A BRUTAL ROBBERY.

Beaten Into Insensibility Over the Head With a Club. HIS NAME WAS TIBBETS. He Says a Stranger Knocked Him Down, Kicked Him and Robbed Him of \$50—His Condition.

PORTLAND, Sept. 12.—Between 4 and 5 o'clock this morning Officer Jack Roberts found a man lying in an unconscious state on Alameda street, his head being completely covered with blood. The officer aroused him sufficiently to elicit that his name was Tibbets. His appearance indicated that his skull was fractured and that he was in a dying condition.

The man was taken to Good Samaritan hospital, where after having the blood washed off his face and head, bruises of a frightful nature and a broken nose were visible, but the skull was all right.

Up to noon today he was unable to speak intelligibly, but he was conscious enough to say that while on the river front a stranger knocked him over the head with a club, kicked him in the face and robbed him of about \$50.

Up to press hour Tibbets' first name of any further particulars respecting his identity or circumstances attached to the robbery could not be obtained.

The police, however, are confident that they will apprehend the fellow who struck Tibbets the foul blow.

WITH THE CRIMINALS

Mysterious Disappearance of an Oregon Man and Family. WERE FULLY DEALT WITH. A Fatal Saloon Quarrel in Umatilla—Fatal Dispute Over the Possession of a House.

YERBA, Cal., Sept. 12.—About a month ago Dave Kilgore, a resident of Lake county, Oregon, bought a new wagon of Lehner Bros., of Monticello, in this county, stating that he was going to sell out in Lake county. The wagon was found a few days ago, and it was found in the brush and rocks about three miles from Boise's, in Blaine creek valley, this county. The wagon contained a new set of harness, trunk, ax and other articles. The horses were gone, and it is stated that Kilgore was accompanied by his wife and two children. No trace of any of them has been found. It is generally believed that Kilgore and family have been fully dealt with, as it was by mere chance that the wagon was discovered by men hunting stock. Kilgore was formerly a resident of Ashland, Or.

MINISTER MIZNER.

Oregon's Laws Are to Apply to Alaska. A FATAL MINE EXPLOSION. Failures for the Week—Too Much Lard—A Terrible Neglect in Letting Chinese Pariah.

SAN FRANCISCO, Sept. 15.—Passengers on the steamer San Blas, from Panama to-day, state that the attempted assassination of Minister Mizner was a hoax. Barrundia's daughter went into the office of the United States minister presumably with the intention of killing him, but when she was admitted to his presence her courage probably failed her, and there was no scene.

When the San Blas left Guatemala everything was quiet and it was thought by those on the steamer the trouble was about over. General Barrundia had evidently decided to sell his life dearly and made up his mind to die before being captured. According to the story told, Captain Pitts refused to give his passenger until the last moment, and the general sought to repay his kindness by killing him. Pitts appealed to the captain of the Bahger, which was at San Jose with the Thetis, but the United States officer could not send Marines aboard without request from the commandant of the port. Every precaution was taken for the safety of the passengers, they having been sent below as soon as the commandant went on board with Mizner's communication.

WIRE CLICKINGS.

Canon Sheldon's interment in St. Paul's cathedral will take place next Tuesday with elaborate ceremonies. Romani and Servians are negotiating with Vienna bankers for a refunding of their public debts at more favorable rates of interest. Russia has given orders to the governors of Siberia to prevent any further immigration of Chinese into that province. The total number of cases of cholera in provinces of Spain up to date is 3472 and deaths 1787. Smallpox is spreading in Madrid. W. B. Culver, a worthy and old citizen of Salem and vicinity, is suffering from a stroke of paralysis which affects his entire side. He is a prominent citizen and father of the county surveyor. Hopes are entertained for his recovery. Forest fires are doing enormous damage to Caucasus. Large detachments of troops are being hurried to the scene by the Russian government to check the spread of the flames. It is learned that the recent burning of a brewery in Frankfurt, with serious loss of life, was the work of a discharged workman. After setting fire to the building he opened the valves, allowing 3000 barrels of beer to flood the place. He finally committed suicide. A large pork packing establishment will soon be in operation in Vancouver, George W. Lore, of East Portland, having secured a site for that purpose, in Columbia addition, intending to immediately put in a \$15,000, which will employ at least twenty-five hands. Uncle Jesse Woods, one of Benton county's oldest pioneers, who located the city of Corvallis, died Tuesday at his residence in Corvallis, at the age of 80. He was the father of a large family and was generally known throughout the county. Mrs. R. Robert Johnson, of Walla Walla, while camping out with her husband near that city, died suddenly. They were sitting by the camp fire, chatting and laughing when the poor woman, who was expected to be confined soon, complained to her husband about feeling bad, and suddenly expired. "Oh Robert" and fell back into his arms a corpse.

MURDERING A BABE.

M. M. Bloch is the Author of the Work. PORTLAND, Sept. 12.—The crime of infanticide was committed at the City boarding house in this city. Miss Edna McKline, a respected and amiable young lady, was discovered in a pitiable condition, having had a child born to her and murdered by the use of an instrument. She was formerly from Corvallis, where an aunt lives and had worked for three years in Portland at different places as a domestic, and was well liked. She says that one M. M. Bloch is the father of the dead infant, and also the one who caused its destruction. The villain Bloch is supposed to be in Victoria, as he sold his property, settled his business and left this city.

THE TARIFF BILL.

