OUT ON A SHORT TRIP

The President Visits Several California Summer Resorts.

HOW THE DAY WAS PASSED.

The Party is Royally Entertained at Every Stopping Place—At the Hotel Del Monte Resting.

MENLO PARK, Cal., April 29.—The president and Mrs. Harrison and party left San Francisco at 9 o'clock this morning for Palo Alto on a special train, accompanied by Mayor Sanderson and a committee of San Francisco citizens. Brief stops were made at San Mateo and Redwood City, where large and enthusiastic crowds had gathered. The president briefly addressed them. At Belmont, the cadets of the Reid school and pupils of public schools were drawn up. The train did not stop, but the president, from the rear end of the platform, bowed his acknowledgement of their cheers. Menlo Park was reached at ten minutes after 10 o'clock. Senator and Mrs. Stanford, Senator Felton, Governor and Mrs. Markham, and a party of friends were waiting at the station with carriages. The president, accompanied by the others, then visited the Palo Alto stock farm and examined the blooded horses in the stables, including the famous stallions Piedmont and Electricity, and afterward paid a visit to Stanford University.

SAN JOSE, Cal., April 29.—The presidential party arrived here at 5 o'clock this afternoon. A national salute was fired and a large crowd gathered at the station and cheered lustily. The visitors were escorted to the hotel Vendome, where an address of welcome was made by Mayor Rucker and responded to by the president. The street parades followed, and visits were made to the High school, Normal school, Notre Dame convent and other educational institutions.

MONTEREY, April 29.—The presidential party arrived at the Del Monte hotel shortly after 7 o'clock this evening. At the request of the president his arrival at Del Monte was devoid of ceremony in order that Mrs. Harrison and other ladies of the party, be allowed time for rest and preparation for to-morrow's programme. The Hotel Del Monte, where the party spent the night, is beautifully decorated with flowers and bunting. The president was informed this evening that the Chinese emperor had notified his minister at Washington of his unwillingness to receive Mr. Blair, the newly appointed American minister, to China. The president said it was news to him, but made no other comment.

AT THE LAND BUREAU.

The Secretary of the Interior Decides an Important Question.

WASHINGTON, April 29.—The secretary of the interior decided that the recent act amending the statutes as to school indemnity lands applies to North Dakota, South Dakota, Montana and Washington, and takes the place of the provisions relating to this matter in the enabling act. These states are therefore entitled to indemnity for sections 16 and 36, when these sections were settled upon prior to survey, or are fractional or wanting in township for any cause. In regard to the instructions issued some time ago by the commissioner of Indian affairs in ordering a removal of the intruders from the Chickasaw nation, it was to-day stated at the Indian bureau that these 6000 people never had a shadow of title or claim to the land they occupy, and as early as July, 1890, were warned to leave the territory before the following November. Those who remained have done so at their own risk and their removal will be insisted upon.

BE TURNED THE TABLES.

A South Sea Chief Who is Somewhat of a Manipulator.

CALCUTTA, April 29.—Mrs. Grimwood, wife of the late political agent at Mampier, who was murdered with Commissioner Quinton and others, arrived here and says that the disaster was due to the rashness of Quinton in refusing to listen to sensible advice given him in regard to negotiations with the native chiefs. He endeavored to entrap the Senaputty (brother of the deposed Maharajah) with the intention of placing him under arrest, but Senaputty learning this not only failed to appear but planned a trap in which the British were caught.

GOULD'S BIG SCHEME.

The Proposed New Collateral Trust Annual Election.

BOSTON, April 29.—The following officers were elected to-day by the Union Pacific railway directors: President, Sidney Dillion; vice-president, S. H. H. Clark; second vice-president, G. M. Lane; comptroller, Oliver W. Mink; treasurer G. Harris; secretary, Alex Miller.

Jay Gould, in an interview, said the proposed new collateral trust of five per cent mortgages, will be limited to $75,000,000, but not more than $10,000,000 will be issued now. It may not be necessary to make any stock now, as with the issue Union Pacific credit is improving rapidly. We ought to realize $9,000,000 cash from these bonds. We cannot, under the law, mortgage the main line to Omaha, but the new bonds will cover the Kansas Pacific line to Kansas City, as well as the Kansas Pacific system and Denver Pacific. It will ultimately become a first mortgage on the Kansas Pacific main line. It will also be secured by the Union Pacific, the Denver & Gulf consolidated five per cent by the Oregon Short Line and Utah Northern consolidated five per cents and the collateral trust five per cent bonds, as well as by other bonds in our assets. Of course I shall take some of the bonds. I do not know of better security.

A Tin Plate Combination.

