MILES SAYS FEED 'EM.

The English Have A Few Failures of Heavy Calibre.

SOUTH CAROLINA'S GOVERNOR.

More Troops to the Front—Passenger Train Wrecked and Two Killed—Parnell Is Still Unsettled.

CHICAGO, Dec. 4.—General Miles said this morning that he would go in a day or two to direct the military arrangements in the Indian country. The general said he had overwhelming evidence that the Indians had been suffering for want of food for two years, and one of the principal causes of dissatisfaction is due to this fact. One object of his visit to Washington was to urge the necessity of immediate relief in an order from the interior department to the Indian agents, instructing them that during the Indian troubles to obey the orders of the military officer commanding the troops on the reservations.

READY TO GRANT PRIVILEGES

But They Must Be Agreeable to Our Side of the House.

COLUMBIA, S. C., Dec. 4.—Governor-elect B. C. Tillman was inaugurated to-day in the presence of a crowd from all parts of the state. In the inaugural, regarding the election in his own state, he said: "It is gratifying to note that this fact was attended by a political phenomenon which was a surprise to all of us, for the colored citizens absolutely refused to be led to the polls by their bosses. When clearly shown that a majority of our colored voters are no longer imbued with republican ideas the vexed Negro problem will be solved and the fear of the return of negro domination will haunt us no more. Can I not pledge this in your behalf that we white men of South Carolina stand ready and willing to listen kindly to all reasonable complaints, grant all just rights and safe privileges to these colored people and guarantee them fair treatment at our hands?"

We whites have absolute control of the state government, and we intend to retain it. The intelligent exercises of the right of suffrage, at once the highest privilege and the most sacred duty of a citizen, is beyond the capacity of a vast majority of the colored men. We deny that "All men are created equal," it is not true and it was not when Jefferson wrote it, but we cannot deny it is duty, as a governing power in South Carolina, to insure to individuals, black and white, the "right to life, liberty, and the pursuit of happiness." It is now believed that Senator Hampton will be defeated by Irby, the Tillman candidate for the United States senate.

THE SPICE OF LIFE.

THE SONG OF THE TRAMP.

I gather here and there a pie,
And here and there a biscuit;
I snatch a spoon when nobody's by,
It always pays to risk it.
I sleep at noon where waters flow,
To soothe the weary comer;
For men may come and men may go
But I go on all summer.

I ride beneath the rushing freight
From Boston to Chicago;
I watch each chance to desecrate
The box of Wells and Fargo
I sing and whistle as I go—
December'll find me lonely,
For in December falls the snow—
I walk in summer only.

"I hear your husband is quite a gallant. Do you ever find any letters in his pockets?" "Only the ones I give him to post."

Tangle—I hear that your next-door neighbors have a very good organ. Do you know how many steps it has? Bronson—Only about three times a day' and those are not long ones.

There is no alarm clock that is more effective than a 6-months-old baby. The only trouble with the baby is that you can never tell when the blamed thing is going off.

Mother (looking at school report)—Your average in arithmetic is disgracefully low. Small boy—Yes'm. Teacher said I'd never be fit for anything but a census superintendent.

Woman's love for woman: Louise—Her face is her fortune Mable—Well, it is one of those rare cases where it speaks well for one to have inherited one's fortune, and not to have made it one's self.

A multiplied vision: Bronson made a tank of himself at the club last night." "Didn't he? Why, drank so much that when a carriage went by he thought it was a funeral procession."

"You have many degrees 'Mr. Simpson." "Yes; I am now John Simpson, B. A., B. S., B. L., LL. B." "And what are you going to be, now that you have been graduated—a letter-carrier?"

Too great for a small poet: We cannot use your verses, sir." Are they bad, or what?" "You try to rymé Penelope with Cape of Good Hope. No man in this world but Tennyson can do that successfully."

Temperance advocate (to dissipated young man)—It would be worth a fortune to you if you would swear off drinking. Young man—Ah a mistake, boss. I've a sworn a fifty times a year' and I arn't worth a cent.

"Papa" said little Johnny Pickerle, "my book says that some kinds of ivory are more expensive than others. Which kinds are they?" "Um, er, oh yes. The blue kind, Johnny, cost $10, the reds $5, and the whits $1."

DAY IN CONGRESS.

THE HOUSE PASSES A BILL TO PUNISH DEFAULTERS.

Considering Pension Appropriation —Permanent Tariff Commission —Free Use of Silver.

