NO SALVAGE.

Court Decides That Spreckels' Tug Did Not Earn It.

DRY DOCK TO THE SOUND.

A Dismantled Ship—The Oregon Improvement Company—Postmasters Appointed.

SAN FRANCISCO, Dec. 23.—In the suit of John D. Spreckels et al vs. against the steamer State of California and the Pacific Coast Steamship Co., to recover salvage on the steamer, the U. S. district court to-day rendered a judgement favorable to the defendants. In January last the State of California broke her shaft while off Bowens landing. The steamship company engaged several tugs to tow her in. Spreckels' company sent out the tug Relief and she managed to find the State first. Spreckels sued for salvage on the vessel which they claimed was worth $300,000. Judge Hoffman held that the captain had the right to refuse to tow if he so desired and it was shown that the State was actually in no danger when the Relief took her. Therefore the court held the Relief was only entitled to towing rates which would amount to about $300.

PORT ORCHARD GETS IT.

The Report of the Commission Locates the Dry Docks There.

WASHINGTON, Dec. 23.—The president to-day sent to congress the report of the commission to select a site on the Pacific coast or Puget Sound, for a dry dock. The report, after reviewing at great length the localities visited, states while solely from a commercial point, it might be difficult to decide between the naval claims of the Columbia river, and Puget Sound for a government dock, the condition necessary for a successful defense of the latter are such as to leave no doubt in the mind of the commission that the proposed dock should be located at Port Orchard on Puget Sound. As a strategic point in time of war the commission holds Puget Sound is an important place, and one that can be easily defended. The report discusses in detail the importance of co-opearation of the naval force with land defenses on the sound, and the necessity for reasonable securities on waters to prevent a sudden raid by an enemy. Regarding the feasibility of Port Orchard for the location of a dry dock, the report states that it has a depth of 14 fathoms of water and is in other respects a most desirable place for the location of dry docks of the Pacific. The commission estimates that the land required for a dock, amounting to about 307 acres can be purchased for $37,000.

AN ASSESSMENT PROBABLE.

The Oregon Development Co. Is Talking of It.

NEW YORK, Dec. 23.—A special says the rumor being current that an assessment is to be made on the common capital stock of the Oregon Improvement Company, Elijah Smith, president of the company, was seen about it. He replied "There is as yet nothing that may be called a company plan, and so I can say nothing definite. The committee which has taken hold of the improvement company has been talking of assessing the stock." When asked whether it was true that the stockholders would be given debenture bonds for the amount paid by them. If the assessment plan goes through, he said that some security would doubtless be given, but he was not able to say just what. Another gentleman, a member of the committee, said if the assessment was decided upon debentures would probably be given therefor.

VARIOUS CONFIRMATIONS.

Death of the Only Corean Child Born in America.

WASHINGTON, Dec. 23.—Confirmations: Post Chaplain, Cephus C. Bateman, Oregon; Post master, Herman Hofercamp, Sehome, Wn.

The little son of the Corean charge d' affaires, Mr. Ye, is dead. The child was born in this city last October, and was the first Corean born in the United States. In honor of the city of his birth, the parents named him YeWashon, which is the Corean translation of Washington.

MORMONS IN MEXICO.

J. W. Young Says There is No Intension to Introduce Polygamy.

NEW YORK, Dec. 22.—John W. Young, son of Brigham Young, was interviewed here to-day regarding the announcement from Lima, O., last night about the scheme of colonizing the Mormons in Mexico. He said:

The negotiations for the proposed concessions were not concluded, and if they are, it will be for five not 3,000,000 acres. There is neither the intention nor possibility of introducing polygamy in Mexico Furthermore, the terms of concessions do not confine its settlement to Mormons, but leaves it open to all persons of good character. The colonists will be subject to Mexican laws.

If the negotiations succeed, Young will build 500 miles of railroad in Mexico. A dispatch from Ohio to-night, says B. C. Jaurop, whose name was connected with the matter, states the contract made with Young is for a railroad south of Deming, N. M., and has nothing to do with the Mormon colonization.

ASKS FOR AN ORDER.

To Purchase A Schooner and Some Cars.

PORTLAND, Or., Dec. 23.—Receiver Simon, of the Oregon Improvement Co filed a petition in the United States circuit court asking that an order be made allowing him to purchase a dismantled schooner in San Francisco to be used as a barge for conveying coal from Seattle to the bunkers at different points on the sound. A barge has heretofore been used for this purpose, but it is claimed that by purchasing the schooner, great saving would be effected. He also asked for an order to have a number of box cars built for the Columbia & Puget Sound R. R., such cars being needed for business of the road. He also asked for an order allowing him to build seven miles of the Seattle & Northern R. R. to complete it to Hamilton and to ballast the whole road and to repair the bridge at Anacortes. It is alleged that the completion of the road will increase the road's business as now it ends nowhere. The cost of the barge, cars and completing the Seattle & Northern will amount to about fifty thousand dollars.

