GAINING IN MEMBERSHIP.

HALL OF HARMONY GRANGE. April 18th 1891. The grange met in regular session. Worthy master H. C. Powell in the chair. All being qualified to remain, the secretary read the minutes of the last regular meeting also the minutes of a called meeting. No objections the minutes stood approved. The grange proceeded to ballot on the names of three persons for membership in Harmony Grange, also three persons for application to the grange to be received as members. The first and second degrees were then conferred on a class of three brothers. After which the grange was closed in due form. The master declaring a recess of five minutes. The grange was duly opened in the third degree, and a class of twelve were then initiated in the third degree. The fourth degree was conferred on the same class of twelve. On dinner being announced all took the fifth degree in royal style, and seemed to enjoy it, and wished for more of the same order. The worthy master called the horse to order when Bro. K. A. Irvine (assisted by Bro. S. A. Dawson) instructed the class in the unwritten work of the order in a very interesting manner. The grange then resumed business in regular order. A resolution was introduced asking the state grange to let the representation to be left as it is at present. Several members spoke in favor of the resolution. The resolution was adopted. I would like to call the attention of the grangers of the different counties to be up and doing for there are five or six granges that are on the upward grade, and we would advise all the different organizations that are in sympathy with the farmers to work in unison and brother grangers let us stick to our order, and work for the interest of all the P. H. I am satisfied that all who were present to-day were well paid for the day's work done. A vote of thanks was tendered Bro. R. A. Irvine and others for their assistance in the exercises of to-day. Grange closed in regular order.

The Alta Heywood Concert.

The Denver Republic speaks in the following terms of the concert company, which will be here on next Saturday: The Alta Heywood Concert company succeeded in pleasing and entertaining a good audience at the Labor Grand opera house last night. Mr. Alta Heywood who is at the head of the company, gave some impersonations which for humor, originality and novelty have seldom been surpassed by monologue artists in this city. Miss Annie Miller's violin solo was one of the chief features of the concert, and the appreciation of her execution was shown by the encore she received from the audience. Miss Wedgren, the Swedish prima donna, who is not a stranger in Denver, having appeared with the Emma Juch company last spring, has a voice of remarkable strength and sweetness. She has more than fulfilled the promise of her earlier days in singing. Dewey Heywood's flute solo was a gem. He responded to an encore with a selection that was also heartily applauded. Signor Jovine, whose singing was also a popular feature, has a voice of great range and power. He is another member of the company who is not a stranger to many in this city, having been one of the Campanini company a few years ago. The bridge won't be built this year. You're another, I say it will. I wonder how many local ones of the councilmen got. Some say T. W. Knolls all about it. Mueller & Garrett will sell groceries cheaper now than ever—boodle the reason. People in need of money will please call on Wm. Garrett, as he got all the boodle. Kickers are plenty but dying fast. Fine Swiss cheese at Mueller & Garrett's. The sensible people of Albany will celebrate the bridge question by eating some of those fine fat chickens on salt at Mueller & Garrett's. Printing The Laws. LETTER FROM PORTLAND.

Newspaper on Topics of Interest at the Metropolis.

Portland, April 23.—If we take time in this fast age to consider what is likely to be the consequence when a people or community depart from the rules of justice and law, and allow individual self interest to govern and control our courts, then we may expect such exhibitions of Lynch law to prevail as shocked the municipality of New Orleans, and aroused the anger of the Italian government, while the Fredricks n. murderers while the fate they well deserved at the hands of an outraged public while the vacillating courts failed to do their duty and weakly pondered to the success of the gang that was brought to bear upon their heinous and villainous crime. But so long as lawyers make the laws, and make them too, without reference to equity or justice; just so long may the people expect to see murderers lynched or tortured (at large) prey again upon the citizen who has some reverence and respect for the laws of his country. The Rose's and Old's are fair examples of how the law can be made to do the bidding of the unscrupulous and unprincipled. He was fined \$5 and costs by Justice J. W. Hoeman and has since been working out the fine on the streets. For such cases as this the old fashioned cat-of-nine-tails would be very appropriate. A man in Empire City jumped into the bay last week, with suicidal intentions; but two balloons cannot occupy the same place at the same time, and he was so full of whisky that not enough water could get in to drown him. A life preserver was thrown him, and the way the fellow hung around proved conclusively that he reported of the rash act.—Missfield Sun. A son of J. L. Kinney, of West Chehalis, met with a very painful accident one day last week while out hunting.
