The Oregon Pacific Co. has gained the reputation of possessing the most accommodating officials, and the road reaches the most popular summer resorts, as well as a new rich country it is not surprising that travel and general traffic is steadily increasing.

A Social Dance. A concert and social dance will be given at the opera house next Tuesday evening by a number of young men of this city. The Spanish students, who were in Albany some time ago and gave some very fine music, have been engaged to furnish the music. The concert will begin at 8 o'clock and the dance at 10 o'clock. Tickets for concert 25 cents in the gallery, for dance \$1.00. Ladies free. All are cordially invited to come and enjoy the music and have a good time.

THE LEBANONS WIN.

The Stars Defeat the Mascots of Albany by One Score.

A game of baseball between the Stars of Lebanon and the Mascots of Albany occurred on the grounds in this city yesterday afternoon. The game was somewhat listless until near the close, when it came nearly ending in a tie. The score stood at the close 28 to 27 in favor of the Stars.

The Stars nine is as follows: Ga-way, c; O'Neil, p; Elkins, 1b; Peckler, 2b; Elliot, 3b; Klepper, 4; Barnett, c; Scott, r; Brash, s.

The Mascots were: Rennie, c; Marshall, p; Mager, 1b; Huston, 2b; Mueller, 3b; Walker, 4; Callahan, cf; Mack, rf; Washburn, s.

The Stars went to the bat, Elkins yielding the wiff. He hit safe and scored on Rennie's hit throw, followed successively by Klepper, O'Neil and Galaway. Huston performed a juggling feat with the sphere, finally held it and made a neat double play, putting out Scott and Brash. Barnett struck out, retiring the side.

Mack took the bat for the Mascots, but failed to reach first. Mager also neglected to reach home. Walker and Mueller scored. Brash's curve found Rennie's head, knocking him down. He was not seriously hurt, however, and took first base and scored. Callahan struck out, retiring the side.

In the next inning Mager made a great high catch on first, making a double play. The game was uneventful until the sixth inning, when the 1-banons went to pieces. Kletze took Callahan's place, and thirteen scores were piled up when the side retired.

O'Neil then went into the pitcher's box and proved himself as good a pitcher as he is a catcher, which is good enough. In the seventh inning two goose eggs were made. The boys were playing ball.

At the beginning of the last inning, the Mascots were three ahead. The Stars, however, scored six times. The Albany boys tried hard to pull up even, but on Marshall's and Rennie's error the side went out with only two scores, which lacked by one of a tie.

The scores by innings stood:

1 2 3 4 5 6 7 8 9

Stars..... 2 1 1 3 2 0 3 6-28

Mascots..... 2 1 0 3 2 1 0 4 2-27

Too many scores were made for a good game, but some fine playing was done.

O'Neil pitched a wicked curve and it is at home behind the bat.

Bert Mager is good enough as first.

Walker distinguished himself by good batting and clever fielding.

Wright, of Lebanon, inspired early. He is a good player himself and knows how it ought to be done.

The Cushing in Portland.

Adam Cushing and his wife, Eliza, two of the gang of freight thieves who have been robbing the freight cars in Albion for years and run a cheap store in this city with their ill-gotten goods, have been brought to Portland from Albion, Neb., where they were arrested.

Being asked why he was brought back to Oregon when his case is not yet disposed of in Nebraska, Mr. Cushing said: "We got tired of waiting and have come of our own free will. We might as well face this matter now as any time. No, I have nothing to say in regard to the crime we are charged with. I don't care to advertise myself to the world in that way."

Mr. and Mrs. Cushing were arraigned in Justice Wood's court, in Portland Thursday morning, on a charge of grand larceny. Both defendants entered a plea of not guilty and the cases were continued until the state is ready to prosecute them. The general supposition is that the grand jury will indict Mr. and Mrs. Cushing before they are given a preliminary examination in any justice court.

Residence Burned.

Dallas Times-Montaineer.—The residence of Mr. J. L. Kooze, about three miles west of this city, burned last night. There was nothing saved from the conflagration, and the family only saved the clothing they wore at the time. The fire was caused by the explosion of a lamp and having no sufficient force of water the flames could not be stopped. Loss estimated at \$500. Insurance in the State to the amount of \$250.

Destroying Wheat.

