THE INDIAN TROUBLE

Seattle Is To Have a Manufacturing Company.

LADIES COME IN AND WORK.

A Savings Bank Run—Gould Talks More Railroad Plans—In Limbo for Mail Robbery.

OMAHA, Nov. 19.—Gen. Brooks, commander of the department of the Platte, has left for the scene of the expected Indian troubles. General Brooks' command, it is expected, will leave Rushville tonight, and the cavalry are under orders to move from there not later than 11 o'clock to-night, with the aim of reaching Pine Ridge agency at four o'clock Thursday morning. The intention of the commander is to mass as many troops as possible at the same moment in the vicinity of the agency. Agent Ryan, at Pine Ridge, telegraphed the general repeatedly and when the order was issued centering the soldiers in the vicinity of his station, he begged that the information might be withheld from the newspapers. He feared it would reach the savages as soon as it would be settled, and before the troops could prevent it the Indians would massacre every white person found on the reservation. It has later been announced that the Indians at Rosebud have risen en masse and were proceeding to Pine Ridge, the adjoining agency, which is about 50 miles distant. If it should prove to be well founded all the available troops will be ordered immediately to the scene of the trouble. So far as known the troops in the department of Dakota have not yet been called for.

WOMAN'S PLACE.

The Committee On the World's Fair Met in Chicago.

CHICAGO, Nov. 19.—The board of lady managers of the world's fair met here to-day. They were called to order and welcomed to a participation in the work by President Palmer of the national commission. In the course of his remarks he called the attention to the fact that this was the first time in the history of the nation that a woman had been fully recognized by the government in its administration of a great public trust. Mrs. Felton, of Georgia, was elected temporary president.

A number of committees were appointed and the ladies adjourned. Among the names prominently mentioned in connection with the presidency of the board are Mrs. Potter Palmer, Mrs. Gen. Logan, Miss Phoebe Cozins, of St. Louis. The one most prominently mentioned for vice president is Mrs. J. R. Deane of California.

Early in the session of the national commission to-day trouble again developed. Massey of Delaware, referred to a report in a local paper that the executive committee had passed a resolution "to head off the foreign affairs committee from establishing a London bureau," etc. He said the resolution was very distasteful and reflected seriously on the foreign affairs committee, which had not spent a dollar of the money assigned to it.

Governor Walker of Connecticut, a member of foreign affairs introduced a resolution setting forth that it is the sense of the commission that the committee has taken no action justifying the resolution of the executive committee. Commissioner Allen of New York, then moved a resolution requesting the executive committee either to expunge the unfortunate resolution from its proceedings or officially disavow all intent of disrespect to the foreign affairs committee.

After a lengthy talk both resolutions went over. McKenzie and Britton, members of the executive committee, made addresses, regretting that their resolution had been so worded as to give a false impression to their intentions in the matter. No disrespect or aspersion was intended. The report of the foreign affairs committee was then read and laid over.

The committee on buildings and grounds made a report reviewing the site entanglement and recommending the main portion of the fair be located in the Jackson park art gallery, music hall and electrical display on the lake front, and that midway plaisance and Washington park be used for the overflow. This report went over without action.

The classification committee then reported the result of its labors, they having agreed upon the old, Young classification. After a long discussion the report was adopted, fixing the DeYoung classification as the official one for the exposition.

Arrested For Robbing the Mails.

TACOMA, Nov. 19.—United States Marshal Brown to-day received a dispatch from Helena, Montana, asking him to arrest H. Kellogg, telegraph operator now in Blaine, Wash. The dispatch stated that Kellogg was wanted for robbing the U. S. mails. Deputy U. S. marshal at Blaine was notified, and this evening he replied that he had arrested the man wanted.

Tampered With the Mails.

SAN FRANCISCO, Nov. 19.—In the U. S. district court to-day Charles A. Ammerman, who was arrested some weeks ago for opening a letter addressed to a party in this city while acting as box clerk in the postoffice, pleaded guilty to the second count of the indictment which charged him with detaining the delivery of the letter. Judge Hoffman sentenced the prisoner to pay a fine of $500 and serve one years' imprisonment in the Alameda county jail.

