

Morning Daily Herald

ON SALE. The DAILY HERALD will be on sale each morning at H. J. Jones book store, where it can be procured at 5 cents per copy.

JOTTINGS ABOUT TOWN.

Mens underwear at Searls. C. J. Dillon is in Albany again. Fresh milk bread at Goetz Bros. Silk mitts at the Ladies Bazaar. Vienna bread at the Delmonico. Bread of all kinds fresh at Goetz Bros.

Judge M. L. Pipes was in the city yesterday. Mrs. Dr. W. H. Davis is visiting in Harrisburg. Miss Emma Pfeiffer went to Salem yesterday. Strawberry shortcake at the Delmonico restaurant.

L. Viereck and family have returned from a trip through the west side counties.

The Lebanon Express says that J. F. Whiting, of Albany, will locate in that city.

Mr. and Mrs. A. L. Wadsworth, of Spokane, have returned to Albany, after a short visit in Polk county.

A. B. Woodin returned last evening from a trip to Portland and Salem in the interest of his mining business.

Squire Lyons, of Lyons, was in the city last evening on business matters, and reports everything favorable in the way of growing crops in his vicinity.

Bananas 35 cents per dozen at A. J. Ashison's fruit stand in the center of block opposite Russ House. Riverside oranges 30 cents and common oranges 30 to 40 cents.

All members of the women's relief corps are requested to be present at the regular meeting on Saturday May 16th at 2:30 p. m. to assist in arrangements for memorial day and evening.

Miss Annie Godeley, of Halsey, who has been studying music at the New England Conservatory, in Boston, during the past winter, is visiting friends in Birmingham, N. Y. She expects to return home by the first of July.

A very pleasant surprise party was tendered Miss Susie Martin at the residence of N. H. Allen, Thursday evening before her departure on the 10 o'clock train for her home in Ashland. Miss Martin has been attending school in this city.

Last Thursday for the first time the Albany Herald reached us at the same day of publication. This we believe is due to the energy of Postmaster Monteith. Thanks! We do not feel quite so isolated from the county capital as formerly. —Scio Press.

Summer has come at last and the Ladies Bazaar is now fully prepared to supply you with everything in the furnishing goods line for ladies and children. They have the largest line of children's dresses and aprons ever shown in this city and at surprisingly low rates.

A Chicago man is out here in search of a stick of timber 10 feet square. He has not been able to find such a stick in any of the lumber yards in Portland and so has gone down to the Nehalem to look for a tree to make one. He is working in the interests of the Columbian Exposition, and it is supposed that the stick is wanted for the center pole of the great circus. In this case it is likely that the stick will need to be four feet square at only one end. The Oregonian thinks if he succeeds in finding such a stick and getting it out of the woods without people knowing it will be a daisy.

Dr. J. V. Gaff, who has been resident physician at Shedd's for the past eight years, will leave next week for Spokane Falls to locate. Dr. Gaff is a graduate of two medical colleges, one of New York and the other of St. Louis. He leaves a large and lucrative practice in Shedd and vicinity to engage in a city practice. A host of friends and well-wishers in the vicinity of Shedd will miss his valuable services. The doctor has extended his practice to the surrounding towns—Halsey, Corvallis, Lebanon, Brownsville and Albany. He has performed several important operations in surgery during his residence in this county.

To Survey the Site. The Toledo Post says that Mr. J. A. Warner, of Albany, arrived there on Monday's train, leaving on Tuesday morning for the Siletz reservation, where he goes to survey the lands specially allotted to the Indians. Mr. Warner surveyed a large portion of this country for the government years ago, and is familiar with it from the Alsea northward.

A Game To-Day. The second game of the series between the Albany boys and the Lebanon nine will be played in this city this afternoon. Several of the Albany boys have been disabled recently, but it is highly probable they will be capable of affording the visitors some amusement at least.

MEMORIAL DAY.

Programme of the G. A. R. Observance to Be Held on May 30

FIRST. Invitations are extended to each church, secret order, school, college, academy, militia company and all officers, sailors and marines and the public generally.

SECOND. It is the request that the national colors be placed on the court house, school buildings and the college buildings in the city and county on Memorial Day.

THIRD. Members of McPherson Post, as well as members of all other posts, will appear in uniform, if possible, and the Ladies of McPherson Women's Relief Corps will appear at the post hall as early as 8 o'clock, and earlier if possible, to prepare flowers and memorial badges. The officers and members of Company F, O. N. G., teachers, professors, school children, students, members of different secret societies, and the public generally, will assemble on Ferry street, near the G. A. R. hall and will be ready to form the procession at 8 o'clock a. m. sharp.

