### IS THE ITATA SUNK

Rumors That the Charleston Sent Her to the Bottom.

THE TWO VESSELS WERE SEEN

The Authorities Have No Information Whatever Concerning the Matter—Mexico Is "In It."

CITY OF MEXICO, May 13.—The government has given strict orders to port authorities on the Pacific Coast to report the appearance of any Chilean or other war ships. It will be difficult to get news as the government wires have to be relayed on all together. The general opinion here is that the Itata and the gun boat "Democrat" to keep a sharp outlook for the vessels. It is rumored here that a private telegram has been received announcing that a fishing schooner yesterday saw two vessels out at sea, off the coast at full speed. One was sighted at 10 a. m. and the other at 2 p. m., but so distant the fishermen were not able to distinguish them.

CITY OF MEXICO, May 13.—The Anglo-American newspaper published the rumor of the sinking of the Itata by United States cruiser Charleston, but gives neither time nor place. The authorities here say they have no information whatever concerning the matter.

### A MAD ACTRESS.

She Horsewhips an Editor Who Ridiculed Her Dramatic Ability

CLEVELAND, May 13.—Editor A. E. Hyre, who publishes a weekly newspaper called the Cuyahoga in Brooklyn village, a suburb of Cleveland, was horsewhipped by Miss Daisy Beverly, near his office, at about 6:30 o'clock last evening. Miss Beverly has had historic ambitions, and Hyre has held her up to pretty severe ridicule in his paper. He visited Cleveland last evening, and on his return found Miss Beverly and her father waiting for him near his office. Miss Beverly struck him several times over the head with a snake whip before he succeeded in imprisoning her hands, when her father knocked him down and held him while his daughter continued to whip him. A crowd gathered around and took the girl away. Daisy had starred in "A Silver Bird" company.

### ARMED TO THE TEETH.

A Schooner Chasing Opium Smugglers on the California Coast.

SAN FRANCISCO, May 13.—The Chronicle's San Diego special says: Upon receipt of a dispatch from San Francisco last night that the steamer Australia had arrived with information that the schooner Halcion was somewhere off the coast with a cargo of \$1,000,000 worth of opium, the United States board, and that she would probably attempt landing at some place on the California coast. A party of men under the leadership of A. Johnson and R. W. Snider was made up, and this morning left port in the gunboat Albatross, with two weeks' provisions on board, for the purpose of capturing the contraband vessel and obtaining the standing reward. The crew of the Fernat are armed to the teeth.

### AN IMPORTANT DECISION.

The Iowa Prohibitionists Win a Victory in the Courts.

DES MOINES, May 13.—An important decision was rendered by Judge Sheras in the federal court today. An attempt was made to block the proceedings under the state prohibiting law by having the same transferred to the federal courts. Judge Sheras, in the case from Oskaloosa, ruled that unless proper questions were involved the United States courts would not interfere with the state laws, for which the state courts were ample. It is considered an important prohibitory victory.

### AFFAIRS IN PORTUGAL.

Rumors that There is a Colossal Deficit—A Crisis.

MADRID, May 13.—Advices from Lisbon state that severe censorship is placed over telegrams sent from or into the city. Even news telegrams destined for official journals has been stopped. The well-known political economist Coelho has written a letter in which he says that Portugal has a colossal deficit, ruinous loans contracted upon humiliating terms and is confronted by monetary, industrial and political crises of a most threatening kind.

### The Wheat Market.

SAN FRANCISCO, May 13.—Wheat from 1.75 to 1.76 per cental is being the range for shipping wheat; milling 1.80 to 1.85 per cental.

NEW YORK, May 13.—Money on call easy, closed offered 2 1/2; prime mercantile paper unchanged; sterling exchange quiet, easier; 60 day bills 4.84; demand 4.84 1/2.

