A TOWN IN ASHES.

Seneca Falls, New York Destroyed by Fire.

THE LOSS NEARLY A MILLION.
A \$800,000 Fire in Chicago—Explosion of a Million Jews from Russia—The Central American War.

SENECA FALLS, N. Y., July 30.—Fire broke out at 3 o'clock this morning in the new Phoenix block in a few minutes the entire structure was in flames. It was approaching the street when the atmosphere quickly became so hot that the firemen could not endure it. The splendid block, including the electric light plant, electric railway plant, post office, express office, Rev. R. W. Johnson's printing establishment, Corbett's furniture and hardware store and the Western Union telegraph office succumbed to the flames, and within four hours, 15 stores east of it to the Sheldon block were ruined. Flames sprang across the street to the Hong opera house, and that was consumed, with all the buildings on Fall street on that side east to the Sheldon block on the street. The flames extended to and included Kellogg's livery stable. All three newspapers were burned and the telephone service was suspended. The Western Union company is doing business at the railway station. The fire was under control at 9 o'clock, but soon broke out again in Feinman & Glaski's drug store, which was burned.

ALBANY, N. Y., July 30.—Reports received here from Seneca Falls place the loss at \$1,000,000. Three acres were burned over, covered principally by three-story brick buildings.

BIG FIRE IN CHICAGO.

\$500,000 Losses in the Lumber Yards on the Lake Front.

Chicago, July 30.—A disastrous fire occurred tonight on the Lake front at the foot of Michigan street near the mouth of the Chicago river. It began on the docks of Fitzsimons, lumber, contractors, and quickly spread to the lumber yard of Payne & Co., White Oak & Co., Peat & Co., and the Payne & Co. The fire broke through the play, between ten and fifteen acres of lumber and piles were burned and a number of tright cars. The fire was so hot that the firemen could not endure it. The splendid block, including the electric light plant, electric railway plant, post office, express office, Rev. R. W. Johnson's printing establishment, Corbett's furniture and hardware store and the Western Union telegraph office succumbed to the flames, and within four hours, 15 stores east of it to the Sheldon block were ruined. Flames sprang across the street to the Hong opera house, and that was consumed, with all the buildings on Fall street on that side east to the Sheldon block on the street. WASHINGTON GOSSIP.

Some Inside Facts Concerning Affairs in the Capital.

WASHINGTON, July 23.—President Harrison, accompanied by Secretary Foster, Attorney General Miller, General Scott and several more or less distinguished gentlemen, landed a government tug this afternoon and steamed down the Potomac to old Fort Washington, on the District of Columbia frontiers, for its annual encampment. I had a good look at Mr. Harrison, and was greatly surprised to discover that the old man, who was so many years ago, and that there was a slight tinge of brown, a very light brown, almost yellow upon his cheeks and nose. It makes a decided improvement in his appearance, and the next time he goes to Cape May Point he should make it a point to sun himself a little, and spend as much time as possible in sea bathing, and unless the sun affects his head he should go bare-headed. Perhaps ex-commissioner of pensions Tanner, who by the way, is getting to be a pensioner, is right in suggesting that he should volunteer his services to assist in giving Mr. Harrison's skin a thorough tanning.

Among the senators wives who have traveled the war's weather in Washington in order to make their husbands more comfortable, they are Messrs. Frye, Hearst, Reagan and Wolcott. The last named being a little of course, deserves a special credit for desiring to remain wherever her husband is, and so she is all that we are during the long session.

The opponents of the "original package" bill consisted themselves to its passage by the house yesterday, by setting away with an unusual quantity of the contents of the original package, some up to a quart, and some of them were very hot, and the party "pop-pop" in forgetting the black eye they had received. Funny, isn't it? The people celebrate their victories and their defeats in pretty much the same way. That is, I should have said, that the people are in a hurry to remove the "original package" bill from the house yesterday, by setting away with an unusual quantity of the contents of the original package, some up to a quart, and some of them were very hot, and the party "pop-pop" in forgetting the black eye they had received. Funny, isn't it? The people celebrate their victories and their defeats in pretty much the same way.

