FIRE IN NEW YORK.

The Western Union Telegraph The Heavy Loser.

THE PRESIDENT'S FAMILY.

Alliance Nominate a Congressman—Miners Ordered to Be Evicted—Captures The Cigars.

NEW YORK, July 18.—The Western Union telegraph building caught fire at 7 o'clock this morning. The distributing room on the fifth floor, operating room on the floor above, Associated Press rooms, and restaurant on the ninth floor were completely destroyed. Seven lives were miraculously saved.

A few minutes before 7 o'clock the operators began to arrive to go to work. About fifty men and young women had reached the operating room, when a messenger boy saw a puff of smoke under a table in the distributing room. He secretly had time to investigate the cause before the wooden table was in flames and the fire was spreading with lightning rapidity. He rushed up stairs to notify the new arrivals that the building was on fire. They were compelled to go through the distributing room to get down stairs, and a panic was the result. Women screamed and men rushed pell mell down stairs to escape the flames, which in less than two minutes had spread almost over the entire distributing room, burning up wires, instruments and tables as if they were so much tinder. The entire room when the panic-stricken crowd passed through it was filled with dense, stifling smoke. They fell over each other in their wild efforts to reach a place of safety.

In the restaurant on the next floor were four men and three women, cooks and waiters in the restaurant, who had been forgotten in the excitement. All meanby this time had been cut off whereby these persons could escape. They were not aware of their peril until the smoke rushed up the stairway leading from the operating room, in volumes. One of the men finding no possible means of escape downward, rushed for a scuttle hole in the roof. The trap door was pushed off and the prisoners climbed to the roof.

The flames were shooting out of the front windows, and volumes of smoke puffed heavenward. When the great crowds in the streets saw the men and women rush out on the roof a cry of horror went up, for it did not seem possible that they could be rescued. The women screamed and wrung their hands, and the men yelled, "For God's sake do something to save!" A long ladder was placed against the rear of the burning building. It did not reach within fifty feet of the roof. With undaunted power, two firemen scaled the ladder and threw a rope up. It was caught and tied by one of the brave girls. The firemen pulled themselves up hand over hand until they reached the top, and amid cheers from the thousands below, they let the seven down to places of safety.

The loss is enormous and the cause of the fire is supposed to be the crossing of electric light wires. The vice-president of the Western Union is of the opinion that the loss to that company will not much exceed $100,000. He also believes that they will be able to employ a considerable force in the main hallways in a day or two. Already a new switch board is on the way from Philadelphia. The Associated Press will use the executive and such other rooms as can be had in the neighborhood.

A large force of linemen were put to work and a hundred wires will be ready for use to-morrow.

By the fire the commercial exchanges were completely cut off from all telegraph wire. Cotton, coffee and produce exchange depends on the Western Union company to distribute their quotations over tickers. This caused a complete suspension of ticker service, and brought business almost to a standstill in exchanges. In addition, all outside circuits were cut off and public grain and cotton cables were also lost through the cutting off of the wires. The suspension of telegraph facilities had a worse effect than the blizzard of 1888.

The estimated loss on the building and fixtures, records, etc., a quarter of million.

SAN FRANCISCO, July 18.—The custom house inspectors to-day seized 50 cigars on the steamer Newburn, which arrived a few days ago from Panama. Last Thursday 856 cigars were seized on the same steamer. The cigars were even found in oil cans under the iron seats of the fire room.

SEATTLE, July 18.—A dispatch from Falls City says that Michael Ryan, who was at work on the Green river and Northern R. R. at camp No. 10, near Echo lake, was killed at 10:30 A. ANOTHER DROWNING

While Driving Logs Above Springfield.

THE CHINESE VIA MEXICO.

Uxalic Acid For Gin—Lamp Explosion—Shurtlef Confirmed—A Rolling Log Kills.

EUGENE, Or., July 18.—A young man, Emmett Bakely, was drowned in the Willamette river above Springfield yesterday, while running logs for the Springfield mill.

C. E. Arthur, the Missouri forger, gained his liberty last evening by escaping from a guard. The guard took the prisoner to see his wife, who was sick, and while there he was allowed to go into the room by himself and when he came out he was heavily armed and drove the officer several miles into the country and then took to the brush.

CHINESE REMANDED.

Those Coming through Mexico Meet an Insurmountable Obstacle.

SAN FRANCISCO, July 18.—Writs of habeas corpus were sued out today for 52 Chinese who recently arrived here on the steamer Gaelic, and they were taken charge of by the United States marshall. Information was received here to-day that the steamer China, from Hong Kong, will shortly arrive with 235 Chinese on board. This is the largest number lately carried by any incoming ship.

The remanded 24 Chinese from Mexico are making another fight for admission. A writ of habeas corpus was sued out in the Oakland court, alleging that three of them had gone from the United States into Mexico and from there back again, and hence deporting them to China is not sending them to the country from where they came.

The writ was directed to Capt. Rearn of the Gaelic, who made the return that the men were not in his custody but in custody of the port. A new writ will be served on Collector Phelps to-morrow forenoon.

Oxalic Acid for Gin.

