THE PILPIT AND STAG.

Rev. F. M. Shroot, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

HEIGHT OF CRUELTY.

Nervous women seldom realize the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering pain in side, weak and hazy eyes, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine testimonials in "Heart and Nervous Diseases" are marvelous testimonials free and guaranteed by Stansard & Cusick.

TO GOOD TEMPLARS.

Do you know that Moore's Patent Remedy is the only patent medicine in the world that does not contain a drop of alcohol? That the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

SPECIFIC CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fled away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Spaker, Catawba, D. C., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Salve cured him entirely. Sold by Feslay & Mason, Drug store.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and comely girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin M. Searls, says all such girls are more or less hysterical nervous, very irritable, unbalanced; usually suffer from headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a book, containing many marvelous cures, free at Stansard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

MISS NERVE & IVERPILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women, children, smallest, mildest, sweet! 50 doses for 25 cents. Samples free at Stansard & Cusick.

THE CELEBRATED FRENCH CURE

Warranted to cure APPODITIVE or money refunded.

It is the most useful for laying the dust in sweeping. Annie Schaeffer, of Chicago, has succeeded in producing a fire-escape, and a Miss Ritchie has taken out exclusive right upon a musical skipping rope. Lizzie Streshly, a Texas girl, has made a typewriter for the blind, and insect traps of various descriptions have been patented by three other geniuses in petticoats.

A SUCCESSFUL WORKERS.

Work cannot be successfully continued unless there is an active mental interest in it. If the mind is not clear, bright and buoyant, then the work is drudgery and the worker is a machine. An occasional dose of Moore's Revealed Remedy will put the body and mind in such harmony that the hardest tasks will seem as play.

MINISTERS EXPELLED

Sensational Trial of Five Young Presbyterian Preachers.

A BREACH IN THE CHURCH.

Several Ministers Follow the Young Men—The Bore Was Exciting in the Church.

PITTSBURG, Pa., June 10.—The sensational trial of the six young ministers of the Returned Presbyterian church ended to-day, and the synod, by a vote of 95 to 37, expelled five of them from the church. The charges against them were scandal, libel and following divisive courses in declaring for the right of franchise. Their names are Rev. E. M. Milligan, J. R. J. Milligan, W. H. Reed, W. L. Sanson, J. C. K. Milligan, Rev. A. W. McClintock. An appeal was sustained, and R. B. Burns, a student, charged with heresy, has not yet been tried. Immediately after the announcement of the vote, all the suspended ministers left the church. They were met on the outside by several ministers of the United Presbyterian church, who extended to them an opportunity to have a friendly Christian conference. The scene during the voting was very exciting. The verdict was not unexpected, and several ministers gave notice of their intention to follow the young men. The thirty-seven who voted against the suspension of the young men this afternoon, presented a paper dissenting from the action of the synod, and asked that it be spread upon the minutes. A number of ministers, when the result of the vote was given out, announced their withdrawal from the church. Rev. E. M. Milligan was first to catch the eye of the moderator after the announcement of the vote. He said: "In view of the fact that this synod found me guilty of scandal, libel and following a divisive course, and following a course which enlightened Christian conscience, and placed myself on that trial in Monogahela Presbytery of the United Presbyterians." He was followed by the other suspended ministers.

THE PATENT OFFICE SHOWS IGNORANCE OF THE FEMALE MIND.

WASHINGTON CITY, June 10.—The recent patent office has given a great impetus to the business of invention. Women, particularly, have been inspired by the encouragement lately afforded them in this field to more important efforts and it is evident that from this time on they propose to contend with men for the palm of mechanical invention. Women recognized their right to be recognized as inventors, and their sex never originated anything that was new. A special publication is shortly to be issued by the patent office, now only in manuscript, which will contain a list of inventions recorded in that bureau by females.

WOMEN AS INVENTORS.

Among the women who contribute their thoughts to the list is Mary Sherwood, of Buffalo, who proposes to supply scenery for theaters by doing away with painted backgrounds and foregrounds in the shape of lithographed landscapes and other pictures in colors, divided up into numbered squares of paper, which are to be pasted upon the canvas flaps and certain figures, which are to be combined for each scene desired, so that the most stupendous "supers" can, with the aid of a pastepot, arrange the entire surroundings of a drama or comic opera. When a set is desired, the view can be pasted up into squares can be pasted over the old. In this manner each company will be enabled to carry all its scenery with it in a few small boxes.