In Abject Poverty.

DUBLIN, Nov. 10.—Colonel Turner has just returned from a visit to the district of Skibbereen, which Balfour was prevented by illness from visiting on his recent tour. He gives a very gloomy report of the condition of that district. The inhabitants, he says, are for the most part in a state of abject poverty, especially in Schull, where the greatest destitution prevails.

The Ex-Khedive.

A private telegram from Constantinople to Paris states that it is rumored in that city that an attempt has been made to poison Ismail Pasha, and that it is uncertain whether it has succeeded or not. It may be remembered, says the correspondent of the London Chronicle, that the ex-khedive allowed himself to be tempted by an invitation of the sultan. Once in Constantinople, all idea of ever leaving that city was given up, and Ismail Pasha was rarely if ever to be seen in public. Even old friends calling at his palatial residence was informed that he never received visitors, and the inference was naturally drawn that the former ruler of Egypt was not the master of his own movements. To those who know how fond Ismail Pasha was of European capitals this seclusion is inexplicable. I made inquires at the Turkish embassy at Paris. Nothing, however, was known there, although there was no denial of the fact that Ismail is virtually under lock and key. I am also informed from other very wellinformed sources that Ismail took with him to Constantinople bonds payable to bearer, consisting of Italian rentes, Ville de Paris obligations, credit foncier bonds, and others, amounting to nearly £2,000,000 sterling. The ex-khedive is said of late to have become addicted to morphine, and to have shown signs of mental derangement. Altogether all that I can gather here shows that Ismail has fallen into the hands of his enemies, and that almost any surmise is justified.

Why She Wanted Him To Chew.

Mrs. Jones—You should make your husband quit chewing tobacco. If you ask him to do it I reckon he will do it.

Mrs. Brown—I dare say, but I'm not going to ask him to quit chewing tobacco.

"When your husband kisses you don't the taste of tobacco make you sick?"

"Yes, but I want him to keep on chewing tobacco all the same. He kisses three or four more women, and the tobacco makes them sicker than it does me, for they haven't got used to it yet like I have.—Texas Siftings.

He Shoul Get the Job.

Misquito—Don't strike me! I haven't come to bite you but to ask a favor.

Thespian—What is it?

Misquito—My season is over now, and yours is commencing, and for the sake of old acquaintanceship, if not friendship, don't you think you might give me a job?

Thespian—As a singer in the chorus?

Misquito (waving his leg deprecatingly)—Nothing so lofty! But don't you think I'd be a success as a bill sticker?—Harper's Bazar.

HARVESTER COMBINE

Chicago Capitalists and Harvester Men Form a Company.

CEN. MILES INTERVIEWED.

A Chicago Firm Absconds With Depositors' Money—A Deck Hand Attempts to Smuggle Opium.

CHICAGO, Nov. 19.—There was organized in this city during the past few days one of the largest corporations, in its line, in the world. The charter was filed in Springfield to-day, and the new company will be known as the "American Harvesting Company," for the manufacture of harvesting, with a capital stock of $35,000,000. Among the directors will be Cyrus H. McCormick, William Deering, Walter A. Wood, Lewis Miller, A. L. Conger and A. S. Bushnell. Col. Conger, when questioned by an Associated Press reporter, this evening, said the present demoralized condition of the harvesting business necessitated the formation of a new company. The cost of material has been advancing, so it became necessary, either to raise the price of machinery to farmers, or, through economy, produce and distribute them more cheaply, as it is the purpose of this new organization to do. It is of no less interest to binder manufacturers than to farmers themselves that the latter should obtain binding twine at reasonable prices, and the hope of effecting this object is one of the important reasons for the formation of this company.

THE TURBULENT RED MAN.

Troops Are Combining to Quell the Disturbance.

