TO GOOD TEMPLERS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, Irish men and coachmen. A ROYAL SCANDAL.

English Noblemen on Trial for Gambling.

THEY CHEAT AT BACCARAT. The Secret is Out, How Royalty Gamble at Tandy Court—The Prince of Wales Was Banker.

LONDON, June 1.—All the interest centers today in the scandalous trial. The Prince of Wales was found guilty of cheating at baccarat. The trial is not the deep, intense feeling that showed itself at the time of the Pall Mall Gazette exposures.

The heir apparent entered the court shortly after 11 o'clock, accompanied by his private secretary. The prince took a seat near Justice Colridge. The entrance of the Prince of Wales was the signal for court proceedings to commence.

Corbett in No Hurry to Fight. SAN FRANCISCO, June 1.—Jim Corbett, in answer to Peter Jackson's challenge to fight for \$10,000, says he will fight Jackson again but he will wait to wait as he needs rest and wants to learn the result of the Harrison fight before announcing his intentions.

SENATOR DOLPH

HE TALKS ABOUT THE PRESIDENTIAL CAMPAIGN IN 1892

He Thinks the Nominees Will Be Harrison and Cleveland The Latter's Anti-Silver Mistake.

PORTLAND, June 1.—United States Senator Joseph N. Dolph arrived in this city yesterday, and will remain during the summer.

Mr. Dolph was seen this morning at the office of his former partner, Ralph Mallory Belling and Simon, in the Abington building. Mr. Dolph's full, heavy beard and hair have turned gray rapidly during the past few years, but he still walks as erect and looks as hale and hearty as he did years ago, and speaks with the same quiet dignity and determination.

RESOLVED TO DIE.

A New Yorker Tried Three Times to Suicide.

NEW YORK, June 1.—About 3 o'clock yesterday afternoon a well-dressed man, about 32 years old, shot himself in Eighty-third street, near East river. Policeman Mulhern called an ambulance, which took the man to the Presbyterian hospital. A bullet had entered between the sixth and seventh ribs, penetrating the left lung. The man's condition is not hopeless. He said that he was a Canadian by birth, and gave his name as Fred Howland. "Send for Mr. Gillespie," he gasped, "of No. 54, William street; he can tell you all about me." Howland said that he came to New York about a year ago and became a book-keeper, residing on Madison avenue, Spuyten Duyvil. He seemed intelligent and was well-dressed. In a pocket was found a ticket for a watch pawned on May 20. The ball has not yet been extracted. "It's no use your trying to cure me," exclaimed the patient; "I'll only do the job better next time. I've two bullets in me already. I put them there three years ago." He could not be induced to assign any cause for the act, but it is believed that there is a woman in the case.

A YOUNG GIRL'S TERRORS

Attempts to Drown Herself to Escape Two Ruffians.

PITTSBURG, June 1.—Mollie Hanlon, a pretty Pittsburg girl, will have a dread of ferries for the rest of her natural life. She attempted a Drowning Day picnic yesterday at McKee's Rocks and missed the 10 o'clock train for home. Two men volunteered to

row her across the Ohio to enable her to catch a Fort Wayne train. In the middle of the river they decided to take the girl to Brunet's island instead, a lonely isolated place. Mollie wept, and pleaded and offered all her money valuables to the whilom ferryman. They refused to land her, and the frightened girl leaped into the river. The ruffians dragged her back, but she again threw herself into the water and made a desperate effort to drown herself. Again they dragged herself into the boat and were proceeding to the island, when they were intercepted by a ferry woman who heard Mollie's screams and took the unconscious girl from the men, who were later arrested and are now in jail.

HE WILL NEVER GET IT.

CARSON CITY, Nev., June 1.—The case of Asa M. Hamilton vs. the Southern Pacific company was commenced in the United States circuit court today. Hamilton in 1889 refused to sign a first-class unlimited ticket and when the train hands attempted to put him off the train stood them off with a revolver. He was arrested at Lovelocks without a warrant and now sues for \$100,000 for false imprisonment, loss of time, etc.

BIDS FOR THE NEW CRUISER.

WASHINGTON, June 1.—Bids for the construction of cruiser No. 13 were opened this morning. Department advertisements did not make an allowance for the difference in freight transportation charges, and consequently the Union Iron Works in this case could not hope to compete with Eastern firms. The Bath, Maine, iron works were the lowest bidders at \$2,600,000.

SENATOR DOLPH

HE TALKS ABOUT THE PRESIDENTIAL CAMPAIGN IN 1892

He Thinks the Nominees Will Be Harrison and Cleveland The Latter's Anti-Silver Mistake.

PORTLAND, June 1.—United States Senator Joseph N. Dolph arrived in this city yesterday, and will remain during the summer.

Mr. Dolph was seen this morning at the office of his former partner, Ralph Mallory Belling and Simon, in the Abington building. Mr. Dolph's full, heavy beard and hair have turned gray rapidly during the past few years, but he still walks as erect and looks as hale and hearty as he did years ago, and speaks with the same quiet dignity and determination.

What can you say as to probable presidential candidates for 1892?

"It is too early to speak with any certainty as to that, but it is probable that the heads of the tickets will be the same as they were in 1888—Harrison and Cleveland. If anything prevents Cleveland's nomination, it will be the letter against silver coinage, but I believe he will be nominated in spite of that."

"Other prominent republicans are talked of, but the impression is growing that the party will follow the usual custom and nominate Harrison for a second term."

VESSEL AND CARGO LOST.