NEW YORK, April 29.—Representatives of the chief tin plate manufacturing firms of the country today perfected an organization of the tin plate manufacturers of the United States. The object being to promote the manufacture of tin plates in the United States. It is stated that several mills are already working and as soon as others are built they would produce 60,000 net tons of tin plate per annum.

Portland Wins Another Game.

SEATTLE, April 29.—Portland, 6; Seattle, 5.

TACOMA, April 29.—Spokane, 8; Tacoma, 3.

Von Moltke Laid Away.

KREISAU, April 29.—The remains of Von Moltke were interred here today.

A Labish Case.

PORTLAND, April 29.—The case of J. B. Rank, who sues the Southern Pacific company for $15,000 for injuries received in the Lake Labish accident, was to-day set for May 25 in the United States circuit court.

FELL TO HER DEATH.

MRS. DR. G. F. TUCKER ACCIDENTALLY KILLED.

She Was Fishing and Fell Over an Embankment, Striking Her Head on a Rock.

THE DALLES, April 29.—Mrs. A. Tucker, wife of Dr. Tucker, of this city, was accidentally killed last evening on Mill creek, seven miles from this city. Mrs. Tucker and her husband were fishing along the stream, when the lady fell over an embankment, striking her head against a rock. Dr. Tucker heard the splash and immediately went to his wife's rescue. After being taken from the water she gasped twice and expired. Mrs. Tucker was aged 50 years, and leaves two children. Her parents live in Brownsville, Linn county, Oregon.

AN EXTENSIVE BLAZE.

Quarter of a Million Dollar Fire at Chattanooga.

CHATTANOOGA, Tenn., April 29.—The fire which started in Campbell & Company's furniture factory on King street early this morning was gotten under control at 7 o'clock, after destroying property covering twenty acres. The loss is $250,000 on which the insurance is over $150,000. The heaviest losers are: T. C. Pellows; A. T. Uplett, furniture factory, loss $75,000, insurance $50,000; East Tennessee, Virginia & Georgia railroad freight depot and contents, and seventy-five car loads of freight, loss, $125,000; insurance not known. A large quantity of lumber in the vicinity and a number of buildings were burned, bringing the loss up to the total given. While this fire was in progress a second broke out in another part of the city, doing damage to the amount of $20,000.

Road to Be Extended.

JACKSONVILLE, Or., April 29.—The managers of the R. R. V. R. R., are arranging for the extension of the road to Eagle Point going on the S. P. line from Medford to Central Point, and building from there to Eagle Point, twelve miles distant. A meeting of the citizens of the valley was held at Central Point yesterday and the proposed enterprise will no doubt be carried out.

The Markets.

SAN FRANCISCO, April 29.—Wheat, shipping, $1.71½ for product well up, standard grade. For a choice article probably $1.72½ would be paid, while stock a little below the standard could likely be placed at $1.72 per cental. Milling, $1.80@1.82½ per cental.

LIVERPOOL, April 29.—Wheat, supply good; Kansas winter hard, 8s. 7d; steady.

Cost of the Garfield Monument.

Pittsburg Chronicle Telegraph.

Mr. Aldrich, managing editor of the Cleveland Plain Dealer, writes: "The entire amount expended on the Garfield monument, including grading sodding, flagging and general improvements about the site, was $150,800. Subscriptions amounted to $134,755, but the interest swelled it to the required sum. Contract was left October 5, 1885; construction began spring of 1886; dedicated May 30, 1890."

BLAIR NOT WANTED.

The Emperor of China Refuses to Receive America's Minister

OFFICIAL NOTICE GIVEN

Secretary Blaine Requests Mr. Blair to Return to Washington—He Is In the Dark.

WASHINGTON, April 29.—Representatives of the Associated Press this morning called at the Chinese legation here and had an interview with Minister Yen in regard to the declination of his government to receive Senator Blair as the accredited representative of the United States. Yen said, through an interpreter, that he had received a cablegram from the Chinese foreign office, which he was instructed to lay before Secretary Blaine without delay, expressing the unwillingness of the emperor to receive Blair. Other than this, Yen had received no instructions, written or otherwise, from his government on the subject.

CHICAGO, April 29.—Ex-Senator Blair, the new minister to China, arrived here this morning and was questioned regarding the report that the Chinese government had submitted to the state department a formal protest against his being sent to China. "I have received no official notice of such protest," said Mr. Blair. "All that I know about it is what I have seen in the newspapers."

To-night Mr. Blair received a telegram from Secretary of State Blaine requesting him to return to Washington, the message contained no other information and Mr. Blair will go back to-morrow. He said he had no official notification of any change and knew nothing of any rumors that he is to be sent to Japan or Persia. Until the receipt of the message he was not aware that he was not to continue his journey to China. So far as official knowledge he is still the accredited minister to that country.