SAN FRANCISCO, July 18.—Richard Herley, who keeps a wood and coal yard, swallowed oxalic acid, from the effects of which he died. Some days ago his wife fell down a flight of stairs; he procured a vial of oxalic acid, which she used for bathing the lacerations. He has been drinking heavily of late and to-day swallowed the poison, mistaking it, it is said, for gin.

The Bursting Lamp Causes A Fire.

RED BLUFF, Cal., July 18.—Last night two small houses belonging to M. J. Link were burned, and the residence of S. W. Frank was badly damaged by fire, caused by a lamp explosion. F. A. Manmurs and wife, who occupied one of the houses, barely escaped with their lives, saving nothing. Another small house occupied by A. Archibald was damaged. Losses aggregate about $6,700, well insured.

Shurtlef Confirmed.

WASHINGTON, July 18.—The original package bill came up in the house to-day and was the occasion of a long debate.

F. M. Shurtleif of Portland was to-day confirmed as one of the general appraisers of merchandise.

Killed by a Rolling Log.

HEALSBURG, Cal., July 18.—Thos. Weemeth, contractor, of this place was killed this afternoon at Jay's mill, on Austin Creek, by a log rolling over him.

Court Decision on New Question.

CHICAGO, July 18.—The decision rendered by Judge Caley to-day in the case involving a question said never to have been passed on before in the court. It was the suit of Appendment & Co. manufacturers of sausage casings, of Chicago and New York to prevent, by injunction, George Sayers, a former employee, from going into the same business in Illinois and 18 other states within three years from the date he ceased to be in their employ. The consideration named in contract was $1. Judge Caley decided as a result of modern methods of commerce it made no difference whether the contract was as to one or more states, but that as the complaint was only employed from week to week he was made to agree that for $1 and employment for weeks would mortgage his liberty of action practically his means of support for 3 years. The injunction was dissolved.

Supreme Court Decision.

NEW YORK, July 18.—The general term of the Supreme court has handed down the decision in the suit of Henry Winthrope Ray, receiver of the N. R. sugar refining company for dissolution of that and all other companies composing the sugar trust. Ray obtained an injunction restraining all the defendants from in any manner of disposing of their property coming into their hands under the trust agreement by the plan of reorganization.

A NARROW ESCAPE.

Mrs. Harrison and Mrs. McKee Nearly Run Over.

CAPE MAY, July 18.—Mrs. Harrison and Mrs. McKee narrowly escaped a serious hurt when out driving last night on Washington avenue. A boy driving a dog cart lost control of his horse which dashed into and narrowly missed overturning the Harrison carriage. The horse then ran into an iron awning post and fell heavily on the pavement, bleeding profusely, and at the sight of the blood Mrs. McKee fainted. She was soon revived however, and the president's carriage proceeded to their cottage.

Arrested for Corruption.

LOS ANGELES, July 18.—Hon. J. M. Damen was arrested to-day on the charge of having on the 1st of May affixed the name of I. M. Peirs, chairman of the county board of supervisors, for a note of $100, discounted by the California Loan and Trust Co. Damen was formerly an assembly man from this district.

Boiler Explosion Kills Two Men.

BRIDGEPORT, Cal., July 18.—D. V. Goodson and A. S. Montrose were blown up by an explosion of a steam boiler at Bodie. Goodson was killed outright and Montrose had his legs blown off and his head badly crushed and will die. Both were old residents and highly respected citizens. Goodson leaves a wife and Montrose a large family of small children.

Attempted Suicide in Seattle.

SEATTLE, Wash., July 18.—Wm. Evans, a plasterer, attempted suicide in the basement of the partly completed Harrisburg block upon which he is employed, late last night. He took twenty-one morphine pills and was in a stupor when a fellow-workman happened to step into the building and stumbled over him. Trouble with his wife is supposed to have led him to the rash act.

TAKEN FOR ANOTHER.

Cut and Slashed in a Horrible Manner.

PORTLAND, July 18.—Last night one of the most dastardly attempts was made in East Portland to assassinate M. A. Breadlove, a young man who had been working for Charles D. Mercer for a few days.

This is a most remarkable case, as it is evident that Breadlove, the man assaulted, was mistaken for W. H. Esmon. It will be remembered that a Mrs. Jackson had Esmon arrested and taken before Justice Bullock on a charge of using profane language to her in the grocery on Fourth and J streets, on the 21st of June. He was found guilty and fined $10. He then had Mrs. Jackson arrested on the same charge, to which she pleaded guilty and was fined $10 also. W. H. Esmon stated to a reporter this morning, that Mrs. Jackson threatened to "have somebody do him (Esmon) up the first opportunity," but paid no attention to the threat at the time. Breadlove has been boarding with Esmon, who lives on Eighth and E streets, for the past week. Last night about 8 o'clock Mr. Jackson, husband of the woman referred to, and James Hurlburt, Esmon says, came to his house on Eighth street. They walked in front of the house several times and Jackson peered into the window. Esmon saw them and remarked to Breadlove that those men had evidently come to "do him up," and that he would not go out of the house that night. Presently Jackson and Hurlburt separated, one going one direction and the other in another. Esmon supposed the men had gone, but he made up his mind that he would remain at home.

