### BLAINE OR ALGER.

Either Would Win at the Head of the Ticket in 1892.

### OPINION OF A REPUBLICAN.

The Recent Election Will Postpone the Chances of Reed or McKinley for President.

CHICAGO, Nov. 10.—Hon. John M. Thurston, of Omaha, president of the republican league clubs of the United States, in an interview here today on the recent election said, referring to the influence of the McKinley bill upon the result: "The natural tendency of prices was upward, among which can be named boots and shoes, iron, lumber and other commodities, although the tax was reduced upon these and other things. We struck a rising market with the passage of the McKinley bill, and all this was laid to it."

Judge Thurston thinks Nebraska and every western state will go republican in 1892. "I think," said he, "there will be a revival of statism in the republican party, such as will make a great republican year. Republican workers all over the country did not take an active part in this campaign. They left as though their services to the republican party had been undervalued. But in '92 these persons will be at work in support of some candidate; who will arouse enthusiasm, and these very men will lead to victory as heretofore."

The result of the recent election has not put an end to the presidential chances of either Wm. McKinley or Thos. B. Reed, but it has probably postponed their date. Blaine or Alger would be winners at the head of the ticket in '92.

### SIX MEN DROWNED.

Small Boat Wrecked by a Whale and the Occupants Killed.

SAN FRANCISCO, Nov. 10.—The loss of six men from the whaler, Charles W. Morgan which arrived Saturday from Okhotsk sea, has just been made public. The men left the vessel in a small boat September 1st in pursuit of a whale. The whale was successfully harpooned and started off at a rapid rate towing after him the boat, which contained second mate, H. A. Martin and five seamen. Another boat was launched, but the party failed to catch up with the first one, and fog setting in they returned to the vessel. Nothing was ever found of the boat containing second mate and five men, and it is believed the whale smashed the boat, killing the occupants.

Whaler Norwalk, from Fox Island reports six men washed from the decks during a gale, but men were fortunately thrown back alive by the return wave.

### Damage Case Decided.

WALLA WALLA, Nov. 10.—Judge Hanford, in the United States district court today, rendered a decision in the case of Bessie Isaacs against John McNeill and others, in favor of the defendants. This was an action against the inspectors of an election precinct to recover damages for depriving the plaintiff of the right which she claims, of voting at the general election in the territory of Washington Oct. 1, 1889. The court holds that damages cannot be recovered in action against election officers.

### Mayor of London Installed.

LONDON, Nov. 10.—Joseph Savory was today installed Lord Mayor of London, with all the pomp that has for years attended the ceremony. This evening he gave the customary banquet to the ministry. Lord Salisbury, referring to America said that the McKinley tariff law would certainly effect some portions of British commerce and that free traders would rejoice over the recent electoral victories in the United States.

SALEM, Nov. 10.—Governor Penoyer today issued his proclamation, naming Thursday, November 27, as a day of thanksgiving.

### CUBA RISES IN REVOLT.

Her Internal Condition Almost Equal to That of Russia.

CHICAGO, Nov. 10.—Cuba is ripe for revolt. It is upon the authority of one of the island's inhabitants, J. A. Gonzalez, who is a guest at one of the hotels here, that the statement is made. Could we have the assurance that the United States would not indirectly assist us, we would rise en masse to-morrow and throw off the grasp which Spain has upon the island. Why is this? Because of the misgovernment to which we are subjected. In America, talk of the tyranny of the czar and the terrors of Siberia. Why do you not direct your attention nearer home, to Cuba, where the situation is not a whit better nor the liberty of the people less precarious than in Russia? Could you go to Cuba you would see and hear of men arrested on the street or in their homes without warrant thrust in prison and kept there six months or a year without so much as knowing for what they are arrested, to say nothing of a trial. And they are shot, too, with just a little ceremony. And yet you ask why are we ready for a revolt. If that came were not enough our business is going to ruin. Plantations are not raising half their former crops, and it would be difficult for you to find, in the entire island, a Cuban in comfortable circumstances. This is due to the grinding taxation that Spain puts upon us.

### WRECK OF A LOG TRAIN.

The Logs Were Scattered Here and There.