CHICAGO, Nov. 19.—General Miles was seen by an associated press reporter this evening and asked for the latest information from the Indian troubles. "The same turbulent spirit among the Indians is manifested at Rosebud Pine Ridge and Cheyennes agencies" said he. "There is a more threatening state of affairs at Pine Ridge than any where else, and my latest official reports are that troops have gone to Pine Ridge from Rosebud. General Brooks with three troops of cavalry and five companies of infantry will reach Pine Ridge tomorrow morning. At the same time Lieut. Col. Smith will reach Rosebud with three companies of cavalry and three of infantry. In my opinion these forces will be sufficient to protect the Tetes and public property at the agencies. I have information that night before last "American Horse" had a narrow escape from assassination by the turbulents at Pine Ridge. He is a prominent Sioux and a friend to the United States government." Referring to the dispatch saying it was rumored that an outbreak had taken place at Rosebud agency, the General said he considered the story premature.

"The danger is not over," said he, "however, much the result might be desired." The general added, "disaffected Indians are scattered over several hundred miles of territory and the aggregate in round numbers, six thousand warriors. Troops are scattered over this territory, number about six thousand, and not more than fifteen hundred of this number effective mounted troops.

A BEAUTIFUL SWINDLER.

She Claimed to Be a Russian Princess in Paris.

PARIS, Nov. 19.—One of the most interesting crimes that has for many years occupied the attention of Parisians is just now the topic of general newspaper comment, and gives the lovers of the curious in rascality some entertaining material. A few months ago a strikingly handsome young lady first made her appearance in this city and her marvelous costumes, her dashing equipage and the atmosphere of patrician independence that surrounded her aroused public curiosity and finally public admiration.

Soon she became a familiar figure on the Champs Elysees and the most crowded drive of the Bois. From an object of admiration at a distance she soon grew to be the center of a widening circle of the most fashionable men and most liberal and intelligent women, and made Paris her rendezvouz for the better part of a year. She claimed to be a Russian princess, and finally sought loans on hereditary jewelry, on which she obtained large sums. It was finally discovered that her gems were almost worthless. The woman was arrested and is now in jail.

A SEATTLE ENTERPRISE.

A Manufacturing Company Is Organized.

SEATTLE, Nov. 19. — Leading members of the chamber of commerce met this afternoon and organized the Seattle manufacturing company, with a capital stock of one hundred thousand dollars in two thousand shares, the object of the corporation to be to take stock in any legitimate manufacturing industry that may wish to locate in the city.

SUICIDE AT GRANT'S PASS.

A Hotel Keeper Shoots Himself Through the Heart.

GRANT'S PASS, Or., Nov. 19.—H. E. Dulybon, proprietor of the Bagley house, committed suicide by shooting himself through the heart this morning. The following note was in his hand:

"Oh my good God, how can I leave my dear family; no one knows how much I think of them. I cannot think of committing murder by killing my dear wife, yet I would like to relieve her of more trouble. I must quit for I am becoming crazy. I have thought of self destruction for the past ten years."

Resigns His Seat.

LONDON, Nov. 19.—Patrick O'Brien, M. P., who was among those convicted at Clonmel to day, sent a telegram to Parnell resigning his seat, so that his district may be represented during the coming session. He was sentenced to six months in prison.

Mysterious Disappearance.

The Athena Press says: C. E. Browning, well known here for a number of years, but until recently engaged in the paint business at Pendleton, under the firm name of Browning & Long, has disappeared. Reports were out at first that he had skipped, leaving many unpaid bills, both of the firm and his private bills, but recent developments show differently and it is now believed that Mr. Browning became temporarily insane, and it is known that such a plight happened him fifteen years ago. When last seen he was at Portland wandering about in an aimless way. Chas. taught school in this county a number of years and has friends by the score in this section who will not believe he intentionally did wrong. Mr. B's relatives live at Augusta, Ills., and he has been married once and has a daughter thirteen years of age. When he left the first time he was not heard of for several years. He was well fixed and his married relations were pleasant, and no reason was assigned for his disappearance save temporary insanity. His partner, Mr. Long, advertises that all partnership bills will be paid and all unfinished contracts will be completed. It is not believed that Browning took very much money away with him. His friends are endeavoring to get trace of him since he was seen at Portland, but so far without avail. He is said to be perfectly harmless in his demented spells.

