my own use. I am finding my nephew,  
C. A. Mahan, needing such medi-  
cine. I let him have a box of medi-  
cine. He now sends for three more  
boxes, saying it is the best thing for  
catarrh ever tried by him and his  
friends. I got another box to use in  
my case, and cheerfully recommend it  
to all." JOHN McMAHAN,  
Ex-County Commissioner Lane Co.  
Oregon.

Spring Lane county, Oregon.  
Prof. J. W. Johnson, president of the  
State in 1888, says it cured him of a  
cough and all other prescriptions had  
failed. Likewise two of his little  
girls used it to cure their coughs. Mrs.  
Mark Bailey, wife of Prof. Bailey,  
sent it to all who suffer from colds,  
and coughs. For coughs it sets like  
a charm, and can be inhaled into the  
pipe or passages, where, o other  
cough cures can reach.

### WILL CASE ENDED.

Florence Gets the Thomas H.  
Blythe Estate.

—FAREWELL TO CHERRYBEE.—  
Sal's Hotel Under a New Lease Will  
Change its Name—San Francisco  
Favors Reciprocity.

SAN FRANCISCO, July 31.—The  
celebrated Blythe will contest,  
which began July 15, 1888, and  
proceeded steadily for over a year,  
ended today in Judge Coffey ren-  
dering a voluminous decision in  
favor of Florence, the illegitimate  
child of Thomas H. Blythe, the  
trillionaire, awarding her the bulk of the estate consist-  
ing of houses and land in the city  
and other property of the value of  
about \$4,000,000. The contestants  
included the plaintiffs, Florence  
Blythe, Alice Edith Dickerson, the  
alleged widow of Blythe, the  
Williams heirs of Liverpool, the  
Blythe company, the "Tippey  
Blythes, the Savages of London,  
the Scottish Savages, James Whit  
Plane and William and David  
Savage. The court's opinion held  
that, according to the laws of this  
state, Florence had established her  
claim to Blythe's patrimony, the  
latter, orally and in writing,  
having acknowledged her as his  
child.

The court proceeded to read the

option holding the fact first to be  
ascertained was the paternity of  
the child. Three elements were  
established in the opinion of the  
court. First, there was an illegi-  
timate child; second, plaintiff  
was that child; third, Thomas H.  
Blythe, decedent, here, was the  
father of the child. As to the al-  
leged papers wherein Blythe ex-  
pressly and formally acknowledged  
Florence to be his child, the court  
adversely holding that the evi-  
dence in favor of it was incredi-  
ble, but that the law of Cali-  
fornia required in a case of an ille-  
gitimate child, is such recognition  
as would be deemed, as the evi-  
dence produced by plaintiff would  
tend to show, and did show.

In the case of the alleged widow  
the court says: "Contradictory in  
the case of the claim are irrecon-  
cilable and cannot be reconciled  
on the basis that the decedent and  
defendant were man and wife."  
Florence, the heiress, is the  
daughter of Thomas H. Blythe and  
Julia Perry, whom Blythe married  
in London in 1875, and who after-  
wards married Geo. Ashcroft. Little  
is known of Blythe's antecedents.  
He left Liverpool on the steamer  
Antelope in 1849, and arrived in  
this city in the same year. He in-  
vested what money he had in the  
purchase of a block of land now  
in the heart of the business por-  
tion of the city, and the in-  
crease in value made him rich.  
He also owned a large amount of  
land in San Diego and in Arizona  
and Mexico. He died April 4,  
1883, in this city, where he was  
living with Alice Dickerson, who  
claimed to be married to him by  
contract. Blythe's foreign birth  
and certain incidents in his career  
led to the putting forth of claims  
from many sections of the United  
Kingdom, but Judge Coffey has de-  
clared that the foreign contestants  
had made no case, with the excep-  
tion of the Williams heirs, who were  
declared by him to be the next of kin.

### A HOTEL CHANGE.

The New Manager Takes Charge  
at Once.

SAN FRANCISCO, July 31.—The Chemek-  
et hotel has been leased by A.  
J. Wagner, from California, who  
takes charge in the morning. The  
name will be changed, probably to  
"The Salem."

At five o'clock this morning a  
fire was discovered in the new dry  
kilo of Churchill's cash and door  
and manure curing company, at  
the great works. The hose was  
promptly turned on and by day-  
break the fire was extinguished, and  
the fire was under the floor and  
was hard to get at. The  
loss was small.

### CHAMBER OF COMMERCE.

It Speaks Out in Favor of  
Reciprocity.

SAN FRANCISCO, July 31.—The  
chamber of commerce adopted re-  
solutions this afternoon, declar-  
ing that whereas, the chamber of  
commerce desires the adoption of  
a policy calculated to develop the  
resources and industries of the Pa-  
cific coast, as well as of the entire  
republic, by securing for our  
products control of our adjacent  
markets, it was resolved that in  
view of the consideration of those  
questions in connection with the  
tariff bill before the senate, the  
chamber is strongly in favor of  
commercial reciprocity, as in a  
letter received July 25th by sena-  
tor W. H. Frye, of Maine, from  
Hon. J. G. Blaine, secretary of  
state, and the chamber requests  
the Pacific coast delegates in con-  
gress to give it their unanimous  
support.

