HARRISON'S TRIP

Speeding on His Way to the Pacific.

HE MEETS HEARTY WELCOMES

All Along the Line—Virginia Leads Off and All the Other States Will Follow.

ROANOKE, Va., April 14.—When the train bearing the presidential party arrived at Roanoke at 8:50 o'clock this morning a great crowd of people were waiting on the platform to receive it. As the train neared the city, people who had been apprised of its coming stood along the tracks and hundreds of employees of the Roanoke Machine Works stood on the cars and benches and cheered a welcome. People on the platform were packed in a dense mass, and outside the fence enclosing the tracks crowds gathered in an endeavor to catch a glimpse of the chief magistrate. As the train came to a standstill, the president appeared on the rear platform, and was greeted with cheers. Mrs. Harrison, Postmaster General Wannamaker, Mrs. McKee, Mrs. Russell Harrison and Marshall Ramsdell also stood on the platform, and they appeared much amused at the efforts of the crowd to shake the president's hand. The president smiled and laughed as he reached down over the railing, grasping hard after hand in quick succession. Then the cry of "speech, speech," was set up and the president, leaning on the railing of the platform, made a few remarks touching on the increased prosperity of Virginia. The speech was received with much enthusiasm, and as the train drew out of the station more cheers were given by the crowd. The run during the night was eventful. At Lynchburg, where the train was delayed about 20 people assembled and inspected the train with much interest. At Bedford City the coming of the train was evidently expected and several hundred people gathered on the platform, but the president did not make his appearance.

Enthusiastic receptions were given the president at Knoxville, Tenn., where an immense crowd assembled to greet him. The president gave a brief address. At Greenville, the old home of Andrew Johnson, a specially chosen reception was given and the president spoke briefly. An old grizzled veteran forced his way through the crowd and grasped the president's hand with the remark: "I am one of those people who kept you back at Chickamauga, and now that the war is over, I'm proud to take your hand."

BLAINE IN 1892.

Herman, of Oregon, Says His Plans Are Being Laid.
SAN FRANCISCO, April 14.—The Examiner's special says: "A well-defined plan having for its object the candidacy of Secretary Blaine in 1892, has been formulated by some of the plumed knight's enthusiastic admirers here and in the West. It embraces the retirement of Blaine from his position of secretary of state next fall, or at any period within a few months, when it is safe to assume that the Italian affair will have been satisfactorily closed. It is the purpose to have him take place after the resignation of the president's tour in the South and West has worn off in those sections. Then Mr. Blaine's friends desire to take him over the same route, though a more extensive one. The contemplated tour will comprise 10,000 miles of travel, as against 6,000 miles embraced in Harrison's itinerary. The object is to bring the western farmers as much as possible into personal contact with the man who has been endeavoring to get a foreign market for their 'barrel of pork' and 'barrel of wheat.' Representative Binger Hermann of Oregon, was the first to give a hint as to what was intended, but the idea has spread so among Blaine's friends that he will in a short time be obliged to advise them of his precise attitude in the matter."

THE PRIZE RING.

The Proposed Astoria Fight Will Be Declared Off.
SAN FRANCISCO, April 14.—Joe Harris, late manager of Jim Hall, the Astoria club of this action, and this evening President Grant, of the club, wired Harris that the club's offer was closed unless through him.
Railroad to Coos Bay.
MILLSFIELD, April 14.—The preliminary survey of the Coos Bay Eastern Railroad will be started this week, under the direction of Chief Engineer Miller. The western terminus will be at Millsfield, a slightly location on Coos river, opposite Marshfield. The road will run up Coos river

and across the coast range,

direct to the town of Winchester, six miles north of Roseburg. The line is 60 miles in length over the route finally adopted. Road building and active operations will commence in about 40 days, with hopes of completion this year.

He Was Prominent in Business Circles.
W. J. Herren, one of the best and most favorably known business men of the state, died at his home in Salem on Monday, of a gripe. He was one of the early pioneers, and a man whose word was as good as his bond. One of his brothers, now dead, was formerly sheriff of Linn county.

Inviting Co-operation.

TOPEKA, April 14.—Frank McGrath, president of the Kansas alliance, addressed a letter to the Southern alliance, urging them to act with a third and independent party. In the letter he intimates that unless the Southern branch of the order takes this step, the Northern states will go back to the republican party.

Indian Service School Matters.

WASHINGTON, April 14.—President Harrison has ordered the classification, under the civil service ruling, of school superintendents, their assistants, school teachers, physicians and matrons in the Indian service.

WARMING POWDER.

IT BLOWS UP THE STOVE AND HOUSE.

Two Persons Killed and Another Will Die Don't Monkey With Powder.

PORTLAND, April 14.—Near La Center, Wash., last Friday, a man named Holcomb attempted to dry some powder in the kitchen stove. Soon after being placed on the stove, the powder exploded, blowing the stove to pieces and setting fire to the house. Two children aged 16 and 14 were burned to death. Holcomb was so badly burned that he will probably die. Mrs. Holcomb and the two youngest children escaped with slight injuries. The house with all its contents were consumed and the family left homeless.

MONEY CONGRESS

Meets in Kansas City to Review the Financial Situation.

MANY STATES REPRESENTED.

Organization Perfect—Charles Francis Adams Writes but Does Not Attend—Not in Sympathy.

KANSAS CITY, April 14.—The first Western states commercial congress convened at noon today with delegates present from the following states and territories: California, Washington, Idaho, Colorado, New Mexico, Wyoming, Montana, Kansas, Nebraska, Minnesota, Wisconsin, Indiana, Ohio, Kentucky, Tennessee, Alabama, Iowa, Missouri, Louisiana, Georgia, Texas and Oklahoma. The convention was called to order by State Senator Keller, of Kansas. He introduced Rev. Dr. Haynes of this city, who offered a prayer. The convention then proceeded to a temporary organization. Senator Keller was chosen temporary chairman. In a long speech of acceptance he explained that the object of the congress will be the consideration of various questions of peculiar interest to the West and South.

