COLUMBIA TO BE BRIDGED.

On Trial for Murder—Pounding Him Out of Time—Sent to the Asylum—Cameron Wins.

SEATTLE, August 18.—A special to the Post from Gilman says: "Martin Gleason, a well-known and highly respected rancher of Upper Squak valley, had his right hand entirely blown off by the explosion of a stick of giant powder to-day. His face and neck were also somewhat injured. It was necessary to amputate his arm at the wrist. At last account he was resting easy, although the shock was such that his doctor is uneasy concerning the result.

INTER-STATE COMMERCE.

The Annual Report of the Statistician,

WASHINGTON, August 18.—The statistician of the inter-state commerce commission has completed his second annual report, which covers the transactions of 609 roads and shows the operations of 153,385 miles of line. The gross earnings for the year, exclusive of the rental of tracks, yards and terminals, were $64,470,670. After deductions are made for fixed charges, the final net income for all roads in the United States, was $101,388,736, or $661 per mile of line. The total stocks and bonds representing railway property in the hands of the public is $7,366,725,722.

ACTIVE MEASURES.

Our Government Will Draw the Rein on Canada.

MONTREAL, August 18.—The Dominion Cartridge Company has received from the American Transportation Company a copy of a letter from the treasury department at Washington recommending the non-acceptance for shipment to Mexico of a consignment of cartridges, as at the time the goods are ready the bonding privileges which Canada has enjoyed would be abrogated. The letter was laid before the minister of customs, who will bring it before the cabinet. This is the first definite statement that has been made of the intentions of the American government, and it has created considerable surprise here.

A Brutal Prize Fight.

SAN FRANCISCO, August 18.—A ten-round fight took place shortly after midnight at Red Jones' place near the Fresno race track. The contestants were C. Turner, a well-known colored middleweight of Stockton, and Dan Eagan, known as the Montana kid. Eagan was a chopping block for Turner who, in the 7th round, knocked out four of the kid's teeth with a vicious right hander. Eagan was not able to come to time in the 10th round.

Statue of Lafayette.

NEW YORK, August 18.—The steamship Normandie, which reached here Tuesday, brings the statue of Lafayette which France has presented to the United States.

All Freight Moving.

BUFFALO, August 18.—Train Master Maloney was working hard at the Buffalo yards all day to raise the freight blockade. He succeeded in getting out twelve trains of dressed beef cars, which was crowded on East Buffalo siding, and some meat must be spoiled by the delay. Stockmen suffer bitterly because thousands of dollars worth of stock will not be sold because it cannot be shipped.

Sugar Business in New York.

NEW YORK, August 18.—Another step was taken to-day in the reorganization of the sugar trust, the central trust company, which has been waiting for the preliminary agreement under which it received its deposit certificates, is now in possession of that document and to-day announced that it was ready to exchange its engraved certificates of deposits in exchange for certificates of sugar trust.

Railroad Accident.

ASHLAND, Wis. August 18.—A wild freight on the Wisconsin Central collided with a stray flat car which had been blown on to the main track, at Glidden, wrecking the engine and seven cars. Brakeman J. W. Emley was killed, Engineer Lessard and fireman injured.

Appropriation Bill Passed.

WASHINGTON, August 18.—The senate to-day passed the deficiency appropriation bill. The committee inserted an item appropriating $12,000 for a steam vessel on Puget Sound, to prevent the violation of the Chinese restriction act and of custom law; also an amendment appropriating $1,233,688 for payment of French spoiliation claims.

The Clayton-Breckenridge Case.

WASHINGTON, August 18.—Representative Marsh to-day presented to the house the report of the democratic minority committee on elections in the case of Clayton vs. Breckenridge, of the second Arkansas district. The report says: "With one exception the district has always gone democratic and the presumption should be in favor of the democrat instead of the republican contestant. The theft of the box in the case is admitted, but it is held that it did not change the result of the election, as the democrats carried the district by 149, even allowing the republicans the disputed votes in every township. The report comments on the instructions of the house to make a full and thorough investigation as this exceptional case calls the attention to a great number of charges and countercharges and issues involved, and states that the committee spent but twelve days in taking evidence.

CANADIAN RECIPROCITY

In a Backaction Manner—Reid's Dilemma Over the Raum Investigation—A Failure of Crops.

ST. LOUIS, August 18.—Edwin Hoke, shot and killed his wife this morning while she was sleeping, and then shot himself, inflicting a mortal wound. A few weeks ago he stole $4500 from his father, but was arrested and the money recovered. Hoke, while being taken to the hospital, said his father had made it a condition for the withdrawal of the prosecution against him for taking the money, that he should apply for a divorce from his wife. This he consented to and did enter suit, but later he found that he loved his wife so much that he preferred to kill her and himself rather than be separated from her.

RAUM INVESTIGATIONS.

A Committee Cannot be Secured to Start.

WASHINGTON, August 18.—It appears that Speaker Reed is having considerable difficulty in securing a full committee to carry out the investigation into a charge made against the commissioner of pensions, Raum. There was no trouble in securing republican members and one democrat (Goodnight) was induced to serve, but it seems a second democrat was necessary to complete the committee and he cannot be found. Representative Cooper, of Indiana, father of the resolution upon which the investigation was ordered, has been urged by the speaker to serve. The speaker does not think proper to appoint Cooper, who brought the charges against the commissioner, to a place where he would be expected to sit in judgment.

