Kenton has just received some extra fine California honey that cannot be had at any other place. For a fine silk umbrella with a gold or silver handle call on French, (the corner jewelry store). Floor matting of the very best quality and at reasonable rates can be found at Fortmiller & Irving's. Fortmiller & Irving are carrying an immense stock of wall paper and supplying a large demand in that line. McKnight Bros. will sell on their farm near Tallman, on the 1st of November, a fine lot of horses. Rev. Shorey, of Portland, will preach in the Congregational church next Sunday, morning and evening. Cheese, when it is good, forms one of the best and most nutritious articles of diet. F. L. Kenton has some that is extra good. Go and get reserve seats for the wonderful exhibition at the opera house on Monday and Tuesday evenings. No extra charge. Some of the latest styles of elegant bed lounges can be seen at Fortmiller & Irving's, as they have just received a large invoice. It is not surprising that Matthews & Washburn sell the most stoves from the fact that they carry the line of goods at prices that convince even the skeptical. Messrs. Will & Stark have just received a new line of beautiful silverware, solid gold watches, rings and jewelry of all kinds. Call and see their fine selections. One of the neatest displays of pipes in the city can be seen at Julius Joseph's cigar store. The electric lights are so arranged as to make a beautiful effect. Jerry Schooling, of Prineville, arrived in the city yesterday, having come over by the McKenzie route, to lay in a supply of goods for the winter. One of the grandest events of the season is the coming piano recital of Miss Neally Stevens, using an artist's grand piano. Reserved seats at a unit price at Will & Link's music store. Buy your tickets to the East of C. G. Rawlings at Union ticket office on Broadway street as he is the only one that can sell you through tickets with order for seat in upholstered reclining chair car without extra charge. Dr. Maston, as listed by Dr. W. H. Davis, performed a very delicate and successful operation on the little six months old son of Harvey Shelton yesterday, by removing the deformity of a fat hump. It is believed that it will be a complete success and will be very gratifying to the friends of the child. Miss Lillie Robertson, who is attending the Mount Zion college in Illinois, has been elected by the Althman society of that college as prize essayist for the term. This is a deserved compliment to a talented Albany young lady, and is all the more flattering to Miss Robertson's ability, considering that she was almost an entire stranger and so far away from home. Albany students make excellent records, no matter where they go. Miss Neally Stevens is today one of the best American pianists and the piano forte she will use on the 30th of October is from the factory of H. F. Miller & Sons, of Boston. These pianos have been used nine years in succession by the National Music Teachers Association, and have received the highest honors to be obtained. Be sure and hear this artist and artist's grand piano. Reserved seats at Will & Link's music store.

THE QUESTION OF PAVEMENT.

It is One Which Concerns the People of Albany—What Kind to Use?

The question of paving the principal business streets of the city is one that will continue to confront the people of Albany until it is settled by a change from muddy streets to a more metropolitan condition of things in some kind of pavement. Last winter many property owners on First street talked seriously of paving, and the question was considerably discussed and favorably considered. Within a month or two, when the sun and yellow leaf had disappeared, and the street commiseration began the annual work of scraping up the mud in long windows along the street to be carted off there will be ample reasons for considering the matter again, which must sooner or later be settled in the affirmative. In view of the fact that many progressive Pacific coast towns are in transition from mud streets to improved ones, a recent writer, W. B. Chase, who has given the question much attention, has published some valuable information as to the best kinds of pavements. After comparing the value of macadam, stone, wood, brick and asphalt pavements, Mr. Chase recommends the asphalt as the best for this coast. There is nothing plebeian about this pavement. It is the elite, but doesn't quite fill the bill for heavy traffic. Rock asphalt is widely used in Europe. It was discovered in Switzerland, about 170 years ago, finding it was used for road metal about 1830, from Switzerland it extended to France and then to England. It is now used all over Europe, more or less. In America much ingenuity was wasted trying to make an asphalt out of tar. None of the various experiments were successful. At last Edward J. D'Sneid, a chemist, tried the natural bitumen of the asphalt lake in Trinidad, and succeeded in making a good artificial asphalt. The bitumen was mixed with refined product of petroleum, refined and a little powdered limestone. It made a fine pavement, not quite so slippery as the natural asphalt. It is mixture now used in Washington and other Eastern cities. Nature has favored us on this coast with an abundant supply of bituminous rock required for this purpose. Concluding Mr. Chase adds: What ever pavement you build, build a good one of its kind. For the heaviest city traffic, use stone blocks of basalt granite or trap; for a modern traffic, use brick or asphalt; for parks and drives, macadam. For city streets, gravel is better than nothing—use it for country roads. Western cities ought to pay more attention to maintenance for the life of a good pavement, is often shortened by half, for the want of the work in time. A curbs to grade streets is the necessity of leaving them up to connect sewer pipes, etc. The only way I think of now to prevent that, is to lay the sewer, water pipes, etc. near enough to the curbs, to be topped by tunneling, money from the sidewalk. Then make the outer three feet of the sidewalk cover movable. When our city treasuries are full of gold, we will build sidewalks in the streets large enough to contain sewers, water mains, gas pipes, etc. so arranged that the pavement need not be ripped up every time a connection is to be made with the sewer main or other pipes.