WASHINGTON, Dec. 4.—In the house, the bill for the punishment of every guardian conservator, curator, tutor or other judiciary agent for embezzlement of the pensions of a ward, passed; yeas 113, nayes 92. The house then went into the committee of the whole on the pension appropriation bill.

Morrow explained that the bill appropriated for payment of pensions of $133,173,000 to be distributed among 654,715 pensioners. This was the largest number of beneficiaries ever provided for in any single item in the statutes of the United States. Cooper, of Indiana, got the floor, reviewed all of the charges made against the Commissioner of Pensions Raum, which formed the basis of the investigation last session, and asserted that they have all been proved. During the last campaign the commissioner had gone to Indiana and had invaded his (Cooper's) district. The commissioners only excuse was that he might defeat Cooper's election.

IN THE SENATE.

Among the bills introduced and referred, was one for a permanent tariff commission, and one by Stewart for the free and unlimited use of silver as money.

After lengthy debate on the Indian question a joint resolution was amended so as to apply to the states of North and South Dakota, Wyoming and Nebraska, and passed. The election bill was taken up and Pugh addressed the senate in opposition to it. The bill, he said, was never intended to be put in operation in republican districts, it was found on one proposition, and that was that the state election of officers might be watched, guarded and overruled because they were democrats. Hoar gave notice that after to-day he would endeavor to press the election bill without having it laid aside for any other purpose whatever until the final vote was reached.

THE WHEAT JAM.

Union Pacific Is Furnishing Cars as Rapidly as Possible.

PORTLAND, Dec. 4.—General Manager McNeil, of the Union Pacific, returned to-day from a three days' trip through the Palouse and Walla Walla country. He states that while there is considerable grain at stations on the Union Pacific lines, there is very little that is exposed to the weather, and that the demand for cars has fallen off greatly, so much so that at present the company is fairly supplying the demand. This is due to the drop in prices, and the farmers holding on for a better market. "We are now furnishing cars more freely than at any time previous to this yhar, and are distributing them as equitably and fairly as possible. Within the past three days 200 car loads of grain have been taken out of Eastern Washington."

RAILWAY COMMISSION

To Start the Inter-National System.

SENATOR QUAY ON PENSIONS.

Parnell Telegraphed To—Pensioners Have to Pay Attorneys—The Royal Visitor From the Islands.

WASHINGTON, Dec. 4.—Intercontinental railway commission composed of representatives from the United States and other American republics met for organization at noon. This commission is recommended by the inter-national American conference for the purpose of supervising the survey for a line to connect the railway systems of North America with those of South America. Blaine called the meeting to order. A. J. Cassatt, of the United States was chosen president.

QUAY'S PENSION BILL.

It Advances the Amount of Total Disability Pensions.

WASHINGTON, Dec. 4.—The president has re-appointed Joseph T. Jacobs, of Ann Arbor, Michigan, a member of the board of Indian commissioners. Senator Quay yesterday introduced a bill granting all persons on the pension list or hereafter placed on it, who lost both eyes or both feet, or who are otherwise totally disabled, a pension of $100 per month. Also to all persons who lost an arm at the shoulder or a leg at the hip $60 per month, and to those who lost an arm below the elbow or a leg below the knee, $55 per month. Those who lost a hand or foot, or had been totally disabled in the same, $50 per month. The bill provides further that persons who contracted two or more disabilities shall receive a sum per month equal to the total of rates for all of the disabilities mentioned.

A ROYAL VISITOR.

King Kalakaua of the Hawaiian Island, in San Francisco.

SAN FRANCISCO, Dec. 4.—Cruiser Charleston passed through the Golden Gate at 11:20 o'clock this morning. On sailing by Alcatraz island she was greeted by a royal salute of twenty-one guns in honor of King Kalakaua, of Hawaii, who was aboard. As the war-ship went slowly up the harbor many vessels dipped their flags. The cruiser was met by the government steamer Gen. McDowell, having on board General Gibbon, commanding the department of the Pacific; also a tow boat with Hawaiian Consul McKinley and Collector Phelps aboard. No one was allowed to go on the Charleston. The king could be seen upon the deck, and looked well. He will not land until 3 o'clock this afternoon.

Col. McFarlane, chamberlain to King Kalakau, stated that the king visited California for the benefit of his health and eyesight. A reception was tendered him at the Palace hotel this afternoon.

M'KINLEY STILL WORKS.

The Subject of Attorney Fees on Pensioners.

