Several wagon loads of wool, hauled all the way across the mountains from Eastern Oregon have arrived in this city recently. When the Oregon Pacific railroad is extended into Eastern Oregon the wool of that region will find its way to markets in this city.

The Columbia Conference of the M. E church, South, will hold its session in Lebanon, commencing August 20th. Bishop E. R. Hendrix, of Missouri, will preside. Rev. Morris, of Louisville, Ky., one of the secretaries of the Board of Church Erection, will accompany the Bishop. Rev. G. S. Hanleiter, of Albany, will act as host.

When the wagon road is finished and the bridges now contracted for are completed, Curry county's indebtedness will exceed $20,000, over and above the $14,000 aid fund. The Gold Beach Gazette says this will frighten no one who takes into consideration the great benefits that accrue from the opening of the road. It hopes the state will partially reimburse the county for its losses.

Enterprise.

Did you see that new delivery wagon on the street yesterday afternoon? Nice, wasn't it? Messrs. Blackburn & Pironi have added a fine delivery wagon to their already prosperous business. It is a very handsome turnout and goes to show that these gentlemen are up with the times.

AN IMPORTANT RUMOR.

To the Effect that Work is Soon to be Resumed on the Oregon Pacific Railroad.

It is rumored that the sun is likely to shine on the Oregon Pacific within a week or two, when work will again be resumed on the road eastward.

It is known that important negotiations have been pending, and rumor has it that these will be satisfactorily settled within a few days, and the work of pushing the road eastward resumed.

The Oregon Pacific railroad, like other great undertakings moves slowly but it has already opened a rich country tributary to Albany, and this city's trade is likely to be largely increased by its extension in the near future.

A well posted railroad man says there is good reason to believe that work on the Oregon Pacific with new forces, is to be commenced within a very short time.

An Encounter With a Bear.

Mr. S. J. Shrum, living ten miles from Acme, was roughly handled by a bear Sunday, the 20th. He went blackberrying with his wife, taking his rifle with him because bears were known to be roaming in the berry patches. They had not gone far the house when he discovered a bear that he shot at and probably killed, and as he fired, another jumped out of the brush between himself and the bear he had shot at. This one he followed with his dog for an hour or more, and as Mr. Shrum was passing from one ridge to another he was met by the bear in the thick brush of the ravine. They were within ten feet of each other before either were aware of the situation. Mr Shrum got a shot, but the bear got him about the same time, biting him through the hand and wrist, and also in the thigh and shoulder. At this point the dog came and grappled with the bear, and both disappeared in the brush. Mr Shrum wandered home with his lacerated and broken hand, and was conveyed to Acme for treatment. W. G. Carle went to the scene of the encounter Monday and found the gun, and only thirty feet away found the dead bear, measuring over six feet in length.—Eugene Register.

The Cigarette Law.

The first case of an arrest under the new cigarette law to come under notice in Oregon is reported in Pendleton. The following report of it is from a Pendleton paper: "The first arrest to be made in Pendleton for violation of the statute prohibiting the sale of tobacco to boys was made Monday under peculiar circumstances. Ben Byers had sent two boys to E. F. Settlemeir's grocery after two boxes of cigarettes. The boys went to the store, informed the clerk of their mission, and he, doubtless thinking that as they were intended for Byers he was doing no harm, consented. The cigarettes were delivered to Byers in the presence of Constable Mays who made inquiries, found where they were purchased and arrested Settlemeir. He was brought before Justice Bishop, who imposed a fine of $20, the costs swelling the amount to $29.50.

The Elliotts.

The Elliotts, voyagers, a most excellent company of twenty five artists from the leading theatres of the world, including the Imperial Japanese troupe nine in number, will present to the theatre goers of Albany their excellent performances at the opera house on Wednesday and Thursday, Aug. 6 and 7. On August 6 at 11:30 A. M., the Imperial Japanese Troupe will make a parade and display of their gorgeous costumes, the finest ever seen in this country, and the ladies of Albany are invited to examine the costumes of the famous Japanese during their visit with the Elliott company. The Japanese Troupe includes two Japanese ladies one of which, Miss Karawiza, is the only lady in the world that successfully performs the marvelous feat "the slide for life" on a rope suspended from the dome of the opera house to the stage at an angle of 45 degrees. This act alone is worth three times the admission.