PRETTY STIFF TERMS.

Full As Much So As Unconditional Surrender Grant.

CITY OF MEXICO, August 18.—A dispatch from Guatemala says that President Barrillos yesterday received the members of the diplomatic corps, who called to ascertain his terms of peace. He responded that his only terms were the retirement of Ezeta from the government of Salvador, and the re-establishment of the state affairs existing previous to the death of Menendez, and that Salvador treat Honduras and Guatemala as allies, and not foster rebellion against other governments.

ADJUDGED INSANE.

One More Unfortunate Committed to the Asylum.

Special to the HERALD.

SALEM, August 18.—Thomas I. James, a substantial old resident of Hubbard, was adjudged insane to-day and committed to the asylum. His insanity runs to speculation and is also destructive, he having threatened to destroy several buildings in Hubbard.

Fatal Railroad Accident.

TRINIDAD, Colo., August 18.—A telegram was received at noon from Barela, 12 miles south of this city, saying that a wreck had occured and asking for a surgeon. A special train was sent and all the surgeons that could be obtained, to the scene of the accident. Seven people were killed and fourteen wounded.

Crop Failure.

QUEBEC, August 18.—Le Canadian appeals to the leaders of the Ottawa and Quebec Governments, to provide work for the inhabitants of the counties below Quebec, whose crops are a total failure. Thousands of families are preparing to leave the country.

Bridge Authorized.

WASHINGTON, August 18.—In the house to-day, on motion of Morrill, of Kansas, the senate bill was passed, authorizing the construction of a bridge across the Columbia river, by the Oregon Railway Extension Company.

Cameron Wins the Race.

UNION, Or., August 18.—A one hundred yard foot race near here yesterday, between E. G. Cameron, of Portland, and Ben Wingard, of Walla Walla, was won by Cameron. Time, 10 seconds. The race was for a purse of $2,000.

Trial for Murder.

SAN FRANCISCO, August 18.—The trial of Frank Larue, for the murder of Henry McBride in a fight at the Golden Gate club on June 9, was begun before Judge Shafter and a jury to-day.

Bridget's Original Ways.

From the Philadelphia Times.

"Bridget," said I, after she had been initiated into her new duties as chambermaid, "call me at six o'clock to-morrow morning, and prepare a bath for me."

Next morning at six o'clock sharp there came a knock which startled the occupants of the entire house, and Bridget's dulcet voice exclaimed: "Yez needn't wake sor. The wather is that cold ye couldn't bathe at all, at all!"

One morning the letter-carrier brought a letter whose destination was doubtful, as the street and number were illegible. He tried at our house, and waited to be informed whether "Mr. Jones lived within." Bridget gave the carier a chair near the window in the parlor while she carried the letter to my wife. "No, Bridget," said the latter, "the letter is not for us. Put it on the mantel-piece, and when the carrier comes in the morning give it to him." So Bridget placed the letter on the shelf, and said to the carrier, "yez need not wait longer. It's on the shelf and yez can get it to-morrow, but not before."

WILLING TO SUBMIT.

Arbitration Will Be the Final Move.

NEW YORK, August 18.—A correspondence between Vice-President Webb, of the New York Central, and Grand Master Workman Powderly was made public to-night. Powderly in his letter says: "If I am correctly informed old and faithful employes of the New York Central have been summarily dismissed from the service of the company because they were active members of the K. of L. The men are willing to submit the case to such arbitration as will be reasonable; will you consent to do the same?"

To this letter from Powderly, Webb replied as follows: "Replying, I have to say that no person discharged from this company prior to August 8th, and referred to in your communication, was discharged because he was a member of your order. The immediate superiors of each of said persons reported to the division superintendent or superintendent of motive power, investigated each case prior to their discharge, and the facts of such discharge having been reported to the management they were further investigated and the action of the division superintendent or superintendent of motive power was fully approved. The management of this company do not deem it consistent with its continuance and prosperity in business and with the discharge of the duty it owes to the people to submit the propriety in the action in the discharge of any of its employees to arbitration. I have read your communication with care, and I think the foregoing answers to the points presented by you and defines the position of this company." Webb said to a reporter to-night that the freight service is complete and everything working smoothly between here and Buffalo. All freight received yesterday has been cleared up and left for its destination. The places of all the strikers had been filled and there was not a single vacancy on the road.

Classification of Mineral Lands.

WASHINGTON, August 18.—Representative Carter, of Montana, today reported to the house, from the committee on mines and mining, a bill to provide, from examination and classification, certain mineral lands. It authorizes the secretary of the interior to speedily cause all lands in Montana and Idaho, within the land grant and indemnity land grant limits of the Northern Pacific railroad company, to be examined and classified by competent persons, with special reference to the mineral and non-mineral character, and to reject, cancel and disallow any and all claims, and the filing heretofore made or which may hereafter be made on land in those states classified as mineral land. The word mineral shall not be held to include iron or coal.

The Report Denied.

SAN FRANCISCO, August 18.—Col. Chas. F. Crocker, vice-president of the S. P. R. R., says there is no truth in the story that the company has been ordered by the Washington state fish commissioner to discontinue washing coal in Carbonado river on account of the water from the coal killing fish.

Great Loss of Life.

CALCUTTA, August 18.—A flood prevails in the Ganges river, which has overflowed its banks, and the surrounding country is inundated to an extent never before known. There is great loss of life.
