THE CHILIAN MUDDLE

Arrest of a Chilean Congressman in San Francisco.

FOR PROCURING THE ARMS.

The Itata and the Charleston Will Reach Acapulco About the Same Time—Landing Not Permitted.

SAN FRANCISCO, May 12.—Ricardo Trumbull, member of the Chilean congress and partisan of the insurgent party, was arrested last night by the United States marshal for violating the neutrality laws, in connection with the shipment of arms and munitions of war on the schooner Robert and Minnie and on the steamer Itata. His bail was fixed at \$15,000 and he was furnished with John and Adolph Spreckels as sureties.

Trumbull was arrested on board the Oakland ferry-boat, and was on his way to Washington to confer, it is reported, with the Chilean consul. He was at once taken to United States Marshal Long's office in this city and made acquainted with the charges against him. After the release he stated he had expected to be arrested, but had made no attempt at concealment.

CITY OF MEXICO, May 12.—The Chilean steamer Itata is sailing under difficulty and the United States war ship is gaining on her. It is expected the two will reach Acapulco within a few hours of each other.

Foreign Minister Mariscal says all the necessary steps will be taken so that when the Itata reaches any Mexican port she will not be allowed to land. The government, the minister says, is resolved to observe strictly its obligations with Chile and not harbor the insurgents.

SAN FRANCISCO, May 12.—It is now stated that the schooner Robert and Minnie is not the only vessel that was chartered to convey arms and ammunition to the Chilean insurgents, but that the other vessels chartered are now unwilling to ship the contraband goods and have put into Oakland creek on the other side of San Francisco Bay until it is demonstrated whether the cargoes could safely be taken out of the United States. The district attorney has definitely ascertained the roads over which the large quantity of guns and ammunition, which formed the cargo of the Robert and Minnie, came into the state and it is claimed the federal authorities will endeavor to compel the railway officials to disclose the quantity delivered and those now known to be on the road. It is further stated that a few days before the carriage was bought in the east, the Chilean agent called at the office of the local agent of the United States Cartage company, and made inquiries as to the ability to procure three million cartridges of forty three calibre inside of three weeks. The district attorney had a consultation with the Chilean agent and steps will be taken to seize the guns and ammunition understood to be on the way from the east.

DIFFERENT PHASE UPON THE SUBJECT

WASHINGTON, May 12.—Some comment was caused among the state department people by the telegraphed statement that the Chilean insurgent cruiser, Esmeralda, is now at Acapulco. The fact that her presence in port is derided, is regarded here by some officers as a quasi-recognition by the Mexican government of the insurgents as belligerents. If this recognition should take a formal shape it might have important results for the insurgents, for under the neutrality laws the vessels would find an asylum in the Mexican ports.

FOREST FIRES.

They Do Immense Damage in Pennsylvania.

BELLEFONT, Pa., May 12.—The damage done by forest fires raging through the country has been enormous. All along the Buffalo Run railroad the fire has burned miles and miles of fence, orchards and valuable standing uncut timber. Much farm property has been destroyed. The losses will run into hundreds of thousands of dollars.

Bold Attempt at Robbery.

BIRMINGHAM, Ala., May 12.—At 11 o'clock last night C. H. Russell, cashier and chief clerk of the Georgia Pacific railway, was knocked on the head by burglars and dangerously wounded. He is now unconscious. He was in his office working with the safe open, when the robbers entered. He was found in a few minutes by the watchman lying there screaming. Papers and books around him and in the safe were on fire. He was dragged out, but could only say: "They knocked me on the head and killed me," when he became unconscious. Tramps had been seen around the building during the night.

Cutting the Bluffs.

SACRAMENTO, May 12.—A controversy has arisen between the state board of examiners, consisting of the governor, secretary of

GUILTY OF HERESY

That Is What the New York Presbytery Says.

DR. BRIGGS SACRIFICED.

He Left New York With the General Assembly—It May Discipline the Doctor.

New York, May 12.—In the opinion of thoughtful men the departure of the New York presbytery, in adjudging Dr. Briggs guilty of heresy, is the beginning of a far-reaching split in the ranks of the Presbyterians. The condemnation of the great party throughout the world is gradually spreading to every branch of the religious world. If the general assembly shall eventually discipline Briggs, there are several other Presbyterian ministers who will not conscientiously and with self respect continue in the fold of the Presbyterian denomination.

CONSUL CORTEZ.

His Home Government Recalls Him.

NEW ORLEANS, May 12.—Consul Cortez received a dispatch from Rome instructing him to return home and inform the government of the facts concerning the recent uprising. Cortez says he will return as soon as his government has obtained all the desired information. This evening the grand jury replied to his recent letter, saying: "We find the tenor of your communication is not consistent with the official dignity of this body and is therefore constrained to return the document without further comment."

WASHINGTON ODD FELLOWS.

Officers Elect for the Evening Year.

SEATTLE, Wash., May 12.—The Grand Lodge of Odd Fellows and Grand Assembly of Daughters of Rebekah have been in session today. The grand encampment has elected the following officers: Grand patriarch, Alexander Mackay, of Walla Walla; grand high priest, Geo. D. Neville, of La Conner; grand senior warden, J. M. Stout, of Yakima; grand scribe, F. A. Shaw, of Walla Walla; grand treasurer, Geo. W. Hall, of Seattle, and grand junior warden, Prof. J. M. Taylor, of Seattle.

