FRISCO'S RECEPTION.

The President and Party Royally Welcomed.

IN CALIFORNIA'S METROPOLIS

An Elaborate Demonstration—Military and Marine Display—Quartered at the Palace Hotel.

SAN FRANCISCO, April 25.—President Harrison was welcomed to San Francisco to-night by a great show of enthusiasm. The presidential train arrived at Oakland about 7 o'clock, and the party were met by the reception committee of citizens, General Ringer and staff of the regular army, General Dimond and staff of the state troops, and was escorted to the large ferry steamer "Ferdinand." The president occupied a position on the upper deck, where he obtained a full view of the magnificent display made in his honor. The Ferdinand steamed around the bay slowly to enable the president to witness the brilliant illuminations on the bay, on the hills and in the city. The marine display was one of the most striking features of the occasion.

The president passed between two long lines of vessels from Oakland to San Francisco. All of these vessels were brilliantly illuminated by red fire and electric lights, which displayed their decorations of flags and bunting. Salutes were fired from shore and a number of vessels as the president approached San Francisco. The Ferdinand arrived at the foot of Market street at 8 o'clock, and the crowd which had collected there was immense.

The president was welcomed by Mayor Sanderson, and the party at once entered carriage and prepared for the march up Market street to the Mechanics' pavilion. Nearly every building on Market street, from the ferry to the pavilion, was decorated with flags and bunting, and long streamers and banners were stretched across the street at short intervals. The party, accompanied by a military escort, arrived at the Mechanics' pavilion at 9 o'clock. Thousands of people had assembled in front of the pavilion and were kept in order by a guard of police and soldiers. The immense building, which holds 10,000 people, was decorated with bunting, evergreens and electric light displays. The crowd was kept outside until the president had entered the pavilion, when they packed in by thousands. As the crowd passed by the stand where President Harrison stood, there was constant cheering and waving of hats and electric light displays. The president had entered the pavilion, when they packed in by thousands. As the crowd passed by the stand where President Harrison stood, there was constant cheering and waving of hats and electric light displays. The president had entered the pavilion, when they packed in by thousands.

During the few hours that the president was at the pavilion at least thirty thousand people passed before him, and nearly as many were unable to obtain entrance to the building.

THE RECEIVING SEAS. Hearing in the Case Postponed Until Next Autumn.

WASHINGTON, April 25.—The supreme court has postponed the hearing in the Saywood and lottery cases until October 19. The habeas corpus application in the case, involving jurisdiction over Behring sea, are very voluminous. They must be divided in two parts, first, the legal argument involving the right to bring the case before the court in the rather unusual form of a writ of prohibition and second, the politico-legal argument involving the relations between the departments of government.

MORE INDICTMENTS. Still Bringing the New Orleans Criminals to Justice.

NEW ORLEANS, April 25.—The New Orleans grand jury returned indictments for attempted jury bribing against Ferdinand Armand, attorney for Charles Portino, one of the eight prisoners who escaped massacre in jail, and against Charles Granger, who is said to be in the employ of the Louisiana lottery company.

FEEDING A DOLLAR. Millions of People in Darkness About It.

SAN FRANCISCO Chronicle. What is the "milling" on a dollar or other coin? Probably not one person in 500 would answer this simple question correctly. There is a popular belief that the corrugations on the rim of a dollar are the milling. A Chronicle reporter thought so too until the point happened to arise in a conversation with C. M. Gorham, coiner at the Mint, the other day.

Mr. Gorham went into the coin-room and picked up a "blank," here, burned the plain silver out of a round piece of plain silver cut out of a silver bar. It had gone through one machine, which had

MILLIONS OF MONEY.

The Country's Financial Condition Is Growing Better.

NEWS EAST OF THE ROCKIES.

An Important Land Bill, Involving Many Thousands—'Jack the Ripper' Located.

WASHINGTON, April 25.—Director of the mint Lynch, speaking of financial matters to-day, said: "The amount of money in the treasury of the United States on the first of this month was \$751,000,000, of which \$498,000,000 was 'trust money,' held for redemption of gold, silver and currency certificates, and the balance of \$253,000,000 belonged to the treasury just as absolutely as any property which the government owns. How there can be any possibility of the government failing to meet obligations with this immense sum of absolutely free cash on hand is difficult to conceive. That the secretary should consider it wise to convert all his assets into the most available money, and to this end convert a large amount of subsidiary silver coin into lawful money, and that he should draw from national bank depositories money which may be needed by the government, seems eminently proper and should excite no concern. Since the advent of this administration, 25 months, \$230,903,900 of the interest bearing bonds at cost, and including interest and premium of \$27,750,881 has been purchased and retired. When we consider this immense amount of interest bearing debt wiped out in two years and the immense saving of interest to the people of the country it will be readily seen that the moneys in the treasury have been put to good use.

FIGHT WITH ROBBERS.

Desperate Battle With a Gang of Outlaws.

AVILA, Ala., April 25.—Last night a gang of five robbers broke open several stores. After committing robbery they fled, pursued by a posse of officers and citizens. Half a mile from town they stopped and a pitched battle with shotguns and revolvers followed. J. S. Wilson, alderman, was fatally shot, and William Bentley, one of the robbers, is dying. All the gang were arrested except two. It is believed they are the persons who caused the railway wreck near Springfield recently.

IT MAY END IN WAR

RUSSIA AND TURKEY ARE AT VARIANCE.

The Stoppage of the Russian Steamships at Dardanelles the Cause of the Trouble.