FOURTH. The procession will form on Ferry street, with the head of the column to the south and in the following order: 1—Band. 2—Officers of Second Regiment, and Co. F, O. N. G. and officers thereof. 3—Members of McPherson Post, all old soldiers, sailors and marines. 4—Ladies of W. R. C. 5—sons of Veterans. 6—Professors and students of colleges and academies, teachers and pupils of public schools. 7—Members of different churches and secret societies. 8—The public generally.

FIFTH. The procession will move precisely at 8 o'clock south on Ferry street to Seventh street and west on Seventh street to the gate on the south side of the city cemetery, and proceeding directly from the gate to the graves to be decorated.

SIXTH. On reaching the cemetery the procession will form around the graves as follows: The column will march around the graves, half right face, forming a hollow square.

SEVENTH. Memorial address by Judge D. R. N. Blackburn, depositing flowers and evergreens on the graves, and salutes in the order prescribed by the ritual.

EIGHTH. Services by the W. R. C. at the unknown graves.

NINTH. Reforming the procession and return to the G. A. R. hall.

TENTH. Western Oregon is Sure. We have had a week of cool cloudy weather that is just the making of grain crops, spring wheat especially. The moisture and extraordinary conditions for vegetation have made some fall wheat so rank that the self binders will have to be put upon an elevated track to cut and handle it. Oregon—that is the Willamette valley and western part—is sure of an immense crop and prices promise to be good. Is there a region where crops are any surer than this? If there is it has not been heard of.—Salem Journal.

Will Not Wear The Blue. The effort to enlist Umatilla Indians in the United States army was a failure, and Lieutenant Hardeman left the Agency yesterday with his troopers to return to Fort Sherman. The Indians say that as their allotments will soon be made, they do not wish to see their chance to secure land by becoming soldiers. "We want to live on our land among peaceable people, and be at peace," said one of the chiefs.—Pendleton East-Oregonian.

Excursion to Halstead. The excursion from Corvallis and way points to Halstead Saturday May 16, will leave Corvallis at 7 a. m., Albany 7:30, arriving at Halstead at 10 a. m., returning leave Halstead at 4 p. m., arriving in Albany at 7 p. m. All those wishing to join in this excursion should apply at the Oregon Pacific depot, as the supply on sale by Mr. Winn has been exhausted.

Special Train. A special private train, carrying officials and probably some well known sportsmen, will go out to Coe and the extreme front of the Oregon Pacific to-day, leaving Albany immediately after the arrival of the Southern Pacific overland train. Excursionists should not confound this with the excursion train to Halstead which leaves at 7:30.

Ladies! Having purchased an unusually large stock and realizing the late-ness of the season, we have decided to sell everything in the millinery line at greatly reduced rates from this date on. Those requiring anything in this line will do well to give us an early call.

The Ladies Bazaar.

LEBANON NEWS.

Newsp Notes from This Thriving Town Across the Prairie.

Another carload of lumber arrived for the paper mill Friday. The capacity has been double since the building was begun.

Dr. Foley was in the county seat on business Friday. He has a scheme on foot which will greatly benefit the town, the details of which are not yet made public.

A petition was circulated last week and numerously signed by friends of the murdered man Barbour, asking the county court to offer a reward for the apprehension and punishment of the murderer.

Our citizens are anxiously waiting the report of Engineer O'Connor relative to the estimated cost of the Lebanon canal. Mr. O'Connor will make his report this week when a meeting of the citizens will be called and stock subscriptions solicited.

The Sodaville spring has been greatly improved. The enterprising citizens of the town are building good walks, will build a shady retreat within the enclosure and will be prepared to entertain visitors right royally this summer.

The entertainment given by the public school Wednesday evening drew a large audience. A very pleasing programme was rendered in which the pupils both large and small acquitted themselves in good style. The proceeds, which are to be expended for a library for the school, amounted to \$39.

E. H. Bahr had a horse badly cut with a barbed wire on Monday. He was driving a span of horses, one of which became frightened and made a bound forward breaking the tongue wrench, the double tree striking the horse's heels which added to their fright. The team ran straight for the fence which had a barbed wire on top. One horse jumped the fence and had several ugly wounds inflicted which will give him a rest of several weeks, if indeed he recovers at all.—Lebanon Express.

