OUT TO THE FRONT.

The Officials Inspect the Line from Coe to the Sea

Several officials of the Oregon Pacific, accompanied by a distinguished gentleman from the east went over the line yesterday, up to Coe and returning passed over the full length to the sea.

The train went up in the morning meeting the down train at Gates, and returning passed through this city about noon. There is probably no particular significance to this trip as far as resumption of construction is concerned, at least nothing that can be designated as an indication of future operations has as yet appeared in view. If a likelihood of the resumption of work comes in sight or can be unearthed by diligent search, the readers of the MORNING HERALD will have it dished up to them as soon as possible.

The gentleman who was with the officials was F. V. Martinson, and Wm. M. Hoag and Wallace Nash were among the officials in the party.

The Albany College.

The Albany Collegiate Institute has just issued its annual catalogue. It begins its twenty-fourth year on Wednesday, September 10. The college was founded by the Presbytery of Oregon in the fall of 1866. Seven acres of land within the limits of the city of Albany were donated by Thomas Monteith and wife and an $8000 building was immediately erected. Rev William J. Monteith was the first president and Rev. Elbert N Condit is the present incumbent, having served eight years. There are four departments of study in the institute, colegiate, normal, business and primary. The course of study extends through four years and embraces philosophy, history, language, literature and science. There are now entered for the coming year in the various departments 134 students, the greatest number in the history of the college. Owing to the increased attendance at the college, a new building is being erected for the convenience of students.—Oregonian.

Rock on the Track.

The train on the Oregon Pacific from Green Basin yesterday, ran into a rock on the track on one of the sharp curves this side of Badbanks. The engineer, who by the way is a careful, competent, prompt and energetic man, as soon as he caught sight of the nugget, reversed his engine, and a very fortunate escape from what promised to be an accident.

House Burned.

The dwelling house of J. F. Whiting, situated just above the school house, across the river, in Benton county, was totally destroyed by fire yesterday. Mr. and Mrs. Whiting were both absent when the fire broke out, but arrived at home in season to assist in removing the most of the furniture. There was a small insurance upon the house.

Linn's Officers.

At the regular meeting of Linn Engine Company No. 2 last evening the following officers were elected: President, D. R. N. Blackburn; recording secretary, Dr. O. C. Awbrey; financial secretary, Dr. J. Dubruille; treasurer, Dr. M. H. Ellis; foreman, W. E. Gillett; first-assistant foreman, A. L. Lamb; second-assistant foreman, O. C. Clelan.

Coal Mine.

From Mr. Dan A. Smith, the merchant at Gates, on the Oregon Pacific, who passed down to Portland yesterday, it is learned that a three-foot vein of excellent coal has been opened on his place, in Linn county, just across the river from Gates. Mr. Smith has known of the deposit for years, but did not consider it of sufficient extent to be valuable. He was recently induced to develop the vein and has run a drift for twenty or thirty feet with the result of opening a very valuable mine.

Excursion to Newport.

Last popular excursion of the season Saturday, September 6th. The train leaves Albany at 2 P. M., returning the following day, arriving in Albany at 9 P. M. Excursionists have the privilege of returning on Monday's regular train. The Corvallis brass band with their elegant new uniforms will accompany the excursionists and will give a ball in Newport Saturday evening. Tickets only $2 for the round trip. Get ready and go, as this is positively the last popular excursion this season.

Mrs. Kate Linville, of Astoria, has brought suit for a divorce from her husband, M. O. Linville. Mrs. Linville evidently kept a diary of her domestic life, for she sets forth with great particularity the vile name that her hubby is accused of calling her, and the dates upon which he struck her. The lady must also be of a forbearing disposition and suffered this kind of treatment in silence until the first day of August, a year ago, on which occasion Mr. Linville's conduct was such that she decided to live with him no longer, and she packed up and left him. The couple were at Seaside, and a quarrel was followed by the husband picking up a glass goblet filled with milk and throwing the contents over her.

On the 24th, Mrs. Combs and family went to Waterloo via. Liberty, returning via. Sodaville. Although it is all hill country from Middle Ridge to the Liberty schoolhouse, the roads are generally good, and the country steadily improving.

A few days since two boys of our neighborhood, each aged about 13, met and engaged in a combat. After the encounter, one had black eye and bloody nose, the others face was scratched, as though having been assailed by an angry hen, and a knuckle on his right hand was considerably enlarged, showing that it had come in sudden contact with some hard substance.

EUGENE NEWS.

Hop Lice Discovered—Defalcation of Sheriff Sloan.

EUGENE, Or., August 30.—Prof. F. L. Washburn, of the experiment station of the State Agricultural College, visited the hop yard of S. Smeed, on the Mackenzie, this week for the purpose of ascertaining as to the presence of the reported hop louse in the yards of Lane county. He is authority for the statement that he found the genuine hop louse (phorodon) in considerable numbers. He says there is no use denying the fact that the hop louse has made its appearance in Oregon.

The commission appointed August 6 to examine the books of Ex-Sheriff Sloan, of this county, to-day reported to the county clerk of the court their findings in an itemized report. The report shows a balance in favor of the county of $3,791.20. The report is the result of a thorough examination of the books of the office, which were found to have been poorly kept. While part of the affidavits and important memorandum have been lost, Mr. Sloan will not hesitate to settle accounts with the county as returned by the commission.