DELUGE OF WATER.

The Astin Sentinel tells how a cloud burst nearly submerged that city. It says that was a general surprise to the residents of Astin, as an entirely unexpected rush of water came down the Hadley gulch, bringing debris of all kinds and rolling stones of large size into and over a portion of the town site. Those living nearest the gulch's mouth were the worst sufferers as their place caught the full force of the torrent and received the largest deposit of heavy matter before the flood began to spread, which it soon did, covering the gardens and lawns of a number of our people and rushing through the streets until reaching the creek and river banks. The damage will amount to several hundred dollars in gardens destroyed, cellars flooded and general cleaning up to restore that portion of the town to its former beautiful condition, and also to reopen the irrigation ditch and county road. Nature could surely improve matters somewhat by a more general distribution of her favors instead of being partial to certain places. But a lesson has been learned and some engineering must be done to provide against a recurrence of another such disaster. A channel sufficiently large to carry off such floods could be prepared at an expense within the means of the town and it should be done at the earliest possible time.

CHARGED WITH EMBROIDERY.

SAN FRANCISCO, June 10.—Thos. S. Chambers, brother of ex-Deputy Warden Chambers, of San Quentin prison, was arrested yesterday, charged with an attempt to bribe J. S. Turner to give false testimony in the case of Sidney Bell, who has been convicted of the murder of Samuel Cullison. Chambers protests his innocence.

TRIED FOR HER LIFE.

SAN FRANCISCO, June 10.—The trial of Margaret Getty for shooting William DeRose April 6, began to-day. She claims that DeRose, with whom she was living, abused her whenever intoxicated, and that she killed him when driven to desperation.

DEATH OF AN EDITOR.

RIOTING AT GRAND RAPIDS.

GRAND RAPIDS, Mich., June 10.—The street car strike broke out again early this morning. A crowd of 200 gathered at the Sweet street cable station and were smashing things when the police arrived. A pitched battle ensued. Revolvers were fired and bricks and sticks were thrown. Before the mob was dispersed officers arrested thirteen of the mob. It is reported one of the crowd was fatally injured and another wounded.

THE MASONIC.

REDDING, Cal., June 10.—The overland south-bound Oregon express train was wrecked last night twelve miles above Redding, near Copley. Going round a bend, engine 243 encountered a band of cattle and was thrown from the track against the bank, derailing the mail and express car. The cab on the engine was thoroughly demolished. Engineer Gardner and Fireman Montano miraculously escaped death. The former was badly bruised, and had one shoe wrenched off his foot. Express Agent Tom Knight was wounded slightly in the head. A wrecking train from Dunsmuir went to the relief and cleared the track, so that by noon the overland north-bound train lying here was enabled to proceed.

THE MASONIC.

PORTLAND, June 10.—The annual communication of the grand lodge of Oregon, A. F. & A. M., convened this morning in Masonic temple, with the following grand officers present: M. W. James F. THE ROYAL SCANDAL.

SIR WILLIAM MARRIES A NEW YORK GIRL.

She Does Not Believe Him Guilty and Refuses to Cancel the Engagement.

LONDON, June 10.—Sir William Gordon Cumming and Miss Florence Garner, of New York, were married this morning in Trinity church, Chelsea. The wedding was private, only ten persons, relatives or close friends, being present. The newly-married couple departed in a happy mood and amid the congratulations of their friends for Sir William's Scotch estates, where the honeymoon will be passed.

When the verdict was pronounced against him, Sir William again offered to cancel his engagement to Miss Garner, but that lady, believing him innocent, would hear of no such a thing, and insisted that the marriage should take place to-day. It is expected that Sir William and his bride will visit the United States in the autumn.

FOREST FIRES IN MAINE.

SALESBURY, Me., June 10.—Forest fires are raging in Providence, especially on the northern branch of the International railroad. Kent Junction is wiped out, and Welford and Coal French are in danger. Every available man is fighting fire. Many saw-mills are burned. The fire is spreading and unless aid comes soon, much greater damage is threatened.