HUTCHISON IS LOSING.

He Has Wandered Away and Is Thought to Be Crazy.

CHICAGO, April 29.—There was a very panicky feeling in the grain pits this morning. July wheat opened $1.04¾ to $1.04⅞ against $1.06⅞ at close yesterday. It advanced to $1.05⅝, and up to the close, fluctuated between that and $1.04¾. Corn was also lower at opening, followed by a rally. The break in prices was caused by rumors that B. P. Hutchinson, the veteran speculator, was in financial trouble. No facts in evidence are given by those who talked of the matter, though it was reported that he had lost heavily of both wheat and corn on the recent heavy advance, and on the subsequent break. Hutchinson could not be found upon the floor of the exchange and nothing could be learned as to the real situation of his affairs. The early rumors died, but later it is said Hutchinson was mysteriously missing. Inquiry at the office of the Corn Exchange National bank brought out a confirmation of the rumors. Vice President Hammill, of the bank, said his family had not seen him since yesterday afternoon, when the board closed. It is supposed among Hutchinson's friends that he wandered away in a fit of temporary aberration. The actual condition of Hutchinson's affairs are not known, though it is understood nearly all of his trades had been closed out, and a private dispatch from Millwaukee says all his deals there had been closed. Whatever is his financial condition it is not believed any one will lose anything through him.

A gentleman, who is a near relative of Mr. Hutchinson's, said his family had seen for some time that his mind was affected, and had been considering whether it would not be better to take some measures of restraint. The trades made by him are found to be few in number. They are being settled now, and there are ample funds to meet all his liabilities.

His son while saying he thought his father's mind was unbalanced and that he had wandered away did not think he was insolvent. He is confident everything will be paid up dollar for dollar. New York brokers believe that Hutchinson has simply gone away on a long projected vacation and will pretend great surprise when he hears of the sensation. A dispatch from Evansville, Ind., says he was seen there this afternoon and went south on the Louisville & Nashville road. He appeared very nervous.

Marriage at Jacksonville.

JACKSONVILLE, April 29.—R. E. Dunn, manager of Staver & Walker's business at Walla Walla, and Miss Emma, daughter of Postmaster Pape, were married this evening, and left to-night for Walla Walla, where they will reside.

An Ovation to Wade Hampton.

AUGUSTA, Ga., April 29.—The Confederate Survivors' association of Augusta, gave an ovation Monday to General Wade Hampton and the survivors of his old brigade. They met after a separation of twenty-six years. The First North Carolina, and South Carolina cavalry, the Phillips legion, the Jeff legion and the Cobb legion composed the brigade. Addresses were delivered by Generals Hampton, Wheeler, Butler, Young, Major, Basker and Major Butler, of the United States arsenal. The memorial address was delivered by Pliasant A. Stovedall, editor of the Augusta Chronicle. All business was suspended, and the day was observed as a holiday.

Peculiar Conundrum.

A Walla Walla editor is mentally bothered. Ireland's Express says that Col. Frank J. Parker is mentally calculating what an old chum meant by saying: "Frank, if ever you come within five miles of my cabin I want you to stay there." On the face of this looks welcome, but Frank thanked him accordingly, but after a time he began to wonder if the old fellow didn't mean something else, and it has worried him to think that perhaps after all it was only his way of telling Frank not to come within five miles of him.

Killed Over a Mining Claim.

BAKER CITY, April 29.—At the Gold Hill mine, eleven miles from here, yesterday, H. E. Dell was shot and killed by S. J. Fore. The trouble arose over a mining claim which Fore had taken up and which Dell had jumped. Dell, it is said, claimed to have been a desperado and delighted in relating his experiences. Fore, who is still at large, is said to have always borne a good reputation.

Wreck on the Northern.

PALMER, Wash., April 29.—A west bound freight on the Northern was wrecked this morning near Eagle Gorge, four miles east of here. Four cars are off and the eastbound trains are delayed six or eight hours. A broken axle caused the wreck. No one was injured. Wrecking trains have gone to clear the track.

A BLOODY AFFAIR.

PARTICULARS OF THE STABBING AT WESTPORT.

Both Men Were Intoxicated McIntosh Received 18 Wounds From Copeland's Knife.

ASTORIA, April 29.—Further particulars of the stabbing of J. B. McIntosh by Copeland at Westport yesterday show that both men had been drinking and got into a quarrel. McIntosh asked Copeland to assist him in carrying an intoxicated friend to camp. Copeland was playing cards and said he would go as soon as he played his hand. McIntosh in the meantime took him by the collar and tried to drag him out of his chair, but Copeland shook him off and sat down again and after the game was finished laid down on his bunk. McIntosh continued talking to him and abusing him and he said call me all the names you want to, but don't lay your hands on me or I will kill you. McIntosh did not heed the warning and took hold of him to pull him out of bed, when he suddenly sprang upon him furiously. The men present did not know that Copeland had a knife until McIntosh cried: "Take him off he is cutting me to death." The men were immediately separated but McIntosh was literally hacked to pieces, receiving eighteen wounds.

