The Pacific Washing Machines a genuine Oregon invention, and is made in the city of Eugene; give it an examination. Engineer Casey has resigned his position on the Lebanon local train and will remove to Salem to take charge of the yard engine there. Sheriff Nolan, of Eugene, was in the city yesterday in search of a horse thief who stole a pony from J. L. Phillips at Coburg on Sunday. A reward is offered for his capture. The Daughters of Rebekah are requested to meet at the L. O. O. F. hall this afternoon at 2:30 to make arrangements for a supper to be given to the encampment Friday evening. Don't forget Friday afternoon, the grand Uniform parade given by the Georgia Minstrels. See the most wonderful drum major of his age in the world, Master Bertie Trice. Secure your seats early. Reserved seats 75 cents. The commencement exercises of the Academy of Our Lady of Perpetual Help, will be held in the opera house, June 11th, at 8 p. m. The pupils are hard at work practicing for the occasion and hope, as usual, to give their friends a pleasant entertainment. A foot race has been matched between Wiley Young, of Corvallis, and Charles Braithwait, of Independence, to be run in Corvallis June 7th, for \$200 a side. The distance is 80 yards and the contestants are going through a course of training. Those who have flowers that they are willing to donate for decoration day services, will please so inform the committee or send them to the G. A. R. hall by 2 p. m. on Friday. The ladies of the corps and post members will meet at the hall at 2 p. m. on Friday to prepare the flowers. We have received from R. W. Mitchell, Superintendent of the Portland Industrial Exposition, an "Advance Courier" containing a general description of the principal features which will be offered by the exposition opening September 17th and closing October 17th, 1891. He very thoughtfully supplies us also with blank applications for intending exhibitors which can be obtained by calling at this office. There is every indication of the exposition of 1891 being far ahead of any of its predecessors. The music will be furnished by the great Imperial Band of Mexico, and the other features are on as equally a high plane. Neatly Kept. A visit to the stable of the street railway company, under the skillful manipulation of J. S. Lanar, is worth the trouble it takes, just to see horses kept in the most comfortable and cleanly manner possible and every thing as neat as a pin. One stall is fixed up with vats in which the horses can stand for a short time to keep their feet moist and comfortable. The care, harness and every appurtenance is kept in first class style. In the office are kept full files of the latest publications upon subjects pertaining to the business all in apple pie order. The company, we are informed, will soon put on an open car which will be a great comfort during the warm weather.

From the Santiam Mines. Mr. McCheaney brought out from the Santiam mines Tuesday evening some of the richest ore that has yet come from that district. It is the best ore of fine quality. The specimens of themselves are worth considerable money, and are additional evidence of the well known richness of the mines.

WAS HE THE OTHER BURGLAR?

He Meets Death Under the Car Wheels on the Southern Pacific Railroad

As the construction train on the Southern Pacific approached a small trestle between Marion and Jefferson yesterday morning the mangled remains of a man were discovered on the track. On examination it was found that he had no hat, coat or shoes and the description was so perfect as to leave little doubt that he was the burglar who escaped from the Albany police the previous evening. He had no doubt been run over by the overland train. It is probable that some of the shots fired at him took effect, which led to his being killed while riding on the break-beam. On the remains of the man was found a letter from his brother, Mr. Harris, recorder of deeds in Yamhill county, recounting his bad character and telling him that he was a disgrace to the family, and advising him to do better. It is said he also has a brother in Salem, when the remains were taken for an inquest. With one of this gang of burglars in jail and the other in school, the country ought to have a rest from the numerous visitations of these midnight marauders, with which the Willamette Valley has recently been afflicted. The post of Albany deserves much credit for having run down the gang of burglars. They had been watching for them closely for some time before the capture. LATER.—Since the above was written it is learned that the man killed was a tramp named Harris, as related in our dispatches this morning, and not the escaped burglar. His shoes were found near by, having been torn off by the train.

State Pharmacy Law.

