not escape ridicule, it will easily survive that, or at least unless its reasoning shall be proven to be fallacious.
The present earnest and active discussion upon the subject of foreign immigration, it is to be hoped will result in some definite and effective action being taken, that will bring about results conducive to the advantage of the country.

THE CROP OUTLOOK AND FARM VALUES.
The crop prospect continues to be better than good, though reports of drought in some parts of the Northwest tends to produce inquietude. In some former years the destructive drought began about this time. It is possible that the present prospect may be somewhat modified. A comparatively small surplus will be carried over from last year, which, with the reported shortness in France and some other countries, will tend to high prices in wheat with absolute certainty in our own country.

THE APACHE INDIANS have been the terror of the Mexican border of the United States for years, and it appears still hang on. In Arizona, lately one man has been killed and another fatally wounded by them. And still there are sentimentalists in the country who are urging the permission for Geronimo the murdering Apache chief to return to his tribe because the arch old fiend pretends to be a good Sunday school scholar.

THE WESTERN PRICES OF CORN AND OATS are more than a hundred per cent higher than they were twelve months ago, wheat and meats very much advanced, and an upward movement in nearly all rural values, those of lands included, has already commenced, in spite of the fact that there has been no reduction of area planted, no dead line of limitation to rural exploitation found. The forces of nature and the revolutions of time and circumstance have worked a beneficent change. First, a bad season cut down the crop of corn and oats, and eliminated a surplus that had reduced prices below the cost of production. Next, two years of underaverage wheat production of the world have reduced stocks and advanced prices, while the unfavorable foreign advices of the present season, coupled with the prospect in this country, render it probable that our surplus of the present crop will be large and prices high. Finally, the prices of all meats, as was indicated in the Statisticians's Report for January, have materially advanced, as also those of the different grades of beaves.

QUARTER OF A CENTURY AGO
There set forth in Baker County, Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any permanent relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Simmons
Liver
Regulator
One Dose
WORTH
100 Dollars.
DEAR S. L. R.: I consider one dose of your Liver Regulator worth \$100.00. I was afflicted with headache, could eat nothing with satisfaction or appetite, had the blues, and felt altogether out of sorts. I resorted to Pills, Mass. Calomel, Quinine, and every remedy suggested, but only obtained temporary relief. One dose of S. L. R. did me more good than \$100 worth of doctors and doctoring.
J. C. MARTIN.
I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid Liver, and have been entirely cured by Simmons Liver Regulator. I found it to be of a mild character in its action, not to interfere, in the least with my duties in the school room. To those similar situated and subject to the same, I cannot too highly recommend Simmons Liver Regulator.