WASHINGTON, Dec. 4.—Representative McKinley to-day, introduced a bill in the house similar to the one presented in the senate, providing that the present tariff law shall not affect the operations of the Hawaiian reciprocity treaty. Secretary Noble has been paying considerable attention lately to the subject of attorney's fees in pension cases, and is formulating a plan by which claimants for pensions not represented by attorneys may be placed upon the same basis as those who are. Secretary Noble said the pension bureau is now issuing between fourteen and fifteen thousand certificates a week. This means that the attorneys are receiving every week, out of money, appropriated to relieve the necessities of old soldiers between $150,000 and $375,000.

FOR PARNELL.

Judge Fitzgerald Telegraphs That the Irish Sentiment Is for Him.

LINCOLN, Neb., Dec. 4.—Judge Fitzgerald, of the executive council of the Irish national league of America, to-day cabled the following to Parnell: "The hasty action of the Cincinnati Parnell branch misrepresents the Irish sentiment. You have ever been faithful to Ireland, while Gladstone, until lately, was among her oppressors, hence, the Irish race rejects his dictation and demands your retention as their leader."

Provision for the Sioux.

WASHINGTON, Dec. 4.—The secretary of the treasury sent to the house a request for an immediate appropriation of $100,000 for the purchase of beef and other provisions for the Sioux Indians.

Fifteen Men Roasted.

JOLIET, Ills., Dec. 4.—A blast furnace exploded this afternoon, burning fifteen men. In removing the debris eight bodies have been taken out so far.

THE CLERGY MUST PAY.

That Is What the Puget Sound Steamboatmen Say.

TACOMA, Dec. 4.—Hereafter clergymen must pay full fare on all Sound steamers belonging to the Puget Sound Steamboat Association. This was decided upon at yesterday's session of that body. Heretofore, as is customary elsewhere, ministers have ridden half-fare rates, but the number of passengers wearing the cloth have increased so rapidly as to bring the attention of the agents to the matter.

Gladstone to Settle the Matter.

LONDON, Dec. 4.—A committee appointed by the nationalist meeting sent a letter to Gladstone asking him to open negotiations for the future home rule bill. Gladstone expressed a willingness to interchange views with the committee, but reserved the right to choose the members with whom to negotiate. A committee decided to entrust Healy, Redmond, Sexton and Leamy with the conduct of the negotiations with Gladstone. It is reported that at a meeting of his adherents last night, Parnell promised to abide by the decision of the majority of the Irish members on the value of Gladstone's assurances. The supporters of Parnell are confident that Gladstone's assurances will prove inadequate.

Destroyed by Fire.

PITTSBURG, Pa., Dec. 5.—One A. M. St. Mary's Magdalene church and school at Homestead, Pa, caught fire at one o'clock, and the church is already totally destroyed. No water to be had on the hill.

Pottery Work Burned.

SAN FRANCISCO, Dec. 4.—The Mission pottery works on Harrison and 17th streets, were completely destroyed by fire to-night. Loss 50,000, partially insured. The fire was caused by one of the kilns exploding.

WILL NOMINATE

AND RUN PRESIDENTIAL CANDIDATES IN '92.

The Colored Men Speak—The Alliance Movement is Criticised by Them, on Its Partisan Phase.

OCALA, Dec. 4.—In an interview with the associated press representive this afternoon, Delegate Davis said the call of the national conference to be held February 13 next, with the view of forming a new party, has been drawn up. It endorses the alliance platform adopted at St. Louis and invites all organizations in sympathy to send delegates to Cincinnati. It lays down four propositions with reference to national reforms, finance, transportation, land and labor. Further than this its contents will not be made public yet. Davis thought the convention would undoubtedly result in placing a presidential ticket in the field in 1892.

The national colored alliance this afternoon discussed a resolution condemning the action of the white alliance in passing a resolution yesterday in opposition to the federal elections bill because such action has no reference whatever to the aims and purposes of the organization. The opinions expressed were not so much in favor of the federal elections bill as in condemnation of the white alliance for going out of its way to meddle in politics.

The resolution will probably be passed to-morrow. In the national alliance to-night a delegation of the colored alliance was received and several speeches were made, all indicating a leaning of the colored alliance toward a new political party.

Going to Fight Indians.

SAN FRANCISCO, Dec. 4.—Five companies of the First regiment, United States infantry, under command of Col. William R. Shafter, left their quarters at Angel Island to-day for Omaha, en route to the scene of the Indian disturbances. They were joined at Benecia, California, by companies C and D, of the same regiment and proceeded east over the Central Pacific.

The Express Off the Track.

