IT LOOKS LIKE WAR.

News Confirmed of the Battle in Central America.

THE GUATEMALAN TROUBLE.

The Situation Is Alarming—The United States May Have a Finger in the Pie.

NEW YORK, July 24.—News received from Guatemala and San Salvador confirms the account of the battle of July 17. It is said orders have been given General Porta to advance with 2500 troops toward Salvador. These troops will be met by a like number from Honduras under the command of Generals Avala and Lichio, and the forces of both countries will make an onslaught on Salvador. The latter country has detailed Generals Molina and Leon to unite forces in their departments, and in Altos, numbering 6000 men, and concentrate them in order to resist the enemy.

The feeling in Guatemala is said to be one of utmost insecurity. President Barrios is beginning to be universally disliked for his weak and vacillating policy. A general revolutionary feeling pervades the entire republic. Large orders for arms have been sent to the United States, but it is believed the people of Guatemala will be compelled to furnish a forced loan of money to replenish the depleted treasury.

As the seizure of rifles aboard the steamer Colima by the Guatemalan government was made before hostilities with San Salvador had occurred and before the Central American compact was signed, many believe that the United States will ask Guatemala for an explanation of her conduct. The rifles had been ordered from San Francisco before any revolutionary movement had broken out with San Salvador.

The state department in Washington is still without advices from the United States minister at Guatemala, Lansing B. Mizner, concerning the war now in progress between Guatemala and San Salvador.

CITY OF MEXICO, July 24.—A revolutionary uprising on a small scale took place yesterday at San Miguel in Salvador. The ringleaders were caught, tried by court-martial and shot. In the interior of the republic everything is quiet.

There is a combination against San Salvador, and the situation is alarming.

A MILITARY EMBROGLIO.

Complications that Threaten to Result in Severe Army Discipline.

OMAHA, July 24.—For a long time there has been considerable discontent throughout the military department of Platte, recently brought about by the management from headquarters.

It seems the commander invited some information from Gen. Kautz relating to his post. The information was given and returned with an endorsement to the effect that he had made a statement not in accordance with the facts. Whereupon the latter asked for a redress of the grievance and by reply was placed under arrest, thus shutting off the avenues for a further application for correction.

It is said that Kautz had filed charges against Gen. Brooke for conduct unbecoming to an officer and gentleman, which has been forwarded to the war department. This will, no doubt, induce the charges against Kautz if it has not been done already, and it is not very improbable that one of the largest military courts known to the army will convene over that, though one of the officers mentioned will be released from duty in the department.

It is clear that Gen. Brooke has been made an instrument by which the most prominent candidate, Gen. A. V. Kautz, for the next vacancy of brigadier general, may be placed out of the way of a few very ambitious men.

BOLD BANK ROBBERS.

Overcome the Nightwatchman and Secure $11,000 in Cash.

OMAHA, July 24.—A special from Weeping Water says that about 3 o'clock this morning three unknown men captured, bound and gagged the nightwatchman of the Commercial bank, took him to a grove about half a mile from town and tied him to a tree. He was found and released this morning about 7 o'clock. The thieves took his revolver. They then returned to town where they broke into the bank and drilled their way into the vault. They could not get into the time lock safe, but secured a large box containing $11,000 in cash. Three tough characters took the train for Omaha this morning.

RAILROAD BUILDING.

The Northern Pacific Extending Its Lines in Washington.

SAN FRANCISCO, July 24.—The Northern Pacific Company awarded a contract to-day to a local firm, Webster Kelso & Dare, for the construction of a line of railroad from Chehalis to South Bend, Washington. A Sailor Killed.

SAN FRANCISCO, July 24.—The three masted schooner James A. Garfield, from Grey's Harbor, came into port to-day with her flag half masted, her sails being taken in preparatory to being taken in tow by the tug. Andrew Forsmann was out on the spanker boom. His foot became tangled in the ropes. The sail bellied out and knocked him over. As he hung head down the boom swung over Forsmann's head and struck the companion way with great force. He was got out and carried below where he soon died.

A HOUSE BLOWN UP.

Several of the Inmates Killed and Wounded.

SAVANNAH, Ga., July 24.—W. L. Butler's boarding house, a three-story dwelling, was blown up this morning. Three persons were killed and ten hurt, two of whom will probably die. There were thirteen people in the house. The explosion shattered the walls and they collapsed. The cause is a mystery. Many rumors of an ugly nature are afloat. One man insinuated that there had been a row in the house toward the end of a jollification in which the inmates were indulging.

DESTITUTE MORMONS.

Deluded Islanders Returning to Their Homes from Salt Lake.

SAN FRANCISCO, July 24.—Eight Mormons who arrived in this city in a destitute condition will sail for Honolulu Saturday on the Mariposa Hawaii, and were induced to leave their island homes by Mormon elders. When they arrived at Salt Lake the Mormon elders deserted them.

Colorado's Population.

DENVER, July 24.—The two census supervisors for Colorado have so far completed their work as to be able to announce that the population of this state will be very close to 400,000. The three large cities in the state outside of Denver are as follows: Pueblo, 27,455; Leadville, 18,365; Colorado Springs, 11,200. Pueblo lays claims to the distinction of being the only city in America which has doubled its population in two years, the returns in 1888 giving that city 13,500.

Wolves in Russia.

London Times.