TRAIN ROBBERS AT WORK.
They Open Fire on a Train—A Young Lady Drowned While Learning to Swim.

WASHINGTON, July 31.—Senator Mitchell, from the committee on post-offices and post roads, today reported favorably with amendments the bill to extend the free delivery system. The bill was amended by the committee so as to apply to cities of 5000 population at 12700 notices receipts.

DROWNED WHILE BATHING.
A Young Lady Meets Death While Learning How to Swim.

MINNEAPOLIS, July 30.—Lewis D. Washburn, a civil engineer, was drowned in Lake Michigan this evening, with his niece, Gustave Buckman daughter of E. H. Buckman of Sioux City, Iowa. He was teaching her to swim and was seized with cramps and both went down.

IN BUENOS AYRES.
The Popular Threaten to Again Resort to Violence.

LONDON, July 30.—A Times correspondent at Buenos Ayres says the exasperation against Coleman is indescribable. Unless he resigns, it is feared attempts will be made upon his life. The minister of war has issued a bulletin ordering the rank and file of the revolutionists and declaring that 20,000 national guards are ready to defend the country and president. The bulletins treated with derision and trampled under foot by the people.

A MURDERER ESCAPES.
He Shoots a Man Because He Whipped His Own Child.

DENVER, Col., July 31.—A Dallas special to the News says: A man herding mules for railroad graders on Loveland Creek shot and killed W. Foster, a rancher, last evening and then stole a horse from Geo. Hastings' farm and escaped. The sheriff is in pursuit. The cause of the deed was the murder of taking exception to Foster whipping his own child. The murderer had man leaves a wife and six children destitute.

A MORTUARY DISCOVERY.
The Mutilated Remains of Two Children Found in a Berry Patch.

PORTLAND, Me., July 30.—Chas. F. H. H. and his wife and his son, of Great Chebeague Island, report that yesterday while berrying on Goose Island, near Chebeague, they came across the remains of the bodies of two children. On a rock were four limbs and four feet recently cut off. A large fire had been built near by and in the charred wood were the charred bones as if the children's bodies had been burned.

LADY DUNLO WINS.
Her Recreant Husband Falls to Secure a Divorce.

LONDON, July 30.—The action for divorce by Viscount Duno against his wife, who, previous to marriage was a singer in a music hall, and in which Isadore Worthheimer was named as co-respondent, ended today with a verdict for the defendant.

When Lady Duno made her appearance she was greeted with loud cheers.

Justice Hanner, in summing up said, that it was very evident the suit had been brought by Lord Cleancarty and not by his son Duno, and throughout his remarks he showed that he sided with Lady Duno.

THE M'KINLEY BILL.
Efforts in Europe to Retaliate Not Meeting with Much Success.

LONDON, July 30.—A dispatch from Paris says that though the French government has not met with much success in its effort to induce European powers to form a trade coalition in retaliation for the American tariff, yet it is said that secret assurances have been given that co-ordination will be thrown indirectly in the way of American importations, in those lines which enter into competition with native productions. In England the agitation over the American tariff is greatly on the increase although at present, and for some time past, business in goods for American markets has been much stimulated by the prospect of the McKay tariff, many factories being open day and night to supply the market ahead of the anticipated embargo.

Presidential Nominations.
WASHINGTON, July 30.—The president today sent to the senate the following nominations: That S. Sharretts, of Maryland, general appraiser of merchandise; Louis Desmarais, of Louisiana, coiner of the mint of the United States at New Orleans; Stephen M. Eaton, postmaster at New Orleans. Registrars of land offices: Samuel

PORTLAND, July 30.—The Oregonian says: "The police deal in some cases. Chief Parrish declines to stop down and out to make way for John W. Minto." It was authentically reported today that Chief Parrish had talked with Governor Simon and Governor and Chief Parrish. "What do you want me to do, Parrish? Do you want me to resign?" "Not unless you want to," President Simon is reported to have said.