MARYSVILLE, Cal., Dec. 4.—The north bound Oregon express ran off an open switch in the yards here this morning. Luckily the train was just leaving and was running at a low rate of speed; no one was injured. It is believed that the swith was turned by miscreants who desired to wreck the train. The track has been built around the derailed engine and trains are now moving.

Wild Extravagance

PHILADELPHIA, Dec. 4.—A private dispatch was received here to day that announces the death in New York of E. Dunbar Price, whose wealth and extravagance made him well known in this country and Europe. By the death of his grandfather in '77 he inherited an income of $42,000 a year. Immediately he launched into wild extravagance, one of his fancies being a racing stable.

A FIGHT

In the Spokane Superior Court Room.

CRUSHED WITHOUT WARNING.

A Train Runs Off the Track Near Brownsville.—O'Donnel Thinks He is Mayor —The Alliance Movement.

SPOKANE FALLS, Dec. 4.—Judge Blake's department of the superior court was the scene to-day of an exciting free fight, in which Mayor Clough, Attorneys Turner, Graves and Quinn and the officers of the court participated. For a few moments there was a tremendous uproar. The fight was the result of a conflict between the city and judicial authorities. Judge Blake rendered a judgment against the city for $2,000 in favor of ex-Police Justice. Mayor Clough refused to sign the warrant and was arrested for contempt of court. Charles S. Voorhees, attorney for the city, in addressing the court, said it was an outrage that the mayor should be summarily arrested on the charge, the penalty of which was imprisonment in the penitentiary. Attorney George Turner, a prominent politician, retorted that it might have been better for the city if the whole municipal government had been in the penitentiary for the past two years. After court adjourned, and while the men were leaving the room, Mayor Clough approached Turner and observed that his remarks were uncalled for, and that his law firm had been mixed up in every dirty case with the city. Turner struck at Clough; some say the mayor was knocked down, others that he dodged the blow and fell over a chair. Turner jumped on the prostrate man, thereupon Attorney Quinn sought to pull him off. Frank Graves, Turner's former law partner, then jumped on Quinn. The sheriff, deputies and constables rushed in. The judge pounded on the bar and confusion generally reigned. Finally the combatants were separated and it was found that nobody had been hurt. Turner served as U. S. marshal for Alabama under Grant's administration and was one of the 306 who supported Grant in the Chicago convention.

A FATAL ACCIDENT.

A Blast Furnace Falls Without Warning.

JOLIET, Ill., Dec. 4.—A terrible occured in the Illinois Steel Co.'s works to-day. A blast furnace, which had been blown out for repairs, suddenly fell to the ground without warning. Eleven men were at work inside and six on top when the accident happened. The masonry work and furnace lining were piled upon each other in a confused heap. Eight bodies were taken out, five of the unfortunates were dead, and the other three apparently fatally injured. The killed were: Gus Loose, Nels Larson, John Pederson, Theodore Larson, Stais Nereuck. Fatally injured: Pat Killien, Peter Erickson, August Swanson.

WRECK NEAR BROWNSVILLE.

The Old Narrow Guage Rails Spread.

SALEM, Or., Dec. 4.—A report reached here that a wreck occurred to-day on the Oregonian railway seven miles north of Brownsville. One report says it was a passenger train and all the cars were off the track, and another says it was a freight. The rails spread and caused the derailment. No one was hurt and the cars will be on the track again soon. A working crew left this evening for the scene of the wreck.

At a meeting of the city council this evening, the tie vote for councilman in the fourth ward was decided by lot, H. L. Lamoreaux, republican, being victorious. The new council will be composed of seven republicans and one democrat, with a democratic mayor.

O'Donnel Claims He Is Mayor.

SAN FRANCISCO, Dec. 4.—Dr. G. C. O'Donnel filed an application this afternoon praying for a special session of the superior court to count the vote cast for mayor at the late election. O'Donnel, who ran as an independent, claims that he, and not the republican candidate, is entitled to the certificate of election. The case will be heard on the 15th inst.

Death of a Pioneer Lady.

SEATTLE, Dec. 4.—Mrs. Mahalie Nickerson George, mother of ex-Congressman M. C. George, of Oregon, and ex-United States Marshal Jesse W. George, of Washington, died at the latter's home in this city this morning, aged 83 years. She was a pioneer, having come to Oregon in 1851.

Again Adjourns.

LONDON, Dec. 4.—The meeting of the Irish nationalists, considering the Parnell leadership, adjourned till noon to-morrow.

Three Men Killed.

CINCINNATI, Dec. 4.—By the explosion of a tank in the chemical works in the eastern part of the city this morning, three men were fatally injured.
