PRESIDENTIAL POLITICS.

"What ails the democracy?" asks the Minneapolis Journal, an independment newspaper. Not long ago the name Grover Cleveland possessed a magic power to stir the party to enthusiasm. Grover believed and believes in himself. He has been talking Grover Cleveland incessantly, and in proportion to his loquacity has the Cleveland enthusiasm died out of the democratic party. There is Henry Watterson lamenting the fmposition of a "Mugwump nominee" on his party in 1888 and feeling around for timber of another quality. The Atlanta Constitution, next to Watterson's paper in the South, is also averse to Cleveland. In the Northern states there is a general break up in the Cleveland idolatry. Palmer of Illinois, is boldly championed as a substitute. So is Springer, of Illinois. There is a cautious movement toward Chief Justice Fuller. The St. Paul Globe is one of the organs asking if Fuller does not "fill the bill." The Clevelan l platform has been shattered. It begins to look as if the democrats are trying to escape from him Will they be able to do so? And will they go into the campaign of 1892 on a straddle tariff plank, as in 1884, hoping to win on that basis, when the whole country is opening its eyes to the fact that the Blaine reciprocity system is a step toward tariff reform such as the democrats have never yet taken? The democrats are also radically divided on the silver question, with a preponderating free silver and inflation element. Watterson warns his party, after advocating free coinage in his paper for the past year or two, that "you cannot antagonize with safety the moneyed centers. The East is against us in the matter. The limited or unlimited coinage of silver is a mere shibboleth." The democratic organs are distracted over the question whether this party shall stick to tariff reform or make free silver the issue. These dissensions will keep the party in hot water until their convention meets. They notoriously l ck the strength of party discipline possessed by the republicans. And certainly there are no thorns in the pathway of the latter if they stick to reciprocity, the essential moderate protection advocated by Mr. Blaine, and to honest money.

IMMIGRANTS FROM EUROPE.

All the transatlantic steamship lines have come to the conclusion at last that there is some vitality in the immigration laws of the United States and have begun to warn their agents in Europe to sell tickets only to those who are healthy and moral. The North German Lloyde Company has sent printed circulars all over Germany instructing its agents and sub-agents to take no passengers that the laws of the United States prohibit from landing. In order to make this notice effective the company charges its agents with $21 for the return passage of such passengers as shall be sent back, if the return is due to lack of proper care and attention on the part of the agents.

This action of the transportation companies is a great gain to the United States. It has been a matter of much difficulty heretofore to enforce the law because the steamship companies opposed it, or, at least, did nothing to help carry out its provisions. Naturally they did not want to be compelled to carry passengers back for nothing, so they helped the immigrants rather than the officers of the law. Now that they have taken the other track we may look to see the volume of immigration decrease rapidly.

It is high time that the volume of immigration should lessen and shrink. For the first three months of the present year there were landed at six parts in the United States, namely, at Baltimore, Boston, New Orleans, New York, Philadelphia and San Francisco, 86,048 immigrants, which is about 90 per cent of the entire immigration of which record and report are made. Of this number 74,307 stepped ashore at New York. These figures do not tell the whole story, either, for they do not include immigrants coming in by way of the British North American provinces and Mexico. Still the numbers are certainly large enough to cause serious apprehension to every one who has looked into the subject at all, and to cause a general feeling of rejoicing that the steamship companies have finally determined to strengthen the hands of the government, instead of trying to evade and undermine the immigration laws.

SECRETARY Foster has made a ruling that polygamists come under the head of debarred immigrants ar d should not be allowed to enter the United States. This is certainly in accordance with the letter of the law, which excludes not only paupers, but criminals, and polygamy is a crime under the laws of every civilized country in the world. If the alien source of supply to Mormondom is cut off there will be some chance of settling Utah with anti-Mormons and of controlling the territory in the interests of decency and morality.

Take Simmons Liver Regulator One Dose

WORTH

100 Dollars.

DEAR S. L. R: I consider one dose Simmons Liver Regulator worth $100. I was constipated, had Headache, could eat nothing with satisfaction or appetite had the blues, and felt altogether out of sorts. I resorted to Blue Mass, Calomel, Quinine, and every remedy suggested, but only obtained temporary relief. One dose of S L R did me more good than $100 worth of doctors and doctoring. Resp'y, J C MARTIN.

I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid Liver, and have been entirely cured by Simmons Liver Regulator. I found it to be of so mild a character in its action not to interfere, in the least with my duties in the school room, To those similarly situated and subject to the same, I cannot too highly recommend Simmons Liver Regulator.

E. E. CHEEK, Campbellsville Ky.

A QUARTER OF A CENTURY AGO

There settled in Baker county Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing, through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.