Some of the wheat fields in the Patonae are threatened with a hitherto unknown pest. Concerning this the Washington Journal says: "We have heard of several farmers complaining that they discovered a small worm working on their grain, turning it yellow in spots. This worm seems to attack fall sown grain the worst. This is the first year it has shown itself, and we are not prepared to argue much on its destructiveness."

A Lawn Tennis Club.

The Albany young people headed by the young ladies of Judge Flinn and J. M. Irving families have organized a lawn tennis club, and set up the paraphernalia in the open grounds at Judge Flinn's residence. This adds a very healthful, pleasant and attractive amusement to the list of our home attractions in the city.

Memorial Services.

Comrades of the grand army and all old soldiers, sailors and marines and ladies of the W. R. C. are requested to meet at the G. A. R. hall on Sunday, May 24, at 3 p. m., to march in a body to attend the service at the M. E. church.

Y. M. C. A.

The Northwestern Association Met in This City Yesterday.

The Young Men's Christian Association for the Northwest met in the Y. M. C. A. rooms in this city yesterday afternoon.

Traveling Secretary J. A. Dummett called the meeting to order and temporary officers were elected as follows: Vice-president, S. N. Steele, of Albany; secretary, A. D. Soper, of East Portland.

Reports from Associations and unorganized towns were read. D. P. Butterbaugh, of Astoria, spoke on the subject of "How to get the best results from our gospel work."

The evening session was held at the opera house and the following programme was carried out:

Praise service—H. W. Young, general secretary, Albany. Addresses—"The Young Men of Oregon," J. A. Dummett.

"Their Relation to the Future of the State," Mr. J. A. Dummett, traveling secretary.

"Their Relation to the Future of the Church," Rev. T. E. Clapp, Portland.

"The Physical Department of Our Work," H. A. Townsend, physical director, East Portland.

Following is the programme for to day and Sunday:

MORNING SESSION.

Devotional exercises—J. M. Batcheller, East Portland.

"Business Management of the Association," C. L. Stratton, McMinnville.

"Bible Class Work," A. D. Soper, general secretary, East Portland.

Innovations—"Young Men's Era," A. D. Soper.

"Corresponding Members," J. A. Dummett.

Collation.

AFTERNOON SESSION.

SUNDAY.

9:30—Fellowship meeting.

3:00—Meeting for men only.

Meeting for women.

7:30—Mass meeting, held in opera house.

Addresses and farewell exercises.

A Silver Mine.

Roseburg Plain Dealer.—A few months ago Mr. Wilson of this city discovered in West Roseburg a ledge of mineral bearing rock, an assay of which revealed gold, silver and several other valuable metals, silver predominating.

Mr. Wilson is now at work developing the mine driving a tunnel in from the east side of the ledge, which is "between walls" and widening out as work progresses. Specimens were sent to Portland this week for further assay, and if the rock proves to be as rich as his look seem to indicate, the Seven Devils mines in Eastern Oregon will have a formidable rival. Southern Oregon is undoubtedly very rich in minerals of almost every kind, but for some unknown cause capitalists have never attempted to develop our mines. One of these days some luck prospector will strike a bonanza and show to the world what it has missed by its neglect. We sincerely hope Mr. Wilson's discovery is a valuable one, and that in the near future capitalists may be induced to come here and thoroughly prospect the country.

Passed Away.

Two funerals occurred in one day from the church near Oakville on Thursday. The first was that of Wm. McBride, a well-known citizen of that vicinity. The other was the funeral of the daughter of Mr. and Mrs. Alfred Blevins, of Tangent. She was nearly 16 years of age and her helplessness has made her an object of tender solicitude by her parents and a consequent affection of unusual strength and they must miss her presence very much. The many who know them and appreciate their worth and sterling character, will extend sympathy to them in their loneliness. The bright beyond where their daughter is freed from the pains of this life is at once their consolation and the star of their hope.

New State Laws.

The first volumes of the new state laws, were received by the secretary of state Thursday. The Salem Journal, and will be sent out at once to various officers who are entitled to a copy. Twenty-five volumes were received to-day. The laws which were enacted by the last legislature when in book form make a volume of 500 or 600 pages. They are neatly bound in half sheep and make a very convenient book to handle. A large number will be sent to the libraries of other states and the counties of this state before the state will offer them for sale. A lot more will be received by the secretary in a few days.

Contract Let.

