MATTHEWS & WASHBURN.

Some of the latest styles of elegant bed lounges can be seen at Fortmiller & Irving's, as they have just received a large invoice.

Young Thieves.

Two youngsters, who had the appearance of youthful tramps, were seen loitering about the depot yesterday. They entered the ladies waiting room and stole a bundle belonging to a lady who was a stranger. They made off with their plunder and subsequently boarded the south bound freight train and escaped. The package was afterwards found by a brakeman.

Floor matting of the very best quality and at reasonable rates can be found at Fortmiller & Irving's.

THE SANTIAM MINES.

Many New Claims Located—Important Developments Being Made.

Mr. J. W. Gardner, who is interested in the mines in the Quartzville district, is in the city, having just come up from the mines. From him some important particulars concerning the improvements and developments in progress there were obtained. The facts show that a thriving and successful mining camp is being organized, which is already assuming important proportions.

Six new placer claims were filed in the county recorder's office in this city yesterday as follows:

West Shore No. 1, by W. F. Read and G. W. Maston.

West Shore No. 2, by E. J. Lanning and M. C. Bingham.

West Shore No. 3, by J. L. Cowan and J. W. Gardner.

West Shore No. 4, by N. H. Allen and Geo. E. Chamberlain.

West Shore No. 5, by C. G. Burkhart and C. E. Brownell.

West Shore No. 6, by N. H. Allen, M. C. Bingham and J. W. Gardner.

A new company is being formed composed of the following parties, who have secured possession of 1152 inches of water from the north fork of the South Santiam for the development of their claims: J. L. Cowan, J. W. Gardner, N. H. Allen, W. F. Read, G. W. Maston, C. G. Burkhart, C. E. Brownell, Geo. E. Chamberlain, Z. T. Bryant and W. H. Bingham.

The claims of the new company are situated three miles from Quartzville. A new road is being constructed to the mines by way of Sweet Home. The road is completed to within 6½ miles from the camp, the road makers being now at Lewis' cabin.

Heretofore Stampede Mountain on the road to the mines from Gatesville has prevented free travel to and from the mines, but this new road will obviate this, as it follows the low land along the river, which even in winter is comparatively free from snow. The nearest postoffice is Whitcomb, 22 miles from the mines, which is at the mouth of the middle fork of the South Santiam. The Greenhorn district, where several Albany men expended considerable capital early in the fifties, is 30 miles from the mines, and is also the end of the old wagon road from the valley. Sweet Home, which is the end of the stage line, is 37 miles distant, and the distance from Albany is 66 miles.

The Quartzville district embraces one township, six miles square, of mining country, in which 200 claims have already been located. It is not an exaggeration to say that there is still plenty of rich mining ground vacant, both placer and quartz, and will be until 2000 more claims are taken. The country has not been gobbled up by speculators, and there is abundant room for those who wish to locate claims, or purchase those in a fair state of development if they desire to invest.

The mines are chiefly gold and silver, although copper and other baser ores exist, which may in the future be worked with success.

The rising values in the district is shown in a recent purchase. Messrs Woodin & Warner bought of Portland men a half interest in the Golden Fleece mine for $1000. When they tried a few days later to purchase the other half it was held at the modest sum of $10,000.

The mill of the Albany Mining & Milling Co. is now doing good work. G. Kendrick, foreman of the mill and acting superintendent, has added some new machinery to the mill, which has increased the number of drops from 20 to 200 per minute. The average capacity of the mill is now four tons per day, and the results are most satisfactory to the company.

One thing the district needs is mail facilities. From 150 to 300 men are engaged in mining there, and the nearest postoffice is Gatesville, 20 miles away. Some one of the mail routes ought to be extended, so as to reach this growing mining district. Sufficient results have been obtained to demonstrate that the richness of these mines has not been overestimated, and there is no longer any doubt of the fact they are soon to become an important factor in the industrial growth of this portion of Oregon.

It might be added that along the new road opened via Sweet Home, above Whitcomb, are large tracts of both surveyed and unsurveyed timber lands, which is yet vacant and open to settlement.

Officers Elected.

At the regular meeting of Safety Lodge No. 13, A. O. U. W., on Monday evening, the following officers were elected: A. H. Martin, P. M. W.; A. D. Barker, M. W.; J. A. Hyman, foreman; E. C. Phelps, overseer; T. J. Stites, recorder; E. A. Parker, financier; A. Saylor, receiver; A. H. Phelps, guide; M. W. Orton, I. W.; G. I. Savage, O. W.; A. J. Anslyn, trustee.

Scio City Election.

At the city election in Scio A. J. Johnson was elected mayor; Lee Brown, recorder; O. S. May, treasurer and W. H. Ramsey, marshal. Over the marshalship there was a spirited contest, and J. A Bilyeu, the defeated candidate, wheeled his successful opponent through the streets on a wheelbarrow in the evening.

Rotten Dog Salmon.

Yaquina Post: Salmon were going to the valley last week, caught up near Elk City, that looked as though they were rotten. This shipping such fish ought to be stopped. Let our legislature at the coming session forbid the catching and selling of rotten dog salmon.

COAST NOTES.

Silverton thinks a tannery would pay.

Three saloons are to be opened at Springfield.

Newberg is organizing a Horticultural Society.

Sodaville has voted to levy a school tax of $250.

Eugene wants a steamer line from Siuslaw to San Francisco.

The new Silverton school house will be ready by January 1st.

Lake county now pays $500 for the arrest of stock thieves.

The new bank building at Grants Pass has a town clock.

McMinnville has a chicken's egg measuring 7⅝ by 6¼ inches.

The iron work on the Springfield bridge is all up; it weighs 130 tons.

