THE INDIANS AT IT.

They Kill Two Unknown White Immigrants,

CAUSE OF TRAGEDY UNKNOWN

Business is Suspended and Citizens Are Up In Arms—Great Excitement Prevails.

BLACKFOOT, Idaho, April 13.—Great excitement was caused this afternoon over the killing by Indians of two unknown white emigrants, who were encamped a mile below this place. Nothing is learned as to the cause of the tragedy. Their bodies were found by a party of men, and a number of Indians were seen taking to the hills east of here. Business is suspended and citizens are up in arms.

About 100 armed mounted men left the city to demand the surrender of the guilty parties. Should the Indians refuse trouble is sure to follows, as the posse are all determined men. The governor and adjutant-general have been telegraphed in regard to the affair.

LATER—The Indian police are on the track of the murderer. No trouble is anticipated. The parties killed were Frank Hull and a nephew of the same name, from Franklin, this state. The coroner's jury brought in a verdict of killed by an unknown Indian.

IT LOOKS LIKE WAR.

The German Emperor Will Inspect the Condition of the Frontier.

LONDON, April 13.—The report that the kaiser has given up his hunting programme, which had been fully determined upon, and places and dates arranged, in order to visit Alsace-Lorraine, is not regarded as a sign of peace. It is said the kaiser desires to inspect for himself the condition of the German frontier defenses in the direction of France, and that later he will make a similar tour of the Russian frontier. There is no disguising the fact that the almost universal impression prevails in Germany that war is near at hand and no official assurance can remove the impression.

THE ITALIAN QUESTION.

Nothing Can Be Learned of Italy's Intentions.

ROME, April 13.—Up to noon today it has been impossible to learn anything further concerning the report that the Italian cabinet had decided to request United States Minister Porter to leave Rome in case no reply to Premier Rudini's last note was received from Secretary Blaine by to-morrow. Officials are reticent and journalists are unable to secure a confirmation or denial. At the American legation nothing could be learned. Minister Porter has heard nothing except what he has read in the papers. In well informed circles the prevailing opinion, as nearly as one can gather, is that the premier will not proceed to extremities at this juncture.

HAS NOT BEEN SENT.

The Answer to the Italian Premier Has Not Yet Formulated.

WASHINGTON, April 13.—The letter from Secretary Blaine to Premier Rudini is not yet sent, according to the best advices from the department of state. The appearance of things at the department is more tranquil than on Saturday, though the idea of hostilities is still pooh-poohed as absurd. The president's preparations for his trip has not been changed in any respect, and it is considered a sign that he at least does not deem the situation at all critical.

Curtis Did Not Suicide.

PORTLAND, April 13.—The coroners jury in the case of John E. Curtis, the bartender who was found dead in a lodging house in East Portland with a bullet wound in his forehead last Saturday morning, brought in a verdict today that Curtis came to his death by the hand of an unknown person or persons. It was first thought that he had suicided.

Five Boys Drowned.

ST. LOUIS, April 13.—This afternoon a boat with twelve young men aboard started from the Missouri side of the river across to East St. Louis, and when about three fourths the way over the boat ran into an eddy and capsized and five of the boys were drowned. The others were rescued with great difficulty.

Hall Bilks His Managers.

SAN FRANCISCO, April 13.—Joe Harris, the Australian manager, who came here with Hall, Maber and Villis, returned to San Francisco yesterday and reported that Hall had eloped with the gate receipts of the exhibition at Salt Lake and signed articles with Muldoon. Harris will return to Australia on the next steamer.

Guarding P. T. Barnum's Grave.

BRIDGEPORT, Conn., April 13.—A guard has been placed over the grave of P. T. Barnum. Friday, after the grave had been rounded up and the floral emblems placed around it, people began to pluck the flowers. The police were compelled to use their clubs to drive away the crowd that was despoiling the floral emblems. Curious people from out of town had gathered around the Barnum lot, anxious to secure a flower as a keepsake. Two men were detailed to watch the grave during Saturday night. Saturday rumors were freely circulated that the body was to be snatched. The family have become alarmed, and have taken the precaution to set a watch over the grave. Last night several stalwart men were patroling the cemetery. The guard will be kept on for some time.