SAN FRANCISCO, June 1.—The barkentine Katie Flickinger arrived this morning from Chignik, Alaska, bringing news of the total wreck of the schooner Sallie F. Walker. The latter struck on a rock, and though the steamer Solar got a line on board and attempted to tow the vessel in she sank in the bay. The schooner left here about a month ago with a canning outfit for a cannery at Chignik bay. She had on board 200 Chinese, who were rescued. The schooner was owned by Mitchell and Peterson, of this city, and was valued at \$160,000.

A DOUBLE MURDER.

Two Harmless Men Killed by An Enraged Brother.

ASHEVILLE, N. C., June 1.—James Dougherty and William Torrence had been drinking together, and had been riding late last night for an hour or more, a horse belonging to Dougherty's brother, Robert Dougherty, another, became enraged at the end, catching up a heavy stick of wood, followed them. Overtaking them on the bridge over French Broad creek, Robert struck Torrence who was riding behind, on the head, crushing his skull and killing him instantly. He raised the other, and struck his brother, knocking him off his horse. The wounded man crawled to a store at the end of the bridge, where he was found an hour later and taken to his home in a dying condition. The attack was unprovoked, for the men had not spoken to the murderer during the entire night. An old quarrel is said to have had something to do with the attack. The murderer went home, and had several friends good-bye and has not been heard from since.

Five sailors of the Robert and Minnie held as witnesses are still in jail, and unless bail is given for them, they will have to remain in prison until that time. The schooner Robert and Minnie will probably be released tomorrow, the bond having been given for \$5000 as required.

VANCOUVER, Wash., June 1.—First Lieutenant Cabell, of the thirtieth infantry, formerly on General Gibbons staff, left here this afternoon with a detachment of the fourteenth infantry, fifteen men, en route to the Puysall Indian reservation, under orders from the war department, presumably to keep squatters off the reservation.

A NATIONAL EVENT.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklyn Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dulness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials free at Standard & Cusick's. It is warranted to contain no opium, morphine or dangerous drugs.

THE PRESBYTERIANS.

They Are Opposed to Dancing and Card Playing.

DETROIT, June 1.—In the Presbyterian general assembly today the committee on worldly amusements reported, through Dr. Torrence, that they do not say theatres or dancing are wrong in themselves, but their accessories often are. Cards derive their attraction from the element of chance in them. The committee hopes

that progressive culture is diminishing. The civil courts have already decided it to be gambling. The committee recommended that the deliverances of past assemblies, especially that of 1879, be reaffirmed. The one against progressive culture was adopted, accepted and placed on file, and after some warm discussion was sent back to the committee to have the clauses recommending discipline for this amusement eliminated.

IN FAVOR OF ARBITRATION.

LONDON, June 1.—In the commons today Smith moved that the Behring sea bill be read the second time. Smith said the bill dealt with a question of urgency, and was prompted by a desire that arrangements of an amicable character should be made to settle the dispute. He was sure that all parties would agree that it was better that the differences be determined by friendly arbitration than by more barbarous methods.

HEAVY FIRE IN NEW YORK.

NEW YORK, June 2.—Fire destroyed the four-story brick building at Williamsburg, occupied by the Brooklyn Copperage Co., this (Tuesday) morning. The fire spread to the baggage factory, adjoining, which was also destroyed. The loss is estimated at nearly a million dollars.

BOLD BRIGANDS.

THEY CAPTURE A TRAIN AND SECURE A FORTUNE.

Several Bankers Taken Captives and Ransomed at Heavy Cost—A Desperate Encounter.

CON-FRANTON, June 1.—A party of brigands near Scheroksi yesterday placed obstructions across the railroad track and derailed the Eastern express. They found several German and English tourists among the passengers. One of them was a banker of Berlin. The brigands demanded \$40,000 as a ransom for the captives, and Chancellor von Caprivi telegraphed the German ambassador here, authorizing him to advance the amount. The remaining passengers were despoiled of their belongings and then left alone. The brigands demanded the act of brigandage occurred here between this city and Adrianople. The band numbered 30 men, led by the noted robber Anastasius. When the express reached the spot where the rails were removed the engine tumbled over on its side, dragging with it the tender, baggage car and all the third class passenger coaches. The first-class passenger car luckily did not follow the other part of the train, but remained safely on the track. When the train was thus disabled, the brigands rushed forward, uttering loud yells. They brandished guns in a threatening manner and boarded the cars. Several passengers resisted the attack and one man was dangerously wounded. When the brigands ended their O-car (Gregor, Herr Israel, a banker of Berlin, Herr Napier, a land owner of Bavaria, Herr Oscar Katsyoh, of Zoonig, Prussia; Saxony, and Freindiger, the engineer of the train.

SAN FRANCISCO, June 1.—The Alta California will suspend publication with its issue to-morrow morning. The Alta is the oldest newspaper on the Pacific Coast. It was established in 1849. In an editorial announcing its suspension to-morrow morning it declares that for some years the paper has been financially unprofitable and a losing venture, and for this reason its publication is suspended.

FIRE AT HUNTINGTON.

The City Narrowly Escapes Entire Destruction by the Flames.

HUNTINGTON, Or., June 1.—A serious conflagration visited this city shortly after 12 o'clock today. The fire started in the barn of Isenhoffer & Cropper, butchers, quickly consuming it and their great market and setting fire to the Chinese store of Chung Lun, the dwelling house of George Dunlap, the blacksmith shop, and also the new Commercial hotel owned by Burnham & Williams, completely destroying them.

The wind was blowing a gale, and for a few minutes it looked as though the whole town was doomed. When the fire reached Eifer's general merchandise store it was checked by that cement building from crossing the street, thereby saving the upper end of the town.

Isenhoffer & Cropper lost three head of horses that were burned in the barn.

Burnham & Williams saved most of their hotel furniture and fixtures. It is estimated the damages are about \$100,000; no insurance. The cause of the fire is unknown.