The Pardon of Brown. Concerning the pardon recently issued to one Brown, the Ashland Tidings says: Clint Brown, who was sentenced to the penitentiary for life for the murder of Johnny Walker, in Klamath county, was last week pardoned by the governor and released from custody. The Salem Capital Journal says: "A strong petition and recommendation of the district attorney caused the cessation of a sentence which is now said should never have been imposed." This is not true so far as the district attorney of the judicial district is concerned. Some two years ago an attempt was made to secure Brown's pardon, and as required by the law, the governor wrote to the District Attorney, Colvig, asking his opinion as to the wisdom of the pardon. The district attorney replied that "it would be an outrage on public justice" and his answer is on file in the executive office. He has not changed his opinion since. It may be possible that E. B. Keny, who was district attorney at the time and conducted the prosecution and who has since been sent to the insane asylum, was induced to recommend the pardon, but the district attorney has not done so. Brown had a fair trial and was defended by Cogswell, Hanna and Prim, and it is likely that his sentence should not have been imposed never entered the public mind. Many people who know Brown have expressed the opinion that this is a case of mistaken clemency on the part of the governor, and that Brown's liberty is a menace to the lives of persons against whom he holds a grudge for their connection with the application of justice to his case in the past.

A Burglar Arrested. Yesterday afternoon a man was seen steal a pair of overalls from the front of P. Cohen's store. He tucked them under his coat and leisurely walked away. He was overtaken by Chief of Police Hoffman, who placed him in jail to await examination. In his possession was found a bottle of chloroform, various kinds of keys and other implements which proclaimed him as belonging to the light fingered gang.

Yaquina Passengers. Newport, May 15.—The steamship Willamette Valley arrived today at Yaquina with the following passengers: C. E. Stratton, J. L. Richardson, Morris Jackson, F. L. Stover, Mrs. E. Earl, C. E. Wood, F. G. Sheffer, J. M. Potts, Mrs. Potts, P. P. Griffin, A. B. Logan, George Williams, T. Gallagher, B. Mahone, Andrew Casey, E. Ehinger and Thomas Richards.

Patriarchs Attention! A special meeting of Oregona Encampment No. 5, I. O. O. F., will be held Saturday evening, May 16th, at 8 o'clock sharp. Let every patriarch be present. Geo. W. WRIGHT, Senior Warden.

Oakville Picnic. There will be a picnic in Stone's grove near Oakville on May 23, under the auspices of the Y. P. S. C. E. Come everybody and tell it to your neighbor. A. C. Smith, chairman of committee on grounds.

If you have a painful sense of fatigue, find your duties irksome, take Dr. J. H. McLean's Sarsaparilla. It will brace you up, make you strong and vigorous.

You can be cheerful and happy only when you are well. If you feel "out of sorts," take Dr. J. H. McLean's Sarsaparilla.

If you want a durable monument go to E. W. Achison, who are handling nothing but the best grades.

FROM BROWNVILLE.

Monday last Messrs. Robe, Bradley and Riggins departed for the California mines. They took up a wagon load of supplies and will immediately begin preparations for the erection of a mill on the Poorman claim for the Brownsville company. Word just from the camp has been received here. The tunnel of the Empire Company is being vigorously pushed and the ore is improving. Snow has entirely left the lucky Boy mine, and operations there will be begun again soon. The tunnel of the Tacoma Company is in a distance of 160 feet, and is being rushed night and day. The ore is said to improve every foot that the tunnel is advanced, and the company is jubilant. From all indications now, it looks as if there will be 1000 men in these mines this season, and a lively camp is looked for.

J. C. Bilyeu, who has been confined to his room so long with a severe attack of the grippe is able to be out a little again, but looks very thin.

The weather is cool and damp yet, but fine for grain and grass.

Joseph Harrison has moved into the Arlington hotel, and will be our landlord in the future.

By letter just received from Portland, it is learned that Miss Ivy Templeton has suffered the amputation of her limb at the hospital, and strong hopes of her recovery are entertained.

Oyzer Tyer, son of Mrs. Missouri Tyer, who lives near here, was buried yesterday.

NORTHWEST NOTES. The state shooting tournament will be held at Salem on May 22 and 23.

The Siuslaw & Eastern Railway Company has about twenty men clearing a track 100 feet wide through Florence preparatory for grading. Posted notices call for 200 graders.