A Poolseller Sent to Jail.

SAN FRANCISCO, April 13.—Judge [illegible] to-day rendered a decision in the habeas corpus case of George Tuttle, a bookmaker, arrested at the time of the passage by the board of superviaors of the ordinance compelling poolrooms to close The court holds that section 10, article 11, of the constitution, clearly applies to the case, and that the ordinance in question is valid. He accordingly denied the petition for habeas corpus and remanded the prisoner into the custody of the sheriff.

WOMAN'S DUPLICITY.

AN INNOCENT MAN SUFFERS FOR IT.

Sent to Prison by the Story of an Erring Woman—He Never Disputed What She Had Told.

COLUMBUS, O., April 13.—The case of William Offet, a colored man now serving a fifteen-year sentence in the Ohio state penitentiary here, on conviction of a criminal attack on a woman, is almost without a parallel, as now, after serving two years and four months, evidence is produced proving him to be an innocent man. Offet's alleged victim was the wife of J. F. Underwood, a white clergyman of Elyria, and a man of good character. Mrs. Underwood had the confidence of her husband and the respect of her acquaintances. When a preacher returned from a lecturing tour his wife related a woful tale. She said one day during his absence, as she walked along the street, Offet, with her permission, assisted her to carry some bundles. Arriving at her home, she said he had assaulted her, but she had fought him off with a club. He, however, finally overcome her, rendered her unconscious by the use of chloriform, and escaped. A few days later Mrs. Underwood pointed Offet out on the street to her husband, who would have killed him then and there but for the intervention of a third party. Offet was arrested and Mrs. Underwood gave the story of the outrage before the grand jury. As she emerged from the grand jury room she was observed to be weeping. She then urged her husband to drop the prosecution, as she felt pity for the accused. Offet was convicted, however, and sent to the penitentiary for 15 years. Some months afterward Underwood became very ill, and his life was despaired of. One day, while at his bedside, his wife said she had a confession to make before he died. Then with much weeping she told how Offet had accompanied her home, how she had sent the children away, and how Offet, with her full and free consent, had been unlawfully intimate with her, and how he had come to the house at subsequent times. She ascribed her fall to a temptation too great to be resisted. Underwood recovered, and a separation ensued by mutual consent, he taking the children and removing to Allegheny City, where he still resides. Mrs. Underwood subsequently obtained a divorce on the grounds of wilful absence. Underwood then made affidavit to the confession of his wife and sent it to Offet's friends in Elyria, who sent it to the prison board, before whom the prisoner was yesterday called and confirmed the truth of the confession. Steps have been taken to have Offet released.

Austria Doesn't Like the Tariff.

VIENNA, April 13.—The arts and trades associations report to the minister of commerce in response to the United States government's invitation asking Austria to be represented at Chicago in 1893, was handed in to-day. The report emphasizes the desire of Austrian manufacturers to participate in the Columbian exposition, asks that the Austrian government put a pressure on the United States government with a view to removing or at least modifying the McKinley tariff measure.

Condition of the Sick.

WASHINGTON, April 13.—Rear Admiral Shufeld is better this morning and there are now hopes of his recovery.

APPALLING SCENES.

Chilian Vagabonds Committing All Sorts of Atrocities,

DISTRESS ALONG THE COAST.

The Rebels Achieve a Victory Over the Government Troops—Destitute and Dying.

PANAMA, April 13—Mail advices from Arica state that many refuges are coming from Iquique. A correspondent there writes that vagabonds are robbing, plundering, murdering, violating women and committing all classes of atrocities, while incendaries are also engaged in destruction and pillage. The government of Chili is reported to be engaged in establishing an army of 20,000 strong at Tarapaca.

The distress along the south coast due to the revolution is appalling. A correspondent at Lima writes that four hundred refuges who arrived on the last steamer were so destitute that they had to remain on the wharf. The commandant at Iquique was selling flour at 22 cents per pound.