SEATTLE, Nov. 10.—A big wreck of log cars occurred at 3 o'clock this afternoon near Gilman on the eastern branch of the Seattle, Lake Shore & Eastern. Coming over a steep grade with eight trucks piled high with logs the engineer lost control of the engine. The whole train sped on a rampage down the grade. Engineer Sargent and the fireman, with Conductor Oliver, were hurled to the ground with great force, but escaped serious injury. The cars all jumped the track and the logs were piled in a confused heap. The engine stayed on the rails, and after running a short distance stopped of itself.

### IS HE SHAMMING?

A Pennsylvania Minister Who Preaches While Asleep.

HUNTINGTON, Pa., Nov. 10.—The Rev. John Kaughman, "The Sleeping Preacher," of Elkhart, Ind. preached to a congregation at Allensville, this county, Friday night. On going into the church, he removed his shoes and coat, and later on relieved himself of his vest. Before beginning he lay down on a rough bench on the platform, during which he seemed to be in a comatose state, he rose to his feet and began a discourse which lasted for four hours. At the end of the first hour he called for water, which he drank helplessly, using his sleeves for a handkerchief. At the end of four hours and ten minutes, he fell down exhausted, although apparently not having finished his sermon, and lay unconscious for three-quarters of an hour. During the sermon he preached in English, German and Pennsylvania German. He is 80 years of age, and has invariably for the past ten years preached while asleep. Many of the Amish people here believe he is shamming. Hundreds of people were turned from the doors.

### MAJOR OF SEATTLE HELD UP.

Two Ugly Revolvers Were Thrust Into His Face.

SEATTLE, Nov. 10.—Mayor Harry White, of Seattle, was held up by footpads last night, while going up Yalder avenue towards his home. When he reached Ninth street two footpads crept up behind him and said, "Hold up your hands and back up to that lamp." Two ugly-looking revolvers were thrust into his face. He backed up to the light. The two footpads yelled forward to ride his pockets, etc. Just then one of the robbers recognized his victim, and stopped astonished. Hearing footstep approaching from another direction both turned and ran, leaving the mayor standing on his heels with his hands pointing heavenward.

### Probably Fatal Accident.

PORTLAND, Nov. 10.—This morning two men, whose names could not be learned, were coming from Woodstock on a wood car. As the car was about running down a gentle decline it jumped the track and the men were hurled a considerable distance. One of the unfortunate sustained injuries that will cost him his life, while the other is not so badly hurt.

CHICAGO, Nov. 10.—The city council tonight prepared an ordinance for the issuance of \$2,000,000 in world's fair bonds to be voted on Tuesday by the people of Chicago. They are four per cent, payable thirty years after date of issue. The ordinance was referred to the finance committee.

### Republican Victories.

ST. PAUL, Nov. 10.—A dispatch from Huron, S. D., says the republicans have a majority on joint ballot in the legislature. Governor Miller's vote will exceed that of Leach, 10,790, and that of Taylor, dem, by 12,000.

### A TERRIBLE MURDER.

A Man Seventy Years of Age Killed With a Hatchet

### THE ASSASSIN AT LARGE.

An Aged Minister Delivers a Discourse While in a Trance—A Daring Young Girl.

MERCED, Cal., Nov. 10.—A horrible murder was committed last night near Merced Falls, a small village on Merced river, about twenty miles from this city. John L. Ivett, seventy years of age, and worth half a million dollars and without an enemy, was the victim. Ivett lived at his ranch near Merced Falls with his wife, a young girl of twenty, to whom he had been married about two years. He had two houses, one occupied by his ranchmen and the other in which he lived himself. The latter house was about 200 yards from the other. It was Ivett's practice to retire early, and last evening he left the lower house, saying he would go home and write to his wife, who has been in San Francisco for some time. He was not seen again until this morning, when the ranchmen found his body at the head of the stairs leading to the wine cellar. It is conjectured that after going home he lit a lamp and commenced to write a letter to his wife, as an unfinished page was found on his desk. It is supposed that the murderer rode up to the house at this time, tied his horse outside, and entering the room where Ivett was, and engaged in conversation with him. Ivett, who was a very hospitable old man, doubtless invited the man to go to the wine cellar with him. It is supposed that as they came up from the wine cellar together, Ivett stopped to close the cellar door when the other man struck him two murderous blows with a hatchet. It is thought robbery could not have been the motive for the crime, as no valuables in the house or on the body were disturbed.

