A ball was given at the armory last evening something after the fashion of a leap year party, only it was more select. The ladies issued the invitations and managed the affair in a manner very enjoyable to those present, but a large number of eligible young men who were not "on the list" were up in arms and threaten future dancing parties with a dinful boycot.

A DEMAND FOR CHINESE PHEASANTS

The People of Other States Seeking them for Breeding Purposes.

There are numerous inquiries from the different states of the Union for Mongolian pheasants for Breeding purposes, and they are usually referred to different sportsmen about the country.

These beautiful plumaged birds were originally imported from China and liberated near Albany. They have increased in a wonderful manner, and are now to found all over the Willamette Valley. Hundreds, and probably thousands of them have been shot and shipped out of the state, and a great many have been eaten by those at home who appreciate a delicate morsel in the way of game. The farmers have complained about the crops being destroyed by the pheasants, and all that sort of thing, but when it comes down to any one getting a few pairs of birds the birds, it seems impossible to find them. Some fellow at Independence wrote to the Oregonian that he had several pair of pheasants for sale. The letter was turned over to a man who wrote to ask how much was asked for them. The answer came $8 per pair. A gentleman who wished them for the city park said he would pay that price, and the man was instructed to send the birds c. o. d., but that was the last heard from him. It is the same everywhere, and when people write to ask what pheasants can be got for no one can tell nor whether any can be got at any price.

The law protecting the pheasants expires next November, and there will then be plenty of them short for the market for awhile, but the birds are wroth much more alive. It is said they are hard to catch. The traditional method for catching birds by putting fresh salt on their tails, will not work with the wily Chinese birds. The law protecting the pheasants allows them to be caught or sold for breeding purposes, and if people abroad only knew where the birds could be obtained, and for what price, there would be orders for many if the price was reasonable.

NOTES FROM SHEDD.

SHEDD, Dec. 10.

Mr. F. Becker, our enterprising blacksmith has just finished his new house, and expects to move in to it in a few days.

There are two cases of scarlet fever in the house of Mr. W. W. Yeats' [illegible] is very sick with it.

Dr. Gall has moved back to Shedd and resumed his old practice not able to remain away permanently on account of the continued illness of Mrs. Gall. The doctor has fitted up his office again and now says he expects to make Shedd his future home.

There is considerable talk of building a United Presbyterian church here. Rev. M. Acheson, of Oakville has been agitating the question, and enough money has been pledged, it is thought, to insure its building.

The Methodist church at this place has been undergoing extension repairs and when finished will be quite nice.

Women Land Holders.

Crook county can well boast of the energy and enterprise of some of her women, some of whom set an example which might well be followed by some of the sterner sex. Quite a number of women have taken ranches, and are improving them, so that in a few years they will have comfortable homes. One that will prove a valuable piece of property if the Oregon Pacific is built is on the present survey, is the place taken by Mrs. Holbert, on the Deschuttes, near where the rrilroad survey crosses the river, says the Prineville Review. Mrs. Holbert was out on her claim last week, and assisted in sowing a crop of rye, and did other work, to fulfill the requirements of the land laws.

A Novel Swindling Scheme.

A new swindling scheme is being perpetrated upon the unsuspecting farmers by smooth talking individuals who claim to be advertising a Chicago paint house. As an inducement to get their goods before the people they furnish free of charge ten gallons of paint provided the farmer will use the same on his house. The contract then signed turns up shortly in the form of an order for 100 gallons of paint at $2.25 per gallon.

Unsold Land in the United State.

The United States government has been the largest owner of arable land on the earth; the total area of the "public domain," sold and unsold, amounts to 1,849,672,587 acres, and constitutes 72 per cent of the total area of the United States, including Alaska. About 700,000,000 acres of land have been sold and donated; about 1,115,000,000 acres remain unsold. As the area of Alaska is 369,529,600 acres, the area unsold exclusive of that territory is about 780,000,000 acres.

HARRISBURG NOTES.

HARRISBURG, Dec. 12.

The Harrisburg Lumber Company are loading a large invoice of lumber for the use of S. P. company.

Dr. H. A. Davis has sold the remaining 30,000 pounds of his hop crop, and they will go forward at once by rail direct to Cincinnatti, Ohio.

Our amateurs will render the play "Better than Gold" on the 19th, inst, at the public holl, and it is hoped they will have a good house they merit it.

The Snodgrass Bros., have shipped seven hundred fat hogs from this station since the first day of October last, besides many car loads of beef and mutton.

There is being fitted up a minature ship from which to distribute the good gifts of Santa Claus on Christmas eve, and the little folks are happy and some of the big folks too.