A rumor in Pendleton has it that a railroad is projected from the Fossil coal mines to Arlington to connect with the main line of the Heppner branch of the Union Pacific, and also from Heppner to the Butter creek coal mines, thence to Cannon and down to the Greenhorn mining section.

It now turns out that the town of Roseburg is paving her street with paying ore. A test of the rock will be made and it is possible that the streets of that town will be paved with a lower grade rock.

The Yaquina Republican says: This summer will be one never to be forgotten by the visitors that will be fortunate enough to spend the summer here. The citizens of Newport have been making arrangements for the past four months to make this season one of the greatest of seasons for summer visitors that has ever been at any seaside resort on the Oregon coast.

Our people do not fully understand the advantages of Oregon and the coal, iron, lead and zinc deposits in the East by means of cyclones, fire and flood. In this land of plenty there are no disastrous floods, no death-dealing hurricanes or wind-sweeping forest fires, and the rain and the sunshine, springtime and harvest, winter and summer, gladden the hearts of the just and unjust.

MUELLER & GARRETT, Cash Grocers.

They Were Not Mushrooms. Very many people are fond of the edible mushroom, but the experience of a Grant's Pass family should induce caution in that respect at least. The Courier of that place relates this incident: "Thursday last Mrs. John Patrick prepared for dinner what she supposed to be mushrooms, having often prepared them in the eastern states where they are used quite common for food by epicureans. The entirely family ate quite freely, but in a few hours their little son Rolly was taken suddenly ill, and about the same time their little daughter Bertina, who was at school, was taken in a like manner. They were on the verge of going into spasms when Dr. De Vore was immediately called, and was informed by Mrs. Patrick that they had eaten what they supposed to be the regular mushroom, but must have been toothstools. The doctor worked hard and faithfully, but it was some time until the medicine gave relief. In a few hours, however, both were out of danger, but it was a very close call indeed for the little girl, from the fact that it was very difficult to swallow the emetics. Such accidents are quite common in this state, especially in those families who have recently arrived from the east as it requires a very cautious expert to tell the difference between an eastern mushroom and an Oregon toothstool, and it is not a few cases have proved fatal in this state within the last few years."

When you are constipated, have little sleep, feel of appetite, take Dr. McLean's Liver and Kidney Pills; they are pleasant to take and will cure you.

GIRL ATHLETES.

Rosy Cheeks and a Brisk Walk are Fashionable

All the girls are going in for health and athletics. They must not—they simply must not—appear sick. They must have a fine color, bright eyes, glossy hair, round elbows and a long swinging gait that is half a dog trot, or something may be led to think that they are not marvels of strength and robustness.

"Does this yellow make me look pale or sick?" asked a girl of another in the street last week. "When the sun shines upon me I fancy that the yellow of my dress makes my complexion appear bad. Now notice particularly when we come to the next open space between the houses and tell me honestly if you think I look the least bit sallow."

"What shall you do with the dress if it is unbecoming?" "Why throw it away, or put it away, or give it away, or do something else with it, of course. I couldn't afford, for the sake of my position in society, to wear anything that makes me appear in delicate health. I shouldn't do it at all, you know; it really wouldn't do. It is so out of style to be sick or delicate or even frail in appearance."

And so the girls to insure the health which is now so necessary to their social standing have provided themselves with chateaux upon which hang half a dozen boxes of gold or silver, set with jewels and in which is a collection of medicine, tonics and more or less stimulating drugs—a gold chateaux with six or seven gold bottles or boxes hanging therefrom containing quinine capsules warranted to hold the pangs of the gripe at bay, digestion tablets, laxative lozenges, purgative pellets, cough drops, si-ver-coated peppermint capsules, glycerine enemas and a variety of tonic pills to keep the system in general good order.

And so the girl of to-day, besides doing every thing else for herself, has taken the reins of her own physical system in her own hands and bids defiance to the elements, maintaining that she knows what is what, and how to take care of each individual ill.

THE WORLD ENRICHED. The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and infallible to cleanse the system gently in the Springtime or, in fact, at any time any the better it is known the more popular it becomes.

Cram's New Atlas. One of the most useful books in every business house, and in every family living room is a reliable and complete atlas of the world. This want is amply filled by Cram's Atlas, a work that is full and complete in every particular and contains as much information as does some of the ponderous encyclopedias that cost several times as much. Mrs. A. M. Talt is now canvassing for the latest edition of this book, which contains the last census complete, and an addition of thirty-five new maps of cities and many pages of valuable matter above what was in the last edition. This work is brought up to the present year and is thorough and complete.