Mining Sale.

The Baker City Democrat mentions the following sale of a mine in that locality: The necessary papers were yesterday executed, conveying a one-half interest in the Montana mine, situated in the Green horn district to E. L. Giroux, of this city. The mine was discovered several years ago by J. B. Hunsaker, who still retains the other one-half interest. Considerable development work has been done on the property and it has indications of developing into a first-class mine. It is the intention of the owners to prosecute development all summer and prove that the Montana is all that is claimed for it, one of the finest properties in the district. The vein is of a good milling grade and the ore is free milling, assaying $7 in gold and $167 in silver per ton. The consideration of the sale was $2000.

A BIG BANQUET.

Everything Was Emblematic of American Industry.

SENATOR DOLPH'S VIEWS.

The Next Presidential Election Will Be Fought on the Issue of Protection—Praise for McKinley.

NEW YORK, April 29.—Five hundred guests to-night attended the banquet of the American protective tariff league at Madison square garden. Everything about the affair was emblematic of American industry, dishes, cutlery, tablecloths, napkins, wines, cigars and even the tin menu cards were of American manufacture. The list of toasts was a lengthy one. Cortelyou N. Bliss, presided. Secretary Noble responded to the toast, "the president." Bliss proposed the health of Vice-President Morton, who thanked the assembly and was loudly applauded. Major McKinley was then introduced as the next governor of Ohio and the cheering did not subside for five minutes. He made a brief speech in which he said: "We will have tariff so long as we have government." Senator Aldrich spoke to the text, "maintenence of the protective system indispensable to profitable commerce." Senator Jones of Nevada, sent a letter in which he said a Chinese wall of protection was precisely what was needed in this country to keep out the squalor and distress that attend low wages abroad. The popular government rests upon the affections of the people, and men can have no affection for a government under which they starve.

Senator Dolph of Oregon, responded to the toast, "protection as it affects the prosperity of the people and the development of the Pacific coast." The republicans of the Pacific coast, he said, do not believe that the tariff is a local issue; they hold that protection is national; that all the industries of the nation are so inseparably connected that one cannot suffer without injury to the whole. The growth and prosperity of commerce on the Pacific coast is dependent largely on the protection policy. The McKinley tariff act was what was demanded, what the party promised, a measure to protect the interests of America. The issue upon which the next presidential election will be fought will be precisely the issue upon which President Harrison was elected and Cleveland defeated. I am confident that when the issue is again squarely put before the people with ample opportunity to discuss as well as refute misrepresentations from free trade sources, when the last tariff legislation has had time to vindicate itself, I am confident the result will be an increased majority for protection. (Applause.)

Money Market.

NEW YORK, April 29.—Money on call easy; closed offered at 2½; prime mercantile paper 5@6½; sterling exchange, steady, 60 day bills $4.85½; demand, $4.89.

Ives Wins a Game.

CHICAGO, April 29.—A championship billiard game between Carter and Ives to-night was won by the latter, 500 to 478.

A Nameless Grave.

Among the saddest life that can be written, can be numbered the following found by a reporter on the Seattle Post-Intelligencer: A woman known as "Mamie Doe," is lying almost dead at the police headquarters in that part of the jail assigned to women. She is not over 30 years of age, but years of drink and dissipation make her look a great deal older. In her discolored and distorted features can be seen traces of former beauty, but now she is a veritable woman of the slums. She was arrested Sunday afternoon near Lake Union by Officer Bryant, and was locked up on a charge of drunkenness. During Sunday night she had an attack of delirium tremens, and City Physician Sparling was called upon to attend her. Yesterday evening she was prostrated by appoplexy and it is thought she will not recover. No one knows who she is or where she lives, and it is very probable that, if she dies, she will be another unfortunate to fill a nameless pauper's grave.

An Old Orleans Custom.

Correspondence Richmond Dispatch.

If you have plenty of time to loaf and observe everything that passes before your gaze, you will notice on every post in the French quarters there are little hand bills tacked up and bearing the heading "Decede," however, in French. Those are death notices, which seemed to be used instead of the newspapers, to announce the invincible hand of alra Mors. They state the hour of the funeral etc., and the name of the deceased. As a general thing these notices are tacked up all over the French section in an hour after the person has died. I noticed several upon which the printer's ink had scarcely dried, and which announced the demise of some unfortunate which had taken place only a few minutes before.