### A DOUBLE MURDER.

A Saloon Keeper Shot, and a Mother  
and Child Killed.

FORT THOMAS, Ariz., July 31.—  
At 9 o'clock near Fort Grant yester-  
day, J. W. Cross, keeper of the  
place, was shot and killed by Con-  
stable Roberts, of Bonita, in a dis-  
pute over some land. Shortly after  
Frank Nelson murdered Sarah Mc-  
Harris and her 3-year-old child in  
the jail here. The woman had  
left her husband, who is a soldier  
at Fort Apache. Both murderers  
were arrested.

### CHOLERA IN JAPAN.

The Rice Riots Becoming Alarm-  
ing.

SAN FRANCISCO, July 31.—Japan-  
ese advisers say that in Chikuzen  
and Buzon districts on the 11th  
instant, the total number of cholera  
cases were reported to be 239, with  
114 deaths. The latest reports of  
the order on account of the high  
price of rice, come from Aikawa-  
saki island. Two thousand people,  
aided by miners, began a riot on  
the 1st inst., and the rioters be-  
gan to burn the rice stores, and  
powerless, the governor ordered  
troops from the nearest garrison.  
Telegraphic news on the 4th said  
the rioters were becoming more  
powerful and were destroying the  
residence and property of the  
rice merchants. A company of in-  
fantry were sent from Shibata to  
the scene, and Counselor Kuroda,  
of the home department, also went  
to Aikawa, one of the most pros-  
perous towns of Solo island, with  
a population of 13,000.

On the 30th the first woolen mill  
in Japan, which is supplied with  
an English-made plant, was in-  
augurated by the Tokio Woolen  
Manufacturing company, a Japan  
firm with a capital of \$350,000.

Latest designs in jewelry just  
received at F. M. French's.

### FATAL DUEL.

Cholera in the Orient and Jap-  
anese Riots.

—WORK ON THE SILVER BILL.—  
Guatemala vs. San Salvador—Argentine  
Republic—World's Fair Matters  
—The National Game—

GREENWOOD, Miss., July 31.—  
Walt Colvard, a local artist, and  
J. D. Mowley, a brother of ex-Con-  
gressman Morley, fought a duel on  
the street today. Colvard was  
instantly killed and Morley badly  
wounded. The trouble grew out  
of charges of corruption made  
against the government.

### CHARGES OF CORRUPTION.

Made Against Members of the  
House of Representatives.

WASHINGTON, July 31.—In the  
house of Representatives, arising  
to a question of privilege, offered a  
resolution for an investigation of  
the charges of corruption against  
members of the house, contained  
in a recent editorial in the Na-  
tional Economist. After some dis-  
cussion the speaker ruled that the  
resolution was not a privileged  
one. In doing so he said the edi-  
torial was of the vaguest charac-  
ter. It made no assertion except  
by inference. It made the state-  
ment upon which anybody could  
be expected to predicate relief or  
punishment. It was within the  
knowledge of every member when  
paragraphs of this character were  
floating around in the newspapers  
of the country. The house could  
not be inconvenienced which  
would result to the business of the  
house if any member had the  
right to expect to have a pa-  
per like this, to demand an in-  
vestigation.

### SHUTTING OFF THE BREAD.

Two Men Likely to Make Chicago  
Go Hungry.

CHICAGO, July 31.—Unless Bak-  
ers Aldrich and Bremer, who own  
a large establishment in a part of  
the American Biscuit Co., accede  
to a demand of the striking jour-  
neymen bakers, it is decided by  
the bakers union to declare a shut-  
down of every bakery in the city,  
including those who acceded to the  
strikers terms. Aldrich and  
Bremer, so far, refuse to accede to  
terms.

### The Silver Bill in Effect.

WASHINGTON, D. C., July 31.—The  
treasury department has taken  
the first step in giving effect to the  
provision of the law, the prepara-  
tion of a circular, which will be issued  
tomorrow. On a silver bill in-  
offers for the sale of silver billion  
in lots of not less than ten thou-  
sand ounces, and the delivery free  
of expense to the government at  
any specified coinage mint will be  
received either by telegram or let-  
ter, and in consideration at noon Mon-  
day, Wednesday and Fridays,  
weekly, except legal holidays.

### Damaging Fire in Illinois.

WALNUT, Ill., July 31.—The  
business portion of the village was  
burned this morning. A high sale  
pile of lumber and the frame build-  
ing rendered the attempts to check  
the fire futile. Fifty-six  
houses and stores were destroyed  
and 16 families burned out. The  
loss is \$125,000.

One Hundred and Twenty-five  
Families Homeless.

BRADDOCK, July 31.—A fire in  
a Hungarian settlement destroyed  
thirty-eight houses. About 125  
families were burned out, but most  
of their effects were saved. Loss  
on houses probably \$75,000.