CONSTANTINOPLE, April 25.—The note of Russian Ambassador Neidort in regard to the detention by the Ottoman authorities, April 13, in the Dardanelles, of a steamship belonging to the Russian volunteer fleet, which vessel was being used under the merchant flag as a transport for military workmen, has caused great alarm in Turkish official circles. The Russian ambassador declared the embassy would henceforth be compelled to take an independent measure to assure the passage of Russian merchant vessels through Dardanelles. The note in reply to Neidort said that should the Russian ambassador's remarks be carried out, other powers might feel called upon to take the matter into consideration. Diplomatic circles throughout Constantinople are much excited over the event, which, it is thought, may result in more serious complications.

FEROUS STRIKERS.

Two Thousand of Them Resort to Violence in Michigan.

DETROIT, April 25.—The employees in the Michigan car works, to the number of 2,000, struck for nine hours' work with ten hours pay. As they passed out of the works, a volley of stones was thrown and nearly every window in the building broken. The strikers proceeded to the works of the Detroit Steel Spring Co. and called on the men to strike. The special police of the concern drove the strikers out, whereupon they fired a shower of bricks and stones through the windows, injuring one man.

Fares to the East to Be Raised.

CHICAGO, April 25.—The commissioner of the Western Traffic Association has issued an order advancing second-class passenger rates from Pacific coast points to Eastern terminals on transcontinental lines. The second-class rate will be \$5 and the excursion rate \$10 higher. The advance will take effect on a date to be fixed by the chairman of the transcontinental association.

More Fighting in Africa.

SOMA, April 25.—Dispatches state that the British forces advancing on Manjuir met and defeated a force of about 1,000 Manjuirs on the 23d instant. The latter opened fire on the British, who replied with artillery, and the enemy fled in disorder. The insurgents then sent messengers to the British, asking for peace.

The Markets.

SAN FRANCISCO, April 25.—Wheat, \$1.75 to \$1.77 1/2 per cental for fair to good shipping grades. NEW YORK, April 25.—Money on call, 4 1/2 per cent; prime mercantile paper, 60 days, 4 1/2 per cent; sterling exchange, steady, sixty day bills, 4 1/2 per cent; demand 4 1/2 per cent.

Valuable Trotters Burned.

PHILADELPHIA, April 25.—One of the stables belonging to the Belmont race track, seven miles from here, burned this morning, and nine valuable trotting horses perished.

HUNT'S SLAYERS.

The Lynching Epidemic Needs a Vigorous Check.

EXCITEMENT STILL INTENSE.

The Soldiers Plotting to Kill Policemen and Others—The Secretary of War Appealed To.

WALLA WALLA, April 25.—Great excitement still prevails in this city over the lynching of Hunt last night by soldiers. Superior Judge Upton has called on Col. Compton, commanding Fort Walla Walla, for aid in ferreting out the guilty parties and bringing them to justice. Col. Compton said he would lend all the aid in his power, and that only a misconception of the gravity of the situation on his part prevented his taking more active steps to prevent the trouble. Col. Compton stigmatized the action of the mob as a disgrace to himself, his officers, his troops and the entire army.

Stopped by the Police.

BOSTON, Mass., April 25.—The fight between Ike Weir and John Griffin, for the feather-weight championship of America and a purse of \$1000, was stopped in the fourth round by the police early this morning. Griffin undoubtedly had the best of it at the time. An attempt was made to resume the fight at Cohasset, but the police again intervened and stopped it.

Chilian Warships Reported Sunk.

MADRID, April 25.—It is re-affirmed here that the insurgent Chilian ironclad Blanco Encalada has been sunk as the result of an attack made upon her by torpedoes, and that the loss of the vessel was attended by great loss of life.

HARRISON THE MAN.

DEFEW SAYS HE WILL HAVE A WALK-OVER IN 1892.

Will Be No Opposition in the Next Republican National Convention—The New South.

CINCINNATI, April 25.—In an interview here, Chanuncy Defew said, referring to President Harrison's trip: "Harrison's Southern speeches prove that the caricatures so universally accepted, of a man who has rallied around to a great office have slandered a president who mentally and morally had the talent and courage to worthy administration the office of chief magistrate, and the result will be the triumph of the republicans in next year's canvass and the re-nomination and election of President Harrison. Indeed, I don't think there will be any opposition to him in the national convention, and the reception accorded the president in the South shows that the men of the South are becoming nationalized, and will care less for the doctrine of state's rights than the North. Then you come to think about it, the South is not only part of our country, which is purely typically American. It has not been invaded by the immigrants."

MR. REGAN OF TEXAS.

He Resigns as U. S. Senator to Become a Railroad Commissioner.

ST. LOUIS, April 25.—A special received to-day from Senator John H. Regan, dated Palestine, Tex., to Senator Coke, who resides here, says: "I have been induced to accept a position on the Texas railroad commission, and have notified Gov. Hogg of my resignation as senator."

AUSTIN, Tex., April 25.—Governor Hogg has announced that he would appoint Horace Chilton, of Tyler, to succeed Regan in the United States senate.

"JACK THE RIPPER."

Two Suspects Arrested in New York City.

NEW YORK, April 25.—Two men are under arrest in connection with the murder of Carrie Brown in the hotel Tuesday night. A pair of trousers supposed to belong to either "Frency" or the other man arrested, were brought to the station this morning. Spots on them may be blood stains. They answer the description of the trousers worn by the woman's slayer, and were found in a Bowery lodging house, where they had been left yesterday.

The deputy coroner concluded the autopsy on the remains of the woman murdered by "Jack the Ripper" this afternoon. Inspector

Arrangements for His Reception in Portland About Completed.

PORTLAND, April 25.—Arrangements for the reception of President Harrison are about completed. The exposition building, where the reception is to be held in the evening is already receiving decorations. It is proposed to have the route from the Hotel Portland to the exposition building tastefully decorated and illuminated. The committee having in charge matters of transportation will make an effort to have fares on all railroad and steamboat lines entering Portland reduced for three days beginning May 4. They will undoubtedly be successful.
