A BLOW TO THE KNIGHTS.

Vice-President Webb Directs One of Powderly's Organizations. NEW YORK, Oct. 2.—A circular has been issued by Vice-President Webb, of the New York Central, in which it is stated the company objects to its employees being Knights of Labor.

A Serious Accident.

Mrs. C. Jesse, formerly Miss Nettie Curl, of Prineville, Crook county, met with an accident that may cripple her for life, says the News. She, with her baby, was on a load of hay with her husband and in driving through a gateway the rack caught slightly on one of the side posts, which frightened the horses and they proceeded to run away.

Kaun Investigation.

WASHINGTON, Oct. 2.—Judge Sawyer, on behalf of the majority of the Kaun committee, stated to-night to the Associated Press reporter that he learned with surprise that the minority report has been given out. It was well understood by the committee that the evidence was not all in and the investigation not yet closed.

Nearly Correct.

The following in the Oregonian evidently refers to Blowout lake, on the North Santiam, formed some years ago by a landslide. Blowout mountain, in the Cascades above Breitenbush, is unmistakably one of the wonders of the Cascades, consisting of about 800 acres of granite rock piled up in every conceivable shape.

Another Suicide.

COLLINGWOOD, Cal., Oct. 2.—Yesterday Geo. Frunkell 70 years old, committed suicide near Shingletown in Shasta county, by shooting himself through the heart with a shot gun. Two weeks ago he was married to a lady 50 years old, who came here from Kansas to see him, and to whom he was engaged 30 years ago.

Raisins and Dried Fruit.

FRESNO, Oct. 2.—Another solid train of raisins and dried fruit left here to-day for eastern points. This is the second trainload within four days. To-day's train numbered twenty-two cars. So far it has been impossible to estimate the loss to vineyardists caused by the late rains. If the present weather continues the loss will be slight.

Grape Seriously Threatened.

SAN FRANCISCO, Oct. 2.—The State Viticultural bureau reported to-day that great anxiety was felt in various parts of the state on account of recent heavy rains. At Livermore there are over 1200 tons of grapes on the ground, valued at \$15,000, and unless the weather changes for the better they will all have to go. In other districts there is said to be less sugar in grapes now than there was four weeks ago.

RAPID JUDICIAL BUSINESS.

W. J. Lee Was Brought Here Today and Will Go to Salem.

PORTLAND, Oct. 2.—W. J. Lee was brought to this city this morning from San Francisco, where he was arrested a few days since by Deputy United States Marshal Maloney, on a charge of taking from the Ashland postoffice on the 6th of July a letter containing a pension draft of \$12, addressed to Jonas Lee. The prisoner called for the letter, and it was given him. He indorsed the draft in his own name, and after getting drunk, left for California, where he was located by Special Agent of the Postal Department Terrill. He admitted the crime, but said he thought the draft was for him. However, he concluded to face the music, and this afternoon was arraigned before Judge Deady, and entering a plea of guilty, was sentenced to one year in the penitentiary at Salem, whither he will be taken to-night. Pretty quick work.

Arizona Affairs.

WASHINGTON, Oct. 2.—The affairs of the territory of Arizona during the fiscal year just closed, are detailed in the report made to the Secretary of the Interior by N. C. Murphy, acting governor. He states that he is unofficially informed that the recent census shows a population in the territory of 57,000, exclusive of Indians and military reserves, and with those who live on reservations (not Indians) the population of the territory probably will exceed 60,000. The mining industry, the report states, is in a more healthy condition than ever, but the greatest attention is being paid to agriculture owing to the productive nature of the lands and owing to the restrictive legislation in Idaho, and the probability of a similar action in Utah, the acting governor thinks the immigration of Mormons to Arizona will increase. A large number of Mormons are now in the territory and are estimated at one-fifth of its population. The reports state that unless restrictive measures are adopted the territory will become mormonized to such an extent as to seriously disturb society, or affairs of the government and prejudice the territory's chances for statehood. He therefore recommends that Arizona be granted some protection to Arizona as is enjoyed by Idaho, and that also the oath be made applicable to Arizona.

BOLD ROBBERS.

Masked Men Plunder the Safe of an Express Car.

STRAW WRAPPING PAPER.

Emigrant Girls Who Are Willing to Become the Slaves of Mormons—The President's Nominations.

TIFFIN, Ohio, Oct. 2.—A bold express robbery was committed on the Cincinnati, Sandusky & Cleveland railway, south of here this morning. The Adams express messenger was held up by masked men, armed with revolvers, and the safe ransacked.

Immediately after the train left Urbana, two masked men with cocked revolvers entered the express car and compelled the Adams express messenger, A. L. Scudder, to throw up his hands. They tied him securely, and robbed the safe of packages containing several thousand dollars and other valuables. While at work, a brakeman attempted to enter the car and was shot at by one of the robbers. He gave the alarm and the train slowed up to give an opportunity to capture the robbers, but they jumped from the train just as it was entering West Liberty, and disappeared in the darkness.

Messenger Scudder was bound in his chair. One of the robbers tried to kill Scudder before leaving the car. Placing a revolver at his head he pulled the trigger, but the cartridge failed to explode. The other robber then prevented him from trying again.

When the train pulled out of West Liberty, the two scoundrels again got aboard, holding the entire crew at bay. Scudder, who has been released, opened fire on them with a pistol from his car floor, but was compelled to retreat. The robbers kept on board until Bellefontaine was reached, and when they again jumped off and disappeared. Officers at Bellefontaine are searching for them.

