LIGHT AND HEAT.

Perhaps in no other department of human invention has there been any more progress and development than has there been in that of artificial light. The tallow dip gave way to the fish oil lamp and that to coal oil and gas, and now the lightnings power has been drawn upon, and the electric lamp seems likely to supercede all others.

That there is a chance for further development is easily understood. Mr. Prentiss says that it would hardly be supposed that the fire-fly and the glow-worm could give points to the electrician in the matter of illumination. The fitful light of the one and the modest glow of the other do not appear to excel in any respect the brilliancy of the arc-light or the brightness of the incandescent lamp. Professor Langley has shown, however, that our best sources of light are surpassed by nature in one very important respect; the production of light unaccompanied by heat. Of the energy supplied by gas and oil for lighting purposes much more than 99 per cent is given out of heat. Even in the electric arc-light the waste is 90 per cent and in the incandescent lamp 94 per cent. The insect world is much more economical. The most careful measures made with the delicate bolometer fail to show any sensible heat in the light of the fire-fly, There is no reason why nature should not be successfully imitated in this respect, and Professor Hertz hopes to make a practical application of his discovery in a method of obtaining better results than we now do from our present ordinary means in getting electrical vibrations similar in every respect to those of light but of greater wave length. By modifying his original apparatus he has some prospect of producing waves so much shorter that all of them will be luminous; in other words, of developing a new source of light without heat. The result if successful will be an entirely new method of illumination differing as widely from the electric lights as they do from gas light and lamp light, and surpassing them all in economy and comfort.

The application of electricity to the needs and necessities of man, grows daily. Prairie Farmer mentions one of the recent ones in relating that a moth or butterfly is said to have become so troublesome and destructive in a forest in Bavaria that it was necessary to destroy it. Children were employed to collect the caterpillars and were paid so much per bucketful. This was found expensive and ineffective, so enormous fly-papers were tried. These also had no appreciable result. Fnally, it is said, an electric search light in connection with a blowing fan was designed. The insects are attracted by the light and fly near the lantern; they are then drawn into the suction pipe by the air draught and carried to a sort of mill which mixes them with a little flour. The resulting compound is then used for poultry food.

A Chinese leper has been discovered in a gardener's shanty near Stockton, California. His presence there is only an illustration of the methods of the Chinaman. His exceedingly secretive, and the actual number of those affected by the loathsome disease, it will be almost impossible to ascertain or locate where they are living in any numbers. They should be excluded, and every locality where they have gained any considerable foothold views it exactly in that light.

California is noted for doing things in the largest manner possible. One of the latest enterprises is in connection with the Chicago world's fair, and consists in the project of placing the trunk of one of the immense sequoia trees on exhibition. A section of a tree thirty feet in diameter is to be taken and by the use of an especially constructed saw of fifty feet length, an outside shell be taken off and shipped in sections, and set up in the exposition grounds, presenting the exact and perfect appearance of the body of the tree. The interior will be used for exhibiting various California products.

The McMinnville Telephone Register discovers that the session laws of 1891, as printed by State Printer Baker makes the boundary lines of that city include a scope of country, including part of the Pacific ocean 45 miles long and some 13 miles wide, and thinks it will take a rustling lot of city dads to keep up internal improvements.

The officials in a New Jersey road district commenced litigation over some assessment cases, and after nine years vigorous courting on the subject, have just been defeated in the case. The one who commenced the suit has been dead some years, but the lawyers still kept it going, and are probably the only winners in the case.

The indications are said to point to the fact that the seals in Alaskan waters will have to defend themselves, this season, against British poachers, as the United States is too far away to defend them. The agreement with the British parliamant comes too late to accomplish any good.

—THE—

Glorious Fourth

★★★

EUGENE

WILL CELEBRATE,

And will give more elaborate and enthusiastic entertainment than any city in the state. Everything will be provided for a patriotic jubilee.

THE CURE FOR CATARRH COLD IN HEAD HAY FEVER DEAFNESS HEADACHE ELY'S CREAM BALM 50c.

A QUARTER OF A CENTURY AGO

There settled in Baker county Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing, through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.

Health is Wealth!

Dr E. C. West's nerve and brain treatment, a guaranteed specific for hysteria, dizziness fits, headache, nervous prostration caused by the use of alcohol or tobacco, softening of brain resulting in insanity and leading to misery, decay and loss of power in either sex Each box contains one month's treatment, One dollar a box, or six boxes for five dollars sent by mail prepaid on receipt of price, Guarantees issued only by J. A. Cummings, druggist sole agent, Albany, Oregon.

$500 REWARD

We will pay the above reward for any case of liver complaint, dyspepsia, sick headache indigestion, constipation or costiveness we cannot cure with West's liver pills, when the direction are strictly complied with. They are purely vegetable and never fail to give satisfaction. Large boxes, containing 30 pills, 25 cents. The genuine manufactured only by the John C. West company, Chicago Illinois. Sold by J. A. Cummings, druggist Albany, Oregon

Take Simmons Liver Regulator One Dose

WORTH

100 Dollars.

Dear S. L. R: I consider one dose Simmons Liver Regulator worth **$100.** I was constipated, had Headache, could eat nothing with satisfaction or appetite, had the blues, and felt altogether out of sorts. I resorted to Blue Mass, Calomel, Quinine, and every remedy suggested, but only obtained temporary relief. One dose of S L R did me more good than **$100** worth of doctors and doctoring. Resp'y, J C Martin.

I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid Liver, and have been entirely cured by Simmons Liver Regulator. I found it to be of so mild a character in its action as not to interfere, in the least with my duties in the school room, To those similarly situated and subject to the same, I cannot too highly recommend Simmons Liver Regulator.

E. E. Cheeks Campbellsville Ky.

Julius Gradwohl, proprietor of the Golden Rule Bazaar, informs us that he will add to his already large business a complete line of shelf hardware and family groceries.