Breadlove had some business down town, and so he started. He had been gone but a few minutes when Esmon heard him call out: "Oh, Bill! come here quick, this man is cutting me to pieces." Esmon ran to his assistance. He found Breadlove on his knees and Hurlburt standing over him, slashing at him with a knife. Hurlburt ran away when Esmon approached. Walter Jones also saw the cutting, and called out to the man to desist.

Hurlburt was arrested and locked up. Breadlove was dangerously hurt. He was an entire stranger to both Jackson and Hurlburt. Though weak from loss of blood he was able to be in court and testify this morning.

Immense Quantities of Wine.

SAN FRANCISCO, July 18.—Over 200,000 gallons of California wine was cleared for New York a few days ago on the ship M. H. Grace. This shipment, added to previous consignments by rail and sea, makes the total wine shipments from this state to the East so far this year, 3,000,000 gallons.

The Court Proceedings.

PARIS, Tex., July 18.—Judge Bryan in the federal court to-day sentenced nine men to death as follows: Chas. Reed, colored, for rape on his step-daughter and J. J. Lawrence, J. B. Chamberland J. Cook, Silas J. Frease, John Jackson, C. E. Cook, J. C. Ball and R. E. Banks for complicity in the Cross murder case.

WAGGING HIS TAIL.

The Formidable British Lion Snarling at France.

MORTON DIAMOND ROBBERY.

Another Great Horse Race—Financially Embarrassed—Shot for a Mule—Mrs. Parnell Sick.

HALIFAX, July 18.—It is rumored here, and not denied by authorities, that England has decided on a naval demonstration on the Newfoundland's French shore, and may possibly go further by making one in the French waters of Miguelen Island, under the very nose of the French warships. The following formidable British fleet is now gathered in the vicinity of St. John, New Foundland: The flagships Bellerophen, Comus, Emerald, Forward, Pelican and Partridge, to be joined probably to-morrow by the Thrush, commander Prince George of Wales' and two torpedo boats direct from England. Pylades, a one-mast powerful man-of-war on this station is also ordered from the West Indies to rendesvous with the fleet at St. Johns, but news received from the Windward Isles says that the Pylades is ashore at Jamaica and seriously injured.

Diamond Robbery at Saratoga.

SARATOGA, July 18.—About noon to-day a set of sneak thieves entered a cottage here and got away $10,000 worth of diamonds. The cottage was occupied by Mr. Morton, vice-president of the United States, and his partner in business and their wives. A reward of a $1000 is offered for the recovery of the jewels.

A GREAT RACE.

Salvator, Tenny and Kingston to Decide Which is Best.

NEW YORK, July 18.—The World says preliminaries of the great sweepstakes race to take place at Monmouth park were arranged last night, and the public may count on seeing Salvator, Tenny and Kingston race to decide the title of "king of the turf." Details of the sweepstakes and added purse have not been made public, but it is believed that each owner will stake $5000 and the association will add $15,000.

Financially Embarrassed.

NEWARK, N. J., July 18.—The McCormick, Connolly & Company's incorporated manufacturing establishment at Newark is financially embarrassed and a receiver has been applied for. The assets of the concern, including real estate, machinery and stock, are estimated at $200,000, and liabilities at about $160,000. The company has been doing business on borrowed capital and the plant is heavily mortgaged to Newark banks.

Fatal Quarrel Over a Mule.

SAVANNAH, Ga., July 18.—At Guiton to-day Ray Northon, son of the doctor of this city, shot and killed two brothers named Willie and John Bird yesterday. Young Northon and Willie Bird traded mules to-day, and Willie Bird accompanied by his brother John, went to Northon to get him to trade back. Northon refused and John Bird drew his gun and told Willie to break open the barn door and recover the mule. At this point young Northon shot the Birds dead. Northon fled.

Mrs. Parnell Sick.

BORDENTOWN, N. J., July 18.—Mrs. Parnell, the mother of Chas. Stewart Parnell, is confined to her bed with choleramorbus.

Charged With Stealing Gold Bar.

CHICAGO, July 18.—A new indictment was found by the grand jury to-day against John Ehret, an express driver of the U. S. express company, charged with the theft of the $10,000 gold bar. An indictment was also returned against three other persons, and one of them was Ehret's brother who was arrested this afternoon.

CENTRAL AMERICAN MUDDLE.

Trouble Not Yet Averted But May Be Serious.

NEW YORK, July 18.—A letter dated from Guatemala City, June 26, says that President Menendes, of San Salvador, instead of being poisoned or dying of appoplexy, was shot by the troops during an attack on the palace. Ezeta has agreed to the policy of Central American states in all matters except as to the union of the states.

This declaration will bring a war on San Salvador as the presidents of the other states having agreed to the union, except Nicaragua, which expects to sign the constitution next year.

Narrow Escape from Death.

LONDON, July 18.—During a severe thunder storm which swept over London yesterday, lightning struck and destroyed one of the ornamental figures on Westminster hall. The figure fell to the pavement below and barely missed the head of Hon. Sir Wm. Grantham, justice of the court of the queen's bench. Had it struck him it must certainly have killed him.
