### STILL IN DOUBT.

More Rumors of the Sinking of the Itata.

### THE CONFLICTING REPORTS.

More United States War Ships Ordered Into Obilian Waters—The Situation is Growing Serious.

CITY OF MEXICO, May 14.—The Anglo-American prints a special from San Blas repeating the rumors about the sinking of the Itata. Whether she exploded her magazines or was sunk by the Charleston is not stated. A special from Acapulco states that neither the Itata nor the Charleston had been sighted. Great excitement prevailed in San Blas.

The government has given strict orders to port authorities on the Pacific coast to report the appearance of any Chilean or other ships. The government has ordered the gunboat Demarara at Acapulco to look out for the boats.

A private telegram was received announcing that a fishing vessel yesterday saw two vessels at sea off the coast going at full speed. They are about four hours apart, and they were so far distant the fishermen was unable to distinguish them.

St. Louis, May 14.—A special from the City of Mexico says there are persistent rumors in circulation there to the effect that the United States cruiser Charleston overtook the Chilean vessel Itata on the high seas, and a naval engagement was fought, in which the latter was worsted and blown out of the water.

SAN FRANCISCO, May 14.—It was learned last night that orders had been received at Mare Island to get the cruiser steamer ready for sea as fast as possible, and the officers at Mare Island make no secret of the fact that she is under orders to proceed to the Southern waters as fast as steam and sail can drive her.

San Francisco, May 14.—The United States government has decided to capture the Itata, and a fleet as possible in Chilean waters, where it will remain until the war there is over, and this belief is strengthened by the fact that the Itata will carry a quantity of shells which can only be used by the Chilean navy.

Both the Itata and the Chilean ship were seen at San Francisco, and which would not be sent down on her if the vessel was going no farther south than Central America. It is further stated that the Itata is also on her way to Chile.

### THE PRESIDENT.

#### An Affecting Reception at His Old Home in Indiana.

#### THE PRESIDENT SHEDS TEARS.

#### A Genuine Hoosier Welcome—The Tired Party Now Speeding Toward the National Capital.

INDIANAPOLIS, May 14.—A large delegation of Indiana friends met the presidential party at Montezuma and made themselves hoarse cheering the president. He was overcome by the greeting. He said in part: "My friends, we have had a long journey and one most cordial and kindly greeting, but as I cross to-day the border line of Indiana and meet again these old friends, I find in your welcome a sweetness that exceeds it all."

At this point tears came to the president's eyes and his utterance became so choked that he could say no more. He soon recovered, however, and extended a cordial welcome to the Indianapolis reception committee. The train arrived in this city promptly at 4:45 p. m., and its approach was heralded by an artillery salute.

The reception was magnificent every way. The crowd that cheer after cheer gave the president a genuine hoosier welcome to his old home. Governor Hoovey addressed the multitude and Mayor Sullivan in a neat speech, welcomed the president home.

The president responded, saying in part: "I do not think I can speak much to-day. The strain of the long journey and frequent calls made on me to speak, from Washington to the Golden Gate, and from the far Northwest to Indianapolis, has so exhausted me and made my heart so open to these impressions, as I greet my old friends, that I cannot, I fear, command myself. Our pathway has been marked by the plaudits of multitudes, our way strewn with flowers, but all the sweetness of these flowers, all the beauty of the almost tropical landscape, the richness of the precious mines, sink into forgetfulness as I receive to-day this grand welcome from my old friends."

There was a perceptible moisture in the president's eyes. My manhood has known no other home but this. It was the scene of my early struggles, and the support of my early successes in life. I come to-day down before you to lay my offering of thankfulness for your friendly helpfulness in boyhood and in all hours down to this. I left you two years ago to take up the work of the most responsible office in the world. I went to these untried, sustained by your helpfulness. I come after two years to confess many errors, but to say to you I have but one thought in mind, to use whatever influence I have to the general good of all the people. [Applause.] Our stay is so brief I must deny myself the pleasure of taking all these friends by the hand. God bless you all; I have not forgotten or cannot forget Indianapolis. I look forward, if my life is spared, to this as the city where I shall rest when hard toil is done. I love its homes, and rejoice in its commercial prosperity."

The party soon after started for Washington.

#### THE PRESIDENT'S SPEECHES IN A DAY.

DAYTON, Ohio, May 14.—The presidential party arrived here at 8:30 this evening. A brief stop was made and the president addressed the crowd at the depot, making the tenth speech since leaving.

#### FEEL HER TO A FORTUNE.

A Tacoma Man Receives the Modest Sum of Ten Millions.

TACOMA, May 14.—Mr. Lopatecki, of Tacoma, received a letter this morning stating that he had fallen heir to ten million dollars. #### SAILED FOR AMERICA.

Michael Davitt Says Parnell Will Have but Four Followers.

LIVERPOOL, May 14.—Michael Davitt and family sailed to-day for Quebec en route for San Francisco. Davitt said: "After the next general election Parnell will have only four followers. Except as a private member of parliament, Parnell is as dead as a dole."

#### The Methodist Conference.

CINCINNATI, May 14.—The commission on the location of the general conference for 1892 of the Methodist Episcopal church to-day unanimously voted that Omaha be selected as the seat of the next conference.