Hunt in Trouble.

WALLA WALLA, Dec. 23.—Attachment suits aggregating fourteen thousand dollars, have been brought against G. W. Hunt, the railroad man.

Thompson and Pathy, two prisoners escaped from the penitentiary last night by nailing two ladders together and climbing over the wall.

JUSTICE APPOINTED.

VACANCY ON THE SUPREME BENCH FILLED.

H. B. Brown, of Michigan, Is Chosen to Fill the Vacancy Caused by the Death of Samuel F Miller.

WASHINGTON, Dec. 23.—The president to-day sent to the senate the following nominations:

Henry B. Brown, of Michigan, associate justice of the supreme court of the United States, vice Samuel F. Miller, deceased.

Colonel Charles Sutherland, surgeon general, with the rank of brigadier general, vice J. H. Baxter, deceased.

The president also [illegible] Louis Williams and Edward De Groff, of Alaska, commissioners, and M. A. Fuller and Carl Spuhn, of Alaska, alternate commissioners to the world's fair.

The Tariff Reform Club.

NEW YORK, Dec. 23.—The tariff reform club held a grand banquet to-night in the new concert hall of Madison square garden, to celebrate the recent democratic victories. Among the prominent gentlemen about the speakers' table were; Ex-President Cleveland, Senator Carlisle and Carl Schurz and Henry Villard. When Mrs. Cleveland, accompanied by Senator Carlisle and the other ladies, entered one of the boxes every man at the tables rose and waived their handkerchiefs and joined in three hearty cheers, which the wife of the ex-president acknowledged with a bow. When the feasting was finished the chairman introduced ex-President Cleveland as the first speaker of the evening.

The Markets.

LIVERPOOL, Dec. 23.—Wheat, unchanged.

NEW YORK, Dec. 23.—Money on call easy; closed offered at 3; prime merchantile paper, 7½ to 9; sterling exchange, quiet, weaker; 60 day bills, $4 79¼; demand $4.83½.

SAN FRANCISCO, Dec. 23.—Wheat trade is light, proportions, but values are well sustained; No. 1 white, $1.31¼ @ $1.32½; choice $1.33¾; milling $1.37½ to $1.4[illegible] per cental.

Parnell Scathed.

LONDON, Dec. 23.—Michael Davitt's newspaper, the Labor World, to-day reviews the onslaught on Parnell. The Labor World says Parnell is a greater danger to Ireland than any one outside. No foreign force has ever so endangered Ireland's liberty and honor as this new pretender, unmitigated trickster and unscrupulous enemy of liberty and democracy.

An Irrigation Company.

SAN BERNARDINO, Cal., Dec. 23.—The Bear Valley Irrigation Co. has been incorporated with a capital stock of $4,000,000.

Latest styles in gentlemen's neckties at Searls'.

Mince meat at F. L. Kenton's.

Fine cheese at F. L. Kenton's.

PARNELL DEFEATED.

Sir John Pope Hennessy Elected to the Commons.

RECEIVED A MAJORITY OF 1146

Railroad Dividends Declared—Discovery of Marble Rescued Just in Time.

KILKENNY, Dec. 23.—The official result of the election yesterday to fill the vacancy in the house of commons, shows that Hennessy, nominee of the anti-Parnelites, is elected. Hennessy's majority is 1146.

There was little or no excitement here this morning. Messrs. Parnell, Harrington, Redmond, Scully, Hennessy and Healy were at the courthouse at an early hour awaiting the actual announcement of the result.

Opponents of Parnell are exultant over the result which they consider but a forerunner of a sweeping victory in the coming general election. The Parnellites are greatly cast down and practically concede the cause of their leader to be hopeless.

LONDON, Dec. 23.—Now that the Kilkenny election is over and the excitement attending that first trial of strength between the Irish faction is dispelled, all are looking forward with the deepest interest to the meeting of Parnell and O'Brien in Paris. O'Brien is acquainted with Mrs. O'Shea, who will also be in Paris, and who may, it is thought, have something to say in behalf of Parnell. There is no foundation whatever for the report that the queen's proctor means to reopen the O'Shea divorce case. The only possible ground for such action, in view of the evidence, would be a collusion, and it would do Parnell no good to testify to that, while at the same time should such a claim be successfully interposed, it would make it impossible for Parnell to marry his "Dear Kate," as he habitually calls her, and would leave her in a condition worse than divorce or widowhood. It is understood that at the coming conference in Paris, the question of the disposition of funds now locked up from uses of the National League will arise, and an effort will be made to arrive at common ground as to the disposition of the money.