Charles Francis Adams, of Boston, wrote that, while he recognized the hardships of the present situation in the West, he did not believe any action, except individual action, was necessary for a remedy, with the very general popular idea that the government was a grand reformer, to do all to protect every one and everything, and provide remedies for every ill that the body politic is subject to.

Mr. Adams does not sympathize; on the contrary he says: "I am so antiquated in opinion as to think that the world is governed altogether too much. If the people are left alone they will work out their own salvation a great deal quicker and more satisfactorily than while the government incessantly encumbers them with its well meant, but ill-advised, assistance."

Mr. Adams did not believe that there was any general business or agricultural depression, except that due to national and temporary causes, that he did not believe any government action was necessary.

Senator Francis was chosen president, and temporary secretary, Springer, was made permanent secretary.

TANGENT NOTES.

TANGENT, APRIL 13.
Not seeing any news from this place for some time we thought of sending a few lines.

Rev. H. B. Elworthy, of Shedd, preached a memorial sermon at the new church in Tangent last Sunday in memory of Rev. John Wesley.

Miss Sylvia Hawley is confined to her bed with the mumps. It seems as if the mumps will never cease in Tangent, also Miss Ada Knighten is down with them.

Farmers are all very busy plowing their ground and getting it ready for spring seeding.

The Hesperian Literary society of Tangent met last Friday evening, and a large crowd was present. The society closed for the period of one month and then we will commence again.

CROOK COUNTY.

Prinville News.
They must still be having some winter up in Grant county, judging from the following item which appeared in the Canyon City News of the 3d: "Farmers up the valley repo their haystacks dwindling. Some of them fed their stock nearly four months, and besides this there was no old hay left over from last winter."

Stock Inspector Dobson made a ride through the northern part of

the county last week and inspected

35 bands of sheep, and found 11 bands affected with scab. There were two bands which he did not see that are affected with the disease. At this rate about one-third of the sheep in the county will probably be found to be diseased.

This week Charlie Elkins made unprecedented time traveling between here and The Dalles. He left here at 8:30 p. m. Monday, to notify Misses Vinea and Manda Combs, who were in Portland and Salem respectively of the sickness of their parents, and arrived in The Dalles at 4:30 Tuesday evening, making the trip of 120 miles in 20 hours. LOSANOS, April 14.—The Turkish government has apologized to Austria for an outrage at Uskub, in Albania. John Tebo and Frank Macy, two other suspicious characters, were arrested.

President of the World's Fair.

CHICAGO, April 14.—Wm. T. Baker, president of the Chicago board of trade, was tonight elected president of the board of directors of the world's fair, vice Lyman J. Gage, resigned. Baker is an enthusiastic democrat. His political faith was a strong point in his election. The general opinion was that a member of the democratic party should be chosen, in view of the fact that the president of national commission, director general and solicitor general are republicans.

EVICTIIONS BEGAN.

The Strikers Are Breaking In Their Banks.

HUNGARIANS ARE LEAVING.

They Have Made a Run on the Bank—Drew Out Their Money and Return Home Weary.

SCOTSDALE, Pa., April 14.—The evictions were begun today in a determined manner. The families of two men who have taken an active part in the labor demonstrations were first thrown out. Evictions were carried on at Summit and Adelaide and the scenes on the roads today are likely to be repeated all over the region.

To-night operators assert that the strikers' ranks are breaking at many points. A crowd of infuriated foreigners attacked the houses of several men who have refused to work to day, smashing windows and doors. One woman was badly injured. Thirty arrests were made. The bankers here say a steady run has been going on ever since the strike began. A great many of the Hungarians are drawing out their money, they receive nearly all they earn and are going home. Some had as much as \$250 and say they will be wealthy in their own country.

PRESBYTERY MEETING.

Directors of the O. & C. R. R. Elected.

PORTLAND, April 14.—The presbytery of Portland met this evening. Rev. W. H. Landon preached the opening sermon. Rev. G. W. Gibbons was elected moderator. R. K. Warren, temporary clerk, and Rev. W. S. Holt reporting clerk.

The annual meeting of the stockholders of the Oregon & California railroad company was held today. The election of directors resulted in the re-election of the old board, as follows: A. H. Pardee, C. P. Huntington, Charles F. Crocker, W. V. Huntington, Timothy Hopkins, John McCracken, Donald MacFarley, R. P. Earlhart, R. Koehler, W. W. Broderton and Geo. H. Andrews. A resolution contemplating the filing of additional articles of incorporation is no doubt a step towards the absorption of the Portland and the Willamette Valley narrow gauge by the Southern Pacific. It is known that the stockholders of the O. & C. Railway own a majority of the stock in the narrow gauge, and this move can mean nothing else than the absorption of the latter road by the former, the principal object being to place the two roads under one management.

WORLD'S FAIR BOARD OF LADY MANAGERS AND MISS CONSINS.

CHICAGO, April 14.—The executive committee of the board of lady managers and Miss Consins, secretary of the board, had another clash today. The committee was appointed to revise the minutes of the November meeting, which were being printed, but Miss Consins ignored the committee and got out the minutes herself. After a long discussion to day the ladies passed a resolution declaring Miss Consins' action seriously in violation of the respect due to the lady managers. Another resolution was passed, authorizing her to resign any authority heretofore granted Secretary Consins, involving the expenditures of money.