"Say, pa, if Solomon was the wisest man that ever lived how did he ever come to get in such a fix—you can't live peaceably with one?"

### A BIG RECEPTION.

Given O'Connor, O'Brien, Dillon and Sullivan in New York.

NEW YORK, Nov. 10.—The Metropolitan opera house was packed to-night, it being the occasion of a reception given the Irish delegates O'Connor, O'Brien, Dillon, Sullivan, Harrington and Gilly by the Irish societies of New York. The opera house was decorated simply with Irish and American flags. Many prominent gentlemen were present. The audience was intensely enthusiastic, cheering alternately for the delegates and Parrell and hissing for Balfour. Among the list of vice-presidents were these names: Grover Cleveland, Levi P. Morton, Chas. A. Dana, W. M. Everts, G. N. Sherman, C. M. Depew, Gov. Abbot, of New Jersey, Gov. Hill, of New York, Carl Schurz, Joseph J. O'Donohue, Eugene Kelly and Richard O. Gorman. Gov. Hill introduced the delegates to the audience in a speech, saying they represented a cause which calls for the sympathy of the American people. It has been said, he added, that the public influence of this country ought not to be expended with such active interest in Irish affairs. He was sure this was but the sentiment of a few. The total subscriptions amounted to \$37,000.

President Adams on the Condition of the Union Pacific.

### PORTLAND AND PUGET SOUND.

Republican Victory in South Dakota—Professor Koch Has Curious Cases of Consumption.

BOSTON, Nov. 13.—President Adams, of the Union Pacific, says: "There is no foundation for the report that the Union Pacific North-western Alliance will be broken at least not while I am president." "The Union Pacific, he says, has no floating debt to cause any trouble. ### NEWS FROM MEXICO.

Trouble Between an American and a Police Officer.

CITY OF MEXICO, Nov. 10.—A policeman attempted to take Edward Boulogny, of New Orleans, to police headquarters last night, but the latter refused, and the policeman opened fire on him in Boulogny's office, which is a branch of Boulogny & Co., of Philadelphia. Boulogny returned the fire, and his book-keeper, who stood between him and the policeman, was fatally shot in the stomach. It is the general opinion here that Boulogny was in the right, but he was nevertheless arrested. The trouble grew out of the payment of wages in Boulogny's printing office. The affair has caused a great sensation, as Boulogny is the largest printer here. His partner in Philadelphia has been advised by wire, and will come here to take charge of the business.

### Will Not Resign.

SPRINGFIELD, Ill., Nov. 10.—Robert T. Lincoln, minister to England, referred to the report that he was to resign his post as minister to England, with evident annoyance. "You may say," said he, "that there is nothing whatever in the report. I am simply here on leave, and at the end of two months shall return abroad to attend to my duties. How such report got in circulation is beyond my comprehension." Mr. Lincoln has gone to Washington to attend to matters connected with his mission.

### ATTEMPTED ROBBERY.

The Old Star Brewery on First Street on Fire.

Early this morning an attempt was made by some unknown person to burn the old Star brewery on the corner of First and Baker street, in this city.

Policeman McClain was standing on Second street, on the block south of the brewery, when his attention was attracted by a sound like that of a gate opening, and he espied the form of a man disappearing over the fence, immediately back of the brewery. McClain ran down to First street, when he discovered a fire under the corner of the building. The fire had just been started, being made of wood and paper saturated with kerosene, and was soon extinguished. The man was not seen again.

But for the prompt action of the police this might have proved a serious affair, as the chances are that the entire block would have been destroyed had the fire gained any headway.

### AMONG THE POULTRY.

Care with poultry does not imply that they should be pampered. Two thirds lard and one third oat will kill the large body lice.

Food can be wasted by giving too little as well as by giving too much.

Always begin with a good breed, whether with eggs or with fowls.

If a fowl becomes sick separate it from the others and doctor it, as the disease may be contagious.

Grinding the food is not necessary, unless to mix with other material. The fowls can do the grinding.

### A Demurrer.

Judge Snuffy—Erasmus Light-foot, you are charged with chicken stealing. Have you a lawyer?  
Erasmus—No, sah.  
"Do you wish the court to assign you a lawyer?"  
"No, sah; no, sah!"  
"What do you wish to do about it?"  
"Well, judge, if it's all de same to you, I'd jess as leave diamas de case."