The Linn County Paint Mine.

Ed. Herren is just home from the mineral paint mines in Linn county, where he found everything running along nicely. The mine is fully equipped with ample machinery for turning out fifty barrels of 350 pounds each of paint per day. The company have dozens of orders ahead and as soon as they get to working to full capacity will be pushed to supply them. They find it necessary to put in a bolter, to still further reduce the powder. When this is done Ed. Herren will take the road in the interest of the company.—Salem Statesman.

Something Radically Wrong.

The census returns for Oregon will show a population of only 280,000, while Washington will have about 335,000. There must be something radically wrong, especially when we consider that Oregon cast nearly one-third more votes at the recent election than did our sister state. The work has not been well done, and the result is Oregon will have to suffer, for there is no likelihood that the official returns will entitle us to another representative in congress. —Corvallis Times.

First Street Improvements.

City Surveyor Warner was engaged yesterday setting the stakes for a new sidewalk on the north side of First street, between Washington and Ferry streets. The walk will be put down to grade and made twelve feet wide. The buildings will be put down to grade and improved, which will add much to the block.

MINES AND MINING.

Activity in the Santiam and Calapooia District—The Bohemia Mines.

Several members of the Albany Mining and Milling Co. are now at their mines in the Quartzville district. The recent rich discoveries up there, together with the fact that the necessary machinery to work the ore has already been purchased by the company, has excited no little interest in these mines, and the development of the company will be watched with interest.

The Calapooia and Blue River Mill and Mining Co. have had men at work on one of their most promising leads for two months. The latest reports is that the miners have reached by tunnel a depth of 25 feet, and that the mortar and pan reveal gold at every trial. When a depth of 50 or 100 feet has been attained the lead will be cross-cut and tested, and if the prospects warrant (and everybody thinks they will) the company will put in a mill. Stock is being taken right along in this company.

The Trinity Mining and Milling Co., which was recently incorporated in Brownsville with a capital stock of $75,000, have sent one of the company to the mines with a view to ascertaining the amount of quartz in sight, and if his report be favorable the company will put in a mill in a few weeks. One of the company has just returned from the Calapooia district, bringing with him quartz from the Trinity company's mines that shows both gold and native silver. Quartz from these mines resembles more closely the Comstock ore than anything yet discovered.

Dr. J. M. Taylor, of the Taylor, Oglesby, Hazell & Company's mines in the Bohemia district is in the city. He has just received news from his company that a rich free gold discovery has been made in their ledge there, which yields $3 per pound. These mines are situated on the Lane and Douglas county line, and are ten miles from the mines owned by J. W. Cusick & Co., of this city. A number of new claims have been taken and miners are flocking into that district. This company are arranging to put in machinery to work the ore. The ledge is six feet wide, and can be traced nearly half a mile. The discovery has created much excitement there.

Sewer Improvement.

Water from the canal was turned into the extension of the Calapooia street sewer yesterday which showed the result of the work to be a success. Much trouble has heretofore been experienced from this sewer, owing to a deposition in it, which prevented its proper flow. It has now been extended to the canal, where a volume of water was secured which makes its operation all that is desired.

For the Mountains.

Nearly all of our citizens who can lay aside business cares and take a short vacation are going to the mountains this hot weather. Of course they all want to lay in a supply of canned lunch goods before they start, and Mueller & Garrett keep a full line of the best in the market.

Dr. J. C. Luther of this city is in receipt of a letter from his brother written at San Francisco, in which he states that after traveling over California he has seen no town that shows as much progress and building as Albany.

Messrs. Montague & Son have sold their grocery business in this city to C. A. Nelson, recently from Kansas. The latter will add a stock of general merchandise.

You cannot accomplish any work or business unless you feel well. If you feel used up—tired out—take Dr. J. H. McLean's Sarsaparilla. It will give you health, strength and vitality.—Foshay & Mason.

Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co. of Shelby, N. C.—Get a free trial bottle at Foshay & Mason's Drug Store.