The fighting between the government forces and the rebels near Iquique resulted in a victory for the latter. About 700 men in all were killed. A Lima paper published a message from Iquique received by the English minister, saying that the triumph of the rebels on the seventh of March was decisive and Balmaceda's troops were knocked to pieces. Hundreds of people have abandoned the nitrate works and accompanied by their families, trudged across the desert to Iquique. The scene is of a nature which hardly finds an equal in the history of war. Many died on the desert, and their bones marked for many days the road to the now abandoned nitrate factories The Chilian ministers to Argentine and France have been declared traitors by President Balmaceda.

POSTOFFICE ROBBED.

Masked Men Blow Open a Safe and Take the Contents.

SPOKANE FALLS, April 13.—A special to the Review from Deep Creek Falls says:

"Early this morning the postoffice building was entered by two masked men and the postoffice safe blown open and ransacked. Mrs. Sadie Young, postmistress, discovered the entrance and passed through from her sleeping room to the middle door, where she encountered two men who pushed her down and made their escape. There were three registered letters in the safe containing an aggregate amount of $100. Shortly after the men escaped fire broke out in the postoffice building, which was burnt to the ground and most of the stock destroyed. The flames spread to Perkins Bros., general merchandise store, completely consuming it and a large portion of the goods. The residence of John Haynes, near the postoffice, was also destroyed. The total loss will reach $10,000; partly insured."

THE SUGAR MARKET.

Combination Formed Between Refiners and Wholesale Grocers.

NEW YORK, April 13.—Reports have been current for some days on the sugar market that a combination has been formed between the sugar trust. All eastern refiners and the wholesale grocers associations are to acquire complete control of the sugar trade. It is known negotiations have been pending between the independent refiner's sugar trust and the wholesale dealers to handle all sugars refined in this country, and boycott the refined sugar of foreign countries. So far the deal has resulted only in an association of refiners. It is stated to-day that Claus Spreckles, E. C. Knight, Harrison and Frazer, and all the independent sugar refiners have entered into an agreement with the trust to work in harmony with its managers and produce only their pro rata share of the entire production, which will be limited to the sales made in advance by wholesale grocers.

HUSTON'S SUCCESSOR.

Enos Nebecker Appointed United States Treasurer.

WASHINGTON, April 13.—The president late this afternoon appointed Enos H. Nebecker of Indiana, U. S. treasurer, vice Huston, resigned.

Lynching Denounced.

KENTON, O., April 13.—Judge Johnson to-day charged the grand jury regarding the lynching of William Bates, murderer of policeman Harper on the 9th. The judge is very severe on lynchers, describing the act as a wilful and deliberate, malicious, cowardly murder. He pointed out the duty of the grand jury to indict all as to whom testimony is sufficient to show guilt.

TEN THOUSAND STRIKERS.

Police and Military Join Forces to Disperse Them.

LONDON, April 13.—Ten thousand striking weavers assembled at Bradford to-day to protest against the action of the municipal authorities in forbidding the meeting which the strikers had arranged for yesterday. The police vainly tried to disperse the gathering. Finally the riot act was read and the military summoned. The soldiers joined the forces with the police and a combined charge was made upon the ranks of the stubborn strikers. A fierce struggle ensued, but the strikers were unable to resist the increased force and were compelled to retreat before bayonets and batons. The police used batons very freely and many strikers were injured severely. Several police were also hurt during the fight.

Captured by the Insurgents.

IQUIQUI (via Galveston) April 13.—News is just received here that Arica and Tacna have been captured by insurgents, and that the department of Tacna is in the hands of the congress party, who now control all Northern Chili as far south as Doyiapo. No fighting has occurred. The government forces are fleeing toward the frontier of Bolivia.

They Wore Bloomer Costumes.

MINNEAPOLIS, April 13.—The effect of the McHale anti-tight bill was seen to-night at the Lyceum theatre, where an opera company produced "Chimes of Normandy" in bloomer costume. There was a packed house, but the music and libretto were lost sight of in the rediculousness of the affair.

Gen. Spinola Dead.