In a statement last evening Sir G. Trevelyn, M. P., said that the liberal party continued steadfast in its attitude toward Ireland, and that it was firmly resolved to give a measure of atonement and deliverance to Ireland as a nation, "not because they are liberals, but because we are liberals."

FROM COLFAX.

Driving Hobos Out of the City—Artesian Water Desired.

COLFAX, Dec. 23.—There have been a good many cases of petty thievery in town of late, and these frequently have led the authorities to take stringent measures with the hobos and toughs who have been congregating here. Saturday evening Marshal Mackey escorted two of them outside the city limits, and others will doubtless follow.

The work of the Spring Mountain Water Company at Shawnee is progressing very favorably, and the indications now are that water will be struck within a day or two. The borers are down over 200 feet, the last 15 of which have been through water, clay or soapstone, the artesian formation found at Pullman. If water is struck it would prove a great boon to Colfax, as there is a fall of nearly 400 feet and it can easily be piped to the city.

TRUE TO HER WORD.

She Said She Would Die Like a Man and Stuck to It.

LONDON, Dec. 23.—Mrs. Pearcey was hanged to-day for the murder of Mrs. Hogg and baby. Previous to being pinioned the unhappy woman shook hands with the hangman and repeated to him the assertion that she would "die like a man." On her way to the scaffold Mrs. Pearcey positively refused any assistance, saying quietly to those who offered to help her along the path leading from her cell to the scaffold, "I can walk by myself." On the scaffold, she never faltered for an instant and met her fate as she said she would, "like a man."

Dividends Declared.

NEW YORK, Dec. 23.—The Lake Shore & Michigan Southern directors have declared a semi-annual dividend of 2½ per cent. and an extra dividend of 1½ per cent.

The Michigan Central has declared a regular dividend of 2 per cent. and an extra dividend of 1 per cent.

The Canada Southern has declared a regular dividend of 1¼ per cent.

The New York Central to-day declared a regular quarterly dividend of 1 per cent. and ½ per cent. extra dividend.

Convict Dam Finished.

SACRAMENTO, Cal., Dec. 23.—The last stone of a great dam across American river, above Folsom prison, was laid to-day by convict forces who have been at work for more than two years on the dam.

INDIAN SITUATION.

The Cowboy and Soldiers are Becoming Brave.

ST. PAUL, Dec. 23.—A Pioneer Press Pierre, S. D., special says Frank Patterson from Midland brings the report that three white men were killed by Indians in Pratt county.

DENVER, Dec. 23.—A news special from Creston, S. D., via Rapid City, says the situation is practically unchanged. Several troops of cavalry are out chasing small bands of Indians. It is reported that a great deal of ill feeling and trouble is being caused by cowboys laying near the reservation line and shooting at any Indian who may appear. Since the arrival of the soldiers, the cowboys and ranchers have become very bold and are molesting the Indians. Deputy military commander has given orders to disarm any of these settlers who may be caught invading reservations for the purpose of attacking the Indians.

PIERRE, S. D., Dec. 23.—Reports from Fort Bennett indicate that hostilities under Big Foot, who capitulated, are on the way to the post. The first company of troops to reach them made terms offering peace if they surrendered their arms. The Indians refused and threatened to massacre the company, and the next day seven more companies arrived, when the hostiles gave up their Winchesters and ammunition. One hundred of Sitting Bull's braves will be sent to Standing Rock.

A Dismantled Ship.

SAN FRANCISCO, Dec. 23.—A Tacoma dispatch to the Merchants Exchange says that the captain of the ship Ericson, reports having passed, December 19th, thirty miles off Cape George, an abandoned ship with the main and mizzen masts gone. The vessel was standing in shore when last seen. It is believed here that the vessel was the C. F. Sargent, which returned to Port Townsend in a dismantled condition.

THE DAY IN CONGRESS

VERY LITTLE BUSINESS TRANSACTED.

Sherman Makes a Report from the Committee on Finance Remedying the Money Situation Bills Referred.

WASHINGTON, Dec. 23.—Chairman Aldrich, of the committee on rules this morning was instructed to report the Cloture rule to the senate.

The senate finance committee has just reported the financial bill with an amendment striking out the provision for the replacement of a deficiency in national bank note circulation by the issue of treasury notes, and inserting a provision for the replacement of deficiency in the national bank note circulation by the issue of treasury notes and inserting a provision for the issue of 200,000,000 2 per cent. bonds, redeemable at pleasure after ten years.

Sherman, from the committee on finance, reported a bill to provide against the contraction of currency and for other purposes, and was read twice and placed on the calender.

The Cloture resolution as reported by Aldrich to-day in the senate provides that when a queston shall have been considered for a reasonable length of time it will be in order for any senator to demand debate thereon to be closed. On such demand debate in order and pending such demand no other motion except one motion to adjourn shall be made. Aldrich also presented a resolution to apply the above rule to the pending election bill. It is improbable any action will be taken on the rule before next week.