### BLAINE IS VERY ILL.

#### His Friends are Alarmed Over His Condition.

#### HE RECEIVES NO VISITORS.

#### He Is Reported a Little Better, but Has Been Unable to Attend to Business for Some Time.

NEW YORK, May 14.—The World hints the following: "Secretary Blaine is still very sick at the residence of his son-in-law, Walter Damrosch, 72 West Seventieth street. Mr. Damrosch receives all callers, and to avoid the spread of alarming reports, he gives an extremely poor account of his distinguished father-in-law's condition. When approached by a reporter last night and asked about the state of the secretary's health, Mr. Damrosch started in by declaring that it was excellent, but further inquiry showed that it is an exaggerated statement. It is a matter of fact that Blaine is in no condition to take part in business consultations. He receives no visitors, and the state department officers have instructions to send no mail. The secretary has not been out of his bedroom since the musical festival last week, and it is doubtful if he has been out of his bed. His health has been bad for some time, and he is now a very sick man. Indeed he has been in no condition to work during several months past. Those who kept close watch of him in Washington have remarked that since the beginning of the year he has been absent from the state department more days than he has attended there, and when he did go to the department his stay was very short. He has done most of his work during the past four or five months in the privacy of his own home, and furthermore he has done it either lying in bed or reclining in an easy chair propped up all around with cushions."

Dr. Dennis found Secretary Blaine much better this morning than he was yesterday. Mrs. Blaine states she is barely possible that she and her husband would leave for Washington to-morrow.

#### KENTUCKY DEMOCRATS.

#### They Try to Swallow Both Cleve-land and Free Silver.

LOUISVILLE, May 14.—The democratic state convention is still in session. The platform adopted to-night insists that tariff reform is the prominent question before the American people, and that the McKinley bill is the "most outrageous measure ever passed in an American congress." The platform contrasts with it the policy of Grover Cleveland and John G. Carlisle, which would discourage unnecessary expenditures, provide all needed revenue, cheapen what we buy, and open the markets of the world to the products of our farms and factories.

On the silver question the platform says: "We tender our gratitude to the democrats of the last congress for their almost unanimous vote in both houses in favor of free coinage, and demand its restoration to the position of equality before the law given it by our fathers."

#### RANK SUCKERS.

#### How American Fortune Hunters Are Duped by Bold Britishers.

LONDON, May 14.—In spite of repeated warnings sent from time to time by the United States legation here and by the press of America concerning the fraudulent character of the so-called English estate agents in America, recent developments show that the warnings have been unheeded, and the number of dupes is increasing instead of decreasing. During the past few weeks more letters than ever have been received from America, inquiring after imaginary estates of fabulous sums awaiting the writers in the banks of England. Of all claims investigated not one has been found to have any validity whatever. The claimants should also bear in mind that the statute of limitations fixes the period within which unclaimed estates revert to the crown, and this period is twenty years.

#### Known as Fort Yellowstone.

WASHINGTON, May 14.—By direction of the president, the military post at Mammoth Hot Springs in Yellowstone National park, Wyo., heretofore styled Camp Sheridan, will hereafter be known and designated as Fort Yellowstone.

#### Oil Works on Fire.

PHILADELPHIA, May 14.—A fire is raging in the Belmont Oil Works in the lower section of the city. It is believed it will destroy the whole plant.

#### Montana Elevator Burned.

BOZEMAN, Mont., May 14.—The Montana elevator burned to-day. Loss, \$60,000; insurance, \$50,000.

#### An Italian View.

ROME, May 14.—In the deputies to-day Premier Rudini said an exaggerated importance ought not to be given to the New Orleans affair.

### THE WHEAT MARKET.

SAN FRANCISCO, May 13.—Wheat \$1.70 1/2 for standard grades, with \$1.75 per cental for an article of rather choice quality. Milling unchanged at \$1.80 1/2 1/5 per cental.

### Base Ball.

TACOMA, May 14.—To-day's game stood: Seattle 5; Tacoma 4. SPOKANE, May 14.—Spokane 4, Portland 2.

### CHINESE INDIGNITIES.

#### THE MONGOLS INCUR THE WRATH OF THE BRITISH.

#### The Wife of the British Consul Compelled to Flee in Disguise—The Mob's Work.

SHANGHAI, May 14.—Further particulars from Wao Hoo in the province of Ngan Hoer, show that the Chinese who took part in the burning of the Catholic mission and other European buildings are liable to bring upon themselves the wrath of the British government. The mob, it is stated, also burned and looted the custom house and British consulate. The wife of the British consul, disguised as a Chinese woman, managed with difficulty to escape from the consulate and made her way to Yang Tse Kiang, where in company with other Europeans, she took refuge in hulks moored in the stream. The British consul was wounded.

On Tuesday the grand lodge of I. O. O. F., of Oregon will meet in Bruck's Hall, and their session will probably last for a period of four or five days. The delegates will in all probability amount to 200 people, who will be the guests of the Orient and Home lodges. I. O. O. F., during their stay here. The total number of people who will come during the convention will be much larger than the actual list of delegates, and Portland proposes giving them good cause to remember their visit.

#### The New Orleans Affair.

NEW ORLEANS, May 14.—The committee of fifty made its report to the mayor to-night. The committee in pointing out the remedies in the existing trouble suggests restriction of immigration, reform in criminal laws and the administration of criminal justice. The only remedy which suggests itself is the entire prohibition of immigration from Sicily and lower Italy. It was found necessary to prohibit Chinese immigration, and congress passed the necessary law. The danger to California from the Chinese was no greater than the danger to this state is from Sicilians and the rabble from the south of Italy. They are undesirable citizens and there is no reason why they should be permitted to participate in the blessings of freedom and civilization, which they are not only unable to appreciate, but which they refuse to understand and accept.

#### Fatal Railroad Accident.

LEADVILLE, Colo., May 14.—A freight train on the Midland last evening ran into a push car near Florissant at the moment both were crossing a bridge. Two men on the cars were killed and a third badly wounded.