Isaac Conn, of this city has been awarded the contract for building the new United Presbyterian church edifice in this city. This does not include the foundation, the window glass furnace or painting. The cost of the edifice when completed will be about \$15,000. Mr. Conn is a fine workman and will do a good job.

This Time It Is a Bear.

Bad Hamilton, of near Seio, succeeded in killing a large black bear just south of the city on Franklin Butte last week. Seio is not exactly a pioneer town, yet within the past two weeks a cougar and a bear have been killed within three miles of the city.

NORTHWEST NOTES.

The Oregon Marble and Lime company's works near Huntington are running to their fullest capacity—150 barrels of lime every twenty-four hours.

Circuit court is in session at Union, Judge Fee presiding and Judge M. A. Olin and acting as district attorney, C. F. Hyde being in attendance upon court in Harney county.

The measles are having quite a run in Dufer, Wasco county, there being a large number of adults as well as children afflicted with that disease. The public schools will be closed.

The severest thunder storm ever known in Umatilla county occurred last Friday night. The lightning struck a fence post near George Hartman's ranch, below Weston, splitting it in many places, running the wire and playing havoc with the fence.

The Baker City flour mills have on hand about 500 barrels of flour and are still adding to the surplus. The flour is being shipped by rail for the flour of this large quantity of flour, but Messrs. Duncan Bros. are holding it or a rail.

One of the deacons of the Church of Christ, of Loran, has sent the Eugene Register a notice, signed by twenty-three members of the church, stating that R. Duty has been disbarred from the church because of his disorderly walk, and they warn the public against him that he may not impose on them.

Ormsby & Son, sheep buyers, of Nebraska, have purchased in Baker county 9000 head. These will be driven along the great trail over the Rocky mountains to Nebraska, where they will be held until fall and then shipped by rail to the markets of the Eastern cities. The mild winter has left abundance of feed along the trail, so that the drive can be made almost without loss.

A report comes to Pendleton that Express Messenger Weston, who has been remaining in Messenger Goldford's place between Teka and Wallace, went to Spokane a week ago Sunday. He was expected to return the following day, but no trace of him has since been seen. It is said that with him has disappeared between \$14,000 and \$18,000.

The Pendleton East Oregonian says that W. W. Caviness has purchased from G. W. Hunt his interest in all the stock and landed property owned by them in partnership, including the large Hunt & Caviness farm at Astoria. Considerable property in Pendleton has also been sold by Mr. Hunt to Mr. Caviness.

The Sealing Business. There seems to be considerable profit in the business of taking in seal skins judging from the following from the Seattle Post-Intelligencer: Steamship City of Topeka which arrived Monday night from Alaska brought down seventy-five barrels assay of seal skins. The skins were for J. C. Nixon, from his sealing schooner Abie I. Alger, which delivered them to the Topeka at Sitka. The schooner then returned on her cruise. This is considered by old sealers to be a good season for seal skins. Harry Alger is to be congratulated on his success. The last lot of skins Mr. Nixon received from Harry Alger were sold for \$12 dollars apiece, but the price has now advanced to \$15, so the 402 skins are worth at least \$6,030. They were packed in seven hundred boxes, and the freight on them from Sitka was \$102.

The Car Fire at Halsey.

P. R. Sloan, foreman of the Western Union telegraph construction train, of which the car caught fire at Halsey recently, was in the city yesterday. He states that the fire caught from the sparks from the engine and was not caught by cigarettes. The fire spread so rapidly that the car was quickly consumed, and it was only by hard work that some other cars were saved.

Chemawa Buildings.

Wilson & Sorber have been awarded the contract for the erection of the buildings for the training school at Chemawa. Their bid on the three buildings was \$14,300. The bids were sent back to Washington and approved by the authorities before the contract was let. The work of erecting the buildings will be begun at once as they are needed at this time.—Salem Journal.

Mining Operations.

The Grants Pass Courier says many mining claims have closed down for the season on account of no water. Nearly all the miners report good results from this season's run. The quartz mills are busy grinding away and making money hand over fist as usual. Every quartz ledge now being worked in this county is paying handsome dividends.

A Good Price for Wheat.

The Harrisburg Courier says that while the people of Albany announce that they have recently sold wheat at 87 cents, we may as well claim in and state that May & Senders of Harrisburg last week sold 3000 bushels at one dollar. There is one more thousand bushels here, but it is held at \$1.10.

Highest of all in Leavening Power.—Latest U. S. Gov't Food Report.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes.
