THE CITIZENS' MEETING.

The Amendments to the City Charter Agreed Upon—Bill for a Wagon Bridge

The citizens' meeting to consider the proposed amendments to the city charter was held at the court house last night.

The meeting was called to order by the chairman, Judge L. Flinn. The secretary read the joint report of the committee from the city council and the citizens committee, which is as follows:

To the Honorable, the City Council and to the Citizens of the City of Albany:

We, your committee appointed by the city council and by a meeting of the citizens of the city, to confer together and to examine the changes proposed to be made in the city charter, beg leave to make the following report:

That we have carefully examined the city charter as prepared by the city council, of the city of Albany, and all of the proposed amendments to the old charter, and find such amendments to be substantially as follows:

First, That street improvements be done and performed by the city, but that the costs and expense of such improvements be assessed to the abutting property owners and made a lien upon the abutting property for the collection of such assessments.

Second, That the city council be authorized to issue \$75,000, interest bearing bonds, for the purpose of constructing a sewerage system, for building a bridge adjacent to the city of Albany, across the Willamette river, and if any balance remains, to be expended in the construction of a city hall.

Third, To condemn private property for the purpose of opening or widening a street or alley within the city limits, or for the constructing of sewers.

Fourth, Empowering the city recorder to appoint a deputy to assist him in making assessments and fixing the time at which the owners of property shall be taken for assessment at March 1st of each year.

Fifth, To provide for the punishment of persons allowing dogs or poultry to run at large.

Sixth, To change the name of the street commissioner to that of street commissioner, and creating the office of poundmaster.

And your committee have added a further amendment to said old charter, to-wit:

Eighth, That no deduction for indebtedness be allowed in making assessments on the city.

The proposed amended charter, as now prepared, contains all the above changes, and no other essential change or modification of the charter now in force.

Your committee further represent that they believe that all of such changes and modifications will be of general advantage to the city, and that the most of them are essential and necessary for the proper regulation and government of city affairs, and we, therefore, recommend that the amended charter be adopted.

Dated this 14th day of January, 1891.

B. F. TABLER, C. G. BERKHART, G. W. SMITH, Council Committee.

A. HARKNESS, C. E. WOLVERTON, Citizens' Committee.

O. H. IRVINE moved that the report be adopted.

J. L. Cowan moved to amend, striking out the clause relating to no deduction for indebtedness, leaving the charter as it now stands in that respect.

After discussion the amendment was carried, and the amended report of the joint committee was then adopted.

O. H. Irvine moved that a resolution be adopted, urging upon the Oregon legislature the necessity of passing a law requiring the owners of steamboats plying on the Willamette to construct the smoke-stacks of such steamboats, upon hinges, so that they can be lowered in passing under bridges.

On motion of Mayor Cowan the chair appointed a committee, who were instructed to request the senators and representatives from Linn county to urge the passage by the Oregon legislature of the charter bill as amended, also a bill authorizing the city of Albany to construct a wagon bridge across the Willamette at this city, and to draft the bill named.

The chair appointed as such committee O. H. Irvine, J. K. Weatherford and J. L. Cowan. On motion the meeting then adjourned.

Installation of Officers.

Thomas Froman installed the following persons as officers of Tangent grange: A. Blevins, M.; Mrs. Emma Cochran, Lec.; H. Ingram, Steward; C. A. Reinhart, Assistant Steward; N. E. Olin Clapp, John Luper, Treas.; J. H. Scott, Sec.; Grant Nichols, G. K.; Ada Knighton, Pomona; Elpha Looney, Flora.; Sarah Needham, Ceres; Eliza Scott. The new officers made some very appropriate remarks on taking their places. Dinner was announced and all adjourned and did ample justice to the well filled tables. After dinner the grange resumed business in the regular order. There was a resolution introduced opposing the repeal of the mortgage and usury laws. Messrs. Froman, Smith, Cochran and others spoke strongly in favor of the law as it now stands all thinking said law was good enough. Tangent grange seems to be on solid ground and in a prosperous condition. We hope other granges will do likewise.

THERE'S MANY A SLIP.

An Affectionate Letter Which Reached Its Destination.

The article which appeared in yesterday morning's HERALD in regard to a letter written by a Sweet Home barber was read by a correspondent in this city, who sends us the following written by a young society man of this city to his best girl, one day last week.

The young lady is out of the city at present but she is a frequent visitor here and has many admirers, all will be interested in knowing who her correspondent is. Following is a copy of the epistle.

ALBANY, Or., Jan. 10, 1891.

To my Dear Friend—

My condition and position is at the desk in the main office of my employer, near the corner of— and— streets. The busiest thoroughfare in the city. Time 11 o'clock a. m. I am very busy attending to my duties so do not expect a very continued manuscript.

I feel more than assured that in accordance with your very radiant disposition you would heartily enjoy being in our city at the present time, principally from the fact that there are many varied places which afford ample bliss to the pleasure seeker. I miss many an evening's amusement by keeping inviolate the pledge I made you the evening you departed hence, not to speak to a young lady during your absence, though it be a century.

We have an opera or a theatre two or three times a week, revival meetings at three of the principal churches, which have been in progress for three weeks, converting many erring souls, a dance every Saturday night at which every latest style of the terpsichorean art is taught, and numerous other attractions which brevity will not at present permit me mentioning. I faithfully remember the vote.

[The remaining pages were not secured, but if the writer will call, and prove property he will have the original of the above.]

BROWNSVILLE NEWS.

Quicker Time to Albany—Encouraging Mining News.