THE MINING BUSINESS.

The Prospects Grow Brighter as the Development Increases.

A letter from the Albany Mining and Milling Co.'s man at the San Juan mining district, says that the latest work has brought out ore that is marvellously rich and is the best of any that has yet been found. Their new stamp mill, which has been placed in position, is now ready for work and will be started up on Monday. It is expected that the first run will bring out results that will be truly marvellous, and that is no reason why that should not be the case, for every indication points in that direction.

The Oregonian Line.

The seventy-five box cars which Mr. Huntington has ordered for the East-side division of the Oregonian line, have been ordered to arrive. Other rolling stock is on the way. Four engines are ready at Sacramento, and will come up as soon as the road is ready for them. A large force of carpenters are employed in preparing the ties for the new line, and as soon as the ties are ready the grading will be widened. This is expected to be done now inside of thirty days. The great trouble at present is to get lumber for the ties and carpenters to work on them.

The Modern Miracle.

This entertainment, which occupies the opera house on Monday and Tuesday evenings next, promises well beyond expectation. Of one of its leading performers we clip the following: Master Eddie, the boy prodigy, is only six years old, and there is still a trace of the Bishop of Babylon in his talk, and yet he performs the feats for which Kellar himself is famous with a dexterity and ease surpassing in every way. He is very bright and interesting as well, and presents a most appearance in his dress suit with knee breeches and big buckled shoes. The little folks are especially delighted with his tricks.—Philadelphia Press.

Twenty-five Dollars Reward.

I will pay a reward of \$25 for the arrest and conviction of the party who burglarized my house on the night of Oct. 18, 1890. MARY BAUMGART.

GOOD PURE WATER.

The Only Perfect Way of Purifying Water is by the Pasteur Filter.

The most essential article to promote good health is good, pure water. It is well known fact, of course, that no water, in its natural state, can be absolutely pure, but in cities it is impossible to get the natural water that is even relatively pure. The only recourse then is to use artificial means to purify the water. A filter is the best and only economical means of accomplishing this end. There is no question upon this point whatever, and our enterprising scientists, Messrs. Smith & Sanders, deserve great credit for taking up the famous Pasteur filter, which is acknowledged to be the best in the world. Its use gives absolute purity of water. Evangelical Church Re-opening. There will be a re-opening service at the Evangelical church on Monday evening October 20, Rev. S. P. Spring, editor of the Evangelical Messenger, of Cleveland, O., will be present and preach the re-opening sermon. A cordial invitation is extended to the pastors and members of the various churches in the city and all our citizens who wish to attend. Services to begin at 8 o'clock. I. E. FISHER, Pastor. Opening of the Fireman's. Williams Bros., having removed their office across the street, into the building formerly occupied by Eckman & Van Winkle as a cigar store, will give a grand opening this evening. A nice lunch will be served. The rooms have been refitted and they now have one of the most places of the kind in the city. Less Mortgages. Effingham can obtain without much fear of contradiction, the honor of being less encumbered with mortgages than any other county in the state, if not on the coast, there being less than 400 mortgages recorded in the county clerk's office during the past ten years.—Astoria Pioneer.

Butcher Shop.

The undersigned having purchased the butcher business of Wm. Emmerick opposite the Russ house, would solicit a share of the public patronage. I will keep on hand the best of fresh beef, pork, mutton, veal and everything in the butcher shop line. Bacon on hand and sausage as soon as a machine ordered arrives. Old patrons please call. J. J. DRENNINGER, Albany, Oct. 1, 1890.

Horse Lost.

Strayed away from the place of the subscriber on section 19 in Sweet Home in Linn county Oregon, one black mare, three years old, a mark on the left shoulder consisting of two round spots like a pair of spectacles, the right hind foot and the left front foot white. Has a halter on when she left. Leave word at this office or address the undersigned. C. RABDATZ, Sweet Home Or.

German Services.