It is officially estimated that no fewer than 170,000 wolves are roaming at large in Russia and that the inhabitants of the Volog ta last year killed no fewer than 45,000, and of the Casan district 21,000. In the Canadian northwest there are also wolves, but these are not like the European ones of a very dangerous character. The coyotes are, however, at times very troublesome on the plains, especially to flocks of sheep. Some time ago Sir John Lister-Kaye imported a number of Belgian and French hounds and Scotch deer hounds for the purpose of hunting down these coyotes, while other breeds of dogs have also been tried with fair success. By means of these the number of coyotes have been greatly reduced, as many as seventeen having been brought down in a single day on the Cochrane ranch. The hounds are, however, scarcely fast enough, and with a view to giving them a greater turn of speed, Mr. Dan Gordon, the veterinary surgeon of Ottowa, Canada has just imported two of the fastest and best bred greyhounds ever shipped from England—namely Instian, by Cul Buno, out of Stylish Lady, and Jetsam, by Royal Stag, out of Castaway.

A Sure Cure for the Whisky Habit.

Dr. Livingston's Antidote for Drunkenness will cure any case of the liquor habit in from ten to thirty days, from the moderate drinker to the drunkard. The Antidote can be given in a cup of coffee without the knowledge of the person taking it. The Antidote will not injure the health in anyway. Manufactured by the Livingston Chemical Co., Portland, Oregon, or from J. A. Cumming, Druggist, sole agent,

Keep Off.

All persons are hereby warned to keep off from my premises for hunting purposes of any kind. The destruction of stock from the careless handling of shotguns has become unbearable, and as the only recourse I desire hunters to keep entirely off of my land.

Albany, July 22d, 1890.

THOMAS FROMAN.

For the Mountains.

Nearly all of our citizens who can lay aside business cares and take a short vacation are going to the mountains this hot weather. Of course they all want to lay in a supply of canned lunch goods before they start, and Mueller & Garrett keep a full line of the best in the market.

THE DAY IN CONGRESS

The Senate Passes The Indian Appropriation Bill.

NEWS EAST OF THE ROCKIES.

The Filly Sunol Makes a Surprising Record—A House Blown Up and the Inmates Killed and Wounded.

WASHINGTON, July 24.—The house passed the Torrey bankruptcy bill to-day with unimportant amendments; yeas 117, nays 84.

A vote was then taken on the minority substitute which is known as the "voluntary bankruptcy bill." This was disagreed to; yeas 74, nays 125. The Torrey bill was then passed with an unimportant amendment; yeas 147, nays 84.

The house then adjourned.

The senate to-day took up the Indian appropriation bill with its amendment, which provoked a discussion. It was one increasing the appropriation to $100,000, and for the support of Indian schools to $150,000, including the construction of a school house at Blackfoot agency. Mr. Vest opposed the amendment, as the introduction system intended to abolish demonstrational education among the Indians.

Vest explained his position to be, that if Catholics were doing better in educating Indians than others he was in favor of Catholics and if the Presbyterians or Baptists were doing better he was in favor of them, but he was convinced that the Catholics were far more efficient among the Indians than any protestant organization could be. After further debate the amendment was agreed upon and then reported to the senate, and all the amendments were agreed to by the committee of the whole. It was concurred in and the bill was passed.

IMPORTANT LAND DECISION.

Rendered by the Secretary of the Interior in a Contest Case.

WASHINGTON, July 24.—In the homestead and preemption contested case of the Central Pacific vs. Henry Booth and James P. Robson, on an appeal from the local land office at Salt Lake, Utah, the secretary of the interior has rendered a decision holding that the settlement and residence of an alien upon land within the limits of the grant to the Central Pacific Co. at the date of the definite location of its road does not except the same from the grant. The decision of the commissioner of the general land office, from which the appeal was taken, is reversed.

THE CROWD WENT WILD.

The Filly Sunol Trots a Half Mile in 1:02 1-2 at Detroit.

DETROIT, July 24.—At the conclusion of the races to-day Marvin came out with the celebrated Sunol (2:10½) and sent her a half mile, starting at the half mile post. A running horse joined the stretch. The filly went from the half to the ¾ post in 31¼ seconds. Coming in Marion encouraged her by voice and whip, and when the judge announced the time of 1:02½ the crowd went wild.

OUTLAWS CAPTURED.

How a Gang of Desperadoes Were Overtaken.

GLOBE, Ariz., July 24.—Particulars of the recent killing of the Apache convict, Pashlatak, and the capture of Curley, a confederate, have been obtained from an official source. The Indians who were in the employ of the military met three of the outlaws and gained their confidence. The whole party camped together and in the evening the outlaws were attacked and Pashlatak was killed. It is thought another one, Sayes, was wounded but he and Curley escaped. Troops were sent out to take up the trail. Curley gave himself up and was taken to San Carlos. The hunt for Sayes still continues. Pashlatak and Sayes were among the convicts who killed Sheriff Reynolds last November.

FATHER AND SON KILLED.

A Famous Union Scout Shot by a Well Known Detective.

FT. SMITH, Ark., July 24.—News has reached here of the killing at Magazine, Logan county, of Capt. Wm. Ellington and his son, W. E. Ellington, by N. D. McInturf, a well-known detective. McInturf escaped. Ellington was a famous scout in the union army during the war. No particulars are obtainable.

A Sheriff Killed.

ST. LOUIS, July 24.—Advices from Louisville, Ark., are to the effect that Sheriff May and a posse attempted to arrest Dr. Chisolm yesterday. The doctor resisted, and both shot. The sheriff was killed and two of his posse mortally wounded. This affair is a sequel to the shooting scrape which occurred at Louisville in which Dr. Chisolm killed Samuel Stone.
