THE WORLD ENRICHED. The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes.

A Car Burned. Monday on one of the Western Union telegraph wires, cars was entirely consumed by fire near Halsey. The fire it is supposed caught from a cigarette, and in a very short time the car was a mass of blaze. A dog, which was tied in the car, was burned to death.

Failed in the Attempt. Thursday night two men attempted to rob and kill Mrs. Lamb, who lives about six miles north of Dayton. Mrs. Lamb heard some one in her room and asked what they wanted. Without replying, four shots were fired at her, two of the bullets striking the head of her bed to the left of her and two just above her head. The robbers then left. No trace has been found of the ruffians.

A Big Real Estate Document. Recently the recording of a United States patent to the Oregon & California railroad company, conveying title to several thousand acres of land, was noted in the Herald. Yesterday two more similar documents were filed for record in Recorder Davis' office, embracing 206,859 acres. This with the former amount, embraces all the company's land grant in Oregon.

FEARFUL ACCIDENT.

Charles Butterworth, a youth of 16, met with a severe accident at Centralia Saturday. By some means a belt in the planing mill which he was visiting, commenced winding around the shaft and quick as a flash picked him up by the left arm and carried him around several revolutions until the weight broke the belt and precipitated him on his head and shoulders.

The flesh was all torn under the arm, completely uncovering nerves, arteries and sinews. The arm was also thrice broken.

Injured Eye. Mrs. C. B. Kennedy, wife of the O. P. conductor, went to Portland yesterday with their little boy, who is having a serious time with one of his eyes. Recently while playing with his brother he was hit in the eye with a coat sleeve, which, though not serious at first, gradually grew worse and there was danger of the little fellow losing the eye, though thought the chances are now in favor of saving it. This is their second trip to Portland since the accident.—Corvallis Times.
