with her husband made her a visit recently, also her son, Charley Pyburn and wife, from near Salem. Mrs. and Mrs. W. W. Miller received a visit from their daughter, Mrs. Ann Lankey and her son, Will Cox of Coos County. Mrs. N. D. Conn and family spent a few days at the home of her parents, Mr. and Mrs. J. N. Combs. On her return home she was accompanied by her sister Lucy, who spent a week visiting friends in Albany. Mrs. Wm. Baker and family are over in the Forks visiting her sisters. George Cox's grandson of Mr. and Mrs. J. W. Miller, who has been living with them several years, became dissatisfied with his home, and left this morning unknown to his grandparents. The young man, who was up from the valley on the 1st inst., and decorated the end of our schoolhouse with youth of great promise. On account of the extreme modesty of himself and friends, his name for the present is withheld from the public, but such talent cannot fail to bring its possessor fame. Our school taught by Mrs. Wm. Moore closed on the 2nd inst.

The Players.

Concerning the Chicago Comedy company, who will open a week's engagement at the opera house in this city tomorrow evening, the Salem Statesman says: "At the opera house last night before a good crowd was presented by the Chicago Comedy Company the very fine comedy-drama 'Melissé.' In it the cast of characters was strong, and each one played to the best advantage. This company has been greatly strengthened and improved in every way since last appearing before a Salem audience.