On Sunday October 19, at two o'clock p. m., the German Lutheran church of Albany and vicinity will hold services at the First Presbyterian church. Rev. GUST E. MEYER.

Five Years.

At the monthly meeting of the Albany Building and Loan Association last evening a loan of \$1000 was made to K. K. O'Brien on five years' interest in advance.

LOOK OUT FOR IT.

Fall, Winter and Holiday Goods Galore Without Number.

Mr. Julius Gradwohl, the energetic and enterprising proprietor of the Golden Rule Bazaar in this city, whose store, the largest and best selected stock of crockery, glass and other wares for domestic use, in the valley, has been in San Francisco several months and is continuing business with pleasure. He is preparing to replenish and enlarge his stock, and will soon have his shelves, counters and every available space about his establishment as full as it can hold of the choicest and most varied stock of goods ever seen on this coast, including a mammoth display of Holiday goods. It will be well enough to keep an eye on Gradwohl's store for there will be fine chances for bargains there, and a superior stock of goods to select from. The Pacific Coast Godfish Trade. The Columbian says: Last Friday the Jane A. Falkenberg arrived from the Ochotek sea with 140,000 codfish, being the ninth arrival for the present season, and bringing up the total receipts to \$667,500 fish. There are yet four vessels to arrive. The catch already is somewhat heavier than that for last year all told, and the catches of the vessels yet to come there will be a very considerable increase over the aggregate of receipts of the previous season. One of the largest fishing companies has a station at the north end of one of their vessels has made three trips up and back this season and brought down 342,000. She left San Francisco on the last instant for the station, and is expected to bring down a full cargo. Will Reach Tacoma. Chief Engineer Bogue, of the Union Pacific, said Wednesday that the Union Pacific will be running trains into Tacoma early next fall and into Seattle the following spring. He says the non-passage of the reservation right-of-way has not so far delayed work. If the Union Pacific cannot get through the reservation with the permission of congress, Bogue says it will try to get into Tacoma with the permission of some other parties. Y. M. C. A. Lecture. At a meeting of the Y. M. C. A., held last evening Bishop H. J. Becker was engaged to deliver a lecture in this city next Friday for the benefit of the association. The subject of the lecture will be "Five Hundred Miles Through the Holy Land on Horseback," and the speaker will be in oriental costume. The best local talent in the city will contribute to the success of the entertainment. Price of admission will be 25 cents. Insurance That Insures. Mr. A. F. Waring, of Winlock, Washington, has been paid \$111.43 by the insurance company on account of injuries received by a fall, while insured in The Travelers of Hartford, by a two days accident ticket purchased at Albany Oregon at a cost of fifty cents. The First Child Born in Albany. Considerable comment has been elicited lately over who was the first child born in the city of Albany, and several individuals have been put forward as the ones to whom the honor was due. Mr. Louis Cox tells us that the honor belongs to his sister, Melissa Cox, daughter of Anderson Cox, who was born on the old Cox homestead in March 1847. She married Hon. T. J. Smith and lived to be 42 years old. State Convention. The Young People's Societies of Christian Endeavor will hold their annual convention at Salem, Or. The opening session will be at 7:30 o'clock p. m., October 21, 1890, continuing through the 23d. All societies not receiving blanks for delegates, please write for the same to the corresponding secretary, Miss Laura C. Preston, No. 367 Thirteenth street, Portland, Or. It is earnestly desired that all Endeavor societies be represented. Before the delegates had secured over the Southern Pacific lines. A WONDERFUL ARRAY. DRS. DARRIN ARRIVED.

They are at the Revere House in This City and Will Remain From October 12 to 19.

These far-famed physicians, who have achieved a great reputation throughout the Northwest, have prevailed upon by parties in this vicinity to visit Albany. One of the doctors will open offices at the Revere house for one week only, from October 12 to 19, the opportunity should not be lost to consult this famous physician. He comes highly recommended and laden with testimonials from throughout the state and the authenticated reports of the cures seem nothing short of miraculous. His office consultation is free, so that should there be any cases that are incurable he will immediately discover them, thus saving their patrons any further expenditure of money and time, which they might otherwise squander. Unlike other physicians who have become eminent in their profession, the doctors' charges are extremely moderate, and they will not undertake any cases that they cannot cure or benefit. Dr. Darrin make a specialty of diseases of the Eye, Ear, Nose and Throat, and all nervous, chronic and private diseases, such as Loss of Manhood, Blood Taints, Syphilis, Gleet, Gonorrhoea, Stricture, Spermatorrhoea, Seminal Weakness, or Loss of Desire of Sexual Power in man or woman.