We are without a case of diphtheria, scarlet or typhoid fever, which has so fatally attacked other points, in fact the general good health of the citizens of Harrisburg especially recommend it as a good location.

The able management of the literary society here by Miss Ellen White, teacher of the primary department of our school, has attracted a large attendance of our young folks, where they have an opportunity to improve as well as amuse themselves, as well as protecting them from influences detrimental.

The government of the city of Harrisburg will be safely conducted the ensuing year by L. H. Lassell, Mayor, G. W. Isham Recorder, Damon Smith Treasurer, J. W. Long marshall, E. E. Upmeyer, John R. Cartwright, M. W. Canter, Oliver Hyde, E. DuGas and J. R. Bucknum councilman, who will assume their principal duties on the first Monday in January 1891.

Bogus Money

Mr. F. W. Walker, the detective of the department of justice, who is in Portland winding up some counterfeiting cases, has in his possession some of the finest specimens of bogus money in existence. One piece in particular says the Telegram which is made of a metal resembling copper, is in point of workmanship identically like a $20 gold piece, such as was made on this coast about thirty years ago. It was undoubtedly made from the original die and bears the name of Kellogg & Co., who were in the general coining business up to the time of the governmenment taking entire charge of the mint service. It bears no date. Someone has secured the old dies," said Mr. Walker, "and has made a large number of the pieces. After being struck off, they were plated, and could easily be passed upon most anyone. They are the best imitations I ever saw, and a large number of them, and if he is caught, and surely he will be, we will make it hot for him."

Seriously Burned.

A few days ago at Harrisburg Mr. C. F. Wright was seriously burned in a peculiar manner. He had used gasolene for the purpose of removing stains from the lapel of his coat. After putting on his coat he lit a cigar, when the gasolene caught fire and produced a brisk blaze. His face was severely burned before the fire could be extinguished.

A Bad Man.

A miserable beggar has been frightening women and children in various portions of this city lately. He pretends to be deaf, and when his demands for money are heeded he becomes ireful and threatens to burn up houses and commit all sorts of bad deeds. He should be looked up and taken care of by the police.

Serious Runaway.

Dr. J. A. Lamberson had a serious runaway, thirteen miles eas of Lebanon, Wednesday morning says the Express. While opening a gate his lantern became detached from his buggy and rolled under his horses, causing them to take fright. The vehicle passed over him in two places bruising one leg and skinning the right side of his face, and also one of his hands.

Important to Housekeepers.

It gives Julius Gradwohl great satisfaction in selling his fine Golden Rule teas and baking powder, with elegant prizes or without them, that his customers who have purchased invalubly return and say they are well pleased, that the tea is No. 1, and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expessly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glassware.

Thriving Lebanon.

The Lebanon Express says: "From I. A. Bennett, depot agent, we get the following figures showing the amount of freight forwarded and received at Lebanon for the month of November: Forwarded, 350 tons; received, 207 tons; receipts, $2869. This, far from being the best month, will give a faint idea of Lebanon as a trade center and as a shipping point. As soon as the paper mill begins operations, it will turn out five tons daily, and the flour mill when converted into a roller mill will still further increase the shipping."

BORN.

STEWART—On Friday morning, Dec. 12, 1890, in Albany, to the wife of C. H. Stewart, a girl.

NORTHWEST NOTES.

Astoria is to have free delivery by January 1st.

At the city election at Astoria the total vote cast was 678.

Every county in the Northwest has the oldest native born Oregonian.

The anual chestnut about Mt. Jefferson spitting fire has been sprung again.

The county judge of Baker county has been arrested for selling liquor without a license in Baker City.

Brownsville has placed the saloon license at $1200 per annum. Two saloons have taken out license at this amount.

It is reported that the Southern Pacifice company has already paid about $152,000 damages to those injured an the railroad accident at Lake Labish.

Jackson county can now claim to have as fine a system of public wagon bridges as any county in the state. The county has a heavy debt, but has something to show for it.

The effort to etablish a new county out of portions of Crook and Wasco counties is not meetiog with much success among the heavy taxpayers of either Crook or Wasco county,

The Keezel Memorial chapel, at Philomoth, was dedicated on Sunday last, Bishop Becker preaching a mort impressive sermon. Six hunbred and fifty dollars were subscrided to pay off the indebtedness on the new edifice.

The firist rain of the winter brought several laneslides in the Cow creek canyon Tuesday night. It is not likely, however, that there will be any trouble of consequence from the landslides this winter even if the weather be better than usual.