THE IRISH MATTERS.

Some New Phases of the Vexed Question.

NEW YORK, May 12.—John Barry, the man who, with the late Robert Emmet, was the founder of the house rule confederation for Great Britain, in an interview today stated that Parnell's action had led the tenants at the mercy of the landlords. If the latter force the tenants to an unconditional surrender, home rule will be greatly injured. "Is Parnell gaining ground in Ireland?" "No, on the contrary he is losing ground every day."

THE SURPLUS GROWING.

It Will Meet the Demand On the Penitentiaries.

WASHINGTON, May 12.—The surplus in the treasury is gradually creeping up and at the close of business today the net surplus was \$15,000,000. The treasury officials say no doubt it will increase by June 4 to an amount sufficient to meet the pension draft of \$30,000,000 without the necessity of withdrawing the government deposits from the national bank depositories.

THE JUDGMENT AFFIRMED.

The Question of Execution by Electricity Finally Settled.

WASHINGTON, May 12.—The U. S. supreme court today disposed of it is hoped finally, of the cases of four of the murderers under sentence of death in New York state by means of electricity, viz: Juro, Wood, Smiler and Slocum. Chief Justice Fuller directed the clerk to affirm the judgment of the lower court and issue a mandate at once.

The Coke Strikers.

PITTSBURGH, May 12.—Reports to-night from the coke regions were rather encouraging to the men as the result of mass meetings, 150 men joined with the strikers. Many are leaving the region at once. Operators, however, are confident. Evictions are occurring with monotonous regularity.

CAPABLE OF MEETING

The Charleston Fully Equal to Meeting.

THE ITATA IS OVERMATCHED.

The Charleston Can Get Away With Her—The Charleston Has Orders to Take the Itata.

BIRMINGHAM, N. Y., May 12.—Secretary Tracy in an interview with a Republican reporter tonight, scouted the idea of the cruiser Charleston being inferior to the Esmeralda. Truly the Esmeralda carried two nine-inch guns, while the Charleston's heaviest guns were only eight-inch, but the latter had a larger number of six-inch guns, while her armament was four inches thick and the Esmeralda's only one and one-half inches. The Charleston was accordingly fully able to cope with the Esmeralda, as were two other United States cruisers now on the Pacific. The secretary stated definitely that the Charleston has orders to capture the Itata as now lying in port. The two were in and out of the same door for months, until on day a neighbor suggested to Lewis that Mitchell was also born in New Orleans, and that the two ought to become better acquainted. Lewis saw no reason in that fact why he should trouble himself, as New Orleans is a big place, and many children besides himself were born there. However, one day he did speak to Mitchell and mentioned the incident of the same place of nativity. Each asked the other to know certain people there, and when the names of the master and mother were mentioned the kinship was discovered. Lewis told his brother of their mother, Louisa Herrin, soon after the close of the war, and the two are now looking for a third brother, who, they have reason to believe is now living in Providence. The two are now close companions and the case forms another romance of the war.—Newport (Ky.) News.

NOT A LEGAL MARRIAGE.

A Plea for a Divorce Dismissed in the Superior Court.

BOSTON, May 12.—The divorce case of Wm. F. Peck, spiritualistic lecturer, vs. Sarah G. Peck, better known to the spiritualistic world as Mrs. H. T. Lake, was decided by Judge Staples in the superior court today. The contract of marriage was a formal written agreement to live together until the union should become disagreeable or undesirable to either party. The same was signed in the presence of two witnesses and executed in Portland, Oregon, October 5, 1877. The judge ruled that the marriage was not a valid one and ordered the case dismissed. An appeal has been taken to the supreme court.

ENTERING NEBRASKA.

President Harrison Recognizes Thayer as Governor.

AKRON, Col., May 12.—The president and party passed through Akron, Col., to-night. They were accompanied by George Colly, commanding the Nebraska state guard, and Col. Griffith, who brought a message of welcome from the state of Nebraska to the president from Governor Thayer, and reported for duty as special aides. The president accepted their services, and said incidentally that the marriage was not a valid one and ordered the case dismissed. An appeal has been taken to the supreme court.

POACHING SEALER.

SHE IS WRECKED AND THE CREW ESCAPE.

They Are Fleeted Up My Other Vessels—The Adele Is Dismantled and Burned.

VICTORIA, May 12.—The steamer Danube arrived from the northern canaries this morning, bringing the crew of the sealing schooner Adele which was wrecked on a small island northwest of Queen Charlotte. The Adele went on the rocks during a gale on the 8th of April. The crew stripped her of her sails, rigging and stores and were generally injured. "Is Parnell gaining ground in Ireland?" "No, on the contrary he is losing ground every day."

Fall of a Crowded Porch.

COLORADO SPRINGS, May 12.—At a reception given President Harrison last night at Antlers hotel, this city, a portion of a porch thronged with people gave way, precipitating about thirty men and women into the area below. A scene of great confusion ensued. All were soon rescued, and no one was found to be dangerously injured.