The new state pharmacy law makes it unlawful for any person not a registered pharmacist to conduct any drug store or compound and retail drug. Any person is entitled to be registered as a registered pharmacist, who is a graduate of a school of pharmacy, or a licentiate, or is at the time this act takes effect, engaged in the business of a dispensing pharmacist. Licentiate pharmacists must be such persons as have passed a satisfactory examination before the state board of pharmacy. An assistant clerk in pharmacy not having the qualifications of a registered pharmacist, who is not less than 18 years of age, and who at the time this act takes effect, has been employed for two or more years in a drug store where medical prescriptions are compounded and has furnished satisfactory evidence of such facts to the state board of pharmacy, may become a registered assistant if registered within 60 days after this act takes effect, and continue his duties as a clerk or assistant, but cannot assume the duties of a registered pharmacist unless he subsequently becomes a registered pharmacist. The law went into effect Feb. 21, 1891. Applicants are required to register within three months from that date which is now passed. Violation of this law is made punishable by indictment and fine.

Golden Wedding.

The fiftieth anniversary of the wedding of Mr. and Mrs. Joseph S. Clark was celebrated on the 26th inst. at the residence of W. A. Cox, in this city, by a surprise party. A very enjoyable time was spent, and young and old joined in wishing our aged and highly respected citizens many more years to their well spent and happy lives. Among those present were: W. A. Cox and family, Mr. and Mrs. D. S. Smith and family, Mr. and Mrs. A. T. Curtis and family, Mr. and Mrs. Frank McKinley and family, Mr. and T. J. Davis and family, Mrs. A. Hackelman and Mr. and Mrs. S. C. Irvine.

Base Ball Notes.

The Burns Bros., arrived in this city last evening from Brown's mill to play with the Linn's on the game with the Albany Saturday. The N. M. C. A. and five members of the Albany team have petitioned Manager Wm. Cowan not to play for money in the game with the Linn's on Saturday. As a forfeit of \$30 a side is already up the game will probably go on. The victors in the game Saturday should play the Chemawa Indian nine. They play cool ball and it would be an interesting match. The Indians understand the national game and play it to the queen's taste.

A Treat in Store for Albany.

Col. Bain, the "silver-tongued orator" of Kentucky, a lecturer of national reputation, is now making a tour through our state, and is engaged to lecture twice in our city within the next ten days. Precise dates will be given later. The opera house will be secured possible and the lecture will be free, though a collection will be expected. The colonel has lectured in Portland several times to large audiences, and Albany people will not be slow in appreciating his ability. Miss Frances E. Willard says of him: "Unparalleled in humor, he is also unapproachable in pathos. Logical to the core, his rhetoric so wraps its warmth about his arguments that even the young and thoughtless can but exclaim: 'Behold these dry bones live!'"

Verona Jarbeau Coming.

Verona Jarbeau coming. He who misses seeing and hearing Verona Jarbeau in "Starlight" will have a matter for future regret. "Starlight" is a string of the brightest and most popular melodies culled from here, there and everywhere. There is very little dialogue, but there is plenty of the best sort of singing. Jarbeau herself is generous of her time and presence. She simply bubbles over with life and individuality. From the crown of the head she carries so jauntily to the toe of the slipper that sometimes twinkle in mid-air in a manner quite as bewitching as daring, the characteristic show itself. She sings French songs, English songs, a topical song, dances with inimitable abandon and laughs with an infectiousness that no one can resist. Her prettiest bit of acting is perhaps in the little scene at the piano, and her most charmingly rendered song, "Where Are You Going, My Pretty Maid?" She has a clever set of people with her and she is not afraid to let them make the most of their opportunities. This celebrated comedienne and her brilliant musical comedy company, will be in this city, June 1st.

Prospecting for Coal.

The Corbendale Coal Mining company, of Scio, has bought the steam rock and well digging machine which J. B. Hughes operated here last summer, and took it out to their coal fields last week to prospect for coal. Mr. Hughes has returned and reports the following points in sinking a prospect hole: 30 feet of sand rock, 9 feet strata of coal, rock, clay, etc., 16 feet of soap stone, 7 feet of coal, rock, clay, etc., 24 feet of sand rock, with two or three small coal seams at about 85 feet. They will move to a low place and expect to sink a prospect hole 200 or 300 feet, and all hope they will find a good deposit of coal.

Two Important Canal Enterprises.

Engineer E. J. O'Connor returned yesterday from Lebanon, where he has been making the survey for the Lebanon canal. He says that \$7000 stock has been subscribed, and a meeting was to be held Wednesday evening to organize a company to commence the work. The estimated cost of the canal, which is 4 1/2 miles long is \$13,655, which will be raised, insuring the canal. Mr. O'Connor will go to Harrisburg Monday to make the survey for the canal at that place.