The programme of the republicans is believed to be in this line. At convenient time the rule is to be called up (when majority is at hand) when democratic senators attack it with the intention of talking it to death, or until the 4th of March, the presiding officer will rule debate not in order taking stand on the broad ground of parliamentary law that a motion to close a debate would in itself be defeated by a debate which, must therefore be out of order, as was ruled in the British parliament when the celebrated Cloture rule was adopted against the vigorous opposition of the Irish members. What will follow no one can say, but if the rule carries, the election bill will come very near the statute books.

Money from the East.

SAN FRANCISCO, Dec. 23.—During the past three days $650,000 was transferred from the East by telegraph to the sub-treasury in this city. This action was taken by the secretary of the treasury in order to meet the increased demands against the government which are payable here.

Seven Persons Injured.

AKRON, Ohio, Dec. 23.—A tornado struck the new syndicate town of Barberton this afternoon. A building in the course of erection was demolished. John Triplett was instantly killed and six other workmen badly injured.

KICKED TO DEATH.

The English Engineer Gone to Examine the Astoria Road.

SEATTLE AND UNION PACIFIC.

The Tramps Were Lynched—Three White Men Reported Killed—Money From the East.

PORTLAND, Dec. 23.—News has reached here of the shocking death, near Clatskanie, Columbia county, of Bennie, 13-year old son of George Kelly, of St. Helens. The boy was riding along a county road, in company with John Carroll. Bennie tied the end of a rope around his waist. His horse took fright at a flock of wild geese and ran away, throwing the lad off. Before the horse could be stopped he ran some distance, dragging the boy and kicking him about the head. The body was shockingly mangled and before he could be detached from the animal he was dead.

TRAMPS LYNCHED.

They Throw A Brakeman Off the Train And Are Lynched.

PORTLAND, Or., Dec. 23.—An Oregonian special from Walla Walla, Wash., says: "The rumor has reached here that three tramps had been lynched near Huntington, Or., on the Oregon Short line, by railroad men. They were put off by the brakeman, but afterwards got on the train and overpowered the brakeman whom they threw under the train. Both his legs were broken and he died from his injuries. Report says the tramps were caught near Huntington, and three of them were lynched, the fourth escaped.

RAILROAD RUMORS.

Which Affect Seattle and the Union Pacific.

PORTLAND, Dec. 23.—Various rumors are in circulation in regard to the engineers coming out here to look over the Seattle extension of the Union Pacific. The Oregonian has definite information that Mr. Cameron, of the Union Pacific, Collins, of the Missouri Pacific, and Beckner, of the Great Northern, are coming to confer with Chief Engineer Bogue, of the Union Pacific, in regard to the Sound. They will probably arrive here the latter part of the week.

THE ASTORIA & SOUTH COAST.

The Report of An Engineer Will Decide Its Fate.

PORTLAND, Or., Dec. 23.—James McNaught, the engineer sent here by the English syndicate to negotiate the bonds of the Astoria and South Coast Ry., left for a trip over the proposed line to-day, to examine the resources of the tributary country. William Reid and other officers of the road accompanied him. The action of the syndicate, which represents three million dollars, depends upon the tenor of his report.

Seattle's Hillside Slips a Little.

SEATTLE, Dec. 23.—An extensive landslide occurred to-day at the foot of South 12th street, covering the track of the Northern Pacific railroad for a distance of about 100 yards, and all trains are stopped until the many tons of of displaced earth are removed. The men are working day and night with hoisting engines clearing away the track. One hundred additional hands were brought here from Puyallup to aid in the work of opening the road. The tumble is attributed to the washing away of the street by the heavy rains of the past three days. The city recently expended $20,000 in grading and protecting this hillside.

Marble Deposits Discovered.

SAN FRANCISCO, Dec. 23.—Information has been received by the land department of the Southern Pacific company that a very valuable discovery of marble has been discovered along the railroad but a few miles from Reno, Nev. A bluff was encountered which shows a perpendicular frontage of 200 feet of marble, which is there 150 feet wide. The ledge is traceable for several miles and runs through sections of government land as well as that of railroad.

A Movement to Close on Sunday.

WASHINGTON, Dec. 23.—The Sunday closing crusade against the world's fair has opened in earnest. On the desk of each senator and representative this morning was a letter asking him to declare himself for or against the Sunday opening of the world's fair. The letters bear the signature of a religious editor of a semi-politic religious New York weekly paper.

Hennessy's Election Contested.

LONDON, Dec. 23.—Scully will lodge a petition protesting against the election of Hennessy in Kilkenny on the ground of undue influence upon the part of the priests. Over 200 votes were challenged by the Parnellites.

Choice designs in handkerchiefs at Searls'.
