AN APPROPRIATION NEEDED.

The question of the proper aid
to be given to the destitute and
needy, and to every humane
person, and has always, and will
continue to be, the subject of legisla-
tion by all legislative bodies. The
Oregon legislature has at various
times been called upon, and has
responded to appeals, from orphan
homes at Portland and Salem, and
the results therefrom have been
satisfactory. This year Albany
puts in a plea for like aid for her
orphans home which is in course
of construction, under the control
of the Ladies Aid Society, which
for fifteen years has been looking
after the welfare of orphans and
the needy sick and suffering, and
the plea should be granted.

These appropriations are wisely
made in all cases where the houses
are economically and wisely run.
It is thought by some that the
state should not apply the funds
in these separate institutions. But
the careful observer will be
convinced that the policy of hav-
ing a single state institution of
this kind, and use the state funds
only in this, is not the most
humane nor economical. State
institutions are costly affairs and
never satisfactory in their man-
agement, while the comparative
private institutions, like the
present ones in the state are, have
been found to be satisfactory and
economical in their management
and working. They invariably
stimulate and bring out large sums
in the shape of private charities
and donations, that would be
entirely lacking in the support of a
state institution. Then to they
are capable of furnishing aid and
assistance in their respective
localities that could not be applied
from a state institution in a dis-
tant part of the state. Many cases
of dependent children could be
assisted temporarily, and helped
into independent self support,
which could not be reached in that
manner by the single state insti-
tution. These facts have been
demonstrated by actual experience
and the application of state funds
in limited amounts to orphan
homes in different sections of the
state, is a wise course to pursue
even if it is a breaking of pre-
cedents.

A FAMILY in California, whose
members have embraced the faith
cure doctrine, recently refused to
employ a physician when one of
the juvenile male members had
his arm broken, or even have the
arm properly set. The result is
the boy is a cripple for life. In
such cases the strong arm of the
law should so be applied as to
demonstrate to the ruling head
of the family that faith without
works is futile, for by your works
is your faith tested.

The legislature is wrestling with
the subject of investigating the
Agricultural College. There seems
to be ample grounds for looking
into matters, as Prof. Grimm, the
late head of the agricultural de-
partment, offers to prove that
things have run crooked or in case
of failure to deposit a large sum
from his own purse in the college
library fund, and Prof. Grimm is
a man whose word carries weight
with it.

KING KALAKAUA'S demise will
save the jawbones of those who
have been obliged to call him by
name, but it will be jumping out
of the frying pan into the fire, for
who can successfully withstand
lockjaw in attempting to twist out
Queen Liliuokalani?

The house of representatives of
the United States is in a tumult,
Mill, of Texas, being the principal
agitator. Such insulting epithets
as he has applied to Speaker Reed
should not be permitted.

THE action of the lower house
of the state legislature upon the
subject of a joint memorial to con-
gress, on the subject of the im-
provement of the Columbia river
to enable our great inland empire
to acquire shipping facilities,
shows that the importance of the
measure is fully understood and
will be provided for as amply as
lies in the power of the state.

THE matter of the adoption of
the Australian ballot system for
the state seems likely to meet with
some objection in the Oregon leg-
islature. It is said that amend-
ments are being tacked on and
that the passage, especially in the
senate, is to be a thorny road. For
a measure that has received such
hearty and universal endorsement
that seems strange.

PERHAPS there has been no
death of recent date that has so
effected the country as has that
of the historian Bancroft. His great
services to the country in literary
and diplomatic work has been so
distinguished that it has become
a national pride and valuable
acquisition.

SPEAKER GERR is evincing fine
ability in presiding over the delib-
erations of the house, and shows
that no mistake was made in
selecting him as presiding officer.

Dr. GILL'S CATARRH CURE
FOR SALE BY ALL DRUGGISTS.
"Some months ago I purchased a
box of Dr. J. P. Gill's Catarrh Cure for
my own use, but finding my nephew,
C. A. McMahon, needing such medi-
cine I let him have my box of medi-
cine. He now sends for three more
boxes, saying it is the best thing for
catarrh ever tried by him and his
friends. I got another box to use in
my case, and cheerfully recommend it
to others."

Prof. J. W. Johnson, president of the
State university, says it cured him of
a cough after two other prescriptions
had failed. Likewise two of his little
girls used it to cure their coughs. Mrs
Mark Bailey, wife of Prof. Bailey,
sent it to Prof. Johnson, and recom-
mends it to all who suffer from colds
and coughs. For coughs it acts like
a charm, and can be inhaled into the
sinuses or passages, where no other