BROWNSVILLE, Jan. 15.—No snow and little frost here so far this winter and from present indications the prospect is that our winter is about over.

The woolen mills have shut down for a few days to repair the flues in the steam boiler, but will be in full blast in a day or two.

Many of our farmers are setting out fruit trees this winter, and we will soon have large orchards of prunes & plums in this section.

I. O. O. F. of this city gave a public installation of officers last Saturday night. The guests were visiting brethren from Halsey, Crawfordville and other lodges, and a very enjoyable time was had by all.

Since the change of gauge on our railway the trains made better time and there is much more travel over the road; especially is this case between Albany and Astoria, and as the distance is only twenty-two miles we are in hopes to see the day when a letter can be sent to our county seat and answer returned the same day, as it now takes two days for this to be done.

Mr. N. B. Standish returned from a flying trip to the mines last week, and brought down about 100 pounds of quartz from the Lucky Boy mine and expressed it to Portland to have it worked. Mr. Standish reports but little snow up there, and found the Tacoma Company had three men at work taking out ore and piling it up ready for a mill, and from all indications now there will probably be two quartz mills go in to the camp next spring—one by the Brownsville company and one by the Tacoma company. By a private letter received in this city this week a lot of ore from this camp was milled in Tacoma, Wash., and yielded at the rate of \$22 in gold and some silver per ton, and the ore came from near the surface of the ledge. We look for a lively camp on the Calippooa and Blue river next summer.

Y. M. C. A. CONCERT POSTPONED.

On account of the great effort that is being made by the churches of Albany, to reach the hearts of the people, we deem it expedient to postpone the concert which was to be given Jan. 23d. The Y. M. C. A. appreciate and wish to cooperate with the churches in the effort to proclaim to all men the goodness and mercy of God. And while we are loth to disappoint anyone, yet in view of our position and relation to God and man, we think it unwise to place before the public anything that would detract interest in religious circles. It is true, that since the purchase of our lot, we are in sore need of financial aid, nevertheless we cannot afford to lose sight of our aim and object, hence the concert which we proposed to give is indefinitely postponed. We promise, however, all lovers of music an evening of musical enjoyment in the near future.

America Takes the Lead.

America now takes the lead as an iron producing country, united with China, we could do the washing and ironing of the world. Mueller & Garrett are taking the lead in the grocery business of Albany, as their cash figures please every one.

THE RAILROAD COMMISSION.

A Merry War Will Result Over It in the Oregon Legislature.

There will be a merry war over the railroad commissionerships. Candidates are continually looming up, and before the time arrives for their selection it is possible that every county in the state will have one or more candidates in the field, and a lively tilt for first place is already in progress.

J. P. Faull, president of the present board of railroad commissioners, will not be a candidate. He will retire on his honors and give some other man a chance to wrestle with the subject of freights, fares and culpable negligence. George Waggoner, of Benton county, now secretary of the board, was one of the members of the original commission. He was summarily "fired" out of office by Governor Penoyer for "cause," but his excellence up to date has failed to give his alleged cause for such removal. Mr. Waggoner is therefore a candidate for commissioner. He wants to be vindicated, and is setting forth his claim to the legislative members in the incisive way. The early in the fight the following candidates are in the field:

Democrats—T. J. Black, Linn county; Robert Clow, of Lane county; J. W. Virtue and George J. Chandler, Baker county; Dunham Wright, of Clatsop county; G. M. Stroud, Multnomah county.

Republicans—Geo. Colvig, Jackson county; George Waggoner, Benton county; Henry Rogers, Marion county; Theron Fell, Morrow county; A. N. Hamilton, William Swoodgrass, Union county; R. S. Anderson, Baker county; D. M. Dunne, C. N. Scott, Multnomah county; S. A. Dawson, Linn county; John Mitchell, Wasco county.—Salem correspondence of the Oregonian.

The Goodyear Minstrels.

Goodyear, Elitch & Schilling's Minstrels will appear at the opera house Tuesday Jan. 20. This is a large and finely equipped company and it is claimed the costliest, richest dressed and best in the country, except the Monte Cristo Royal Court. Walls of silk, plush, velvet and satin draped, and festooned with heavy gold cord and fringes. Comedians representing Monte Cristo jesters, vocalists as gay cavaliers, musicians as Monte Cristo fishermen, the company includes Chas. W. Goodyear, Chas. E. Schilling, America's representative musical artist, Geo. H. Edwards, the quaint comedian formerly with Haverly's Minstrels.

Albert Leech a favorite young comedian, Chas. W. Expert, Equerry, bristle jangler and shadow graphist makes shadow men, women and animals by the movement of a finger. Brothers London, European athletes. Symonds, Hughes & Rastus comedians, singers and comedians. Southern quartette, W. Harvey, Duff, Bentley Brothers and a host of others.

Bring Your Horses and Get Your Cash.

Mr. H. Brandenstein from San Francisco, will be in Albany buying horses on the 20th and 21st inst., at Mr. L. Senders' stable. He desires to buy the following horses, viz: Bays and Blacks, age from 4 to 8; weight, 1075 to 1150 pounds, 15 to 16 hands high, well broke and sound and in good condition.

A True Saying.

It was the girl who had studied the currency question who remarked, "There is not enough gold to go 'round," when she discovered that the engagement ring was too small for her. By buying your groceries at Mueller & Garrett's you will always have gold enough to go round.

Financial Embarrassment.

The announcement on Monday that J. A. Cauthorn, doing an extensive warehouse business in Benton county, had made an assignment, was received with surprise and regret by all. Mr. Cauthorn's assets will cover his liabilities and he is hopeful that he will soon again become established in business.
