Dr Gill's CATARRH CURE

FOR SALE BY ALL DRUGGISTS.

"Some months ago I purchased a box of Dr. J. P. Gill's Catarrh Cure for my own use. Not finding my nephew C. A. McMahan needing such medicine I let him have my box of medicine. He now sends for three more boxes, saying it is the best thing for catarrh ever tried by him and his friends. I got another box to use in my case, and cheerfully recommend it to others.
(Signed), JOHN McMAHAN,
Ex County Commissioner Lane Co. Oregon.
Springfield Lane county, Oregon.

To J. W. Johnson, president of the state university, says it cured him of a cough after two other prescriptions had failed. Likewise two of his little girls used it to cure their coughs. Mrs Mark Bailey, wife of Prof Bailey, sent it to Prof Johnson, and recommends it to all who suffer from colds and coughs. For coughs it acts like a charm, and can be inhaled into the pipes or passages, where no other cough cure can reach

THE VICTIMS BURIED

The Winding Up of the Terrible Disaster.

LIGHTNING'S DEADLY WORK.

Engineer Not To Blame—Democrats In Council—Strike Endorsed—Dies After Sixty Days Fast.

RED WING, Minn., July 15—Sixty-six bodies were brought here yesterday and laid out in an empty store room, and to this place of death come mourning friends to claim their dead and look in vain for absent ones. All day long pine boxes that suggest heartaches and heart-breaking, were being carried from this storeroom to stricken homes of the city, and at many hearthstones but one or two survivors of the family were waiting the coming of the mortal clay of their loved ones.

This is a day of funerals, nearly all of the bodies yet recovered being carried to "God's acre," where the last words of farewell and consolation are being spoken, and falling earth as it strikes the coffin lids, beats also upon the hearts of the mourners, and the agony of their grief again comes over them.

LAKE CITY, July 15.—The lake shore was made to reverberate this morning with the thunder of dynamite, which was brought into requisition in hopes it would be a help in bringing some of the bodies to the surface. Country people who drove in from all directions yesterday, were again on hand, and the residents were also there at an early hour watching the workers. A military guard was kept up all night at the beach and they kept back the spectators today as they had done yesterday. The smiling sky reminded no one of the great horror that had come upon this whole section of the state.

MINNEAPOLIS, July 15.—Another victim of the Lake Gervais cyclone died yesterday. Mrs. John Clarke whose home is at Little Canada, was wrecked and who had her left arm torn off and lung exposed, died in great agony. A sliver pierced her husband's ... the heart. It is thought he has a chance of recovery.

REMAINS OF ERICKSON.

They Will be Taken to Sweden in One of the New Cruisers.

WASHINGTON, July 15—Friends of the late John Erickson, the famous inventor, having declared their dissatisfaction at the detailing of the United States steamer Essex to carry his body back to Sweden, the secretary of the navy will order one of the new and large cruisers to be used for the purpose. The Essex was selected because she was in commission and under orders to join the European squadron. She is a small steamer but one of the best of the old vessels in the navy, and her assignment to this duty was made by Colonel E. Ramsay, chief of the bureau of navigation, without consulting anyone. He merely selected her as a matter of convenience, and, of course, without any intention of depreciating the honor intended to be paid to the remains of the great inventor.

STRIKE OF COAL MINERS.

They Want 2400 Pounds of Coal to Constitute a Ton.

ALBUQUERQUE, July 15.—Two hundred coal miners are on a strike at Gallup. The strikers demand that 2400 pounds of coal shall constitute a ton, instead of 2000 pounds, as now, and have also asked for a raise of 15 cents a ton. The strikers are from the Gallup Coal Company's and Black Diamond mines, but it is understood if a settlement is not reached the strike will become general in all the mines. The owners say the miners have no valid reason for striking, as they receive good wages, are paid promptly, and are treated kindly.

By some it is intimated the strike has its origin in the jealousy of several large mine owners over a contract of the Gallup Coal Company to supply the Atlantic & Pacific Railroad Company with coal, and that they are endeavoring to break the contract by creating dissatisfaction among the miners. The companies say they are willing to meet the strikers half way on any fair proposition.

FOUR MONTHS' SLEEP.

An Insane Man Awakens from a Long Slumber.