### Spanish Politeness.

The Spanish lover has a very pretty way of saying, "I love myself at your feet, senorita." Of course he does nothing of the kind. The Spanish hostess says to her friends, "Possess yourself of my house, it is all yours," but she does not expect them to take actual possession. The words are the flower of chivalry, but an occasional visitor takes these polite people at their word, and they are too polite to explain the mistake. When General and Mrs. Grant were in Cuba they were invited to dine at the palace of the governor-general in Havana. In the evening a ball was given, which was attended by the beauty of the city. Among the senoritas was one lady who stood conversing with the American general's wife. She was superbly dressed and carried a marvelous fan which had descended to her from her great-grandmother.

It was a costly affair of carving, inlaid with diamonds. Mrs. Grant admitted it upon which the Spanish lady at once landed it to her with the usual remark: "It is yours, madame, with the greatest felicity. Do me the great favor to possess yourself of it." Mrs. Grant was delighted; she warmly thanked the lady and the fan, nor would the disgraced senorita, who had lost an heirloom, permit the mistake to be announced.—Detroit Free Press.

### California's Wheat Exports.

SAN FRANCISCO, May 13.—Exports of flour from this port during the first ten months of the crop year of 1890-91 aggregated 1,038,000 barrels, against 985,000 during a corresponding period in the previous crop year. Adding flour to wheat the total exports of wheat for ten months were 15,195,000 cents, valued at \$21,337,000 as against 14,895,000 cents during the same period of 1889-90.

### Southern Pacific Earnings.

SAN FRANCISCO, May 13.—For the first quarter of the current year the gross earnings of the Southern Pacific were \$10,874,199, and for the same quarter last year, \$9,682,543, a gain of \$1,191,656.

### BURNING FORESTS.

MANY TOWNS THREATENED WITH DESTRUCTION.

The Danger Is Not Yet Over—People Destitute in the Burned District.

LOUISVILLE, Ky., May 13.—Although the derby proved tame, it was marred by the regular meeting of the Louisville Jockey club was most auspiciously inaugurated at Churchill Downs today. The city was overrun with strangers attracted here by the derby, and the democratic state convention adjourned in honor of the occasion. The field and every prominence without the inclosure was black with people. The attendance was nearly 40,000 and among them was the largest number of ladies ever seen in the ladies stands. Kingman won by an open length; Balgovan was second, one length from High Tariff, and Hart Wallace one-half length to the rear. Nobly expected last time for there was nothing to make Kingman run and with the track heavy with dust there was no disappointment when the time of 2:52 1/2 was hung up. The distance was one and one-half miles. The pecuniary value of this year's derby is about \$4700.

### THE BIG FIRES.

The Bulk of the Loss Will Be in Standing Timber.

WEST SUPERIOR, Wis., May 13.—The fire has moved their pathway from the St. Louis river to the south shore of Lake Superior, extending over a territory of from two to twenty miles in width. The damage to property cannot be estimated, as the bulk of the loss will rest in the standing pine destroyed and the logs cut and ready for the saw. Over one hundred square miles of virgin forest has been utterly destroyed, and the head of one logging firm puts the loss at \$1,500,000 in standing timber.

### FOOD SCARCIE IN PERU.

And as a Consequence Import Duty Is Being Raised.

WASHINGTON, May 13.—The president of Peru has issued a decree admitting free of duty into wheat and corn and all kinds of vegetables, and has decreed an export duty of twenty sales silver per head on cattle exported and two sales per head on sheep exported. This action is in consequence of a scarcity and consequent high price of food in Peru caused by floods and the enormous demands for all forms of food caused by war in Chili.

### Military and Naval Candidates.

### SAVED THEIR LIVES.

AN ITALIAN CONSUL TELLS WHAT HE HAS DONE.

The Day After the Killing There Was a Determination Among Italians to Kill the Mayor.