### The Sailors Will Strike.

CHICAGO, July 31.—An afternoon  
paper says: "To-morrow morning  
will start the sailors strike, involv-  
ing every species of sailing vessel  
on the lakes. The prospective  
strike is due to the demand of the  
seamens union for an increase of  
wages, and that every man em-  
ployed be a member of the union.

Five-Year Old Boy Has His  
Leg Cut Off.

—AF INSBANE MAN STRANGLED.—  
Murderers on Trial—Illinois Parole Mas-  
sacre for the World's Fair—Press in  
Various Localities.

ST. PAUL, July 31.—The north-  
western railroad to-morrow will  
say: "The great northern railroad  
line is making active preparations  
towards completing their line to  
the Pacific. On the east end of the  
route it will start from a point  
within three miles east of Ft. An-  
sinobone, following the Northern  
Pacific, which is located to the  
summit of the Rockies. Seattle is  
the principal terminus of the  
line on Puget Sound. Preparations  
are also made for building  
south from Seattle towards Port-  
land."

### MURDERERS ON TRIAL.

Each of Them Will Have Separate  
Trials.

OYSTERVILLE, July 31.—The trial  
of John Edwards, Edward Gibbons,  
John B. Rose and Geo. Rose for  
the murder of J. E. Frederick-  
son and wife, January 30, 1888,  
commenced in the superior court  
yesterday. It was arranged that  
the defendants would be tried sepa-  
rately and in the following order:  
First, Edwards; second, Gibbons;  
third, J. B. Rose; last, Geo. Rose.  
Contrary to expectation there was  
not little trouble had in obtaining  
a jury. In Edwards' case one of  
the principal witnesses for the  
prosecution was Geo. Rose, one of  
the defendants, whose testimony  
was objected to by the defense on  
the ground that confessions made  
by him showed him to have close  
connection with the crime, and  
further, that his evidence was in-  
competent for the reason that he  
was co-defendant. Objection was  
overruled and young Rose then  
testified the murder to the jury.  
His story conformed to the confes-  
sion previously made by him and  
which have already been pub-  
lished.

### INSANE MAN STRANGLED.

His Cell Mate Strangled Him Dur-  
ing the Night.

STOCKTON, Cal., July 31.—Chas.  
Green, an inmate of the insane  
asylum, 26 years old, was stran-  
gled to death last evening by his  
cell mate, Frank Carr. When the  
cell was opened this morning,  
Green was found dead in bed, but  
it was supposed that his death was  
due to natural causes and the body  
was removed to the morgue, where  
the doctor afterwards found marks  
of fingers on the throat and foam  
on the lips. The Portuguese was  
asked about the matter, but only  
replied that Green died at ten o'clock  
last night.

Carr was suspected of suicidal  
mania and his arms were kept  
strapped close to his body. It is  
supposed he sprang on his victim  
during the night and held him by  
the throat with a madman's  
strength till he was dead.

### CHICAGO WORLD'S FAIR.

The Illinois Legislature Arrives at  
An Understanding.

SPRINGFIELD, July 31.—The sen-  
ate and the house reached an  
agreement on the constitutional  
amendment resolution, and it now  
rests to the governor. The house  
mended the World's Fair bill  
adding, after a bitter debate, the  
proviso that eight hours shall be  
a days labor on all work about the  
exposition, exhibitors to be ex-  
empt. The proposition to allow  
the south park commissioners to  
issue bonds of two million dollars  
to be used in fitting up Jackson  
park for the fair was amended so  
as to make the amount of the park  
bonds \$500,000 instead of \$2,000,000  
and the bill then went to the third  
reading.

### Left Foot Amputated by a Scapoe.

SALLEM, July 31.—News has been  
received that last Tuesday evening  
the five-year old son of C. Walker,  
of Molalla, while playing in the  
standing grain where his father  
was harvesting, had his left foot  
cut off below the ankle by the  
reaper.

Sent to San Quentin.

SAN FRANCISCO, July 30.—Jan.  
S. Kennedy, recently convicted of  
embezzling \$10,000, has been sent  
to San Quentin prison to serve his  
sentence.

### Mine Explosion.

BEALIE, July 31.—An explosion  
occurred in the Unseer Fritz mine,  
and killed seven men.

### Affairs Settled.

LONDON, July 31.—Parliamentary

### CHOLERA IN THE ORIENT AND JAPANESE RIOTS.

WASHINGTON, July 31.—In the  
house of Representatives, arising  
to a question of privilege, offered a  
resolution for an investigation of  
the charges of corruption against  
members of the house, contained  
in a recent editorial in the Na-  
tional Economist. After some dis-  
cussion the speaker ruled that the  
resolution was not a privileged  
one. In doing so he said the edi-  
torial was of the vaguest charac-  
ter. It made no assertion except  
by inference. It made the state-  
ment upon which anybody could  
be expected to predicate relief or  
punishment. It was within the  
knowledge of every member when  
paragraphs of this character were  
floating around in the newspapers  
of the country. The house could  
not be inconvenienced which  
would result to the business of the  
house if any member had the  
right to expect to have a pa-  
per like this, to demand an in-  
vestigation.