MICHELL IS A BAD MAN.

He Committed Murder at Cathlamet Nine Years Ago.

PORTLAND, Oct. 2.—Sheriff Smith, of Astoria, came up from that city this morning with a subpoena for Nellie Michell, who is wanted as a witness in the examination of her father, Charles Michell, who killed William Johnson at Astoria yesterday. Nellie's personal record is not the brightest, according to the facts elicited at the inquest.

Johnson, the deceased, bore an excellent reputation. He worked at fishing and also had a position at the petty as a laborer.

Charles Michell bears the reputation of being a bad man. He got into a quarrel with a man in 1881 at Cathlamet and shot him in the back, killing him instantly. From this he escaped hanging on the plea of self defense. About five years ago he had some trouble with a man named Williams, and while trying to shoot him, was shot in the face. He is a bartender, and is about 45 years old.

Straw Wrapping Paper.

CHICAGO, Oct. 2.—Western straw wrapping paper manufacturers will hold a secret meeting at the Sherman House last evening. Seventy-two mills, with a total daily output of 300 tons, were represented. It is proposed to select two "Sales Agents," whose duty it shall be to enquire into the state of the market and keep the mill owners supplied with information. President Castle denied that a trust was about to be formed.

"We simply want to induce the expense of producing wrapping paper, which now costs \$1 10 per 100 pounds," said H. J. Halladay and H. G. Meade were appointed "Sales Agents."

GIRLS FOR THE MORMONS.

They Were Induced to Come Under False Pretenses.

NEW YORK, Oct. 2.—The steamer Wyoming arrived to-day from Liverpool with 175 Mormons on the way to Utah, under the charge of Mormon elders. They were to be landed Thursday, but Superintendent Weber sent some inspectors with an interpreter on board to talk with the convert and ascertain whether any of them had any charges to make that would warrant an investigation at the large office. It has been reported that some of the girls in the party complained that they had been induced to embrace Mormonism and come to America under false pretenses.

NEW YORK, Oct. 2.—The authorities at the large office this morning used an immense amount of moral suasion on 32 young Mormons that arrived yesterday on the steamer Wyoming to induce them to forego their intention of becoming proselytes to the Mormon faith.

The girls were separated from the other passengers as they landed, and placed in a room by themselves. Three female missionaries from Emigrant Girls' Home went among them and tried to convince them of the folly of the course they proposed to follow.

NUMBER OF APPOINTMENTS.

President Harrison Has Used Discretion and Wisdom.

WASHINGTON, Oct. 2.—In the ten months of the session that closed yesterday President Harrison sent to the senate 3837 nominations, of which all but twelve were confirmed. As many of these contained the names of more than one person they represented probably 4500 appointments. Several hundred of them were postmaster offices which have become presidential through the growth of business. They also include appointments in connection with the census, nearly all of which are temporary. In the first session of the 40th congress, which lasted eight months, President Cleveland sent to the senate 2565 nominations. Among the nominations which failed of confirmation is Alonzo L. Richardson, marshal of Idaho.

Prisoner Escaped.

PORT TOWNSEND, Oct. 2.—James Daly, who was under sentence for three years in the State Penitentiary, escaped from jail here last night, and the sheriff has offered a reward of fifty dollars for his capture. Officers are in pursuit.

Captain Geo. Detamore, of the steamer Cosmopolis picked up the sloop Augusta, near Port Angeles last night. Peter Jensen, sailor, was found clinging to the craft, which was capsized. Olof Anderson, the owner of the sloop, was drowned.

The revenue cutter Corwin arrived from Alaskan waters this morning with the geological survey party, in charge of Professors Russell and Kerr, aboard.

Railroad Prospects.

Olympia people are in a high state of glee over the activity of railroad operations in their vicinity. The Northern Pacific has its right of way along the bay into the center of the town piled and has already begun to fill in. The Union Pacific is no less active, and the Oregon Improvement is a good third. It is expected that Olympia will take a big stride forward as the roads are actually in the city, and predictions are freely made that the oldest town in the state will have the latest and largest boom.

Very Prolific.

Four years ago, says the St. John's Leader, Miss Lela Woodard, living on Elkhorn creek, sowed the seed from one head of barley. She harvested the crop with a pair of shears and sowed the amount received the next year, again harvested it with her shears. The third crop her father cut with a grass scythe, getting enough barley from this crop to sow forty acres last spring, which averaged forty bushels to the acre when three-hed, making a total yield of 1600 bushels from one head of barley in four years.

Suit for False Imprisonment.

BUFFALO, Oct. 2.—Police Superintendent Morin was served with an order of arrest to-day in a civil action brought by Mrs. Edith Sessions Tupper for \$20,000 damages. The action is brought on account of the arrest of complainant in Toronto, Ont., on July 19 last on Superintendent Morin's order, by which she was strictly held in the police building of that city on suspicion of being the woman who was wanted here for larceny. Mr. Morin gave \$2500 bonds for his appearance.

Suicide Attempted With An Ax.

BANSTON, Tenn., Oct. 2.—Captain W. D. Haynes, president of the Bristol, Elizabethton & North Carolina railroad, attempted suicide in this city this afternoon. He used an ax, and inflicted several wounds, but will probably recover. Ill-health is thought to be the cause of the attempt on his life.