NEW ORLEANS, May 13.—In an interview with a reporter today, Italian Consul Cortes said, referring to the remarks of the mayor and grand jury: "Let me tell you that I have saved Mayor Shakespeare's life and I have done the same service for Parkerson and Wickliffe and other leaders. The day after the killing there was a determined absolute and almost uncontrollable determination among certain Italians to kill the mayor, and all those who had a hand in the matter, but I restrained their hands. I controlled the furious men. I told them beware. I said if any harm befell those gentlemen I would immediately and unreservedly denounce the perpetrators of the deed. After this firm stand checked them, and I succeeded in holding them in the promise that I would do everything in my power to obtain justice, redress and satisfaction in the proper and legitimate manner, arbitration and other diplomatic measures between the two governments."

### ALL READY TO SKIP.

A Young Man's Gambling Propensities Bring Him to Italo.

ALBANY, N. Y., May 13.—George Franklin Chism, book-keeper of the Albany Casket Company, was arrested this afternoon with a ticket for Montreal in his possession, together with \$515 of the company's money and two checks for \$250 and \$258, to which he had affixed the signature of D. E. Case, president of the casket company. Chism's dishonesty was discovered by President Case a day or so ago through a false entry in the books. Following this clue, President Case found this morning that a \$300 check had been raised to \$430, and cashed at the county bank. This discovery hastened the arrest of the book-keeper. He was caught just in time, as he had his valise packed, and was only waiting to cash the other two checks. He confessed his guilt and admitted that he had intended to skip to Canada. Chism is a member of the Young Men's Christian Association, and had borne an excellent reputation. His downfall is due to his passion for playing the horses. When arrested he had several pool room checks on to-day's races at Guttenberg.

### BIG MONEY WAS LOST

An Investment That Did Not Turn Out Well.

THEY BOOMED A SMALL TOWN

Which Consisted of a Bank, a Saloon and a Country Store—Write of Injunction Granted.

KNOXVILLE, Tenn., May 13.—John T. McNitt is seeking for a receiver appointed for the property of the Cardiff Coal and Iron company. At a widely advertised sale of the company's lots a year ago, at which over \$900,000 worth of property was sold to the purchasers. It was stated then that the company had \$1,000,000 in the treasury to spend the first of the year in public improvements. Now that year has elapsed and the town consists of a bank, a saloon and a country store. The Judge granted a writ of injunction on the ground of the company fraudulently disposing of property and granting fraudulent references.

### A PRETTY WIFE.

Result of an Old Man's Love for a Young Girl.

NEW HAVEN, Conn., May 13.—The efforts of Dr. William H. Hotchkiss, the famous oculist, to legally rid himself of his young and pretty wife, have caused a big scandal in the state courts and have been happily defeated. In 1880 Dr. Hotchkiss, whose family is wealthy and aristocratic, went to Germany to consult a famous specialist. While there he met Gertrude Von Blumhau, a pretty little orphan, and secretly married her. During the year he was abroad the two lived happily together, but he returned home alone promising to send for her. Arriving here, he noticed a wide difference between the polished circles of his family and his friends and his uneducated wife, and decided to let her stay abroad. He consequently stopped all communication with her, but the plucky little woman, thinking something must have happened to him, started out on her track. She traced him for three years as he had lived under an assumed name, and when she found him she was so rejoiced that she was willing to seek employment as a teacher, satisfied to be near him even if her relationship be not known. This continued until recently, when the doctor's prolonged visits aroused the suspicions of the teacher's landlady, who went to Mrs. Hotchkiss with the information, and later lady consulted the former the secret of the marriage in self-defense. The boarding-house keeper told the story, and it was soon all over the city. Mrs. Hotchkiss was terribly incensed, and her son was compelled to acknowledge the marriage, and she immediately instituted a suit for divorce on the ground of incompatibility and illegal ceremony. The case was decided yesterday in favor of the wife and the plea dismissed. The strange feature now is that Mrs. Hotchkiss has disappeared, no one knows where, and some think evil has befallen her.