Goose lake, in Lake county. Oregon, has dried up to such an extent that whole sections of land are made vacant, and lately the land office at Lakeview received twenty-eight filings and land made vacant by the exhalation of the lake water.

Election of Officers.

McPherson Post No. 5, G. A. R., at their regular meeting last evening elected the following officers for the ensuing year: Commander, J. F. Whiting; S. V. C., N. T. Moore; J. V. C., Robert Brown; Officer of the Day, R. Fox; Quartermaster, L. H. Montanye; Chaplain, Rev. J. B. Fisher; Surgeon. Dr. G. A. Whitney; Officer of the Guard, James Conn; Adjutant, B. F Tabler; Delegates to the Department Encampment, B. F. Tabler and S. S. Train; Alternates, N. T. Moore and J. P. Galbreath; Council of Administration, Rev. I. B. Fisher and R. B. Vunk. An invitation was extended to the W. R. C. to hold a joint installation at the regular meeting on the 2d Friday in January. Past Commander of Ellsworth Post Wallace Baldwin was invited to install the officers.

Oregon and the World's Fair.

Dr. J. F. Henry of Brownsville was in this city yesterday. Dr Henry is one of the new members of the legislative. He says that the people of his community are in favor of the legislature appropriating not over $100.000 for an exhibit at the World's Fair, and a good many want the amount cut down to $50,000. While it is not likely the legislature will appropriate the original amount asked for $250,000, there is a general desire on the part of the people of Oregon to have the state properly represented, and they will not object to a liberal appropriation for a creditable exhibit. This much the people should demand, and the legislature should certainly approve e not less than $100,000 for this purpose.

REMARKABLE FACTS.

Heart disease is usually supposed to be incurable, but when, properly treated a large proportion of cases can be cured. Thus Mrs. Elmira Hatch, of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich, were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill, says tnat Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich, who had heart disease for 36 years, says two bottles made him "feel like a new man." Dr. Miles' Few Heart Cure is sold and guaranteed by Stanard & Cusick, Book of testimonials free.

The Reason Why.

Why is it that Klein Bros. can afford to sell boots and shoes so reasonable? Because they are both practical shoe makers, and make of their expenses by working on the shoe bench, and any boot or shoe you buy of them, no matter what kind it is man, womans or childs, that rip, run oves or the sole rips loose they repair them for you free of charge. and as they do all the work themselves, they don't charge you 25 to 50 cents a pair extra for a warrant to pay some shoemaker to repair them for you. They also make a specialty of repairing rubber boots.

Church Notice.

There will be preaching services to-morrow at the Presbyterian church at 11 A. M. Subject: "The Great Law of Christian Service." Sabbath school at 12:15 P. M. Y. P. S. C. E. meeting at 6:45 P. M The congregation will unite in the evening in the union service held in the Congregational church in the interest of the American Bible Society. The sacrament of the Lord's Supper will be administered in connection with the morning service The session of the church will meet in the lecture room at 10:30 a. m., for the reception of new members.

Timber Land Swindles.

Of late quite a number of sharpers have been operating amongst the timber lands in various parts of this state, "locating" land hunters on the government domain, charging each one from $50 to $150 according to the gullibility of the settler, and promising to pay $10.0 as soon as the final proof has been made. Several arrests have occurred on the Sound in the Walla Walla country and in parts of the Willamette valley. We understand there is a racket of this kind being worked in the eastern part of Linn county. Settlers are being charged $50 for being placed on unsurveyed land, and promised $1000 when title is perfected. As there is no telling when these lands will be surveyed this is a pretty safe undertaking, as their victims usually get tired of their bargain and desert their bonanzas, when the enterprising "locater" can work the swindle again on the same quarter. As every settler in proving up is obliged to swear that he is trying to get the land for his "own use and benefit," perjury must be resorted to in order to put the thing through. If a citizen wants timber land, the only party to deal with in obtaining it is the U. S. land office, where filings on surveyed land can only be made. Only squatters' rights can be obtained by going on to unsurveyed lands and all "locaters" on such land should be looked upon as swindlers, subject at any time to arrest for obtaining money under false pretenses.—Corvallis Gazette.

An Enjoyable Entertainment.

A very enjoyable and altogether successful entertainment was given lrst evening by the King's Daughters of the M. E. Church. An interesting literary and musical entertainment was rendered. A fine lunch of coffee and cake was served and dainty trifles and useful articles as well were sold at reasonable rates and for good cause. The entainment was well attended.

Talk About Freight Bills.

Well we have just paid the freight from the east on one hundred Forest City express wagons, one of which we propose to give away with each can of Forest City baking powder. Come before they are all gone.

Respectfully
C. E. BROWNELL.