House Ways and Means Committee Considers Senate Amendments. WASHINGTON, Sept. 12.—This morning the ways and means committee held a session to discuss the Senate amendments to the tariff bill. As the bill itself had not reached the committee, no formal conference could be noted, and the proceedings entirely resulted in a general discussion. The practical agreement was that the amendments should be considered by the committee instead of according to one to the request of the Senate for a conference. This is a pronounced disposition both on the Republican and Democratic sides to hasten action in the committee as much as possible. Some Democratic members say it should be attempted in the House to pass the threatened resolution to interfere with the Ohio districts, as established by the last Gerrymander, or force through other pronounced partisan measures, resort will be had to all parliamentary means to obstruct the tariff bill.

LOSS OF THE ONEIDA.

Criminal Neglect in Letting the Chinese Perish. SAN FRANCISCO, Sept. 12.—The steamer Oneida arrived from this port, Alaska, this morning, with 700 cases of canned salmon and 200 barrels. Captain White brings further intelligence of the loss of the bark Oneida. He asserts that the drowning of the seventy-eight Chinese was due to the criminal neglect of the captain and crew. After the inspection of the matter, Captain White said: "The night was calm and the sea as smooth as glass. When the bark struck the captain and crew got into the boats and pulled about 500 yards away from the vessel. From 10 o'clock at night until daylight the sailors lay on the deck and listened to the howls and shrieks of the poor, frozen devils on board. Many of the Chinese were washed ashore in the water butts, a large number of them were clinging to the deck, and the Chinese created into them only to be caught like rats in a hole when the ship broke in two. In the hold of the vessel there were dories enough to have saved every life on board. All that was necessary was to take off the hatch and four men could have launched every dory easily. There was plenty of time to work, as the Oneida did not begin to break up for over twelve hours after she struck. When daylight came and the sailors saw where the land lay they pulled away and left the Chinese to their fate."

REBELLION IN SWITZERLAND.

The Revolutionist Form a Provisional Government. ROME, Sept. 12.—The revolutionists in the Canton of Ticino have formed a provisional government, dissolved a popular assembly, which has declared the existing government and grand council dissolved, and ordered general elections for next Sunday. The insurgents hold Lugano, Mendrisio, Chiasso and Locarno. Bundesrat called an extra session, ordered the federal troops sent to the scene of disorder. The populace support the insurgents and the civic guard occupies the telegraph offices, preventing the supplying of the cantonal government from communicating by telegraph with each other or with the national government. The rebels arrested Councilor Osselli, the federal commissioner, who received instructions to annul the decision of the provisional government, and vote for the popular assembly.

Extortion Threatened.

SAN FRANCISCO, Sept. 12.—A special from Helena, Mont., this morning says that the killing of Hugo Boye by Cheyennes, following the discharge of Ferguson's murderers, has so incensed the settlers that they declare they will send their women and children to Miles City and start on a war of extermination against the Cheyennes. Last spring the settlers were virtually without ammunition and arms, but are now well supplied. The prospects are for serious trouble on the reservation and in its vicinity. Governor Toole has recommended to the department that the Indians be removed but without avail. News from the agency is anxiously awaited, as there is not only a strong feeling against the Cheyennes, but also against Major Carroll, in charge of the troops there, as the settlers claim he has aided in the escape of Ferguson's murderers from justice.

Found Guilty.

The trial of S. H. Walpole, upon the charge of vagrancy took place before Recorder Henton, yesterday with a jury consisting of W. M. Ketchum, J. W. Cusick, William Ralston, W. H. Coltra, Wm. Vance and W. B. Barr. Hon. J. K. Weatherford, and J. E. Wyatt appeared for the city and Judge J. J. Whitney for the defense. The jury returned a verdict of guilty and a default of \$25 fine. The defendant went to jail for 30 days.

Shot Him Dead.

MILFORD, Conn., Sept. 12.—John J. Waters, aged 45, was shot dead by George Knowles, aged 21, last night at Laneville, three miles south of here. Jay Knowles and Dr. David Knowles each claim the ownership of a house left by their father. David locked up the premises and placed his wife and son George on guard therein. Later Knowles called with a party of neighbors and started to break in the door. George fired, killing Waters, who was in the party. Dr. David Knowles and his wife, and George Knowles have been arrested. Waters leaves a widow and six children.

Prompt Payment. ALBANY, Or., Sept. 5, 1890. About 4 p. m. on Monday of this week my house in Benton county, one mile from this city, was destroyed by fire. The household goods were in our home in the Oakland Home Insurance Company, of Oakland, Cal. Today, after a careful investigation the company's adjuster, Mr. M. H. Merrill a gentleman of whom the company may rest justly proud for his thoroughness and skill in business, settled the loss sustained by his company, to my entire satisfaction. I make this statement without any solicitation whatever. J. F. WINTING.

A BIG RIVER.

The Rio Grande Higher Than For Ten Years. ST. LOUIS, Mo., Sept. 11.—Dispatches from Texas say that the Rio Grande is on rampage. At Eagle Pass it is higher than for ten years. All the lower parts of the city, which is densely populated by Mexicans, is six feet under water and much property is swept away, but no lives are lost. All communication with Mexico is broken. The track of the Mexican International railway is washed out and in suspension.

House Destroyed.

BROOKS, Sept. 12.—Yesterday afternoon a fire destroyed the house and contents of J. P. Rollings, four miles north of town. Last night six men, two horses and all the machinery and wagons burned, caught from the smoldering ruins of the house. Loss, \$2,000; insurance, \$300.

Valuable Property Acquired.

LOS ANGELES, Sept. 12.—Papers to-day publish a rumor that the Redondo hotel, city property, railroad and wharf have been sold to the Southern Pacific.

Weather Indications.

SAN FRANCISCO, Sept. 12.—For Oregon: Fair weather, variable winds, stationary temperature in the western portion; warmer in the eastern portion. For Washington: Fair weather, varying from west to east, clear at Fort Canby, stationary temperature at Olympia, and warmer in the eastern portion.