PHILADELPHIA, July 15.—Patrick Meehan, 22 years of age, an inmate of the insane department of the Philadelphia hospital, awakened yesterday from a sleep of four months. He recognized those about him, and asked for the attendant who was with him when he sank into his slumber. Meehan came from Ireland a few years ago. He became mentally diseased and was sent to the hospital in February last, and was seized with la grippe in March. His attendants found great difficulty in keeping him awake and finally he fell into a deep sleep. A lack of nourishment was evident by his decreasing weight, deathlike pallor and pinched and wan features, accompanied by a corpse-like rigidity, with no animation. Efforts to pry open the set jaws for the administration of food proved futile. Then a silver tube was inserted through his nose and down into his throat. A quart of milk, in four doses, was first given; after that, eggs whipped in milk, and a varying liquor diet was administered, together with medicine.

Meehan slept on, without moving, when pins were inserted into his flesh. Electricity was applied, and heroic measures of sleep disturbance were tried. There is no change in his mental condition.

Tennessee Democrats.

NASHVILLE, July 15.—The democratic state convention for the nomination of governor met here to-day. Hon. N. W. Baptist was chosen temporary chairman, and Hon. J. D. Richardson, member of congress from the Fifth district, will be permanent chairman. The usual committees were appointed and a recess taken.

The Fire Fiend's Work.

MINNEAPOLIS, July 15.—The "Cullein" fire in the Security Warehouse Company's warehouse in this city late this afternoon the loss was estimated at $170,000.

Highwaymen Hold Up a Stage.

VICTORIA, July 15.—The Caribou stage was held up by highwaymen near Ashcroft last night; particulars not yet obtainable.

Negroes Killed.

MERROUGE, July 15.—Sunday afternoon 25 colored laborers left Hoffner's plantation near Oakley Ridge to make their way into Arkansas. They were pursued by a posse gathered by Hoffman and found this forenoon in the woods. After a parley they agreed to return, but when the posse went forward some shots were fired. The posse returned the fire and five coons were killed.

Not a California Bear.

Anybody can catch a cold this kind of weather. The trouble is to let go, like the man who caught the bear. We advise our readers to purchase of Foshay & Mason a bottle of Santa Abie, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures, and keep it handy. 'Tis pleasing to the taste and death to the above complaints. Sold at $1.00 a bottle or 3 for $2.50. California Cat-R Cure gives immediate relief. The Catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment $1.00 sent by mail $1.10.

Dry goods and notions on first floor, clothing department and gents furnishing goods on second floor at G. W. Simpson's.

A choice and complete line of bottled delicasies have just been added to my stock call and see them. C. F. Brownell.

A daily newspaper is about to be published in the city of Mexico in the English language. Mr. Seay of Chicago is father to the enterprise.

FEARFUL EXPLOSION

A Powder House Blown to Atoms and Burned.

TEN MEN, WOUNDED, KILLED.

Minnesota Warehouse Burned—A Change in Military Affairs—Miners Strike—Erickson's Funeral

CINCINNATI, July 15.—A terrible explosion occurred late this afternoon, at King's powder mills, on the Little Miami railroad 29 miles from this city. Ten persons were killed and nearly a score seriously injured. Two empty flat cars were being rolled into the side track where cars containing 500 kegs of powder were standing. As the cars struck there was an explosion at once, another car containing eight hundred kegs of gun powder exploded, making 1300 kegs all told. Wm. Fraihe, brakeman, was standing on one of the empty cars when the explosion occurred. No trace of his body has been found and five other persons supposed to be employes of the powder company were killed.

Peter's cartridge works have buildings on both sides of the river, along the railroad. The explosion occurred on the south side, and the destruction was enormous. There are a number of cottages occupied by workmen in the powder works, and situated close to the track. These were shattered by the explosion and their inmates injured, and 13 or 15 girls at work in the cartridge factory were crippled by the explosion.

The railway freight house belonging to the Little Miami railroad, together with all the adjacent buildings, were set on fire and totally consumed. The tracks and ties of the road are torn up and great holes ploughed in the ground. Peter's cartridge factory was burned to the ground.

A relief train was started to the scene of the disaster with Supt. Pettis and a large party of surgeons on board.

A TRIUMPHANT RETURN.

Ex-Delegate DuBois of Idaho, Receives an Ovation.

GLENN'S FERRY, Idaho, July 15.—Ex-delegate DuBois passed this place this evening, en route to Boise City, the state capital. He has come direct from Washington, and was met this morning at Green River, the eastern terminus of the Oregon Short Line, by a committee of citizens from Bingham, and other counties with a special train provided for the occasion. The party will reach Boise City to-night.

Mr. DuBois has everywhere received a most enthusiastic reception along the route. At Pocatello a reception was tendered. At Shoshone sixty-three guns were fired in honor of his arrival. At Glenn's Ferry upon the arrival of the train the whistles were blown in the railroad shops and on the engines. At the Mountain Home similar demonstrations were made.