WASHINGTON, April 14.—General Spinola died at 1:25 this (Tuesday) morning.

BY FORCE OF ARMS.

WISCONSIN MEN TRYING TO ACQUIRE LAND THIS WAY.

A Mob of Armed Men Surround the Local Land Office and Make Threats That Are to the Point.

WASHINGTON, April 13.—Commissioner Carter, of the general land office, received information to-day that great excitement exists among the people in the vicinity of the lands in Northern Wisconsin along the line of the Chicago, St. Paul, Minneapolis & Omaha, which will be opened to homestead settlement next Saturday. At Ashland it is said a crowd of armed men have formed a circle around the local land office and threaten to shoot anyone who attempts to break the line or in any way tries to forestall them in filing the necessary application papers. Commissioner Carter, in speaking of the matter to-day said these hostile demonstrations would work only hardships to the persons engaged in them, for no one would be permitted to acquire rights under the land laws by force of arms or intimidation. The lands are said to be valuable for their pine timber.

ARE TO BE DISAPPOINTED.

The Government Will Present Offset Claims to the States.

WASHINGTON, April 13.—Many states that expected to realize the entire amount of their contributions to a direct tax are to be disappointed. A scrutiny of the refunding act by the first comptroller has satisfied him that the United States government may claim offsets against all the states wherein the tax was not collected from individuals directly by the government. He has been searching the records for such offsets, and here are some of those he has already discovered on account of quotas of arms, ammunition, etc., issued up to 1887: California, $8110: Oregon, $2472; Washington, $3985. Had the old law continued in force any of those states might have made their accounts square by diminishing the amounts of their requisitions, but after the new militia law of 1887 was passed, this course could not have been pursued.

Burned to Death.

MONTREAL, April 13.—A dispatch from Sorel says that the residence of Major Edward Paul was burned last night. His youngest girl, aged 6, perished. Madame Paul and two other children were probably fatally burned.

This afternoon the state legislative committee met at the office of Hon. Joseph Simon to take preliminary steps for the president's entertainment.

Extensive preparations will be made for the president's reception.

DIED OF LA GRIPPE.

Four Members of a Family Buried in One Day.

SALEM, Or., April 13.—Four members of the family of Adam H. Sconce, living at Lewisburg, seven miles south of Silverton, were buried side by side this afternoon, all of them having died of la grippe, a young daughter at 12 o'clock Saturday night and at 1:20 her her mother followed, next night at exactly 12 the father died and at precisely 1:20 his mother passed away. A remarkable coincidence in the deaths occurring at just the same hours. La grippe is prevalent throughout that section, while in Salem there are many cases. The doctors, however, say the number of cases are on the decrease.

A RAILWAY COLLISION.

Two Trains Attempt to Pass on the Same Track with Bad Results.

WALLA WALLA, April 13.—A train collision occurred at 10 tonight at Starbuck, resulting in the destruction of an engine and two cars. The freight train, east bound, was standing at Starbuck depot when it was crashed into by a runaway engine, to which were attached two cars and a caboose. The runaway engine crashed into the other, tearing out the whole front of the engine, which exploded, setting fire to the cars attached, which were totally consumed.

When the caboose was burning at was with the greatest difficulty that the Starbuck hotel was prevented from burning down. No one was injured in the collision. The bridge was broken down by the runaway train.

Germany Playing a Double Game.

LONDON, April 13.—Germany is in no hurry to remove the restrictions from American pork. The government has given no definite promise as to the time when restrictions will be removed, and the commercial treaty with Austro-Hungary when ratified is expected to open the door for an unlimited supply of pigs from the Balkans by way of Hungary. It is suggested in Berlin that the delay is attributed to a desire to let the Hungarians have a first chance to the answer of Germany for imported pork, and that in the meantime the German government will delay action as to the American pork on some pretext or another.

This Will End It.

LINCOLN, April 13.—Grand Master Newman, of the trainmen's brotherhood, has ordered all the striking Burlington brakemen to go to work. This practically ends the strike, as the yardmen can do nothing without the trainmen's assistance. Sweeney refuses to talk.