Chief Parrish then said he desired to remain with the police department. Replying to a question, he said that there was nothing new in the matter. It was never intended that Chief Parrish should leave the police department unless he wanted to do so. He knows Jim Loran is in the inside, explained the significance of the proposed move to a reporter.

"Though Joe Simon was downed in the primaries, he is not such a head duck as one might suppose. He knows Jim Loran is in the inside, explained the significance of the proposed move to a reporter.

TRINIDAD, COL., JULY 30.

The Sante Fe train from the south, due here at 10:45 p. m., was held up by four men three miles south of Trinidad. One man stopped the train with a red light, and as it stopped three men stepped up to the cab and began firing at Governor O'Reilly, shooting him twice through the hands and wrists. The fourth man, who had a severe wound to the head, ran to the train to Trinidad and to the station. The shooting began without a word of warning. The engineer and fireman were given no show for their lives. Officers are scouring the mountains.

PRISONERS IN HARMIS.
LOS ANGELES, July 30.—Much excitement exists in the south of Russia over the story brought by Russian women that women are deceived or abducted from their native country and are prisoners in harmis. There seems to be little doubt of the truth of the women's statements, as it is customary for Turkish agents to attend Russian fairs held in towns near the frontier, and after the fair peasant women are often reported missing. Although owing to the burning station of the parties the authorities have never made much inquiry; if, indeed, the Russian officials do not share in the nefarious traffic.

AMONG THE SEALERS.
A British Schooner Warned to Keep Out of Behring Sea.

VICTORIA, B. C., July 30.—News has been received here of the seizure of the Seattle schooner, Geo. R. White, by the United States customs agent at Oupakak. The White, like the Blatte Dyer, neglected to keep a copy of her bond filed that she could not take firearms into Alaska.

The Victoria schooner Drill, it is reported, has been boarded by the cutter Rusty and warned to keep out of Behring sea. A copy of the formal proclamation thereon has been given to the captain. This incident, it is thought, contradicts the belief that the policy of 1866 is to be pursued this season by the United States.

A Mooty Fight.
PORTLAND, July 30.—Henry Brazier, a sojourner, last night at supper set some fish before his barkeeper, Antoni Berkle. It was not cooked to his taste and a row ensued. Chairs, pitchers and glasses were used. Berkle attacked Brazier with a chair, and made a deep gash in his nose and another in his finger. Blood was spattered about on all the furniture. Both parties were arrested.

The World's Fair.
SPRINGFIELD, Ill., July 31.—The World's Fair exposition bill was passed this morning by the senate. The senate this evening refused to concur in one of the house amendments, providing that any indebtedness created shall be paid by Chicago alone. This will be reported back to morrow.

Breckenridge Nominated.
LITTLE ROCK, Ark., July 30.—The democratic congressional convention for the second Arkansas district today nominated Clifton Breckenridge for congress by acclamation. This is the district from which the Clayton contest is now pending in congress.

The Best Pacing Record.
CLEVELAND, Ohio, July 30.—In the second heat to-day Adonis, a California horse, paced a mile in 2:13 1/2, the fastest heat ever paced in a race.

President Harrison Accepts.
BOSTON, July 3.—President Harrison has definitely promised the G. A. R. committee to be here on August 12th.

The Omaha Republican Suspended.
OMAHA, July 30.—The Omaha Republican has been suspended in this city, suspended publication today.

Nominated for Governor.
NASHVILLE, July 30.—Hon. Lewis H. Bayne, of Davidson county, was nominated for governor today by the republican state convention.

A Convict's Sudden Death.
SAS QUENTIS, Cal., July 30.—This afternoon a convict, Tom Harper, employed as brick mason on the new jail building, fell head first on the balcony, a distance of 18 feet, fracturing his skull and dying instantly. He came here for eight years for grand larceny, committed in San Francisco, and his term would have expired in September, this year.

Salt Lake's Population.
WASHINGTON, July 30.—The census returns give Salt Lake a population of 45,025.