The state committee will meet to-morrow in Boise, at which Mr DuBois will preside.

Mr DuBois is confident that the republicans will carry the state and legislature by a large majority. The people, regardless of politics, respect his untiring energy in securing statehood, and evidences of prosperity are visible in all sections of the new state.

CAPE FLATTERY CABLE

San Francisco Chamber of Commerce Asks Its Renewal

SAN FRANCISCO, July 15.—The Chamber of Commerce had a meeting this afternoon, and a letter from the Port Townsend Chamber of Commerce was read, asking assistance to secure the repair of the cable from Cape Flattery to Port Townsend. It was decided to request the California delegation in congress to exert their influence on behalf of an appropriation of the $8000 asked for by the delegation from the state of Washington for that purpose.

Resolutions were introduced protesting against the policy of permitting the extinction of the American commercial marine, in foreign trade, and instructing the board of trustees to telegraph the Pacific Coast delegation to use every honorable means to secure the passage of the Frye and Farquhar shipping bills.

ALL ABOUT FAIRS.

California Actively Preparing for Them.

SAN FRANCISCO, July 15.—At a meeting of the state board of trade to-day, letters were received from representatives of the state fairs of West Virginia and Indiana, proposing that California produce be exhibited at the fairs. A special committee was appointed to endeavor to obtain the proper transportation facilities for the proposed exhibits. W. H. Mills told of his observations regarding the World's Fair at Chicago. He considered the nation made a mistake in putting the cost of a ten million dollar exhibition on one million people. Chicago is now depending on the receipts from the fair to reimburse subscriptions. Dividing the places of exhibition at Chicago, he also considered this as a mistake. It would be a good idea, he thought, to have the exhibition in San Francisco at the same time and hold out inducements to Chicago to come here.

LOST HIS MONEY.

A Bogus Lottery Ticket Takes Him In.

SACRAMENTO, July 15.—Isadore Cohen, a cigar dealer and lottery ticket seller, mourns the loss of $475. He cashed a $500 ticket last month, drawing for "25 off." In due time the ticket was forwarded to New Orleans for collection, and a few days later was returned to Cohen with the startling announcement that it was bogus, having been altered for a fraudulent purpose. The original numbers, probably had been removed by means of acid and the winning numbers substituted. The swindle was worked by a handsome young woman. Cohen has not seen her since.

FIRE AT COLFAX.

Dwelling Houses Saved by the Prompt Work of the Firemen.

COLFAX, July 15.—Fire broke out at 9 o'clock this evening in a stable in the residence district, back of Railroad street, destroying a stable, owned by Aaron Kuhn, and J. F. Adam's residence adjoining the stable. The damage cannot be learned to-night more than approximate losses. The total loss is probably $1500, partially insured. A number of residences were saved by hard and prompt work. The fire is still burning, but it is under control. There was a panic in the theatre when the alarm was sounded, but nobody was hurt. Two arrests for disorderly conduct were made. The lady who discovered the fire says there is no question but that it was incendiary. She saw a man running from it.

WHAT IMMIGRANTS SAY.

They are Coming by Large Numbers to this Coast.

PORTLAND, July 15.—General passenger and ticket agent, Charles S. Fee, of the Northern Pacific railroad, is in the city on his semi-annual visit. Speaking about immigration into the Northwest this year, he said: "The Northwest is the coming country. Emigration is setting this way more and more all the time. When I say that people are coming here more and more I say so advisedly. I am meeting from time to time passenger agents of other lines and they all bear witness how hard it is to turn people in other channels. They say they go to colonies about to move west and show them the merits of the fine lands they have in the southwest, but the reply is, 'We are going to the Pacific Northwest. Our crops have failed here and we hear that in Washington and Oregon crops never fail.'"

Mr. Fee and his party left tonight for the Sound.

A BAD INDIAN.

Makes a Good Indian—Coal Miners Killed.

SEATTLE, July 15.—Indian Charley Jackson killed another Indian known as Bill Chico at Eagle Harbor, across the sound from this city, yesterday. Jackson, after beating Chico's head into an unrecognizable mass with a club, made good his escape.

The coroner to-day received a dispatch from Black Diamond stating that a coal miner had been killed by falling down a shaft. The name of the man killed could not be learned.

Four-year-old Boy Shot.

SAN DIEGO, July 15.—In Mission valley, a few miles from here, the four-year-old boy of a rancher named Allen, was instantly killed to-day. The child pulled down a loaded shotgun leaning against the wall and tried to pull it upon the couch. The weapon was discharged, the shot tearing off his left side, causing his instant death.

Produce Exchange Election.