The Headlight says not a drop of snow has fallen in Tillamook yet.

There are excellent fields—rather mountains—of the finest granite near Toledo that ought to be opened, says the Yaquina Post.

A butcher in Eugene was knocked down and stunned while turning on the electric lights in his shop. He was not seriously hurt.

A party of government surveyors is engaged in serveying the Willamette river from five miles above Corvallis to one mile below where the overflow of last winter enters into the main channel.

Moses Hure, an old gentleman who received a scalp wound in the late wreck at Lake Labish and settled with the railway company for $100, it is thought, will very shortly die of his injuries. He seems to have been hurt internally.

Eugene Register: It is reasonable to suppose that the state tax levy will be lower this year than last. With nine counties of the state to hear from, the total taxable property of the state, as returned by the assessors this year is nearly 46,000,000 greater than was the total assessment of the entire thirty-one counties last year. The 1889 assessment was $101,500,000, and that of the twenty-two counties already heard from is $107,250,000.

OREGON INDIANS WANT TO FIGHT.

The Warm Springs Want to Whip the Bloodthirsty Sioux.

J. C. Luckey, Indian agent at Warm Spring agency, was in Prineville the other day, says the Ochoco Review, and when asked if the Indians on his agency were taking any stock in the Messiah craze and if they indulged in ghost dances, stated that they were not, but to the contrary, they were much disgusted with the judgment of the Indians who are going astray on such a foolish pretext. They say they whipped the Modocs, and if they had an opportunity they could whip the Sioux. Mr. Luckey thinks if the government would give the Indians on his agency a show a large number of them would enlist to fight the Indians in Dakota; in fact, he thinks they are quite anxious to go into battle with the followers of Sitting Bull. Should the anticipated outbreak materialize the government might profit by calling into service the Warm Spring Indians, as they have been tried and have proven themselves excellent fighters.

Need of Permanent Improvement.

The first rains of winter have already made First street unendurably muddy, and before winter is half over it will again present a spectacle not not unsimilar to a country road. That First street should be paved there is no doubt, and after the expense for repairs during another winter have been borne it will probably be found economy to pave it.

High License for Lebanon.

At a late meeting of the city council of Lebanon the saloon license was raised to $1000 per year. One saloon has already been closed as a result, and it is understood that another will close as soon as its license expires. This will leave only one saloon, which will do a thriving business. A law and order club has been organized to see that the ordinance is enforced.

HOLIDAY SHOPPERS.

Should See the Wonderful Array at the Golden Rule Bazaar

Mr. Julius Gradwohl, the energetic and enterprising proprietor of the Golden Rule Bazaar in this city, whose store contains the largest and best selected stock of crockery, glass and other wares for domestic use, in the valley, as well as fancy wares, toys and beautiful holiday goods, has returned from a several months trip to San Francisco, where he combined business with pleasure. He has replenished and enlarged his entire stock and now has a store that is a credit to himself and an ornament to the city. His shelves, counters and every available space are filled with the choicest and most varied stock of goods ever seen in this valley, including a mammoth display of holiday goods. He has added a new line which consists of a beautiful assortment of rolled gold jewelry warranted to wear as good as gold and costing one-tenth as much money, diamond cut pins rings, fine umbrellas for holiday presents and novelties. His stock is now in and holiday shoppers should lose no time in seeing his wonderful array which is not surpassed by any on the coast either in elegance or prices.

Fine Dressed Chickens.

Persons desiring a dressed chicken should leave their order at John Dierenger's meat market. He also keeps beef, pork, sausage, bacon and hams. Market on First street, across from Russ House.

THE RIVER BOATS.

The Oregon Pacific Preparing for the Boating Season.

As the rainy season advances and the river assumes a better boating stage preparations are progressing for an active tariffic on the Upper Willamette.

Wm. M. Hoag, general manager and first vice-president of the Oregon Pacific railroad, Wallis Nash, second vice-president, and E. H Dunham, superintendent of the road, were in Salem Monday, says the Salem Statesman. Their business was the completion of final arrangements for constructing a wharf for the reception of freight carried by their boats on the Willamette river. These gentlemen immediately repaired to their property, situated on the river front, and after looking over the situation of the bank decided upon the plan of a wharf boat and freight house, or, in other words, a floating dock. This boat will be one hundred feet long by thirty-three wide, with a house covering one-half its length and about three-fourths the width. It will be so arranged that it can be anchored in the river and as the stream rises it will also come up with it. The order for the lumber has already been given and the carpenters will rush it to completion in time for the winter run of the steamers.

These crafts have been entirely overhauled—recarpeted, repainted and refurnsshed. Capt. George Raabe, of East Portland, will be master of the Wm. M. Hoag, and the Short Bros. will be captains each of the N. S. Bentley and Three Sisters.

Concerning the report that the Union Pacific would likely purchase these three river steamers, Mr. Hoag says there is no truth to it. The Oregon Pacific has been reported sold and passed into other hands more times than any other line in the United States, probably but the sales have been only with the outside public—the officers of the road being ignorant of all such transfers.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

A Sure Cure for the Whisky Habit

Dr. Livingston's Andidote for Drunkenness will cure any case of the liquor habit in from ten to thirty days, from the moderate to the drunkard. The antidote can be given in a cup of coffee without the knowledge of the person taking it. The Antidote will not injure the health in any way. Manufactured by the Livingston Chemical Co., Portland, Oregon, or from J. A. Cumming, Druggist, sole agent.

Talk About Freight Bills.

Well we have just paid the freight from the east on one hundred Forest City express wagons, one of which we propose to give away with each can of Forest City baking powder. Come before they are all gone.

Respectfully
C. E. BROWNELL.