SITTING BULL.

A Hotel Keeper Takes His Life.

THE TURBULENT RED MAN.

The Indians Ready to Meet the Troops—A Fair Swindler—A Heavy Fine Eastern News.

MINNEAPOLIS, Nov. 19.—A Manian special to the Tribune says an unconfirmed report was received here to-day that Sitting Bull is in irons. The pickets are out and the military rules of the garrison are observed. A company of troops from Fort Trotten arrived to-night. People keep coming in from the country. An Indian to-day said "Sioux are in good shape for fight." There are 300 young bucks missing from the reservation. Scouts and Indian police don't know where they are. Everybody is praying for a blizzard.

RUN ON A BANK.

It Meets the Demands of the People All Right.

NEW YORK, Nov. 10.—In some unaccountable way to-day rumors were started that the citizens savings bank was in trouble. Depositors were largely of the poorer class. Soon the doors of the institution were besieged by crowds of excited people, who became so riotous that the police had to be called. President Quintard this evening said that about $100,000 had been paid out and the bank was all right. He showed by the books that the bank had a surplus of $1,400,000.

The Court Interferes.

SACRAMENTO, Nov. 19.—In the case of James McClatchy & Co., proprietors of the Evening Bee, against G. W. McKay, et al, being prominent members of the Sacramento Typographical Union and the Council of Federated Trades, who were conducting a systematic boycott against that paper, Judge Armstrong to day granted a restraining order asked for, forbidding the boycotters from doing any acts tending to injure the business or property of the paper. The order of the court is made to include advertisements, newspapers, and printed circulars.

The Indian Ready to Fight.

CHICAGO, Nov. 19.—A special from Rushville, Nebraska, says as soon as the troops arrived here to day, couriers rushed with the news to Pine Ridge agency. Word was received to-night that the Indians under the Red Cloud declare they will meet troops in the battle to-morrow. Agent Royar and his Indian police powerless.

Alle Same White Man.

SAN FRANCISCO, Nov 19.—The members of Tong Goong & Co., one of the most extensive merchandizing houses in the Chinese center, who are also labor contractors have fled to China with $40,000, the wages of 240 Chinese fishermen, who recently returned from Alaska. The absconders owe other creditors $20,000, making their liabilities $60,000. It is stated that the failures amounting to over $250,000 have occurred among Chinese firms during the past month.

SUNDAY SCHOOL INSTITUTE.

The Baptist S. S. institute for the central district of the state met with the Baptist church of Albany yesterday afternoon

Among the delegates are Rev. E. G. Wheeler and wife of Portland. Mr. Wheeler is S. S. missionary of the American Baptist Publication Society and Mrs. Wheeler is one of the secretaries of the Primary Union of the International Sunday school convention.

Rev. G. J. Travis of Eugene, and Rev. Robt. Whitaken of Salem, are also in attendance.

Mr. Whitaken was elected president of the meeting.

One of the most interesting features of the afternoon session was the normal exercise of teaching the Sunday school lesson for next Sunday by the conductor, Rev. E. G. Wheeler.

At the evening session, the pastor, Rev. Geo. W. Hill, welcomed the institute to Albany and the church.

The president, Mr. Whitiker, responded in a happy and appropriate way,

Rev. G. J. Travis gave an address on the Importance of Sunday School Work.

Rev. Robt. Whitiker followed with an address on the Power of Sunday School Work.

Miss Trumbull and Mr. Hart gave a beautiful duet during the evening.

To day the discussions will be of special interest to Sunday school workers. In the afternoon Mrs. Wheeler will teach next Sunday's lesson to a class of little ones.

In the evening Mr Wheeler will deliver his popular lecture. "My Sunday's in Europe."
