Does Albany Want It? The committee on manufactures of the Portland Chamber of Commerce are authority for the statement that the proposition from an Oakland, Cal., company to the Albany Board of Trade, relative to the establishing here of a knit hosiery factory, is also made to any other city in the state first ready to take advantage of the offer. The chairman of the committee has been shown through the Oakland factory and realizes the magnitude of the plant and the importance of such an industry would be to this or any section of this state. The machinery mentioned is suited not only for making hosiery, but underwear as well for men, women and children. This class of goods for women and children is not made in Oregon, and certainly no other women goods are made. Our facilities for this manufacture are better than at Oakland, Cal., such a factory will pay here and pay well.

RAILROAD GOSSIP.

What Astoria Correspondent Has to Say About the Oregon Pacific.

A correspondent in the Astoria Evening Bulletin, in speaking of the railroad situation says:

One thing is certain a more local line will not do justice to the possibilities of your port. That it would do some good is undeniable, it might encourage other roads to build, still for Astoria to distance all competitors it is becoming a good second to San Francisco. First you want a line from the plains beyond the Rockies to make this line your port.

Most this line be the Union Pacific. We think not. The Union Pacific has her interests centred elsewhere, "up the creek" as you say. It is true, but Astoria it would be a branch line. The Southern Pacific and the Northern Pacific also have their terminal ports, and Astoria would still be only a second place where she deserves a first.

Have you heard that the Denver & Rio Grande is building into Oregon? Do you know that the Denver & Rio Grande has bought the Oregon Pacific, which runs from just east of the Cascades through Albany to Yagipina Bay?

Will it make your eyes water? Not if they know what Astoria is. Not if Astoria will give them a welcoming hand.

A line from Astoria is all that will be necessary to give you a transcontinental line, to break the monopoly, the crushing monopoly of the Union Pacific, giving life to Astoria and new hope to Oregon.

A line which has come so far would not hesitate to build those miles further. All you need to do is to show the new comers what advantages Astoria can offer. bid them welcome and promise them all the support and aid you can give.

Go then tell these Denver people what you are, take them to Astoria, show them your harbor, your facilities, let them measure the two sides, take them inland and show them your fine forests and valuable coal, and so assure them that if they ever hope to see their line a thorough success, build to Astoria they must.

A Novel Offer. We have received a copy of the Dominion Illustrated, which is the only high class illustrated journal published in Canada. With the beginning of the present year it was enlarged to sixteen pages weekly, and new and striking literary features have been added. It is profusely illustrated in the highest style of photography art and altogether a highly interesting journal and a credit to Canadian skill and enterprise. The publishers have announced a prize competition for the current year, which bears the stamp of originality. Six questions are published each month, and the material for answering them is found in the numbers for that month. Only correct answers count, and the prizes, which number 1000, exceed \$3,000 in value. The smallest is valued at \$5, and the first is \$750 in gold. The publishers announce that any dissatisfied patron may exchange prizes for the cash value at which it is rated in the published list. As the Illustrated is not a "stake" journal it has every reason for keeping promises with subscribers. The publishers, The Sabiston Litho and Pub. Co., Montreal, guarantee that on receipt of 12 cents for stamps Canadian of America, they will forward to any address a sample copy with full particulars as to terms, etc.

Two Days Only. The Ladies' Bazaar will introduce the style of "sales days," and on next Tuesday and Thursday they will have a special sale of their elegant and stylish trimmed millinery, consisting of all the latest novelties in hats, toques and bonnets for ladies, misses and children. Each hat will be marked in plain figures at less than one-half its actual price. This is no clearance sale, but a special sale day of the most reasonable goods, and will last but two days. Don't fail to visit this sale, and secure the greatest bargains ever offered in the millinery line. Positively for two days only.

Return Thanks. For the active assistance and kind sympathy extended during the sad drowning and subsequent burial of Mrs. Mary McHale, from the people of the North Sanium and in Albany the last of the day of the under-ground is extended. We also return thanks to the Rev. Alan Metayer, and the gentlemen who acted as pall-bearers; also to the people of Albany at large who befriended us in our bereavement. At home O. P. P. Mr. & Mrs. C. F. Pennington.

Just Received. I have just received my spring stock of Blazer jackets. Bluffs and light colored tapes and head caps in the latest styles. Ladies will do well to examine my stock before purchasing elsewhere. G. W. SIMONSON.

GEO NAGLEY HEARD FROM.

He is Alive, and Started to Tramp toward the State of California.

The mysterious disappearance of Geo Nagley from this city last week has at last been explained.

Mr. H. W. Stewart writes the following note from Conistock station, Oregon, under date of April 5: "I noticed in the Oregonian of today a paragraph which mentions the sudden and mysterious disappearance of a man named George Nagley, from Albany, under such circumstances as to lead to the belief that he had committed suicide. I sold this party on my giving name, a ticket to Sisson, Cal., last night. He stated that he had been sick, and walked this far, thinking it would improve his health, but his feet had become sore, and he concluded to take the train. He is a common-sized man, weighs from 130 to 140 pounds, is of sandy complexion and bald headed.

This is no doubt the missing man, and the news will set at rest the faces of his friends that he had committed suicide. He had \$75 when last seen in Albany.

LUIGNE NOTES. Eugene, April 8, 1891.

For the first time in the history of Eugene politics has crept into our city election. Last Monday we had a division of this kind, and the republican ticket was elected.

In school and city matters this is an important state of things, but in Eugene they were excellent good men on both tickets, and as we did not fail to get a mayor and councilmen of whom we are proud, John McClung is the mayor elect, and the councilmen Judge Walton, Lawyer Morris, and grocery-man Paine.

Our streets during the winter have had the sloppiness of all wet-foot cities whose streets are not paved, but with the coming pavement and sewers we look for cleaner times.

Eugene seems to be about as busy as usual at this time of the year, but while a good deal of building is going on there are lots of vacant houses.

A thief attempted to break into Barker's gun store the other night, but he was confronted by the man who slept inside, and ran away in good shape.

It seems impossible for any man to be in the world who would be bitterly opposed at the close of a year's service.

COAST NOTES.

Judge M. L. Pipes will convene circuit court for Benton county at Corvallis April 13.

The Indians on the Warm Spring agency are preparing to put in a spring crop, a larger acreage than before.

If present plans are not changed, President Harrison and party will pass through the Willamette valley either on April 30th or May 1st.

The state teachers institute will be held this summer at Newport. The beach will be lined with lovely schoolmarms during the session. Truly the attractions at Yagipina are increasing.

Calif. is now the proper abbreviation for California in order to avoid confusion with Col.

The carcass of a sperm whale ninety-five feet in length was washed ashore on the beach near Cape Arrago, below Empire City, a few days ago. It was promptly located by its discoverers and preparations made to secure the oil and bone. The head gave 800 gallons, and the remaining portion 120 barrels of oil.

Hon. John C. Drain died at his home in Drain on Sunday. He was born in Iowa, May 22, 1812.

The Salem Statesman rises with the remark that the gentlemen in the Oregon penitentiary are the "birds of the immortals." They are always saying "pardon me."

The Talles Chronicle says that it is reported that Mr. John Mitchell and Mr. W. H. Vanlibbe of that city have struck "pay dirt." Some time ago they bought a piece of land in Whatcom, Wash., for \$500 and a lucky turn in the wheel of fortune warranted them in, to-day, figuring on getting \$129,000 for it.

The commencement exercises of the medical department of the Willamette university were held in Portland Monday evening. Dr. E. P. Fraser, dean of that department, delivered the address to the graduates.