SAN FRANCISCO, July 15.—The annual election of the San Francisco produce exchange was had to-day. Barry Baldwin was elected president, Jackson Hart, vice-president, and James W. Sperry treasurer.

Inspection of the Cruiser.

SAN FRANCISCO, July 15.—The new cruiser San Francisco went on the dry dock this afternoon to receive the final preparations for the official trial trip. The naval board of inspection will inspect the cruiser to-morrow.

Military Changes.

WASHINGTON, July 15.—The president and Secretary Proctor are seriously considering the proposition advocated by several prominent officers, for the abolition of the present system of the division of commands, and to have military affairs administered hereafter through the department commands. In case the change is made a major-general will be placed in the command of each of two important departments. The Atlantic & Pacific and Interior departments will be commanded by brigadier-generals, all of whom will report direct to major general Schofield, commanding the army.

THE DAY IN CONGRESS

Sherman Offers a Substitute for His Bank Bill

BELKNAP'S COREAN ACTION.

Blown to Atoms—Soldier's Home—Killing Colored Men—Negro Riot in South Carolina.

WASHINGTON, July 15.—In the senate to-day Sherman reported a substitute for the bill introduced by him on the 16th of May, to reduce the amount of United States bonds to be required of national banks, and to restore to the channels of trade the excessive accumulations of lawful money in the treasury. The substitute was placed on the calendar. It provides that the compulsory requirement deposit of United States bonds with the treasurer of the United States by national banks, be limited in amount to $1000 of bonds for each bank; it also provides that the voluntary withdrawal of the bonds of national bank notes shall not exceed $3,000,000 in any month, and also provided an act that shall not apply to deposit bonds to secure the deposit of public moneys; also providing that national banks be entitled to receive circulation notes not exceeding the whole amount of par value of bonds deposited, and that at no time the total amount of such bonds shall not exceed the amount of capital stock actually paid in.

DID NOT INTERFERE.

Protection of American Subjects Only Attempted.

WASHINGTON, July 15.—The house committee on elections today heard the arguments by Judge John McLure, of Arkansas, and Clayton, representative, on the Breckenridge election case.

Rear Admiral Belknap, commanding the naval forces on the Asiatic station, has informed the navy department that there is no truth in the report that he took possession of the king's palace at Seoul during the recent trouble in Corea, and that all he did on the occasion in question, was to station troops in the U. S. legation building for the protection of American subjects and property. They were subsequently withdrawn.

KILLED BY LIGHTNING.

A Kentucky Farmer Horribly Mutilated By an Electric Current.

LOUISVILLE, July 15.—Bernard Cemnord, a wealthy farmer living near LaGrange, was struck by lightning yesterday and instantly killed. He was just going into his stable with his little stepson, Willie Smith, when the lightning was seen to envelope him, and a crash was heard. The current struck him just over the left eye, burned a hole through his head and glanced down the left arm, tearing the flesh from the bones. In a twinkling it was done, and the unfortunate victim suffered no pain. His stomach was frightfully mutilated, and was literally burned out, besides every stich of clothing he wore was torn to shreds, and his shoes were wrenched from his charred and bloody feet. The boy was knocked down by the shock, but he managed to rise, and he had been on his feet again but a minute when another current struck him. This rendered him insensible, and he lay in a semi-conscious state for over an hour before he was discovered by some-one who was passing.

Warehouse Burned.

MINNEAPOLIS July 15.—A large seven-story warehouse of the Security Co., on First street and Fourth avenue, owned by Wood & Morse, was entirely destroyed by fire, together with all its contents, this afternoon, entailing a loss of near $1,000,000. It was supposed to be caused by spontaneous combustion. Two men, W. W. Morse, one of the proprietors, and his engineer, were rescued by means of a ladder from the fourth story. A three-story stone building on the side of the warehouse, occupied as a dwelling house by a number of Jewish families were ousted by the falling walls.

Negro Riot Reported.

CHARLESTON, July 15.—A riot is reported near Kearsin, Barnwall county. Three hundred negroes, armed with rifles, are said to have confronted 25 white men. One negro was killed. Assistance has gone from the neighborhood towns.

Died After Fasting Sixty Days.

SALEM, Me., July 15.—John Roth, the Swiss who eclipsed Tanner in his celebrated New York fast, died last night after a period of sixty days of total abstinence from food of any description. He was 40 years old and a victim of progressive paralysis, which so affected the muscles of his throat that he could not swallow.

Soldiers Home.

WASHINGTON, July 15.—In the senate before adjournment the senate bill granting to the state of Washington a section of public land for a soldiers home and as a training ground for the state militia was taken from the calendar and passed.
